Chairman and Managing Director's Review

Overview

We are pleased to report a strong performance by Nick Scali Limited during the year. Revenue and gross profit in Australia and New Zealand ("ANZ") showed progressive improvement throughout FY25, while the company advanced its planned restructuring strategy following the May 2024 acquisition of Anglia Home Furnishing Limited in the United Kingdom ("UK").

Operating Performance ANZ

Total written sales orders for the year were \$459m, an increase of almost 3% on the prior year and a particularly strong second half with an increase of 7.3% on prior year.

Revenue was \$453.5m down 1.4% for the year attributable to a weak first quarter of written sales.

Gross margin was 65.0% compared to 66.0% in the prior year.

Underlying operating expenses increased by \$6.1m during the year, driven primarily by inflationary pressures and the expansion of the store network. In FY25, increases were seen predominantly across property and employment expenses. In addition, ANZ recognised \$2.8m (\$1.9m post tax) in one-off costs relating to the business failure of a freight forwarder in 1H.

Net ANZ profit after tax for the year was \$71.3m.

Operating Performance UK

Revenue for the newly acquired UK operation was \$41.8m in FY25, with performance impacted by clearance of the legacy Fabb product range and an extensive program of refurbishments and rebranding, which required prolonged store closures.

As new Nick Scali product and pricing strategies were introduced, gross margin strengthened significantly, reaching 47.1% for the year and 51.8% in 2H, compared with approximately 41% prior to acquisition. This improvement highlights the potential of the UK market and reinforces confidence in the acquisition growth strategy.

During the year, significant progress was made in delivering the UK strategy, including reducing overhead costs, transitioning to a 3PL distribution centre, and enhancing retail leadership and sales team effectiveness. One-off restructuring and integration expenses of \$2.4m were incurred in FY25.

Net UK loss after tax for the year was \$13.6m.

Cashflow and Balance Sheet

The Company generated cash of \$54.7m from operating activities in FY25, after deducting tax, operating lease payments and lease interest payments, down on prior year due to the funding of UK losses and working capital requirements.

Total borrowings at \$71.7m remained unchanged during the year with substantial covenant headroom on all facilities.

Group property and capital investments for the period of \$14.6m included fit out costs of eleven UK showrooms, WA distribution centre fit out, multiple ANZ store refurbishments and four new ANZ store openings.

\$53.8m was returned to shareholders during the year by way of payment of the final FY24 and interim FY25 dividends.

The company completed the equity raise commenced in FY24 to fund the UK acquisition, with final net proceeds coming to \$58.6m.

Cash and bank deposits at the end of the year were \$101.0m, down \$10.3m on prior year.

Store network

During the year, two new showrooms were added to the ANZ network, Nick Scali Artamon, NSW and Plush Melton, Vic. In addition, Plush relocated two NSW showrooms to larger format locations in Newcastle and Prospect, expanding the product offerings in these locations, with the existing sites retained and converted to clearance stores.

In the UK, the Peterborough store was closed at the end of lease as it was not deemed suitable to rebrand to Nick Scali, with the current UK network at 20 showrooms. In FY25 11 stores were converted to the Nick Scali store design, branding and product range, with the remaining stores due to complete in FY26.

The Company had a combined store network of 130 stores at the end of June 2025.

In addition to its significant lease portfolio, the Company currently has twelve owned properties in Australia, with nine Nick Scali showrooms operating out of owned property, two distribution centres and land in Auburn for further expansion of the Auburn property. During FY25 the Company committed to purchasing the current Campbelltown Nick Scali store and to a land purchase in South Australia on which construction for a new distribution centre will commence in FY26.

Alongside the store networks, the Company has continued to enhance the eCommerce experience in Nick Scali and Plush online. ANZ online written sales orders for the year were up 21.8% with enhancements in the user experience driving growth.

Outlook

Ongoing growth in the ANZ store network is expected with five new stores planned in the financial year to 30 June 2026.

In the UK, the store rebranding and refurbishment program is continuing and is expected to be completed by end of December 2025. This will continue to cause disruption to trading as many stores are closed for long periods due to the refurbishment. The company remains focused on leveraging cost synergies, strengthening brand awareness and enhancing the in-store sales experience.

Dividends

On 8 August 2025, the Directors declared a fully franked final dividend of 33.0 cents per share, bringing the total dividend for the year to 63.0 cents per share. This represents a payout ratio of 87%.

The final dividend has a record date of 2 October 2025 and will be paid on 28 October 2025.

The Board recognises that the success of Nick Scali Limited is the result of the dedication of our many employees and associates across Australia, New Zealand and the United Kingdom. We would like to take this opportunity to thank them for their hard work and commitment to the Company.

Furthermore, the Board also takes this opportunity to thank our customers, suppliers, and shareholders whose continuing support underpins the performance of the Company.

Directors' Report

The directors present their report, together with the financial statements, on the consolidated entity (referred to hereafter as the 'Group') consisting of Nick Scali Limited (referred to hereafter as the 'Company' or 'parent entity') and the entities it controlled at the end of, or during, the year ended 30 June 2025.

Directors

The names and details of the Company's directors (referred to hereafter as the 'Board') in office at any time during the financial year or until the date of this report are as follows. Directors were in office for this entire year unless otherwise stated.

John Ingram	William Koeck	Carole Molyneux
Kathy Parsons	Anthony Scali	

Principal activities

The principal activities of the Group during the year were the sourcing and retailing of household furniture and related accessories. No change in the nature of these activities occurred during the year.

Dividends

Dividends paid during the year were as follows:

	2025 \$'000	2024 \$'000
Final franked dividend for 30 June 2024: 33.0 cents (2023: 35.0 cents)	28,126	28,350
Interim franked dividend for 30 June 2025: 30.0 cents (2024: 35.0 cents)	25,659	28,350
	<u>53,785</u>	<u>56,700</u>

In addition to the above dividend, since the end of the financial year directors have declared a fully franked final dividend of 33 cents per fully paid ordinary share to be paid on 28 October 2025 out of retained profits at 30 June 2025.

Operating and financial review

Nick Scali Limited is a furniture retailer operating in Australia, New Zealand and the United Kingdom.

Group operating results

	2025 \$'000	2024 \$'000	% Change
Revenue	495,283	468,189	5.8%
Gross Margin %	63.5	65.5	-3.1%
Net profit after tax (NPAT)	57,676	80,612	-28.4%
Underlying NPAT	61,998	82,112	-24.5%
Earnings per share (EPS) (cents)	67.5	98.7	-31.6%

During the current period the underlying net profit is adjusted for one-off expenses for restructuring costs incurred since the acquisition of Anglia Home Furnishings Ltd (\$2.4m) and additional costs incurred from the failure of a freight forwarder in ANZ of (\$2.8m), net of tax underlying profit impact \$1.9m. On an underlying basis, excluding one-offs, net profit after tax was down 24.5% to \$62.0m. In the prior year the underlying net profit was adjusted for acquisitions costs of \$1.5m.

Revenue

Revenue for the Group for the financial year was \$495.3m. Revenue for the current year includes \$41.8m in revenue for Anglia Home Furnishings Limited ("UK entity") for the 12 months (compared to \$8.3m included for FY24 part year). Australian and New Zealand ("ANZ") FY25 revenue of \$453.5m is lower than FY24 revenue of \$459.9m with normal lead times being experienced during the year.

Gross margin

Group gross margin of 63.5% for FY25 declined 2.0% compared to FY24. Excluding the UK entity, ANZ gross margin was 65.0% down 1.0% compared to FY24.

Operating expenses

During the current year a one-off expense of \$2.8m was incurred from extensive detention and demurrage fees caused by the appointment of a liquidator to ANZ's main freight forwarder. This restricted access to ANZ containers landed into Australia for several weeks. Restructuring costs of \$2.4m were also incurred in the UK entity to implement changes to the business structure.

On an underlying basis Group operating costs increased \$23.3m compared to FY24. Most of this increase was due to a full year of operating expenses for the UK entity which accounts for \$17.2m of the increase, compared to last year. The increase in ANZ underlying operating costs was \$6.1m which was predominately an increase in employee costs.

ANZ underlying net profit was \$73.2m compared to \$83.5m in the prior year when one off logistic expense for detention and demurrage incurred from the failure of a freight forwarder are excluded.

Directors' Report (continued)

Cashflow and capital management

The Group maintained a strong working capital position throughout the year with closing cash and bank deposits at 30 June 2025 of \$101.0m and net cash and bank deposits of \$29.3m.

Operating cashflows of \$115.5m were reduced from the prior year (\$131.2m) due to the funding of the UK entity loss along with lower revenue and higher operating costs in ANZ.

During the year the group invested \$13.6m in the purchase of property plant and equipment which includes \$4.6m being used to refurbish the UK store network.

In the current year \$53.7m was returned to shareholders in dividend payments and the final proceeds of the equity raise to fund the expansion into the UK of \$3.8m were received.

Showroom network

	ANZ	UK	Group
Nick Scali Furniture (No.)	65	11	76
Plush (No.)	45	–	45
Fabb Furniture (No.)	–	9	9
Total (No.)	110	20	130

During the year, the Group opened a Nick Scali showroom in Artarmon, New South Wales and a Plush-Think Sofas showroom in Melton, Victoria. Two Plush-Think Sofas showrooms were relocated to showrooms with larger formats in Newcastle and Prospect. In the UK, 11 showrooms were refurbished and converted into Nick Scali Furniture stores.

People

The Group has a strong focus on attracting, engaging, developing, and retaining top talent to ensure it remains a desirable employer and maximises its potential to deliver growth. Investment in training and leadership development ensures employees are equipped to deliver in their varied roles, and best practice short and long-term incentives are in place to reward exceptional performance.

To deliver maximum shareholder value, and to maintain investor and consumer confidence, the Group is committed to achieving high levels of integrity and ethical standards across all areas of the business. The Group has a Code of Conduct which sets out the requirement for honesty, care, fair dealing, and integrity in the conduct of all business activities.

The Group promotes workplace diversity and has zero tolerance for discrimination and harassment and ensures that Workplace Health and Safety is a priority for all employees, along with that of customers and suppliers.

Business Risk

The business, assets and operations of the group are subject to certain risk factors that have the potential to influence future operating and financial performance. The Group maintains a Risk Management Framework to support the identification, assessment, management, monitoring and reporting of such risks. Set out below are the key risks to future operating and financial performance the Group has identified together with the Group's risk management approach for these risks. This is not an exhaustive list of all actual or potential risks which may affect the Group.

Risk Description

Risk Management Approach

External economic conditions

A downturn in economic conditions may affect consumer demand for our products as our products are frequently discretionary purchase items for consumers.

The group proactively monitors key macroeconomic indicators and market sentiment to anticipate changes in consumer demand. A strong balance sheet and significant available liquidity provide financial flexibility to withstand cyclical pressures. Marketing activity and management of retail team performance can partially mitigate. Where possible the cost base to support reduced volumes is adjusted. Additionally, economic slowdowns may present strategic opportunities, including the ability to secure prime store locations on acceptable lease terms.

Acquisitions and integration

Acquisitions may not deliver projected benefits or value, and integrations may not be successful, resulting in interruptions to the achievement of business strategy.

The Group identifies and actively manages integration risks, including where appropriate appointing additional leadership resources to assist with the management and delivery of the acquisition business case and delivery of integration programmes.

The Group regularly reports specific acquisition risks and the performance of the new business compared to the acquisition strategy to the Board.

Cyber Security

External cyber security threats to the group's IT systems and data, including personal information, could lead to system failures, loss of control or data breaches. These incidents may result in significant reputational, financial, and regulatory implications for the Group.

The group seeks to reduce cyber security risks through initiatives such as ongoing awareness training, phishing simulation, continuous software and hardware upgrades and active monitoring of threats. Periodic cyber security audits are undertaken which include penetration testing. The approach focuses on both traditional threats and evolving threats driven by the growth and utilisation of Artificial Intelligence (AI) both internally and externally.

