Corporate Governance Statement	Decidr AI Industries Ltd's directors and management are committed to conducting the consolidated entity's business ethically and in accordance with high standards of corporate governance. Decidr AI Industries Ltd has adopted and substantially complied with the ASX Corporate Governance Principles and Recommendations (Fourth Edition) ('Recommendations') to the extent appropriate to the size and nature of its operations. The Corporate Governance Statement, which sets out the corporate governance practices that were in operation during the financial year and identifies and explains any Recommendations that have not been followed, was approved by the Board of Directors at the same time as the Annual Report and can be found in the corporate governance section on the Company's website: https://decidrindustries.ai/corporate-governance

Decidr AI Industries Ltd
(Formerly known as Live Verdure Ltd)
Directors' report
30 June 2025

The directors present their report, together with the financial statements, on the consolidated entity (referred to hereafter as the 'consolidated entity') consisting of Decidr AI Industries Ltd (referred to hereafter as the 'Company' or 'parent entity') and the entities it controlled at the end of, or during, the year ended 30 June 2025.

Directors

The following persons were directors of Decidr AI Industries Ltd during the whole of the financial year and up to the date of this report, unless otherwise stated:

David Brudenell (Executive Chairman)	Appointed Executive Chairman on 11 October 2024
Adrian Bunter (Non-Executive Director)	
Jenny Fielding (Non-Executive Director)	Appointed on 1 August 2024
Corey Montry (Non-Executive Director)	Resigned on 1 August 2024

Principal activities

During the financial year, the principal continuing activities of the consolidated entity consisted of the development and online sale of Australian beauty, functional food and nutraceutical products. With Decidr.ai Pty Ltd ('Decidr') becoming a subsidiary during the financial year, the development and commercialisation of the AI-powered B2B software products is also now considered to be a principal continuing activity of the consolidated entity.

Dividends

There were no dividends paid, recommended or declared during the current or previous financial year.

Review of operations

The profit for the consolidated entity after providing for income tax and non-controlling interest amounted to \$71,110,000 (30 June 2024: loss of \$12,908,000).

The profit is inclusive of: non-cash net gain on remeasurement to fair value from the additional investment in the associate of \$88,383,000 (30 June 2024: \$nil) on the step acquisition of Decidr; and non-cash share-based payments expense of \$11,554,000 (30 June 2024: \$9,180,000). The net loss after removing these non-cash items is \$5,719,000 (30 June 2024: \$3,728,000).

Financial performance

During the year ended, revenue from ordinary activities increased to \$2,375,000 (30 June 2024: \$1,936,000).

Research and development tax incentive grants increased to \$589,000 (30 June 2024: \$414,000) which primarily resulted from an increase in research and development tax incentive grants during the current financial year. Interest revenue increased to \$163,000 (30 June 2024: \$29,000) due to holding higher cash balances during the financial year, from option exercises and a share placement.

During the financial year, a share-based payment expense was booked amounting to \$11,554,000 (30 June 2024: \$9,180,000) relating to the issue of options to employees of \$8,877,000 and consultants of \$2,677,000.

During the financial year, revenue from ordinary activities increased by 23% to \$2,375,000 (30 June 2024: \$1,936,000). This increase is adjusted to 9%, after removing \$264,000 which was due to Decidr's revenue being included in the consolidated entity's results for the first time.

Edible Beauty sales increased by \$319,000 to \$1,792,000, or a 22% increase on the prior year.

13 Seeds sales decreased by \$144,000 to \$319,000, or a 31% decrease on the prior year.

During the financial year ended 30 June 2025, the Edible Beauty business revenue breakdown is as follows:

- e-commerce sales comprised \$1,655,000 (30 June 2024: \$1,170,000), which represented a 41% increase from the prior year; and
- wholesale revenue comprised \$137,000 (30 June 2024: \$303,000), which represented a 55% decrease from the prior year.

Decidr AI Industries Ltd
(Formerly known as Live Verdure Ltd)
Directors' report
30 June 2025

Financial position

As at 30 June 2025, the net assets of consolidated entity increased to \$99,704,000 (30 June 2024: \$2,638,000). This increase was primarily due to the recognition of goodwill of \$101,731,000 was a result of the additional 6% interest purchased in Decidr on 31 December 2024. This was offset by a new interest free loan of \$12,025,000 (with a face value of \$13,200,000) which fully funded the purchase of the 6% stake.

Investment inflows during the financial year, included \$11,000,000 comprising funds received for a share placement in March 2025, increasing cash on hand as at 30 June 2025. Proceeds from the exercise of options amounted to \$9,526,000. The transaction cost related to the issue of equity securities is \$770,000.

The cash reserves of the consolidated entity increased to \$7,752,000 (30 June 2024: \$1,103,000) as at 30 June 2025.

The directors consider Underlying Earnings Before Interest, Tax, Depreciation and Amortisation ('EBITDA') and Underlying EBIT to reflect the core earnings of the consolidated entity. Underlying EBITDA and underlying EBIT are financial measures which are not prescribed by Australian Accounting Standards ('AAS') and represent the profit or loss under AAS adjusted for non-cash and significant items. The following table summarises key reconciling items between statutory loss after income tax and underlying EBITDA for the current and previous year:

	2025 \$'000	2024 \$'000
Revenue	2,375	1,936
Gross margin	1,532	696
Other income	589	414
Underlying EBITDA	7,826	3,637
Depreciation and amortisation expense	(66)	(36)
Underlying loss before interest and tax ('EBIT')	7,892	3,673
Net interest expense	(583)	(84)
Share-based payments expense	(11,554)	(9,180)
Net gain on remeasurement to fair value from the additional investment in the associate	88,383	-
Profit/(loss) before income tax expense	68,517	(12,908)

Significant changes in the state of affairs

On 19 August 2024, the Company entered into a Voluntary Escrow and Sell Down Deed with CPS Capital Group Pty Ltd ('CPS'), an option holder. Under the terms of the agreement, CPS has agreed to place shares resulting from the exercise of Advisory Options under escrow, with specific conditions and restrictions on disposal to show their long term and ongoing support for the Company.