These initiatives and outcomes are regularly reported to the Audit and Risk Committee of the Board.

Directors' Report (continued)

Risk Description

Risk Management Approach

Technology, data availability, and integrity

A failure or disruption of information technology services (including infrastructure, hardware, software, digital platforms) and/or in the availability and integrity of data, could have a material adverse impact on the Group's reputation, operations, and financial performance.

The Group has experienced IT executive leadership. Where possible additional technical resources are engaged to mitigate key person risk. Key operating systems have business continuity restoration plans. The Group uses effective change control habits by evaluating, approving, and documenting modifications to minimise risks and maintain system and organisational stability.

The Audit and Risk Committee of the Board has ongoing oversight of technology risk.

Management Succession

The group has executives considered key to the success of the Group by its stakeholders. A failure to adequately plan for their succession may adversely impact the groups financial and operational performance.

Competitive remuneration strategies have been implemented and succession plans and retention activities and outcomes are regularly reviewed by the Remuneration and Human Resources Committee of the Board and the Board.

Workplace Health and Safety

Work, health, and safety risks could result in physical injury to employees or others, damage to property, damage to reputation and involve regulatory breach.

The group has an ongoing programme to embed a safety culture across the business, including policies, procedures, reporting training and education. The Board receives regular reports of any incident resulting in first aid or lost time to injury.

Climate change

New climate-related financial disclosure requirements are likely to apply to the Company from the financial year commencing 1 July 2025, under the Australian Sustainability Reporting Standards (AASB S1 and S2). In anticipation of these obligations, we have undertaken preparatory work and continue to invest in process improvements to strengthen our data governance, emissions measurement, and climate risk oversight frameworks to enable us to comply with the new reporting requirements. As part of our climate risk assessment, we confirm that climate-related risks are not currently expected to have a significant impact on our business operations or financial performance.

Outlook

Australia and New Zealand

Written sales for month of July 25 increased by 7.7%, like for like written sales up 7.2%.

Sales revenue for the first quarter FY26 expected to be up on prior year.

A further five new stores are confirmed for opening during the year, with additional opportunities currently being reviewed.

UK

Losses are expected to continue until remaining stores are refurbished and individual store sales improve.

Significant changes in the state of affairs

There were no significant changes in the state of affairs of the Company during the year.

Matters subsequent to the end of the financial year

The Company declared a dividend on 8 August 2025. No other matter or circumstance has arisen since 30 June 2025 that has significantly affected, or may significantly affect the Group's operations, the results of those operations, or the Group's state of affairs in future financial years.

Likely developments and expected results of operations

Refer to the Operating and financial review on page 6.

Environmental regulation

The Company is not subject to any significant environmental regulation under Australian Commonwealth or State law. The Directors are not aware of any particular or significant environmental issues which have been raised in relation to the Group's operations during the financial year.

Directors' Report (continued)

Information on directors

Name: John Ingram
Title: Independent Non-Executive Chair
Qualifications: AM, FAICD

Experience and expertise:

John was appointed to the Board as non-executive Chair in April 2004, and was formerly Managing Director of Crane Group Limited.

Other current directorships: Non-executive Chair of Peter Warren Automotive Holdings Limited (ASX: PWR).

Former directorships (last three years): Nil.

Special responsibilities: Member of the Audit and Risk Committee.
Member of the Remuneration and Human Resources Committee.

Interests in shares: 206,387.

Name: Carole Molyneux
Title: Independent Non-Executive Director
Qualifications: BA (Hons)

Experience and expertise:

Carole was appointed to the Board in June 2014. Carole has extensive experience in retail and was the Chief Executive Officer of Suzanne Grae, (part of the Sussan Retail Group), for eighteen years until 2013.

Other current directorships: Nil.

Former directorships (last three years): Nil.

Special responsibilities: Chair of the Remuneration and Human Resources Committee.

Member of the Audit and Risk Committee.

Interests in shares: 25,000.

Name: William (Bill) Koeck
Title: Independent Non-Executive Director
Qualifications: LLB, LLM(Hons), Post Graduate Applied Corporate Finance; admitted UK and Australia

Experience and expertise:

Bill was appointed to the Board in August 2020. Bill is an experienced legal adviser with over 40 years of experience in mergers and acquisitions, equity capital markets, private equity, restructuring and corporate governance. For over 20 years, Bill has been a part time lecturer in corporate and securities law in the Masters of Law course at the University of Sydney. Bill was a Member of the Federal Governments Takeovers Panel until April 2024.

Other current directorships: Non-Executive Director of Poulos Bros. Group.

Former directorships (last three years): Non-Executive Deputy Chair and lead Independent Director, Member of Audit Risk and Governance Committee and Chair of Compensation and Nomination Committee for Coronado Global Resources Inc (ASX: CRN).

Special responsibilities: Member of the Remuneration and Human Resources Committee.

Member of the Audit and Risk Committee.

Interests in shares: 17,511.

Name: Kathy Parsons
Title: Independent Non-Executive Director
Qualifications: BCom, CA

Kathy was appointed to the Board on 1 January 2024 and brings a wealth of experience in accounting, finance, governance and risk management. Formerly she was an assurance partner at Ernst & Young with deep international experience working in Australia, the USA and the UK in a broad range of industries including retail and real estate. She was also part of the Oceania assurance leadership team responsible for quality assurance and risk management. Kathy was the signing partner on the audit of Nick Scali Limited from 2012 to 2018.

Other current directorships: Non-Executive Director and Chair of the Audit Risk and Compliance Committee for McMillan Shakespeare Ltd (ASX: MMS). Non-Executive Director and Chair of the Audit and Risk Committee for Shape Australia Corp Ltd (ASX: SHA).

Former directorships (last three years): Non-Executive Director and Chair of the Audit Committee for Tassal Group Limited (ASX: TGR).

Special responsibilities: Chair of the Audit and Risk Committee.
Member of the Remuneration and Human Resources Committee.

Interests in shares: 14,504.

Name: Anthony Scali
Title: Managing Director
Qualifications: BCom

Experience and expertise:

Anthony is Managing Director of Nick Scali Limited. Anthony joined the Company in 1982 after completing a Bachelor of Commerce degree at the University of New South Wales and has more than 40 years' experience in furniture retailing.

Other current directorships: Nil.

Former directorships (last three years): Nil.

Special responsibilities: Nil.

Interests in shares: 6,739,473.

Other current directorships included above are current directorships for listed entities only and exclude directorships of all other types of entities, unless otherwise stated.

Former directorships included above are directorships held in the last three years for listed entities only and exclude directorships of all other types of entities, unless otherwise stated.

At the date of this report, no Directors held options over ordinary shares in the Company.

Company Secretary

The Company Secretary and Chief Financial Officer until 30 June 2025 was Sheila Lines. From the 1st of July 2025 Elizabeth Spooner and Kylie Archer have been appointed Joint Company Secretaries.

Directors' Report (continued)

Meetings of directors

The numbers of meetings of the Board and of each Board sub-committee held during the year ended 30 June 2025, and the numbers of meetings attended by each director or sub-committee member, were:

	Directors' Meetings		Remuneration and Human Resources Committee Meetings		Audit and Risk Committee Meetings	
	Held	Attended	Held	Attended	Held	Attended
John Ingram	13	13	2	2	4	3
William Koeck	13	13	2	2	4	4
Carole Molyneux	13	13	2	2	4	4
Kathy Parsons	13	13	2	2	4	4
Anthony Scali ¹	13	13	–	–	–	–

¹Anthony Scali is not a member of the sub-committees, but was invited to attend the meetings of the sub-committees and his attendance was recorded in the minutes.

Remuneration Report – Audited

The remuneration report details the remuneration arrangements for the key management personnel of the Group, in accordance with the requirements of the Corporations Act 2001 and its Regulations. For the purposes of the report, key management personnel are defined as those persons having authority and responsibility for planning, directing and controlling the major activities of the business.

1. Details of key management personnel

For the year ended 30 June 2025 the key management personnel (KMPs) of the Group consisted of the following:

Non-executive Directors

John Ingram	– Non-Executive Chair
William Koeck	– Non-Executive Director
Carole Molyneux	– Non-Executive Director
Kathy Parsons	– Non-Executive Director

Executive Director

Anthony Scali	– Managing Director & Chief Executive Officer
----------------------	---

Other key management personnel:

Sheila Lines	– Chief Financial Officer & Company Secretary (retired 30 June 2025)
Angus McDonald	– Chief Operating Officer (appointed 10 Dec 2024)

2. Remuneration strategy

The quality of Nick Scali Limited's directors and executives is a major factor in the overall performance of the Group. To this end, the Company believes that an appropriately structured remuneration strategy underpins a performance-based culture which in turn drives shareholder returns. The Group's remuneration strategy is therefore designed to attract and retain high quality and committed non-executive directors and employees.

The executive remuneration and reward framework has two components:

- fixed remuneration comprising of salary and superannuation.
- variable incentives comprising short-term incentives (STIs) in the form of a cash-based reward and long-term incentives (LTIs) in the form of an equity reward.

The variable incentives are designed to deliver value to executives for performance against a combination of Company profitability metrics and strategic goals. Short-term incentives motivate employees to achieve outstanding performance and are based on current year predetermined key performance indicators (KPIs) such as profit after tax, and non-financial activities that achieve short to medium term objectives, while long-term incentives align employees with shareholder interests and are based on maintaining long-term shareholder value using performance measures such as earnings per share (EPS).

Directors' Report (continued)

Remuneration Report – Audited (continued)

3. Remuneration and Human Resources Committee

The Remuneration and Human Resources Committee currently consists of the non-executive Board members and is responsible for:

- reviewing and approving remuneration arrangements and succession planning of senior executives reporting to the Managing Director and Chief Executive Officer.
- recommending the remuneration arrangements for the Managing Director & Chief Executive Officer to the Board and engaging external compensation consultants if necessary.
- reviewing and approving any discretionary component of short and long-term incentives for senior executives reporting to the Managing Director & Chief Executive Officer.

The Committee has met twice in the last twelve months. In addition, matters for consideration by the Committee have been dealt with during various Board meetings, where all Remuneration and Human Resources Committee members were in attendance.

4. Remuneration structure

4.1 Non-executive directors' remuneration

Non-executive directors are paid a fixed annual fee, which is periodically reviewed. Non-executive directors do not receive any variable remuneration and they are not entitled to participate in the Executive Performance Rights Plan.

Non-executive Chair and directors' fees in place at 30 June 2025 and 30 June 2024 were as follows:

	2025	2024
	\$	\$
Base fee for Non-Executive Chair	250,000	200,000
Base fee for Non-Executive Director	120,000	120,000
Additional fee for Audit and Risk Committee Chair	25,000	20,000
Additional fee for Audit and Risk Committee Member	10,000	5,000
Additional fee for Remuneration and Human Resources Committee Chair	15,000	10,000
Additional fee for Remuneration and Human Resources Committee Member	5,000	3,000

The pool for non-executive directors' fees is capped at \$1,500,000 per year as approved by shareholders at the Company's Annual General Meeting in October 2024.

4.2 Executive remuneration

The Group provides appropriate rewards to attract and retain key personnel. Base salaries, STIs and LTIs are established by the Remuneration and Human Resources Committee for each executive reporting to the Managing Director and Chief Executive Officer having regard to the nature of each role, the experience of the individual employee and the performance of the individual. Remuneration for the Managing Director and Chief Executive Officer is approved by the Board. External consultants are engaged as appropriate and market information is used to benchmark executive remuneration. During the year ended 30 June 2025 no remuneration recommendations (as defined in the Corporations Act 2001) (Cth) were received.