The Advisory Options covered by this agreement amount to a total of 12,000,000 unquoted options, exercisable at \$0.10 each on or before 27 June 2027. These options are divided into two tranches of 6,000,000 options each and are currently not vested, as the vesting criteria has not yet been met.

Upon the exercise of these options, the resulting shares will be subject to the following escrow periods:

- **12 month initial escrow period:** No shares can be disposed of during the first 12 months following the exercise of the options; and
- **Ordinary sell down period:** In the 12 months following the initial escrow period, CPS may dispose of up to 25% of the escrowed shares during each three-month period, ensuring a controlled and orderly sell-down process.

This agreement aligns with the Company's strategic objectives to maintain an orderly market and support long-term value creation for shareholders.

On 4 September 2024, the Company announced a Memorandum of Understanding ('MOU') with Decidr Group Pty Ltd. Given the success of the initial Proof of Concept ('POC') results, the Company executed a MOU with Decidr Group Pty Ltd and Decidr, securing Decidr's IP position and evolving the consolidated entity's approach to AI technology deployment and licensing. Total funding of \$10,000,000 is required for the 45% shareholding by the Company.

Decidr AI Industries Ltd
(Formerly known as Live Verdure Ltd)
Directors' report
30 June 2025

On 13 September 2024, the Company announced that Decidr had entered into a strategic partnership with CareerOne Pty Ltd ('CareerOne'). The partnership will focus on the co-creation and deployment of AI-enabled solutions to businesses and job seekers in a revenue share structure, leveraging CareerOne's extensive job data and Decidr's cutting-edge AI technology. Management believes this collaboration is an important first step in expanding the application of AI across the recruitment and human capital management sectors.

During the financial year, the consolidated entity had investment inflows of \$9,526,000 from the conversion of 36,186,190 options into ordinary shares.

On 31 December 2024, the Company acquired an additional 6% of Decidr, increasing the Company's ownership to a controlling interest of 51%. The acquisition consideration is facilitated by a \$13,200,000 loan by Decidr Group Pty Ltd, payable over a 36 month term. The acquisition aligns with the strategic objectives outlined in the MOU between the Company and Decidr, cementing the consolidated entity's leadership in AI-driven innovation.

On 16 January 2025, the consolidated entity's AI subsidiary, Decidr, formed strategic partnerships with BeeRoll Inc., a U.S based user-generated content platform, and Cohabit Technologies Pty Ltd, an Australian proptech company. These collaborations mark Decidr's entry into new verticals and demonstrate the versatility of its AI platform to deliver transformative solutions across industries.

On 25 February 2025, the consolidated entity's AI subsidiary, Decidr, realised its first revenue ahead of schedule from AI co-produced products with platform partnership partner CareerOne.

On 6 March 2025, the Company announced the change of its name from Live Verdure Ltd to Decidr AI Industries Ltd and its ASX code changed from LV1 to DAI.

On 21 March 2025, the Company, announced that Decidr has engaged in a multi-part strategic partnership with Amazon Web Services ('AWS') to accelerate AI-powered business transformation and the adoption of Decidr Agentic technology.

AWS will serve as Decidr's core cloud infrastructure provider, enabling seamless AI Agent deployment, data intelligence, and process automation for businesses worldwide. This partnership will also introduce Decidr's AI Business Operating System to the AWS marketplace, making it easier for businesses to adopt AI solutions that drive operational efficiency.

On 24 March 2025, the Company also announced that further to its ASX Announcement dated 21 March 2025, the Company has received binding commitments for its placement, which due to strong demand has been upsized from \$10,000,000 to raise approximately \$11,000,000 (before costs) through the issue of 14,473,671 new fully paid ordinary shares.

On 24 June 2025, the Company announced a contract and partnership between Decidr and Scentia Australia Pty Ltd, which operates under the Australian Institute of Management ('AIM') brand. The partnership represents a significant milestone in the consolidated entity's growth trajectory and will see Decidr's Agentic AI technology deployed across AIM's education ecosystem to enhance learner personalisation, automate key workflows, and improve training outcomes at scale.

There were no other significant changes in the state of affairs of the consolidated entity during the financial year.

Matters subsequent to the end of the financial year

On 1 July 2025, the Company entered into a binding-agreement to divest its hemp-based health and wellness brand, 13 Seeds, to an independent private Australian purchaser who is an established operator in the hemp sector and completed the sale on the same day. The sale was executed on 1 July 2025 via a share sale agreement involving the transfer of all assets and operations related to the 13 Seeds business. Proceeds from the sale was \$65,000.

On 24 August 2025, the Company entered into a binding sale agreement to acquire the remaining 49% interest in Decidr.ai Pty Ltd ('Decidr'), increasing the Company ownership to 100%. On completion, Decidr will become a wholly owned subsidiary of the Company. The acquisition consideration is facilitated by an issue of 78,400,000 ordinary shares in the Company ('Consideration Shares') to the vendor, Decidr Group Pty Ltd ('Vendor'). The acquisition is consistent with the Company's focus on delivering shareholder value through strategic growth initiatives and the continued AI technology across its operations.