4.2.1 Service agreements

Details of the service agreements between the Company and executives considered KMPs, are as follows:

Name	Title	Commencement date	Annual base salary including superannuation	Notice of termination by Company	Notice of termination by Employee
Anthony Scali	Managing Director & Chief Executive Officer	7 April 2004	\$1,000,000	12 months	6 months
Sheila Lines	Chief Financial Officer & Company Secretary	6 October 2022	\$600,000	6 months	6 months
Angus McDonald	Chief Operating Officer	15 December 2024	\$625,000	3 months	3 months

4.2.2 Remuneration mix

The proportions of the total remuneration opportunity (at target) for the executives considered to be key management personnel (KMPs) for the 2025 financial year were:

	Fixed Remuneration Base Salary	Variable Remuneration	
		Short-term Incentive	Long-term Incentive
Managing Director & Chief Executive Officer	50%	50%	–
Chief Financial Officer	50%	25%	25%
Chief Operating Officer	79%	21%	–

Directors' Report (continued)

Remuneration Report – Audited (continued)

4.2.3 Fixed remuneration – Base Salary

Fixed compensation is set to provide a base level of compensation which is appropriate to the position and responsibility and is competitive in the market. Fixed compensation is reviewed annually, by the Remuneration and Human Resources Committee with reference to the performance of both the business and the individual, the individual's skills and experience, comparative market compensation and where appropriate, external advice. The Board approves changes to the fixed remuneration of the Managing Director and Chief Executive Officer.

The Group provides superannuation contributions in line with statutory obligations with benefits being contributed to the employee's chosen superannuation fund.

4.2.4 Variable remuneration – Short-term incentive (STI)

The Company operates a short-term incentive program that rewards KMPs and other senior executives on the achievement of predetermined KPIs established each financial year, according to the accountabilities of their role and its impact on the Group's performance. KPIs include profit targets and personal performance criteria which are set to incentivise superior performance.

The maximum available STI for executives for the financial year is determined by financial targets established by the Board at the beginning of each financial year. The financial target was set in August 2024 for the year ended 30 June 2025. The financial target was set based on the profit before tax (after excluding the impact of the application to AASB16 and excluding the expense of the STI programme) of the largest segment in the group, Australia and New Zealand of \$102.35 million. The Board will consider inclusion of the UK segment in future financial years when the UK segment financial performance stabilised base line, following transformation, is available. UK segment metrics are included in individual STI performance criteria where applicable to an individual's role. The financial target is chosen to link executive remuneration to the achievement of target financial returns for shareholders before the non-cash application of AASB16.

A sliding scale is applied pro rata from 40% of maximum available STI at 95% of financial target to 100% of maximum available STI at 110% of financial target. Individual KPIs operate as modifiers to the maximum available STI which is based on the group's financial performance. Below 95% of financial target set by the Board no STI is awarded for the financial year.

The Board at its discretion determines the weighting of non-financial KPIs for each financial year for the Managing Director and Chief Executive Officer. The Remuneration and HR committee determines the weighting of non-financial KPIs for each year for executives reporting to the Managing Director and Chief Executive Officer.

The Managing Director may also recommend to the Remuneration and Human Resources Committee discretionary bonuses in exceptional circumstances to reward contributions from high performing employees.

In assessing the achievement of the FY25 STI financial target, the Board excluded the one-off costs incurred in respect of the freight forwarder dispute.

STIs awarded are paid in the form of cash bonuses and the Remuneration and Human Resources Committee is responsible for assessing whether the KPIs are met and the STIs are payable.

The following table shows the STI cash bonus target and the amount achieved for each KMP in the years ended 30 June 2025 and 30 June 2024:

	Year Ended 30 June 2025			Year ended 30 June 2024		
	Target	Achieved %	Achieved \$	Target	Achieved %	Achieved \$
Anthony Scali	1,000,000	80%	800,000	750,000	100%	750,000
Sheila Lines ¹	300,000	32%	96,000	275,000	100%	300,000
Angus McDonald ²	84,332	80%	67,466	–	–	–

¹ The Remuneration and Human Resources Committee an additional discretionary bonus for the CFO of \$25,000 in recognition of the significant contribution to the UK acquisition completed in FY24.

² STI for FY2025 is prorated from commencement date of 10 December 2024.

Directors' Report (continued)

Remuneration Report – Audited (continued)

4.2.5 Variable remuneration – Long-term incentive (LTI)

Long-term incentives, in the form of the share rights offered under the Executive Performance Rights Plan (EPRP), are provided to employees to align remuneration with the creation of shareholder value over the long-term. The EPRP is only made available to executives and other employees who have been employed for more than 12 months who are able to influence the generation of shareholder value and who have a direct impact on the Group performance against relevant long-term performance targets.

The Board has determined earnings per share (EPS) growth to be the most appropriate measure of long-term performance. Under the EPRP, employees are granted rights to ordinary shares that will vest after a period of three years subject to the achievement of specific levels of EPS growth. EPS is based on the Group's underlying profit after tax and before non-recurring items, as determined by the Board. The Board has the discretion to adjust the EPS base year to reflect specific trading conditions which are not expected to re-occur in the measurement period. For performance rights issued in FY25 the EPS base year was not adjusted. For performance rights issued in FY24, in recognition of the significant favourable impact on FY23 EPS due to the normalisation of delivery lead times following global supply chains disruptions in late FY22 that is not expected to recur in the LTI measurement period, the Board adjusted the EPS base year to 82 cents per share reflecting both the long-term target EPS growth from a pre COVID base and the Plush acquisition in FY22.

Under the EPRP the number of rights exercisable at the end of the vesting period is dependent on the level of EPS growth achieved by the Company, as follows:

EPS growth (3 year CAGR)	Percentage of rights exercisable
Less than 5%	Nil
5%	50%
5% to 10%	Pro rata between 50% and 100%
More than 10%	100%

The number of rights granted is calculated by taking the relevant executive's fixed annual remuneration and multiplying it by the relevant predetermined LTI entitlement percentage of fixed remuneration and then dividing this by the Group's volume weighted average share price for the four-week period prior to the date of the release of the Group's full year results.

The FY23/25 LTI grant vests August 2025. The vesting condition was a CAGR Earnings per share (EPS) growth for the 3-year period 1 July 2023 to 30 June 2025. The EPS is based on the statutory profit after tax of the Group. The FY23/25 LTI grant did not vest as the minimum level of EPS growth was not achieved in this triennium.

Rights to ordinary shares may also be granted in accordance with the EPRP as a retention award where the only performance condition is continued employment with the Group at the vesting date. During the year ended 30 June 2023, 12,000 such rights were awarded to Sheila Lines on the commencement of her employment. These rights lapsed during the current year following her retirement on 30 June 2025.

If the minimum level of EPS growth is not met or if the participant ceases to be employed by the Group, any unvested rights will immediately lapse unless otherwise determined by the Board.

There is no exercise price for shares granted under the EPRP and the employees are able to exercise their rights up to two years following the vesting date, after which time the rights will lapse. In the event of a takeover offer for the Company, the rights may, at the discretion of the Board, vest in accordance with an assessment of performance with the performance period pro-rated to the date of the takeover offer.

The performance rights entitlement of executives considered KMPs is calculated as a percentage of fixed annual remuneration for the years ended 30 June 2025 and 30 June 2024 as follows:

Year ended 30 June 2025	Years of Service	Targeted LTI Entitlement	LTI Issued	LTI Vested
Anthony Scali ¹	44	0%	0%	0%
Sheila Lines	3	50%	50%	0%

¹ Anthony Scali is aligned to creation of shareholder value over the long term as the beneficial holder of 7.88% of the issued share capital in the Company. Anthony Scali is not invited by the Board to participate in the EPRP.

Angus McDonald had not completed a year of service and so was not eligible to participate in the EPRP in FY25.

Year ended 30 June 2024	Years of Service	Targeted LTI Entitlement	LTI Issued	LTI Vested
Anthony Scali	43	0%	0%	0%
Sheila Lines	2	50%	50%	0%

Employees who have been granted rights are prohibited from entering transactions to limit the economic risk of such rights whether through a derivative, hedge, or similar arrangement. In addition, employees are prohibited from entering margin lending arrangements in respect of shares in the Company where those shares are offered as security for the lending arrangement.

Directors' Report (continued)

Remuneration Report – Audited (continued)

4.2.6 Terms of performance and retention rights granted

The terms and conditions of each grant of rights to ordinary shares affecting the remuneration of employees in this financial year or future reporting years are as follows:

Grant reference	Grant date ¹	Vesting and exercisable date	Expiry date	Exercise price (\$)	Fair value per right at grant date (\$)
FY25/27	31 Aug 2024	Aug 2027 ²	30 June 2029	0.00	14.11
FY24/26	31 Aug 2023	Aug 2026 ²	30 June 2028	0.00	9.87
FY23/25	6 Oct 2022	Aug 2025 ³	31 Aug 2027	0.00	7.73
FY23/25	14 Nov 2022	Aug 2025 ^{2,4}	30 June 2027	0.00	8.51

¹ The grant date is the date at which the performance rights are communicated to the employees. The effective date of the grant, from which the performance hurdles are measured, is the first day of the financial year in which the grant is made.

² The exact vesting and exercisable date for performance rights that have not yet vested is currently indeterminate and depends on the date of meeting at which the Board can confirm the achievement of the long-term performance hurdles. This is typically four to eight weeks following the end of the financial year.

³ The vesting and exercisable date for retention rights issued to Sheila Lines have lapsed as the continuous service condition from 6 October 2022 to 31 August 2025 was not met.

⁴ Lapsed unvested as performance hurdle not met.

4.2.7 Performance rights holding

The table below sets out the balance of performance rights held by executives considered KMPs. The vesting of these rights are subject to the achievement of the 3 year EPS target. If the target is achieved the maximum value is determined by the share price at the time of vesting and the minimum value is nil.

	Balance at 1 July 2024	Granted	Vested and exercised	Forfeited	Balance at 30 June 2025
Anthony Scali	–	–	–	–	–
Sheila Lines	22,314	20,283	–	–	42,597

	Balance at 1 July 2023	Granted	Vested and exercised	Forfeited	Balance at 30 June 2024
Anthony Scali	–	–	–	–	–
Sheila Lines	–	22,314	–	–	22,314

4.2.8 Retention rights holding

The table below sets out the balance of retention rights held by executives considered KMPs. The vesting of these rights are subject to the completion of a service condition only.

	Balance at 1 July 2024	Granted	Vested and exercised	Lapsed ¹	Balance at 30 June 2025
Anthony Scali	–	–	–	–	–
Sheila Lines	12,000	–	–	12,000	–

	Balance at 1 July 2023	Granted	Vested and exercised	Lapsed	Balance at 30 June 2024
Anthony Scali	–	–	–	–	–
Sheila Lines	–	12,000	–	–	12,000

¹ The vesting and exercisable date for retention rights issued to Sheila Lines have lapsed as the continuous service condition from 6 October 2022 to 31 August 2025 was not met.

4.3 Group performance

The table below sets out the financial performance of the Group over the past five years:

	2021	2022	2023	2024	2025	CAGR (%)
Revenue (\$m)	373.0	441.0	507.7	468.2	495.3	7.3
Net profit after tax (\$m)	84.2	74.9	101.1	80.6	57.7	-9.0
Earnings per share (Cents)	104.0	92.5	124.8	98.7	67.5	-10.2
Ordinary dividends paid per share (Cents)	65.0	60.0	75.0	70.0	63.0	-0.8
Share price at 30 June (\$)	11.72	8.26	9.11	13.81	18.21	11.6

Angus McDonald ¹	304,400	67,466	15,427	–	–	387,293
	1,819,583	963,466	76,442	88,030	113,386	3,060,907
Year ended 30 June 2024						
Anthony Scali	724,708	750,000	25,292	9,794	–	1,509,794
Sheila Lines	506,423	300,000	27,500	–	106,416	940,339
	1,231,131	1,050,000	52,792	9,794	106,416	2,450,133

¹ Angus McDonald commenced as COO on 10 December 2024.

4.5 Additional disclosures relating to key management personnel

4.5.1 Interest in the Shares of the Company

The beneficial interest of each director in the contributed equity of the Company are as follows:

	Balance at 1 July 2024	Received as part of remunerations	Purchases	Disposals	Balance at 30 June 2025
	Ordinary shares	Ordinary shares	Ordinary shares	Ordinary shares	Ordinary shares
John Ingram	206,387	–	–	–	206,387
William Koeck	17,511	–	–	–	17,511
Carole Molyneux	25,000	–	–	–	25,000
Kathy Parsons	14,504	–	–	–	14,504
Anthony Scali	6,439,474	–	299,999	–	6,739,473
	6,702,876	–	299,999	–	7,002,875

This concludes the remuneration report, which has been audited.

Directors' Report (continued)

Indemnity and insurance of officers

The Company indemnifies all the directors and executive officers against certain liabilities incurred as such by a director or officer, while acting in their respective capacity, and enters contracts insuring the directors and officers against liabilities of this nature. The premiums paid under the terms of these contracts have not been determined on an individual director or officer basis, and the directors have not included details of the nature of the liabilities covered or the amount of the premium paid in respect of the directors' and officers' liability insurance contracts, as such disclosure is prohibited under the terms of the contract.

No other agreements to indemnify directors or officers have been entered into, nor have any payments in relation to indemnification been made, during or since the end of the financial year, by the Company.

Indemnity and insurance of auditor

To the extent permitted by law, the Company has agreed to indemnify its auditors KPMG, as part of the terms of audit engagement agreement against claims by third parties arising from the audit (for an unspecified amount) – except for any loss in respect of any matters which are finally determined to have resulted from KPMG's negligent, wrongful, or wilful acts or omissions. No payment has been made to indemnify KPMG during or since the financial year.

Proceedings on behalf of the Company

No person has applied to the Court under section 237 of the Corporations Act 2001 for leave to bring proceedings on behalf of the Company, or to intervene in any proceedings to which the Company is a party for the purpose of taking responsibility on behalf of the Company for all or part of those proceedings.

Corporate Governance Statement

Nick Scali Limited's Corporate Governance Statement discloses how the Company complies with the recommendations of the ASX Corporate Governance Council (4th Edition) and sets out the Group's main corporate governance practices. This statement has been approved by the Board and is current as of 30 June 2025. The Corporate Governance Statement of Nick Scali Limited can be found on the Company's website: www.nickscali.com.au/corporate-governance.

Rounding of amounts

The Company is of a kind referred to in Class Order 2016/191, issued by the Australian Securities and Investments Commission, relating to 'rounding-off'. Amounts in this report have been rounded off in accordance with that Class Order to the nearest thousand dollars, or in certain cases, the nearest dollar.

Non-audit services

The Company may decide to employ the Company's auditor, or its network firms, for non-audit services where their skills and expertise are considered relevant.

During the year ended 30 June 2025, KPMG Australia performed tax advisory services and provided tax compliance services. Details of the amount paid to the auditor for non-audit services are set out below.

	2025 \$
Tax compliance services	45,398
Tax review services	8,406
	53,804

For personal use only

Directors' Report (continued)

Non-audit services (continued)

The directors are satisfied that the provisions of non-audit services are compatible with the general standard of independence for auditors imposed by the Corporations Act 2001. The nature and scope of all non-audit services provided was approved by the Audit and Risk Committee, and the directors are satisfied that the services provided do not compromise the integrity and objectivity of the Company's auditor for the following reasons:

- none of the services required the auditor to review or audit the auditor's own work
- none of the services required the auditor to act in a management or decision-making capacity for the Company
- none of the services required the auditor to act as an advocate for the Company
- none of the services involved the auditor jointly sharing in the economic risks and rewards of the Company
- a declaration required by section 307C of the Corporations Act 2001 confirming their independence has been included on page 18 of this financial report

Auditor's independence declaration

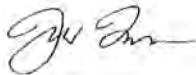

The directors received the declaration from the auditor of Nick Scali Limited and is included on page 18 of the Financial Statements.

Auditor

KPMG continues in office in accordance with section 327 of the Corporations Act 2001.

This report is made in accordance with a resolution of directors, pursuant to section 298(2)(a) of the Corporations Act 2001.

Auditor's Independence Declaration

Lead Auditor's Independence Declaration under Section 307C of the Corporations Act 2001

To the Directors of Nick Scali Limited

I declare that, to the best of my knowledge and belief, in relation to the audit of Nick Scali Limited for the financial year ended 30 June 2025 there have been:

- i. no contraventions of the auditor independence requirements as set out in the *Corporations Act 2001* in relation to the audit; and
- ii. no contraventions of any applicable code of professional conduct in relation to the audit.

Cash and cash equivalents at the end of the financial year	9	100,993	81,331

The above consolidated statement of cash flows should be read in conjunction with the accompanying notes

Notes to the consolidated financial statements

For year ended 30 June 2025

Note 1. Basis of preparation

Corporate information

Nick Scali Limited (the Company or the parent) is a for profit company limited by shares incorporated in Australia whose shares are publicly traded on the Australian Stock Exchange.

Basis of preparation

These general-purpose financial statements have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') and the Corporations Act 2001. These financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board ('IASB'). The financial statements have been prepared under the historical cost convention, except for financial instruments, which have been prepared at fair value. The financial report was authorised for issue in accordance with a resolution of the directors on 8 August 2025.

The consolidated financial statements have been prepared on a going concern basis, which contemplates the continuity of normal business activities and realisation of asset and settlement of liabilities in the ordinary course of business. At the end of the reporting period the group had a net current liability position. Underlying this position is a deferred revenue component that is expected to be recognised as revenue within the next 12 months. The financial statements are prepared on a going concern basis.

Where necessary because of a change in the presentation of certain expenses during the current year, comparative amounts in the statement of comprehensive income have been reclassified for consistency with presentation in the current year.

Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as of and for the year ended 30 June 2025. A subsidiary is an entity that is controlled by the Company. The Company controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and can affect those returns through its power over the entity.

The financial statements of the subsidiaries are included in the consolidated financial statements from the date on which control commences until the date on which control ceases. Intercompany transactions, balances, and unrealised gains on transactions between the Company and its subsidiaries are eliminated. Accounting policies of the subsidiaries are consistent with the policies adopted by the Company.

Changes in accounting policies, accounting standards and interpretations

The accounting policies adopted in the preparation of the annual financial statements are consistent with those followed in the preparation of the annual financial statements for the year ended 30 June 2024.

Accounting standards issued but not yet effective

The first Australian Sustainability Reporting Standards (ASRS) have been approved by the Australian Accounting Standards Board (AASB). The standards are AASB S1 General Requirements for Disclosure of Sustainability-related Financial Information (a voluntary standard) and AASB S2 Climate-related Disclosures (a mandatory standard). AASB S1 and AASB S2 are effective for annual reporting periods beginning 1 January 2025 and are applicable to the group. The group is in the process of assessing the impact of these standards.

Material accounting judgements, estimates and assumptions

In the process of applying the Company's accounting policies, management has made judgements, estimates and assumptions. All judgements, estimates and assumptions made are believed to be reasonable, based on the most current information available to management. Actual results may differ from these judgements, estimates and assumptions. Judgements, estimates and assumptions which have the most significant effect on the amounts recognised in the financial statements:

Impairment of goodwill and brands

The Company determines whether goodwill and brands are impaired on an annual basis. This requires determination of CGU's and estimation of the recoverable amount of the cash-generating unit to which the goodwill and brand is allocated. The assumptions used in this estimation of recoverable amount and the carrying amount of goodwill and brands are discussed at Note 15 in the financial report.

Fair value of acquired assets and liabilities

The assets acquired and liabilities assumed have been measured using the acquisition method with the cost of acquisition allocated to the fair value of the assets acquired and liabilities assumed at acquisition date. This is further discussed at Note 32.

Lease term of contracts with renewable options

The Company determines the lease term to be the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain that the option will be exercised. In assessing the likelihood of a lease option being exercised, the Company considers the costs of termination, the extent of any leasehold improvements, the strategic importance of the lease location and the current market rent for the site.

Net realisable value of inventory

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs necessary to make the sale.

Notes to the consolidated financial statements for year ended 30 June 2025 (continued)

Note 2. Segment information

The Company has identified the Managing Director & Chief Executive Officer and the Board of Directors as the chief operating decision makers (CODM). The Company has two reportable segments being the retailing of furniture in Australia and New Zealand as well as the United Kingdom. Operating segments are identified based upon internal reports to the CODM.

Year ended 30 June 2025	Australia and New Zealand \$'000	United Kingdom \$'000	Consolidated \$'000
Revenue from contracts with customers	453,469	41,814	495,283
Gross profit	294,927	19,693	314,620
Other Income	4,818	301	5,119
Operating expenses	(139,383)	(20,475)	(159,858)
Restructuring and Integration Costs	–	(2,390)	(2,390)
Depreciation and amortisation	(44,276)	(8,980)	(53,256)
Finance costs	(15,183)	(1,801)	(16,984)
Profit (Loss) before income tax expense	100,903	(13,652)	87,251
Income tax expense	(29,575)	–	(29,575)
Profit (Loss) after tax expense	71,328	(13,652)	57,676
As at 30 June 2025			
Total assets	622,361	83,446	705,807
Total liabilities	400,601	38,528	439,129

During the year the Company had additions to non-current assets of \$9,592,000 to the Australia and New Zealand operating segment and \$4,980,000 to the United Kingdom operating segment.

	2025 \$'000	2024 \$'000
Note 3. Revenue and other income		
Revenue		
Revenue from contracts with customers	495,283	468,189
Other income		
Rental income	460	967
Interest income	3,821	3,400
Net gain on disposal of right-of-use asset and remeasurement of lease liability	–	159
Sundry income	838	948
	5,119	5,474

Recognition and measurement – Revenue

Revenue from contracts with customers is recognised at an amount that reflects the consideration to which the Group is expected to be entitled in exchange for transferring goods or services to a customer. Contracts with customers provide for both the sale of goods and the provision of accidental damage warranties, and the timing of the recognition of revenue of these separate components is as follows:

Sale of goods

When recognising revenue in relation to the sale of goods to customers, the key performance obligation of the Group is the delivery of the goods to the customer, and revenue is recognised at the time of delivery of the goods to the customer.

Accidental damage warranties

When recognising revenue in relation to accidental damage warranties, the key performance obligation of the Group extends over the term of the warranty, and consequently revenue is recognised over the term of warranty, weighted according to the expected occurrence of the performance obligations.

Notes to the consolidated financial statements for year ended 30 June 2025 (continued)

	2025 \$'000	2024 \$'000
Note 5. Current and deferred tax (continued)		
Deferred tax recognised comprises temporary differences attributable to:		
Right-of-use assets	(57,088)	(57,689)
Lease liabilities	64,113	65,056
Brands	(11,400)	(11,400)
Deferred capital gains	(1,612)	(1,612)
Property, plant and equipment	(1,542)	(2,046)
Employee entitlements	2,112	1,872
Cashflow hedge (Note 23)	728	30
Inventory provision	501	760
Other	869	903
	<u>(3,319)</u>	<u>(4,126)</u>
Reflected in the statement of financial position as follows:		
Deferred tax assets	6,148	5,792
Deferred tax liabilities	(9,467)	(9,918)
Deferred tax liabilities, net	<u>(3,319)</u>	<u>(4,126)</u>

Recognition and measurement – Income tax

Current tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the reporting date.