Decidr AI Industries Ltd
(Formerly known as Live Verdure Ltd)
Directors' report
30 June 2025

The binding-agreement contains a number of commercial terms including; the requirement to pay the existing loan, with a face value of \$13,200,000, from the Vendor (which funded the consolidated entity's prior acquisition of a 6% interest in Decidr); the Company completing due diligence to its sole and absolute satisfaction; and the Company receiving all relevant consents and regulatory approvals to give effect to the transaction. For the remainder of the sale agreement terms and conditions of the transaction refer to ASX release dated 25 August 2025.

The Company expects to convene a general meeting for the issue of the Consideration Shares in November 2025.

During the period from 1 July 2025 to 12 September 2025, the Company received \$7,757,000 of funds from the conversion of options into ordinary shares.

On 26 August 2025, the Company entered into an options underwriting agreement with Morgans Corporate Limited ('Morgans') to fully underwrite the exercise of listed options, exercisable at \$0.25 each and expiring on 31 August 2025. Under the agreement, Morgans will underwrite up to 15,634,029 listed options which remain unexercised at the expiry date representing an underwriting amount of \$3,910,000 by subscribing for shares on the underwritten options.

On 5 September 2025, the underwriters arranged for the purchase of the remaining shortfall of 68,013 \$0.25 options for \$17,000.

On 22 September 2025, the Company announced that further to its ASX Announcement dated 19 September 2025, the Company has received binding commitments for its \$20 million placement, raise approximately \$20,000,000 (before costs) through the issue of 22,222,223 new fully paid ordinary shares. The placement was supported by existing and new institutional investors. Morgans Corporate Limited acted as sole Lead Manager and bookrunner to the placement.

Proceeds of the equity raise will be used to fund working capital to accelerate existing deployments, expand the existing customer base, growth capital to acquire new partners, pre-board businesses and for further development of DecidrOS and expand into international markets.

No other matter or circumstance has arisen since 30 June 2025 that has significantly affected, or may significantly affect the consolidated entity's operations, the results of those operations, or the consolidated entity's state of affairs in future financial years.

Likely developments and expected results of operations

The future developments and expected results of operations of the consolidated entity will be dependent on the continued efforts on direct-to-consumer sales, advertising of the consolidated entity's products in a growing industry and also conducting research and development of new hemp food and nutraceutical and skin products.

Business risk management

The consolidated entity is committed to the effective management of risk to reduce uncertainty in the consolidated entity's business outcomes and to protect and enhance shareholder value. There are various risks that could have a material impact on the achievement of the consolidated entity's strategic objectives and future prospects.

Key risks and mitigation activities associated with the consolidated entity's objectives are set out below:

Competition risk

The consolidated entity currently competes with other companies offering hemp-based food, nutraceutical products and AI-powered B2B software products and there can be no assurance that the consolidated entity can compete effectively with these other companies. Additionally, existing competitors and new competitors to the market may replicate products similar to that of the consolidated entity, which could result in a loss of market share or a decrease in profitability.

Innovation risk

The consolidated entity's ability to retain, increase, and engage its customers and address their evolving needs and to increase revenues will depend heavily on management's ability to successfully create, launch and grow demand for new products, both independently and in conjunction with distribution partners.

Decidr AI Industries Ltd
(Formerly known as Live Verdure Ltd)
Directors' report
30 June 2025

While the consolidated entity dedicates significant resources to understanding its customers and prospective new customers, this requires upgrading its product offering and platform to remain innovative and in tune with trends. The consolidated entity's owners and customers may not be satisfied with its offerings or perceive that its offerings do not cater to their needs. Remaining innovative and developing new and unique product offerings require investment and configuration that requires monetary and internal resource investment which may erode the consolidated entity's competitive position and adversely affect the growth and profitability of the consolidated entity.

Furthermore, the consolidated entity's products could be rendered uneconomical by the emergence of new competitors and products, substitute products, technological advances affecting the cost of production, marketing, or pricing actions by one or more of the consolidated entity's competitors. The consolidated entity's businesses, financial condition or results of operations could be adversely affected by any one or more of such developments. The consolidated entity aims to mitigate the risks associated with competition risks by implementing new and innovative products to market.

Future funding risk

As at the date of this report, the consolidated entity is currently loss making and is not cash flow positive, meaning it is reliant on raising funds from investors to continue to fund its operations and product development. Although the directors consider that the consolidated entity will have sufficient working capital to carry out its stated objectives and to satisfy the anticipated current working capital and other capital requirements, there can be no assurance that such objectives can continue to be met in the future without securing further funding.

The future capital requirements of the consolidated entity will depend on many factors, including the pace and magnitude of the development of its business and sales, and the consolidated entity may need to raise additional funds from time to time to finance the ongoing development and commercialisation of its products and to meet its other longer-term objectives.

Should the consolidated entity require additional funding, there can be no assurance that additional financing will be available on acceptable terms or at all. Any inability to obtain additional financing, if required, would have a material adverse effect on the consolidated entity's businesses, financial condition and results of operations.

Products' liability risk

The consolidated entity supplies hemp-based food, skin care and nutraceutical products. As with all food, skin care and nutraceutical products, there is a risk that the products sold by the consolidated entity could cause serious or unexpected side effects, including injury to consumers. Should any of the consolidated entity's products be associated with safety risks such as misuse or abuse, mislabelling, tampering or product contamination or spoilage, a number of materially adverse outcomes could occur, including:

- (i) litigation or claims by the parties affected;
- (ii) regulatory authorities may revoke any approvals granted, impose more onerous regulatory requirements under any licence or approval, or force the consolidated entity to conduct a product recall;
- (iii) regulatory action or being sued by the regulatory authority and being held liable for any harm caused to customers; or
- (iv) the consolidated entity's brand and reputation being damaged.