Recognition and measurement – Deferred tax

Deferred income tax is provided on all temporary differences at the reporting date, reflecting the difference between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred income tax, assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Income taxes relating to items recognised directly in equity are recognised in equity and not in profit or loss. Deferred tax assets and deferred tax liabilities are offset only if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and liabilities relate to the same taxable entity and the same taxation authority.

Deferred tax assets of \$3,413,000 have not been recognised in respect of current year tax losses in the UK. The UK entity also has approx \$5,858,000 of unrecognised deferred tax assets at acquisition on 8 May 2024 from carried forward losses from previous operations.

	2025 \$'000	2024 \$'000
Note 6. Earnings per share		
Profit after income tax attributable to the owners of Nick Scali Limited	57,676	80,612
	Number	Number
Weighted average number of ordinary shares used in basic earnings per share	85,434,535	81,647,195
Weighted average number of ordinary shares used in diluted earnings per share	85,434,535	81,647,195
	Cents	Cents
Basic earnings per share	67.5	98.7
Diluted earnings per share	67.5	98.7

Recognition and measurement – Earnings per share

Basic earnings per share

Basic earnings per share (EPS) is calculated as net profit attributable to members, divided by the weighted average number of ordinary shares.

Diluted earnings per share

Diluted EPS adjusts the basic EPS to take account of the after-tax effect of dividends and interest associated with dilutive potential ordinary shares that have been recognised as expenses; and other costs associated with dilutive potential ordinary shares and the weighted average number of shares assumed to have been issued for no consideration.

Notes to the consolidated financial statements for year ended 30 June 2025 (continued)

	2025	2024
	\$'000	\$'000

Note 7. Dividends

Dividends

Dividends paid during the financial year were as follows:

Final fully franked dividend for 30 June 2024: 33.0 cents (2023: 35.0 cents)	28,126	28,350
Interim fully franked dividend for 30 June 2025: 30.0 cents (2024: 35.0 cents)	25,659	28,350
	<u>53,785</u>	<u>56,700</u>

In addition to the above dividend, since the end of the financial year directors have declared a final fully franked dividend of 33 cents per fully paid ordinary share to be paid on 28 October 2025 out of retained profits at 30 June 2025.

Franking credit

Franking credits are available to the Company as follows:

Franking credits available at the reporting date based on a tax rate of 30%	80,935	76,206
Franking credits that will arise from the payment of the amount of the provision for income tax at the reporting date based on a tax rate of 30%	(3,661)	(678)
Franking credits available for subsequent financial years based on a tax rate of 30%	<u>77,274</u>	<u>75,528</u>
Impact on franking account of dividends proposed after the reporting date but not recognised as a liability	(12,096)	(12,054)
Franking credits available for future reporting periods based on a tax rate of 30%	<u>65,178</u>	<u>63,474</u>

	2025	2024
	%	%

Tax rate at which paid dividends have been franked	30.0	30.0
Tax rate at which dividends declared and unpaid will be franked	30.0	30.0

	2025	2024
	\$'000	\$'000

Note 8. Reconciliation of profit after income tax to net cash from operating activities

Profit after income tax expense for the year	57,676	80,612
Investing and financing items included in profit after income tax expense:		
Interest expense	16,984	15,102
Net gain on disposal of right use asset	–	(159)
Non-cash items included in profit after income tax expense:		
Depreciation and amortisation expense	53,256	45,410
Share-based payments expense	114	712
Cash items not included in profit after income tax expense:		
Purchase of shares under EPRP	(539)	(1,178)
Changes in operating assets and liabilities:		
Trade and other receivables	396	22
Inventories	540	1,037
Deferred tax	807	454
Prepayments	(918)	(1,024)
Other financial assets and financial liabilities	2,329	187
Net fair value change on derivatives	(1,496)	(413)
Trade and other payables	(9,571)	5,673
Deferred revenue	4,773	(9,569)
Provision for income tax	(5,320)	(3,142)
Other provisions	(3,158)	(2,735)
Net foreign currency differences	(381)	187
Net cash from operating activities	<u>115,492</u>	<u>131,176</u>

For personal use only

Notes to the consolidated financial statements for year ended 30 June 2025 (continued)

	2025 \$'000	2024 \$'000
Note 9. Cash and cash equivalents and Term Deposits		
Cash at bank and on hand	80,993	61,331
Short-term deposits	20,000	20,000
Cash and cash equivalents	100,993	81,331
Term Deposits (Maturity greater than 3 months)	–	30,000
Cash and Term Deposits	100,993	111,331

Recognition and measurement – Cash and cash equivalents and Term deposits

Cash and cash equivalents comprise cash at bank and on hand and short-term deposits with a maturity of three months or less. Deposits are made for varying periods, depending on the immediate cash requirements of the Group.

For the purposes of the statement of cash flows, cash and cash equivalents consist of cash and cash equivalents as defined above.

Term Deposits comprise any deposits which have a maturity of three months or more.

	2025 \$'000	2024 \$'000
Note 10. Receivables		
Trade debtors	517	449
Other debtors	1,282	1,653
	1,799	2,102

During the year ended 30 June 2025 \$69,000 (2024: \$0) was recognised as an expense for expected credit losses.

Recognition and measurement – Trade and other receivables

Trade and other debtors are initially recognised at fair value, less any allowance for expected credit losses. Trade debtors are generally due for settlement within 30 days. Other debtors include receivables from suppliers and GST paid in advance. These are non-interest bearing and are due for settlement between 30 and 90 days.

	2025 \$'000	2024 \$'000
Note 11. Inventories		
Finished goods – at lower of cost or net realisable value	44,513	44,026
Stock in transit – at cost	13,590	14,020
	58,103	58,046

During the year ended 30 June 2025, \$750,000 was recorded as a decrease to the cost of goods sold due to changes in the net realisable value of finished goods inventories (2024: \$610,000 decrease in cost of goods sold).

Recognition and measurement – Inventories

Inventories are valued at the lower of cost and net realisable value. Weighted average cost is used to value inventories. Costs incurred in bringing each product to its present location and condition includes purchase price plus freight, cartage and import duties.

For personal use only

Notes to the consolidated financial statements for year ended 30 June 2025 (continued)

	2025 \$'000	2024 \$'000
--	----------------	----------------

Note 12. Other financial liabilities

Derivative hedge payable	2,428	99
	2,428	99

Foreign exchange forward contracts

Foreign exchange forward contracts are held as hedging instruments against forecast purchases in USD. The notional amount of foreign exchange forward contracts held on 30 June 2025 totalled \$USD60,762,000 which covers between 75% and 100% of highly probably purchases for the six months to 31 December 2025 (30 June 2024: \$USD44,546,000). The average rate of foreign exchange forward contracts held on 30 June 2025 was \$USD0.64 for purchases in AUD and \$US1.32 for purchases in GBP. (30 June 2024: \$USD0.66 for purchases in AUD).

Recognition and measurement – Other financial liabilities

Derivative hedge payable

The Group uses derivative financial instruments, such as forward currency contracts, interest rate swaps and forward commodity contracts, to hedge its foreign currency risks, interest rate risks and commodity price risks, respectively. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Where derivative financial instruments are deemed to be effective hedges against foreign currency, interest rate, or commodity price risks, the net gain or loss on the fair value of the instrument is recognised as other comprehensive income. Where derivative financial instruments are deemed to be ineffective hedges, the net gain or loss on the fair value of the instrument is recognised in profit or loss.

Land and buildings totalling \$81.3m (2024: \$81.0m) are used to secure bank loans relating to their purchase.

Notes to the consolidated financial statements for year ended 30 June 2025 (continued)

Note 13. Property, plant and equipment continued

Recognition and measurement – Property, plant and equipment

All classes of property, plant and equipment are measured at cost, less accumulated depreciation and any impairment in value. Depreciation is provided on a straight-line basis based on management's estimate of both the residual value and the useful economic life of the asset. The depreciation methods, residual values and useful lives are reviewed, and adjusted if appropriate, at each reporting date.

Management's current estimates of useful economic lives are as follows:

Buildings: 20 to 40 years

Leasehold improvements: 5 to 15 years (leasehold improvements are depreciated at the shorter of the useful life or the term of the lease)

Furniture and fitting: 3 to 15 years

Motor vehicles: 6 years

Office equipment (including IT equipment): 3 to 12 years

An item of property, plant and equipment is derecognised upon disposal or when there is no future economic benefit to the Company. Gains and losses between the carrying amount and the disposal proceeds are taken to profit or loss.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate the carrying value may not be recoverable. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the cash-generating unit to which it belongs. If any such indication exists and where the carrying values exceed the estimated recoverable amount, the assets or cash-generating units are written down to their recoverable amount.

Note 14. Leases (continued)

Recognition and measurement – Leases

Lease liabilities

The Group enters non-cancellable leases for retail showrooms and warehouse facilities in Australia, New Zealand, and the UK. Leases are entered into for varying terms and rent reviews are based on CPI increases or fixed increases. A lease liability is recognised at the commencement date of a lease at the present value of the lease payments to be made over the term of the lease.

Lease liabilities include known future payments for which the Group is contractually obliged under the terms of its non-cancellable leases. Estimated future payments in respect of make-good clauses within non-cancellable leases are accounted for as provisions (Note 19). A number of the leases contain options to renew in favour of the Group. These options are negotiated by management to provide flexibility in managing the leased-asset portfolio and align with the Group's business needs. Management exercises judgement in determining whether these extension options are reasonably certain to be exercised.

The present value of the lease payments to be made under options considered reasonably certain to be exercised have been included in the lease liability balance at 30 June 2025. The undiscounted potential future payments under options that are not considered reasonably certain to be exercised is \$122,762,000 which includes those that have an exercise date within the next five years of \$83,768,000.

Right-of-use assets

Right-of-use assets are measured at cost at commencement of the lease and depreciated on a straight-line basis over the effective life of the asset. The right-of-use assets have an effective life of between two- and fifteen-years dependent on the term of the lease and the likelihood of the Company exercising any lease extension options in its favour.

Balance at 30 June 2025	126,510	38,000	1,868	166,378

No impairment losses have been recognised in the year ended 30 June 2025 (2024: \$Nil)

Note 15. Intangibles (continued)

Goodwill is allocated to CGUs as shown below:

	Australia and New Zealand \$'000	United Kingdom \$'000	Total \$'000
Goodwill	90,589	35,921	126,510

Recognition and measurement – Intangibles

Goodwill and brands

Goodwill on acquisition is initially measured at cost, being the excess of the cost of the business combination over the Group's interest in the net fair value of the identifiable assets, liabilities, and contingent liabilities. Following initial recognition, goodwill is measured at cost less any accumulated impairment losses.

Brand names acquired in a business combination are initially measured at fair value using the relief from royalty method. Following initial recognition, brands are measured at cost less any accumulated impairment losses.

Goodwill and brands are reviewed for impairment annually, or more frequently if events or changes in circumstances indicate that their carrying value may be impaired. Impairment is determined by assessing the recoverable amount of the cash generating unit ("CGU"), or group of CGUs, to which the asset relates.

Goodwill arising from a business combination is allocated to the group of individual showrooms that are expected to benefit from the synergies of the combination (CGU). This is the lowest level at which goodwill is monitored for internal management purposes.

The recoverable amount of the CGU is based on the value in use, determined by discounting the future cash flows expected to be generated by their continued use. The key assumptions, to which this determination is most sensitive, for each CGU are;

Australia and New Zealand – Goodwill & Brand

Sales revenue: Revenue for the next five years has been estimated with reference to the Group's budget for the year ending 30 June 2026 and four-year forward-looking plans. Consideration was given to expected retail trading conditions when estimating future revenue.

Gross margin: Gross margins have been estimated with reference to the Group's budget for the year ending 30 June 2026.

Terminal growth rate: Growth beyond the next five years has been estimated with reference to the expected long-term average growth rate and was determined to be 2.0% (2024: 2.0%).

Discount rate: The discount rate is based on the specific circumstances of the Group and its CGUs and was derived from its weighted average cost of capital. Consideration was given to the cost of both debt and equity, and the Group's weighted average cost of capital was determined to be 11.6% (2024: 11.3%).

At 30 June 2025, the recoverable amount of the CGU exceeded its carrying amount, and there are considered to be no reasonably possible changes to any of the key assumptions that would cause the recoverable amount of the CGU to be less than its carrying values.

United Kingdom – Goodwill

Sales Revenue: Revenue for the next five years has been estimated with reference to the Group's budget for the year ending 30 June 2026, forecasted business revenue growth model for years 2 and 3 and a rate of 2.5% growth for the years 4-5. This resulted in a 5-year CAGR of 7.0% (2024 5.0%).

Gross margin: Gross margins have been estimated with reference to the current performance of the CGU as well as targeted margin per FY26 budget.

Terminal growth rate: Growth beyond the next five years has been estimated with reference to the expected long-term average growth rate was determined to be 2.0% (2024 2.0%).

Discount rate: The discount rate is based on the specific circumstances of the Group and its CGUs and was derived from its weighted average cost of capital. Consideration was given to the cost of both debt and equity, and the Group's weighted average cost of capital was determined to be 9.8%(2024 9.7%).

At 30 June 2025, the recoverable amount of the CGU exceeded its carrying amount and no impairment has been recognised.

Sensitivity analysis undertaken on the UK goodwill assumptions modelled and would result in impairment if there were a change in the assumptions by the magnitudes indicated:

- 5-year revenue CAGR decreased to below 5.5% and all other assumptions held constant
- If the gross margin FY27 to FY30 decreased to below 56.5% with revenue assumptions being constant at a 5-year revenue CAGR of 7.0%
- If the discount rate increases by more than 2.3% and all other assumptions held constant.

Website costs

The direct costs of developing the Group's websites are measured at cost, less accumulated amortisation and any impairment in value. The Group determines that the website will generate probable future economic benefits and recognises both internal expenditure and external expenditure on website content as an intangible. The website costs are determined to have a finite life of between 3 and 5 years and amortisation is provided on a straight-line basis over the useful life.

Secured property bank loans	AUD	4.91-5.28%	2026	13,300	25,262
Secured property bank loans	AUD	4.90-5.02%	2027	14,262	16,125
Secured property bank loan	AUD	4.76%	2028	16,125	2,300
Total				71,687	71,687

Recognition and measurement – Interest-bearing loans and borrowings

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Fees paid on the establishment of loan facilities that are yield related are included as part of the carrying amount of the loans and borrowings. Borrowing costs are recognised as an expense when incurred, unless they are directly attributable to the acquisition, construction, or production of a qualifying asset whereby they are capitalised.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

	2025 \$'000	2024 \$'000
Note 17. Payables		
Trade creditors	19,621	26,396
Other creditors	15,164	17,960
	34,785	44,356

Trade creditors

Trade creditors are non-interest-bearing financial instruments and are normally settled within 30 days.

Other creditors

Other creditors are non-interest-bearing financial instruments and are normally settled on 30 to 60 day terms.

Recognition and measurement – Payables

Trade and other payables are carried at amortised cost and due to their short-term nature, they are not discounted. They represent liabilities for goods and services provided to the Company prior to the end of the financial year that are unpaid and arise when the Company becomes obliged to make future payments in respect of goods and services received.

For personal use only

Notes to the consolidated financial statements for year ended 30 June 2025 (continued)

	2025 \$'000	2024 \$'000
Note 18. Deferred revenue		
Customer deposits	65,586	60,387
Current accidental damage warranties	718	813
Current deferred revenue	66,304	61,200
Non-current accidental damage warranties	864	1,195
Non-current deferred revenue	864	1,195
	67,168	62,395

Recognition and measurement – Deferred revenue

Customer deposits

Customer deposits represent amounts received from customers for orders not yet completed. Deposits received from customers are recognised as revenue at the point of delivery of the goods to the customer. Orders are typically completed within three months and deposits are therefore considered short-term in nature and are not discounted.

Accidental damage warranties

Accidental damage warranties are purchased by customers in conjunction with the purchase of goods and are initially measured based on an allocation of the purchase price between the fair value of the goods and the warranty. Amounts deferred are recognised as revenue over the term of the warranty. Accidental damage warranties classified as current will be recognised as revenue within 12 months of the reporting date.

	2025 \$'000	2024 \$'000
Note 19. Provisions		
Current employee entitlements	6,503	5,771
Current lease make good	961	200
Current provisions	7,464	5,971
Non-current employee entitlements	551	477
Non-current lease make good	1,126	1,097
Non-current provisions	1,677	1,574
	9,141	7,545

Recognition and measurement – Provisions

Employee entitlements

Liabilities for annual leave and long service leave expected to be settled within 12 months of the reporting date are measured as the amounts to be paid when the liabilities are settled and are discounted to net present value.

Liabilities for annual leave and long service leave not expected to be settled within 12 months of the reporting date are measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the projected unit credit method. Consideration is given to the expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on corporate bonds with terms to maturity and currency that match, as closely as possible, the estimated future cash outflows.

Lease make good

A provision has been made for the present value of anticipated costs of future restoration of leased properties. The provision includes future cost estimates associated with restoring the premises to its condition at the time the Company initially leased the premises, subject to fair wear and tear.

	2025	2024	2025	2024
	No. of Shares	No. of Shares	\$'000	\$'000

Note 20. Issued capital

Authorised and fully paid ordinary shares	85,530,699	85,230,700	61,997	58,211
---	------------	------------	--------	--------

Ordinary shares

Ordinary shares entitle the holder to participate in dividends and the proceeds on the winding up of the Company in proportion to the number of and amounts paid on the shares held. All ordinary shares carry one vote per share without restriction.

Following approval at the 2024 AGM 299,999 shares were issued to an entity associated with Anthony Scali in October 2024. New shares issued from the equity raise in the prior year were 4,230,700.

There are no other classes of equity securities.

Recognition and measurement – Issued share capital

Ordinary share capital is recognised at the fair value of the consideration received by the Company.

Any transaction costs arising on the issue of ordinary shares are recognised directly in equity as a reduction of the share proceeds received, net of tax.

Equity benefits reserve

This reserve is used to record the value of share-based payments provided to employees as part of their remuneration. Refer to Note 29 for further details of these plans.

Capital profits reserve

This reserve is comprised wholly of the surplus on the disposal of assets that were acquired prior to the introduction of Capital Gains Tax provisions.

Cash flow hedge reserve

This reserve is used to recognise the effective portion of the gain or loss on cash flow hedge instruments that are determined to be effective hedges.

Foreign exchange reserve

This reserve is used to recognise differences arising where assets and liabilities denominated in foreign currencies are translated at the functional currency exchange rate prevailing at the reporting date.

	22,705	205

Note 23. Financial instruments

Financial risk management objectives

The Company has exposure to foreign exchange risk, interest rate risk, credit risk and liquidity risk.

The Company's financial risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of Directors has established an Audit and Risk Committee, which is responsible for developing and monitoring the Company's risk management policies. The Committee provides regular reports to the Board of Directors on its activities.

The Company's principal financial instruments comprise bank loans, and cash and short-term deposits. The main purpose of these financial Instruments is to raise finance for and fund the Company's operations. The Company has various other financial instruments such as trade debtors and trade creditors, which arise directly from its operations. It is, and has been throughout the year, the Company's policy that no trading in financial instruments is undertaken.

Market risk

Market risk is the risk that changes in market prices such as foreign exchange rates and interest rates will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control exposure within acceptable parameters while maximising return.

Foreign currency risk

All the Company's sales are denominated in either Australian dollars or New Zealand dollars, whilst the majority of inventory purchases are denominated in currencies other than Australian dollars, primarily US dollars. Where appropriate the Company uses forward currency contracts and options to manage its currency exposures; and where the qualifying criteria are met, these are designated as hedging instruments for the purposes of hedge accounting.

As of 30 June 2025, the Company had trade payables of \$4,372,000 (2024: \$3,552,000) denominated in US dollars and stock in transit of \$13,590,000 (2024: \$11,622,000), all of which are covered by designated cash flow hedges. As a result, the sensitivity to a reasonably possible change in the US dollar exchange rate is minimal. The cash flows relating to cash flow hedge positions held at year end are expected to occur in July 2025 through to December 2025, and the profit and loss is expected to be affected through cost of sales as the hedged items (inventory) are sold to customers. All forecast transactions subject to hedge accounting have occurred or are highly likely to occur.

The terms of the foreign currency forward contracts have been negotiated to match the terms of the forecasted transactions. Both parties of the contract have fully cash collateralised the foreign currency forward contracts, and therefore, effectively eliminated any credit risk associated with the contracts (both the counterparty's and the Company's own credit risk). Consequently, the hedges were assessed to be highly effective. As of 30 June 2025, an unrealised loss of \$1,496,000 (30 June 2024: an unrealised loss of \$413,000) is recorded in other comprehensive income.

Notes to the consolidated financial statements for year ended 30 June 2025 (continued)

Note 23. Financial instruments (continued)

Interest rate risk

Financial instruments utilised that are subject to interest, and therefore interest rate risk, are cash and commercial bills. Management continually monitor the exposure to interest rate risk, and the following table sets out the carrying amount by maturity of the financial instruments exposed to interest rate risk at reporting date. All financial instruments exposed to interest rate risk are exposed to a variable interest rate.

The fair value of the cash, deposits and bank loans shown below are based on the face value of those financial instruments.

	2025		2024	
	Weighted average interest rate	Balance	Weighted average interest rate	Balance
	%	\$'000	%	\$'000
Assets less than three months – Cash	3.84	100,993	3.73	81,331
Assets between three months and 12 months – Deposits	–	–	5.08	30,000
Liabilities less than one year – Bank loans	4.91	(11,000)	5.45	(2,300)
Liabilities between one and five years – Bank loans	5.02	(60,687)	5.52	(69,387)
		29,306		39,644

A reasonably possible decrease (or increase) in the interest rate of 50 basis points would result in a decrease (or increase) of profit of \$146,000 (2024: \$198,000 on 50 basis points movement).

Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in a financial loss to the Company. In most cases, the Company requires full and final payment either prior to, or upon delivery of the goods to the customer. In limited cases where credit is provided, the Company trades on credit terms with recognised, creditworthy third parties. Customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivable balances are monitored on an ongoing basis with the result that the Company's exposure to bad debts is not significant. There are no significant concentrations of credit risk within the Company.

With respect to credit risk arising from financial assets of the Company, which comprise of cash and cash equivalents and receivables, the Company's maximum exposure to credit risk, excluding the value of any collateral or other security, at reporting date to recognised financial assets is in the carrying amount, net of any provisions for doubtful debts, as disclosed in the statement of financial position and notes to the financial statements. Cash and cash equivalents are only invested with credit worthy counterparties that are large Australian banks.

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions.

The Company manages liquidity risk by maintaining adequate cash reserves and available borrowing facilities by continuously monitoring actual and forecast cash flows and matching the maturity profiles of financial assets and liabilities.

The following tables detail the Company's remaining contractual maturity for its financial instrument liabilities. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the financial liabilities are required to be paid. The tables include both known interest and principal cash flows disclosed as remaining contractual maturities and therefore these totals may differ from their carrying amount in the statement of financial position. Lease liabilities only include remaining contractual terms and exclude lease options not yet exercised.

Fair value hierarchy

All financial instruments for which fair value is recognised or disclosed are categorised with the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1: Quoted market prices in an active market (that are unadjusted) for identical assets or liabilities
- Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

At the reporting date the fair value of derivative financial instruments represented a derivative hedge payable of \$2,427,000 (2024: payable of \$99,000). All foreign currency forward contracts were measured at fair value using the Level 2 method. Unless otherwise stated, the carrying amounts of financial instruments reflect their fair value.