Additionally, material risks to the health and safety of customers may force the consolidated entity to voluntarily suspend or terminate sales and/or operations.

Regardless of insurance and quality standards applied by the consolidated entity, as in any manufacturing concern, there remains a risk of defective products. These defects or problems could result in the loss or delay in revenue, or a material cost to the consolidated entity.

The consolidated entity continues to test new products before they are placed into the marketplace in order to ensure that there are no product liability risks which may arise in the future.

Environmental regulation

The consolidated entity is not subject to any significant environmental regulation under Australian Commonwealth or State law.

Decidr AI Industries Ltd
(Formerly known as Live Verdure Ltd)
Directors' report
30 June 2025

Information on directors

Name: David Brudenell
Title: Executive Chairman (appointed on 11 October 2024; Non-Executive Chair 15 March 2024)
Qualifications: HSBc, MBA in Finance and International Business
Experience and expertise: David's 20 years of international executive roles have included start-up-to-IPO (ASX: PPL), venture capital, large private and public market companies, Eclipx (ASX: FPR) and Appen.

David's recent technology experience also extends into Artificial Intelligence ('AI') and Machine Learning ('ML') globally.

David led the Global Solutions & Advanced Research teams at Appen (ASX: APX), the largest provider of training data for AI applications. This team worked at the frontier of generative AI and ML for the largest global technology companies and federal agencies.

He also serves as an advisor for several US-based Artificial Intelligence and Consumer Companies.

Other current directorships: None

Decidr AI Industries Ltd
(Formerly known as Live Verdure Ltd)
Directors' report
30 June 2025

Name: Jenny Fielding
Title: Non-Executive Director (appointed on 1 August 2024)
Qualifications: Adjunct professor at Columbia University and Cornell Tech
Experience and expertise: Based out of New York, Jenny brings a wealth of experience to Decidr AI Industries, with a background that spans law, finance, technology and investment.

After graduating from law school and working in finance, Jenny transitioned to technology as a founder of two mobile software companies. This experience fueled her passion for technology and innovation, leading her to a prominent career as an early-stage investor.

Jenny is also an adjunct professor at Columbia University and Cornell Tech. For 7.5 years, Jenny was the Managing Director at Techstars, where she led investments into companies that now have a market cap of over USD10b. She then co-founded Everywhere Ventures, a global venture capital firm. Jenny has been the first investor in over 250 tech-enabled companies, including five companies achieving unicorn (USD1b+) valuations.

Other current directorships: None
Former directorships (last 3 years): None
Special responsibilities: None

	Full Board Attended	Held
David Brudenell	12	12
Adrian Bunter	12	12
Jenny Fielding (appointed 1 August 2024)	11	12
Corey Montry (resigned 1 August 2024)	1	1

Held: represents the number of meetings held during the time the director held office.

Remuneration report (audited)

The remuneration report details the key management personnel remuneration arrangements for the consolidated entity, in accordance with the requirements of the Corporations Act 2001 and its Regulations.

Key management personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including all directors.

The remuneration report is set out under the following main headings:

- Principles used to determine the nature and amount of remuneration
- Details of remuneration
- Service agreements
- Share-based compensation
- Additional information
- Additional disclosures relating to key management personnel

Principles used to determine the nature and amount of remuneration

The objective of the consolidated entity's executive reward framework is to ensure reward for performance is competitive and appropriate for the results delivered. The framework aligns executive reward with the achievement of strategic objectives and the creation of value for shareholders, and it is considered to conform to the market best practice for the delivery of reward. The Board of Directors ('the Board') ensures that executive reward satisfies the following key criteria for good reward governance practices:

- competitiveness and reasonableness;
- acceptability to shareholders;
- performance linkage / alignment of executive compensation;
- transparency.

The performance of the consolidated entity depends on the quality of its directors and executives. The remuneration philosophy is to attract, motivate and retain high performance and high quality personnel.

The reward framework is designed to align executive reward to shareholders' interests. The Board has considered that it should seek to enhance shareholders' interests by:

- having economic profit as a core component of plan design;
- focusing on sustained growth in shareholder wealth, consisting of dividends and growth in share price, and delivering constant or increasing return on assets as well as focusing the executive on key non-financial drivers of value; and
- attracting and retaining high calibre executives.

Additionally, the reward framework should seek to enhance executives' interests by:

- rewarding capability and experience;
- reflecting competitive reward for contribution to growth in shareholder wealth; and
- providing a clear structure for earning rewards.

In accordance with best practice corporate governance, the structure of Non-Executive director and Executive director remuneration is separate.

Non-executive directors' remuneration

Fees and payments to non-executive directors reflect the demands and responsibilities of their role. Non-executive directors' fees and payments are reviewed annually by the Board. The chairman's fees are determined independently to the fees of other non-executive directors based on comparative roles in the external market. The chairman is not present at any discussions relating to the determination of his own remuneration.

ASX listing rules require the aggregate non-executive directors' remuneration be determined periodically by a general meeting. The most recent determination was at the General Meeting held on 11 June 2024, where the shareholders approved a maximum annual aggregate remuneration of \$350,000.

Executive remuneration

The consolidated entity aims to reward executives based on their position and responsibility, with a level and mix of remuneration which has both fixed and variable components.