Recognition and measurement – Financial instruments

Derivative financial instruments

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently remeasured to their fair value at each reporting date. Recognition of the resulting gain or loss depends on whether the derivative is designated as a hedging instrument and the nature of the item being hedged. As appropriate, the Company designates derivatives as either hedges of the fair value of recognised assets or liabilities of firm commitments (fair value hedges) or hedges of highly probable forecast transactions (cash flow hedges).

Assets and liabilities measured at fair value are classified, into three levels, using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. Classifications are reviewed at each reporting date and transfers between levels are determined based on a reassessment of the lowest level of input that is significant to the fair value measurement.

For recurring and non-recurring fair value measurements, external valuers may be used when internal expertise is either not available or when the valuation is deemed to be significant. External valuers are selected based on market knowledge and reputation. Where there is a significant change in fair value of an asset or liability from one year to another, an analysis is undertaken, which includes a verification of the major inputs applied in the latest valuation and a comparison, where applicable, with external sources of data.

Notes to the consolidated financial statements for year ended 30 June 2025 (continued)

Note 24. Contingent liabilities

In the ordinary course of business, the Group is subject to various legal actions, inquiries and investigations from regulators and government bodies. Consideration has been given to all such matters at 30 June 2025, and no contingent liabilities were identified at that date (30 June 2024: Nil).

	2025	2024
	\$'000	\$'000

Note 25. Commitments

Land and buildings	11,379	301

	<u>11,761</u>	<u>529</u>

	2025	2024
	No.	No.

Note 26. Employees

The total number of employees at the reporting date was as follows:

Number of full-time and part-time employees at balance date	<u>850</u>	<u>930</u>
---	------------	------------

	2025	2024
	\$	\$

Note 27. Key management personnel

The aggregate compensation made to directors and other key management personnel of the Company is set out below:

Short-term employee benefits	3,392,914	2,848,698
Long-term employee benefits	88,030	9,794
Post-employment benefits	146,577	115,225
Share-based payments	113,386	106,416
	<u>3,740,907</u>	<u>3,080,133</u>

Note 28. Related party transactions

Related party transactions between the Company and the directors and personally related entities were made during the year in the ordinary course of business on normal commercial terms and conditions. The nature of these dealings was primarily the reimbursement of personal expenses incurred on Company paid credit cards, the employment of immediate family members and the purchase of products for their own use.

Receivables from and payables to related parties

There were no trade receivables from or trade payables to related parties on 30 June 2025 (2024: Nil).

Loans to or from related parties

There were no loans to or from related parties on 30 June 2025 (2024: Nil).

Notes to the consolidated financial statements for year ended 30 June 2025 (continued)

Note 29. Share-based payments

The Company has an Executive Performance Rights Plan (EPRP) which is provided for executives and other employees. In accordance with the provisions of the plan, executives and employees are awarded rights to ordinary shares that will vest after a period of three years subject to the achievement of specific performance hurdles in relation to earnings per share (EPS) growth. There is no exercise price for the shares and the employees can exercise the right for up to two years following vesting, after which time the rights lapse.

The following table reconciles the outstanding employee share rights under the EPRP at the beginning and end of the financial year:

	2025	2024
Outstanding share rights at the start of the year	149,558	197,907
Share rights granted	50,543	51,797
Share rights vested and exercised	(36,245)	(100,146)
Share rights lapsed	(12,000)	–
Outstanding share rights at the end of the year	151,856	149,558

The expense recognised in relation to employee share rights during the year was \$113,958 (2024: \$712,000).

Recognition and measurement – Share-based payments

Share-based payments are measured at the fair value of the rights at grant date and are expensed on a straight-line basis over the vesting period, with a corresponding increase in equity, based on the Company's estimate of the number of shares that will eventually vest, considering the likelihood of employee turnover and the likelihood of non-market performance conditions being met.

The fair value of rights at grant date is valued under risk neutral conditions. Under these conditions the value of the right is equivalent to the share price reduced by the present value of dividends payable on the shares until vesting. The present value of the dividends is deducted from the share price because the right holder is not entitled to dividends until the rights are exercised. The valuation assumes that the rights are exercised as they vest.

The key assumptions used for determining fair value at grant date are as follows:

	2025	2024
Share price at grant date (\$)	16.72	12.51
Dividend yield (%)	4.07	5.8
Franking rate (%)	30.0	30.0
Implied pre-tax effective dividend yield (%)	5.8	8.2

	2025	2024
	\$'000	\$'000

Note 30. Parent entity information

Recognition and measurement – Principles of consolidation

The consolidated financial statements incorporate the assets and liabilities of all subsidiaries of Nick Scali Limited ('Company' or 'parent entity') as of 30 June 2025 and the results of all subsidiaries for the year then ended. Nick Scali Limited and its subsidiaries together are referred to in these financial statements as the Group.

Subsidiaries are all those entities over which the Company has control. The Company controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and can affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are de-consolidated from the date that control ceases.

Intercompany transactions, balances, and unrealised gains on transactions between entities in the Group are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of the impairment of the asset transferred.

Note 31. Controlled entities

Subsidiaries

The consolidated financial statements incorporate the assets, liabilities, and results of the following subsidiaries in accordance with the accounting policy described in this financial report.

Name of entity	Country of incorporation	Class of shares	2025	2024
			%	%
Nick Scali (New Zealand) Limited	New Zealand	Ordinary	100.0	100.0

Anglia Home Furnishings Limited	United Kingdom	Ordinary	100.0	100.0
AHF Internet Limited	United Kingdom	Ordinary	100.0	100.0

Closed Group

Pursuant to ASIC Corporations (Wholly-owned Companies) Instrument 2016/785, Nick Scali Limited, Plush-Think Sofas Pty Limited and Nick Scali Employee Share Scheme Pty Ltd (the "Closed Group") entered into a deed of cross guarantee on 30 June 2022. The effect of the deed is that Nick Scali Limited has guaranteed to pay any deficiency in the event of winding up of any controlled entity or if they do not meet their obligations under the terms of overdrafts, loans, leases or other liabilities subject to the guarantee. The controlled entities within the Closed Group have also given a similar guarantee in the event that Nick Scali Limited is wound up or if it does not meet its obligations under the terms of overdrafts, loans, leases or other liabilities subject to the guarantee.

Total equity	273,488	254,528

Note 32. Business combinations**Acquisition of Anglia Home Furnishings Limited***Overview and strategic rationale*

On 8 May 2024 the Company acquired 100% of the issued share capital of Anglia Home Furnishings Limited for \$6,455,000. The presented numbers in the 30 June 2024 annual report were provisional and have been finalised over the first 12 months of ownership.

The cashflow on acquisition was as follows:

	2025 \$'000	2024 \$'000
Net cash acquired with the subsidiary	807	807
Cash paid	(7,262)	(7,262)
Purchase consideration transferred	(6,455)	(6,455)

Identifiable assets and liabilities acquired

The Group measured the value of the identifiable assets and liabilities at the date of acquisition at fair value.

In determining the fair value of acquired lease liabilities and right of use assets within the business combination, the company determined the lease term to be the earliest cancellable term of the lease, due to expected assessment and optimisation of the acquired Anglia Home Furnishings Limited store network. In assessing the likelihood of a lease option being exercised, the Company considers the costs of termination, the extent of any leasehold improvements, the strategic importance of the lease location and the current market rent for the site. There have been some leases identified as being for closure and the fair value of the right of use asset for these has been impaired.

Notes to the consolidated financial statements for year ended 30 June 2025 (continued)

Note 32. Business combinations (continued)

The exchange rate at the date of acquisition has been maintained to determine the final fair values. The fair values of the identifiable assets and liabilities of Anglia Home Furnishings Ltd at the date of acquisition were as follows:

	2025 Fair Values at Acquisition \$'000	2024 Provisional Values at Acquisition \$'000
Assets		
<i>Identifiable current assets</i>		
Cash and cash equivalents	807	807
Receivables	278	361
Inventories	3,988	4,528
Prepayments	474	474
Total identifiable current assets	5,547	6,170
<i>Identifiable non-current assets</i>		
Plant and equipment	366	366
Right-of-use assets	27,986	31,305
Total identifiable non-current assets	28,352	31,671
Total identifiable assets	33,899	37,841
Liabilities		
<i>Identifiable current liabilities</i>		
Payables	15,955	15,955
Lease liabilities	6,084	6,614
Deferred revenue	6,806	6,806
Other financial liabilities	789	789
Provisions	1,417	–
Accruals	3,329	3,329
Total identifiable current liabilities	34,380	33,493
<i>Identifiable non-current liabilities</i>		
Lease liabilities	24,691	24,691
Total identifiable non-current liabilities	24,691	24,691
Total identifiable liabilities	59,071	58,184
Identifiable net liabilities	25,172	20,343
Cash paid	7,262	7,262
Identifiable net liabilities	25,172	20,343
Goodwill arising on acquisition	32,434	27,605

The goodwill recognised has been attributed to the expected synergies from combining the assets and activities of Anglia Home Furnishings Ltd with those of the other companies in the Group.

There is a liability of \$474,000 which is held as a warranty for future claims. This was due and payable one year after acquisition, but further claims have arisen and not yet been agreed between the two parties. This remains as a potential future liability.

Transaction costs

Transactions costs of \$1,500,000 were expensed in the year ended 30 June 2024 and are included as acquisition expenses in the consolidated statement of comprehensive income. These costs were paid before 30 June 2024 and were also included as are part of operating cash flows in the prior year consolidated statement of cash flows.

Reported impact of acquisition

AHFL contributed \$41,814,000 of revenue for the financial year ended 30 June 2025 (\$8,333,000 8 May 2024 to 30 June 2024). The impact of the acquisition on profit after tax for the year ending 30 June 2025 was a loss of \$13,652,000 (loss of \$1,432,000 from 8 May 2024 to 30 June 2024).

Recognition and Measurement – Business Combinations

Business combinations

Acquisitions of subsidiaries and other business combinations are accounted for using the acquisition method with the cost of acquisition allocated to the fair value of the assets acquired and liabilities assumed at the acquisition date. Acquisition costs incurred are expensed during the financial year.

Business combination provisional accounting

The Group has 12 months from the acquisition date to finalise the accounting for any business combination. Provisional accounting is applied by the Group for business combinations where the acquisition accounting is incomplete at the end of the reporting period.

For personal use only

Notes to the consolidated financial statements for year ended 30 June 2025 (continued)

Note 33. Significant events after the reporting period

The Company declared a dividend on 8 August 2025 (see Note 7). No other matter or circumstance has arisen since 30 June 2025 that has significantly affected, or may significantly affect the Group's operations, the results of those operations, or the Group's state of affairs in future financial years.

	2025	2024
	\$	\$

Note 34. Remuneration of auditors

During the financial year, the following fees were paid or payable for services provided by KPMG, the auditor of the Company, and its network firms.

In addition, Azets, an audit firm based in the United Kingdom, was engaged as component auditor for the UK operations.

Audit services

Auditors of the Group – KPMG	331,850	308,000
Other Auditors	13,000	–

Other services

Tax review	8,406	12,859
Tax compliance	45,398	45,795
	398,654	366,654

Note 35. Summary of other material accounting policies

Current and non-current classification

Assets and liabilities are presented in the statement of financial position based on current and non-current classification.

An asset is classified as current when: it is either expected to be realised or intended to be sold or consumed in normal operating cycle; it is held primarily for the purpose of trading; it is expected to be realised within 12 months after the reporting year; or the asset is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting year. All other assets are classified as non-current.

A liability is classified as current when: it is either expected to be settled in normal operating cycle; it is held primarily for the purpose of trading; it is due to be settled within 12 months after the reporting year; or there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting year. All other liabilities are classified as non-current.