Decidr AI Industries Ltd
(Formerly known as Live Verdure Ltd)
Directors' report
30 June 2025

The executive remuneration and reward framework has four components:

- base pay and non-monetary benefits;
- short-term performance incentives;
- long-term incentives; and
- other remuneration such as superannuation and long service leave.

The combination of these comprises the executive's total remuneration.

Fixed remuneration, consisting of base salary, superannuation and non-monetary benefits, are reviewed annually by the NRC based on individual and business unit performance, the overall performance of the consolidated entity and comparable market remunerations.

Executives may receive their fixed remuneration in the form of cash or other fringe benefits (for example motor vehicle benefits) where it does not create any additional costs to the consolidated entity and provides additional value to the executive.

The short-term incentives ('STI') program is designed to align the targets of the business units with the performance hurdles of executives. STI payments are granted to executives based on specific annual targets and key performance indicators ('KPI's') being achieved. KPI's include profit contribution, customer satisfaction, leadership contribution and product management.

The long-term incentives ('LTI') include long service leave and share-based payments. Shares are awarded to executives over a period of three to five years based on long-term incentive measures. This is focused on the increase in shareholders' value via share price increases.

Consolidated entity performance and link to remuneration

Remuneration for certain individuals is directly linked to the performance of the consolidated entity. The remaining portion of the cash bonus and incentive payments are at the discretion of the NRC. Refer to the section 'Additional information' below for details of the earnings and total shareholders return for the last five years.

Voting and comments made at the Company's 29 November 2024 Annual General Meeting ('AGM')

At the 29 November 2024 AGM, 97.67% of the votes received supported the adoption of the remuneration report for the year ended 30 June 2024. The Company did not receive any specific feedback at the AGM regarding its remuneration practices.

Details of remuneration

Amounts of remuneration

Details of the remuneration of key management personnel of the consolidated entity are set out in the following tables.

The key management personnel of the consolidated entity consisted of the following directors of Decidr AI Industries Ltd:

- David Brudenell (Executive Chairman) - appointed Executive Chairman on 11 October 2024 (Non-Executive Chairman on 15 March 2024)
- Adrian Bunter (Non-Executive Director) - appointed on 15 March 2024
- Jenny Fielding (Non-Executive Director) - appointed on 1 August 2024
- Corey Montry (Non-Executive Director) - resigned on 1 August 2024

And the following person:

- David Brady (Chief Financial Officer) - appointed on 27 May 2024

Service agreements

Remuneration and other terms of employment for key management personnel are formalised in service agreements. Details of these agreements are as follows:

Name: David Brudenell
Title: Executive Chairman
Agreement commenced: 11 October 2024
Term of agreement: No fixed term
Details: Mr Brudenell's remuneration package comprises a base salary of \$350,000 per annum (excluding superannuation).

Mr Brudenell has been invited by the Company to apply for 23,000,000 options, with 2,000,000 at an exercise price of \$0.75 with an expiry date of 3 years, 3,000,000 at an exercise price of \$1.50, 4,500,000 at an exercise price of \$2.00, 6,000,000 at an exercise price of \$2.50, and 7,500,000 at an exercise price of \$3.50, with an expiry date of 5 years from grant date.

The agreement continues until terminated by either the Company or Mr Brudenell giving not less than three months' written notice of termination of the other party.

Name: David Brady
Title: Chief Financial Officer
Agreement commenced: 27 May 2024
Term of agreement: No fixed term
Details: Mr Brady's remuneration package comprises a base salary of \$300,000 per annum (excluding superannuation).

Mr Brady has been invited by the Company to apply for 1,500,000 options at an exercise price of \$0.75, with an expiry date of 3 years from grant date. Tranche 1 comprising 500,000 options vests after 6 months of continuous employment. Tranche 2 comprising 1,000,000 options vests equally on a quarterly basis over a period of 18 months, with the Tranche 2 vesting period commencing upon the vesting of Tranche 1.

The agreement continues until terminated by either the Company or Mr Brady giving not less than three months' written notice of termination of the other party.

Key management personnel have no entitlement to termination payments in the event of removal for misconduct.

Decidr AI Industries Ltd
(Formerly known as Live Verdure Ltd)
Directors' report
30 June 2025

Share-based compensation

Issue of shares

There were no shares issued to directors and other key management personnel as part of compensation during the year ended 30 June 2025.

Options

The terms and conditions of each grant of options over ordinary shares affecting remuneration of directors and other key management personnel in this financial year or future reporting years are as follows:

Name	Number of options granted	Grant date	Vesting date and exercisable date	Expiry date	Exercise price	Fair value per option at grant date
David Brudenell	7,500,000	18 Dec 2024	18 Dec 2024	18 Dec 2029	\$3.50	\$0.346
David Brudenell	6,000,000	18 Dec 2024	18 Dec 2024	18 Dec 2029	\$2.50	\$0.395
David Brudenell	4,500,000	18 Dec 2024	18 Dec 2024	18 Dec 2029	\$2.00	\$0.426
David Brudenell	3,000,000	18 Dec 2024	18 Dec 2024	18 Dec 2029	\$1.50	\$0.467
Jenny Fielding	1,000,000	18 Dec 2024	18 Dec 2024	18 Dec 2027	\$0.75	\$0.460
David Brady	1,500,000	30 Dec 2024	30 Dec 2024	30 Dec 2027	\$0.75	\$0.537

Options granted carry no dividend or voting rights.