Deferred tax assets and liabilities are always classified as non-current.

Other taxes

Revenues, expenses, and assets are recognised net of the amount of Goods and Services Tax ('GST') except:

- when the GST incurred on a purchase of goods and services is not recoverable from the taxation authority, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- receivables and payables, which are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position. Cash flows are included in the statement of cash flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to the taxation authority are classified as operating cash flows. Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the taxation authority.

Foreign currency translation

The financial statements are presented in Australian dollars, which is Nick Scali Limited's functional and presentation currency.

Foreign currency transactions

Foreign currency transactions are translated into Australian dollars using the exchange rates prevailing at the dates of the transactions or at the hedged rate if qualifying financial instruments have been used to reduce exposure. Monetary assets and liabilities denominated in foreign currencies are retranslated at the financial year-end exchange rates and recognised in profit or loss. All exchange differences are recognised in the statement of comprehensive income, except when deferred in equity as qualifying cash flow hedges.

Foreign operations

The assets and liabilities of foreign operations are translated into Australian dollars using the exchange rates at the reporting date. The revenues and expenses of foreign operations are translated into Australian dollars using the average exchange rates, which approximate the rates at the dates of the transactions, for the period. All resulting foreign exchange differences are recognised in other comprehensive income through the foreign currency reserve in equity.

Note 35. Summary of other material accounting policies (continued)

Derecognition of financial assets and financial liabilities

Financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when either:

- the rights to receive cash flows from the asset have expired; or
- the Company retains the right to receive cash flows from the asset, but has assumed an obligation to pay them in full without material delay to a third party under a 'pass-through' arrangement; or
- the Company has transferred its rights to receive cash flows from the asset and either (a) has transferred substantially all the risks and rewards of the asset, or (b) has neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset and has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognised to the extent of the Company's continuing involvement in the asset. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration received that the Company could be required to repay.

Financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged, cancelled, or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in profit or loss.

Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) because of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognised as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the income statement net of any reimbursement. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a borrowing cost.

Dividends

Dividends are recognised when declared during the financial year and no longer at the discretion of the Company.

Rounding of amounts

The Company is of a kind referred to in Class Order 2016/191, issued by the Australian Securities and Investments Commission, relating to 'rounding-off'. Amounts in this report have been rounded off in accordance with that Class Order to the nearest thousand dollars, or in certain cases, the nearest dollar.

Consolidated entity disclosure statement

Set out below is relevant information relating to entities that are consolidated in the consolidated financial statements at the end of the financial year as required by the Corporations Act 2001 (s.295(3A)(a)).

Key assumptions and judgements

Section 295 (3A) of the *Corporation Act 2001* requires that the tax residency of each entity which is included in the Consolidated Entity Disclosure Statement (CEDS) be disclosed. In the context of an entity which was an Australian resident, "Australian resident" has the meaning provided in the *Income Tax Assessment Act 1997*. The determination of tax residency involves judgement as the determination of tax residency is highly fact dependent and there are currently several different interpretations that could be adopted, and which could give rise to a different conclusion on residency.

In determining tax residency, the consolidated entity has applied the following interpretations:

Australian tax residency

The consolidated entity has applied current legislation and judicial precedent, including having regard to the Commission of Taxation's public guidance in *Tax Ruling TR 2018/5*.

Foreign Tax residency

The consolidated entity has applied current legislation and where available judicial precedent in the determination of foreign tax residency.

Directors' Declaration

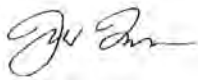

In the Directors' opinion:

- the attached financial statements and notes comply with the Corporations Act 2001, the Accounting Standards, the Corporations Regulations 2001 and other mandatory professional reporting requirements;
- the consolidated entity disclosure statement as at 30 June 2025 set out on page 50 is true and correct; and
- the attached financial statements and notes comply with the International Financial Reporting Standards as issued by the International Accounting Standards Board as described in Note 1 to the financial statements;
- the attached financial statements and notes give a true and fair view of the Company's financial position as at 30 June 2025 and of its performance for the financial year ended on that date; and
- there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.
- as at the date of this declaration, there are reasonable grounds to believe that the members of the Closed Group identified in Note 31 will be able to meet any obligations or liabilities to which they are or may become subject, by virtue of the Deed of Cross Guarantee.

The Directors have been given the declarations required by section 295A of the Corporations Act 2001.

Signed in accordance with a resolution of directors made pursuant to section 295(5)(a) of the Corporations Act 2001.

Independent Auditor's Report to the Members of Nick Scali Limited

Independent Auditor's Report

To the members of Nick Scali Limited

Report on the audit of the Financial Report

Opinion

We have audited the **Financial Report** of Nick Scali Limited (the Company).

In our opinion, the accompanying Financial Report of the Company gives a true and fair view, including of the **Group's** financial position as at 30 June 2025 and of its financial performance for the year then ended, in accordance with the *Corporations Act 2001*, in compliance with *Australian Accounting Standards* and the *Corporations Regulations 2001*.

The **Financial Report** comprises:

- Consolidated statement of financial position as at 30 June 2025;
- Consolidated statement of profit or loss and other comprehensive income, Consolidated statement of changes in equity, and Consolidated statement of cash flows for the year then ended
- Consolidated entity disclosure statement and accompanying basis of preparation as at 30 June 2025
- Notes, including material accounting policies; and
- Directors' Declaration.

The **Group** consists of the Company and the entities it controlled at the year end or from time to time during the financial year.

Basis for opinion

We conducted our audit in accordance with *Australian Auditing Standards*. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report.

We are independent of the Group in accordance with the *Corporations Act 2001* and the ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the Financial Report in Australia. We have fulfilled our other ethical responsibilities in accordance with these requirements.

Key Audit Matters

Key Audit Matters are those matters that, in our professional judgement, were of most significance in our audit of the Financial Report of the current period.

This matter was addressed in the context of our audit of the Financial Report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter.

UK Goodwill amount (\$36m)

Refer to Note 15 to the financial report

The key audit matter	How the matter was addressed in our audit
<p>A key audit matter was the Group's annual testing of goodwill allocated to the UK group of Cash Generating Units (CGU) for impairment. Certain conditions impacting the Group increased the judgement applied by us when evaluating the evidence available. We focussed on the significant forward-looking assumptions the Group applied in their value in use model, including:</p> <ul style="list-style-type: none"> • forecast operating cash flows – the segment has incurred a loss during the year as a result of disruptions from the refurbishment of showrooms as part of the integration of the Anglia Home Furnishings (Fabb) acquisition. This increases the possibility of goodwill being impaired, plus the risk of inaccurate forecasts or a wider range of possible outcomes, for us to consider. • forecast growth rates– in addition to the uncertainties described above, the model is sensitive to changes in this assumption, indicating possible impairment. This drives additional audit effort specific to their feasibility and consistency of application to the Group's strategy. • discount rate - these are complicated in nature and vary according to the conditions and environment the specific Cash Generating Unit (CGU) is subject to, and the model's approach to incorporating risks into the cash flows. We involve our valuations specialists with the assessment. <p>The Group uses a manually developed model to perform their annual testing of goodwill for impairment. The model uses adjusted historical</p>	<p>Our procedures included:</p> <ul style="list-style-type: none"> • We considered the appropriateness of the value in use method applied by the Group to perform the annual test of goodwill for impairment against the requirements of the accounting standards. • We assessed the integrity of the value in use model used, including the accuracy of the underlying calculation formulas. • We compared the forecast cash flows contained in the value in use model to Board approved forecasts. • We assessed the accuracy of previous Group forecasts to inform our evaluation of forecasts incorporated in the model. • We assessed the Group's determination of CGU assets for consistency with the assumptions used in the forecast cash flows and the requirements of the accounting standards. • We challenged the Group's significant forecast cash flow and growth assumptions. We compared key events, including showroom closures and rebranding activities undertaken throughout the period to the Board approved plan and strategy. We applied increased scepticism to forecasts in the areas where previous forecasts were not achieved. We assessed the objectivity of sources used for assumptions, including comparing forecast growth rates to published studies of industry trends and expectations, and considered

For personal use only

For personal use only

<p>performance, and a range of internal and external sources as inputs to the assumptions. Using forward-looking assumptions tend to be prone to greater risk for potential bias, error and inconsistent application. These conditions necessitate additional scrutiny, in particular to address the objectivity of sources used for assumptions, and their consistent application.</p> <p>We involved valuation specialists to supplement our senior audit team members in assessing this key audit matter.</p>	<p>differences for the Group’s operations. We used our knowledge of the Group, their past performance, business and customers, and our industry experience.</p> <ul style="list-style-type: none"> • We checked the consistency of the growth rates and gross margin to the Group’s stated plan and strategy, past performance of the Group, and our experience regarding the feasibility of these in the economic environment in which they operate. We assessed these assumptions for indicators of bias and inconsistent application, using our industry knowledge. • Working with our valuation specialists, we independently developed a discount rate range considered comparable using publicly available market data for comparable entities, adjusted by risk factors specific to the Group and the industry it operates in. • We considered the sensitivity of the model by varying key assumptions, such as forecast growth rates and discount rates, within a reasonably possible range. We did this to identify those assumptions at higher risk of bias or inconsistency in application and to focus our further procedures. <p>We assessed the disclosures in the financial report using our understanding obtained from our testing and against the requirements of the accounting standards.</p>

Other Information

Other Information is financial and non-financial information in Nick Scali Limited’s annual report which is provided in addition to the Financial Report and the Auditor’s Report. The Directors are responsible for the Other Information.

Our opinion on the Financial Report does not cover the Other Information and, accordingly, we do not express an audit opinion or any form of assurance conclusion thereon, with the exception of the Remuneration Report and our related assurance opinion.

In connection with our audit of the Financial Report, our responsibility is to read the Other Information. In doing so, we consider whether the Other Information is materially inconsistent with the Financial Report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We are required to report if we conclude that there is a material misstatement of this Other Information, and based on the work we have performed on the Other Information that we obtained prior to the date of this Auditor's Report we have nothing to report.

Responsibilities of the Directors for the Financial Report

The Directors are responsible for:

- preparing the Financial Report in accordance with the *Corporations Act 2001*, including giving a true and fair view of the financial position and performance of the Group, and in compliance with *Australian Accounting Standards* and the *Corporations Regulations 2001*
- implementing necessary internal control to enable the preparation of a Financial Report in accordance with the *Corporations Act 2001*, including giving a true and fair view of the financial position and performance of the Group, and that is free from material misstatement, whether due to fraud or error
- assessing the Group and Company's ability to continue as a going concern and whether the use of the going concern basis of accounting is appropriate. This includes disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they either intend to liquidate the Group and Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objective is:

- to obtain reasonable assurance about whether the Financial Report as a whole is free from material misstatement, whether due to fraud or error; and
- to issue an Auditor's Report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with *Australian Auditing Standards* will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error. They are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Financial Report.

A further description of our responsibilities for the audit of the Financial Report is located at the *Auditing and Assurance Standards Board* website at: https://www.auasb.gov.au/media/bwvjcqre/ar1_2024.pdf This description forms part of our Auditor's Report.

Report on the Remuneration Report

Opinion

In our opinion, the Remuneration Report of Nick Scali Limited for the year ended 30 June 2025, complies with *Section 300A* of the *Corporations Act 2001*.

Directors' responsibilities

The Directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with *Section 300A* of the *Corporations Act 2001*.

Our responsibilities

We have audited the Remuneration Report included in pages 10 to 15 of the Directors' report for the year ended 30 June 2025.

Our responsibility is to express an opinion as to whether the Remuneration Report complies in all material respects with *Section 300A* of the *Corporations Act 2001*, based on our audit conducted in accordance with *Australian Auditing Standards*.