All options were granted over unissued fully paid ordinary shares in the Company. The number of options granted was determined having regard to the satisfaction of performance measures as described above in the section 'Consolidated entity performance and link to remuneration'. Options vest based on the provision of service over the vesting period whereby the executive becomes beneficially entitled to the option on vesting date. Options are exercisable by the holder as from the vesting date. There has not been any alteration to the terms or conditions of the grant since the grant date. There are no amounts paid or payable by the recipient in relation to the granting of such options other than on their potential exercise.

The number of options over ordinary shares granted and vested for directors and other key management personnel as part of compensation during the year ended 30 June 2025 are set out below:

Name	Number of options granted during the year 2025	Number of options granted during the year 2024	Number of options vested during the year 2025	Number of options vested during the year 2024
David Brudenell	21,000,000	2,000,000	21,000,000	2,000,000
David Brady	1,500,000	-	833,333	-
Adrian Bunter	-	1,000,000	-	1,000,000
Jenny Fielding	1,000,000	-	1,000,000	-

Values of options over ordinary shares granted, exercised and lapsed for directors and other key management personnel as part of compensation during the year ended 30 June 2025 are set out below:

Name	Value of options granted during the year \$	Value of options exercised during the year \$	Value of options lapsed during the year \$	Remuneration consisting of options for the year %
David Brudenell	8,282,865	-	-	96%
David Brady	134,713	-	-	29%
Jenny Fielding	459,890	-	-	90%

Shares issued on the exercise of performance rights

There were no ordinary shares of Decidr AI Industries Ltd issued on the exercise of performance rights during the year ended 30 June 2025 and up to the date of this report.

Indemnity and insurance of directors

The Company has indemnified the directors and executives of the Company for costs incurred, in their capacity as a director or executive, for which they may be held personally liable, except where there is a lack of good faith.

During the financial year, the Company paid a premium in respect of a contract to insure the directors and executives of the Company against a liability to the extent permitted by the Corporations Act 2001. The contract of insurance prohibits disclosure of the nature of the liability and the amount of the premium.

Indemnity and insurance of auditor

The Company has not, during or since the end of the financial year, indemnified or agreed to indemnify the auditor of the Company or any related entity against a liability incurred by the auditor.

During the financial year, the Company has not paid a premium in respect of a contract to insure the auditor of the Company or any related entity.

Proceedings on behalf of the Company

No person has applied to the Court under section 237 of the Corporations Act 2001 for leave to bring proceedings on behalf of the Company, or to intervene in any proceedings to which the Company is a party for the purpose of taking responsibility on behalf of the Company for all or part of those proceedings.

Non-audit services

There were no non-audit services provided during the financial year by the auditor.

Consolidated statement of cash flows
For the year ended 30 June 2025

	Note	2025 \$'000	2024 \$'000
Cash flows from operating activities			
Receipts from customers (inclusive of GST)		2,280	2,014
Payments to suppliers and employees (inclusive of GST)		(11,301)	(4,971)
Receipts of research and development tax incentive and other grants		589	414
Interest received		141	27
Interest and other finance costs paid		-	(7)
Net cash used in operating activities	36	(8,291)	(2,523)
Cash flows from investing activities			
Payment for purchase of business, net of cash acquired		(141)	(162)
Payments for property, plant and equipment	16	(110)	(2)
Payments for intangibles	17	(25)	-
Payment for investment in associate company	35	(3,631)	(1,365)
Payment for convertible note		(209)	-
Net cash used in investing activities		(4,116)	(1,529)
Cash flows from financing activities			
Proceeds from issue of shares	24	11,000	3,930
Proceeds from exercise of options		9,526	1,316
Share issue transaction costs		(770)	(260)
Repayment of borrowings		(700)	-
Interest costs on borrowings		-	-
Net cash from financing activities		19,056	4,986
Net increase in cash and cash equivalents		6,649	934
Cash and cash equivalents at the beginning of the financial year		1,103	169
Cash and cash equivalents at the end of the financial year	10	<u>7,752</u>	<u>1,103</u>

The above consolidated statement of cash flows should be read in conjunction with the accompanying notes

Decidr AI Industries Ltd
(Formerly known as Live Verdure Ltd)
Notes to the consolidated financial statements
30 June 2025

Note 1. General information

The financial statements cover Decidr AI Industries Ltd (the 'Company') and the entities it controlled (collectively referred to as the 'consolidated entity') at the end of, or during, the year. The financial statements are presented in Australian dollars, which is Decidr AI Industries Ltd's functional and presentation currency.

Decidr AI Industries Ltd is a listed public company limited by shares, incorporated and domiciled in Australia. Its registered office and principal place of business is:

Level 20
347 Kent Street
Sydney NSW 2000

A description of the nature of the consolidated entity's operations and its principal activities are included in the directors' report, which is not part of the financial statements.

The financial statements were authorised for issue, in accordance with a resolution of directors, on 29 September 2025. The directors have the power to amend and reissue the financial statements.

Note 2. Material accounting policy information

The accounting policies that are material to the consolidated entity are set out below. The accounting policies adopted are consistent with those of the previous financial year, unless otherwise stated.

New or amended Accounting Standards and Interpretations adopted

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the consolidated entity.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Basis of preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') and the Corporations Act 2001, as appropriate for for-profit oriented entities. These financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board ('IASB').

Historical cost convention

The financial statements have been prepared under the historical cost convention.

Critical accounting estimates

The preparation of the financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the consolidated entity's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in note 3.

Going concern

During the financial year ended 30 June 2025, the Company reported a net profit of \$68,517,000 (30 June 2024: loss of \$12,908,000) and a negative cash outflow from operating activities of \$8,291,000 (30 June 2024: \$2,523,000). The profit after tax of \$68,517,000 is inclusive of: non-cash net gain on remeasurement from reclassification of investment at amortised cost to fair value of \$88,383,000 (30 June 2024: \$nil); (30 June 2024: \$nil); and non-cash share-based payments expense of \$11,554,000 (30 June 2024: \$9,180,000). The net loss after removing these non-cash items is \$8,312,000 (30 June 2024: \$3,728,000).

The financial statements have been prepared on a going concern basis, which contemplates the continuity of normal business activity and the realisation of assets and the settlement of liabilities in the normal course of business.

Decidr AI Industries Ltd
(Formerly known as Live Verdure Ltd)
Notes to the consolidated financial statements
30 June 2025

Note 2. Material accounting policy information (continued)

During the year, the Company raised \$11,000,000 before transaction costs from a share placement and \$9,526,000 from the exercise of options. The directors expect the exercising of options to continue in the first half of the 2026 financial year, due to a large tranche of in the money \$0.25 options which are due to expire on 31 August 2025. All \$0.25 options were exercised, which resulted in \$7,250,000 being raised.

The directors have the ability to undertake further capital raisings in the ensuing 12 months, together with continued growth in revenue and containment of discretionary expenditure as appropriate. As a result, the directors believe that the Company will continue as a going concern. Accordingly, the financial statements have been prepared on a going concern basis. No adjustments have been made relating to the recoverability and classification of assets and classification of liabilities that might be necessary should the Company not continue as a going concern.

Parent entity information

In accordance with the Corporations Act 2001, these financial statements present the results of the consolidated entity only. Supplementary information about the parent entity is disclosed in note 31.

Principles of consolidation

The consolidated financial statements incorporate the assets and liabilities of all subsidiaries of Decidr AI Industries Ltd ('Company' or 'parent entity') as at 30 June 2025 and the results of all subsidiaries for the year then ended. Decidr AI Industries Ltd and its subsidiaries together are referred to in these financial statements as the 'consolidated entity'.

Subsidiaries are all those entities over which the consolidated entity has control. The consolidated entity controls an entity when the consolidated entity is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the consolidated entity. They are de-consolidated from the date that control ceases.

Intercompany transactions, balances and unrealised gains on transactions between entities in the consolidated entity are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of the impairment of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the consolidated entity.

The acquisition of subsidiaries is accounted for using the acquisition method of accounting. A change in ownership interest, without the loss of control, is accounted for as an equity transaction, where the difference between the consideration transferred and the book value of the share of the non-controlling interest acquired is recognised directly in equity attributable to the parent.

Non-controlling interest in the results and equity of subsidiaries are shown separately in the statement of profit or loss and other comprehensive income, statement of financial position and statement of changes in equity of the consolidated entity. Losses incurred by the consolidated entity are attributed to the non-controlling interest in full, even if that results in a deficit balance.

Where the consolidated entity loses control over a subsidiary, it derecognises the assets including goodwill, liabilities and non-controlling interest in the subsidiary together with any cumulative translation differences recognised in equity. The consolidated entity recognises the fair value of the consideration received and the fair value of any investment retained together with any gain or loss in profit or loss.

Operating segments

Operating segments are presented using the 'management approach', where the information presented is on the same basis as the internal reports provided to the Chief Operating Decision Makers ('CODM'). The CODM is responsible for the allocation of resources to operating segments and assessing their performance.

Revenue recognition

The consolidated entity recognises revenue as follows:

Sale of goods

Revenue from the sale of goods is recognised at the point in time when the customer obtains control of the goods, which is generally at the time of delivery.

Note 2. Material accounting policy information (continued)

Research and development tax incentive grants

Research and Development tax incentive grants are recognised when they are probable of recovery and the amounts can be reliably measured, which presently is in the year when the claim is received.

Interest

Interest revenue is recognised as interest accrues using the effective interest method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

Other revenue

Other revenue is recognised when it is received or when the right to receive payment is established.

Income tax

The income tax expense or benefit for the period is the tax payable on that period's taxable income based on the applicable income tax rate for each jurisdiction, adjusted by the changes in deferred tax assets and liabilities attributable to temporary differences, unused tax losses and the adjustment recognised for prior periods, where applicable.

An income tax benefit will arise for the financial year where an income tax loss is incurred and, where permitted to do so, is carried-back against a qualifying prior period's tax payable to generate a refundable tax offset.

Deferred tax assets and liabilities are recognised for temporary differences at the tax rates expected to be applied when the assets are recovered or liabilities are settled, based on those tax rates that are enacted or substantively enacted, except for:

- when the deferred income tax asset or liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and that, at the time of the transaction, affects neither the accounting nor taxable profits; or
- when the taxable temporary difference is associated with interests in subsidiaries, associates or joint ventures, and the timing of the reversal can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax assets are recognised for deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

The carrying amount of recognised and unrecognised deferred tax assets are reviewed at each reporting date. Deferred tax assets recognised are reduced to the extent that it is no longer probable that future taxable profits will be available for the carrying amount to be recovered. Previously unrecognised deferred tax assets are recognised to the extent that it is probable that there are future taxable profits available to recover the asset.

Deferred tax assets and liabilities are offset only where there is a legally enforceable right to offset current tax assets against current tax liabilities and deferred tax assets against deferred tax liabilities; and they relate to the same taxable authority on either the same taxable entity or different taxable entities which intend to settle simultaneously.

Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Trade and other receivables

Trade receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any allowance for expected credit losses. Trade receivables are generally due for settlement within 30 days.

The consolidated entity has applied the simplified approach to measuring expected credit losses, which uses a lifetime expected loss allowance. To measure the expected credit losses, trade receivables have been grouped based on days overdue.

Other receivables are recognised at amortised cost, less any allowance for expected credit losses.

Note 2. Material accounting policy information (continued)

Inventories

Raw materials, work in progress and finished goods are stated at the lower of cost and net realisable value. Cost comprises of direct materials and delivery costs, direct labour, import duties and other taxes, an appropriate proportion of variable and fixed overhead expenditure based on normal operating capacity, and, where applicable, transfers from cash flow hedging reserves in equity. Costs of purchased inventory are determined after deducting rebates and discounts received or receivable.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Non-current assets or disposal groups classified as held for sale

Non-current assets and assets of disposal groups are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continued use. They are measured at the lower of their carrying amount and fair value less costs of disposal. For non-current assets or assets of disposal groups to be classified as held for sale, they must be available for immediate sale in their present condition and their sale must be highly probable.

An impairment loss is recognised for any initial or subsequent write down of the non-current assets and assets of disposal groups to fair value less costs of disposal. A gain is recognised for any subsequent increases in fair value less costs of disposal of a non-current assets and assets of disposal groups, but not in excess of any cumulative impairment loss previously recognised.

Non-current assets are not depreciated or amortised while they are classified as held for sale. Interest and other expenses attributable to the liabilities of assets held for sale continue to be recognised.

Non-current assets classified as held for sale and the assets of disposal groups classified as held for sale are presented separately on the face of the statement of financial position, in current assets. The liabilities of disposal groups classified as held for sale are presented separately on the face of the statement of financial position, in current liabilities.

Associates

Associates are entities over which the consolidated entity has significant influence but not control or joint control. Investments in associates are accounted for using the equity method. Under the equity method, the share of the profits or losses of the associate is recognised in profit or loss and the share of the movements in equity is recognised in other comprehensive income. Investments in associates are carried in the statement of financial position at cost plus post-acquisition changes in the consolidated entity's share of net assets of the associate. Goodwill relating to the associate is included in the carrying amount of the investment and is neither amortised nor individually tested for impairment. Dividends received or receivable from associates reduce the carrying amount of the investment.

When the consolidated entity's share of losses in an associate equals or exceeds its interest in the associate, including any unsecured long-term receivables, the consolidated entity does not recognise further losses, unless it has incurred obligations or made payments on behalf of the associate.

The consolidated entity discontinues the use of the equity method upon the loss of significant influence over the associate and recognises any retained investment at its fair value. Any difference between the associate's carrying amount, fair value of the retained investment and proceeds from disposal is recognised in profit or loss.

Investments and other financial assets

Investments and other financial assets are initially measured at fair value. Transaction costs are included as part of the initial measurement, except for financial assets at fair value through profit or loss. Such assets are subsequently measured at either amortised cost or fair value depending on their classification. Classification is determined based on both the business model within which such assets are held and the contractual cash flow characteristics of the financial asset unless an accounting mismatch is being avoided.

Financial assets are derecognised when the rights to receive cash flows have expired or have been transferred and the consolidated entity has transferred substantially all the risks and rewards of ownership. When there is no reasonable expectation of recovering part or all of a financial asset, its carrying value is written off.

Note 2. Material accounting policy information (continued)

Financial assets at amortised cost

A financial asset is measured at amortised cost only if both of the following conditions are met: (i) it is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and (ii) the contractual terms of the financial asset represent contractual cash flows that are solely payments of principal and interest.

Impairment of financial assets

The consolidated entity recognises a loss allowance for expected credit losses on financial assets which are either measured at amortised cost or fair value through other comprehensive income. The measurement of the loss allowance depends upon the consolidated entity's assessment at the end of each reporting period as to whether the financial instrument's credit risk has increased significantly since initial recognition, based on reasonable and supportable information that is available, without undue cost or effort to obtain.

Where there has not been a significant increase in exposure to credit risk since initial recognition, a 12-month expected credit loss allowance is estimated. This represents a portion of the asset's lifetime expected credit losses that is attributable to a default event that is possible within the next 12 months. Where a financial asset has become credit impaired or where it is determined that credit risk has increased significantly, the loss allowance is based on the asset's lifetime expected credit losses. The amount of expected credit loss recognised is measured on the basis of the probability weighted present value of anticipated cash shortfalls over the life of the instrument discounted at the original effective interest rate.

Property, plant and equipment

Plant and equipment is stated at historical cost less accumulated depreciation and impairment. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Depreciation is calculated on a straight-line basis to write off the net cost of each item of property, plant and equipment (excluding land) over their expected useful lives as follows:

Leasehold improvements	3-10 years
Plant and equipment	3-7 years
Computer equipment	3 years

The residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each reporting date.

Leasehold improvements are depreciated over the unexpired period of the lease or the estimated useful life of the assets, whichever is shorter.

An item of property, plant and equipment is derecognised upon disposal or when there is no future economic benefit to the consolidated entity. Gains and losses between the carrying amount and the disposal proceeds are taken to profit or loss.

Right-of-use assets

A right-of-use asset is recognised at the commencement date of a lease. The right-of-use asset is measured at cost, which comprises the initial amount of the lease liability, adjusted for, as applicable, any lease payments made at or before the commencement date net of any lease incentives received, any initial direct costs incurred, and, except where included in the cost of inventories, an estimate of costs expected to be incurred for dismantling and removing the underlying asset, and restoring the site or asset.

Right-of-use assets are depreciated on a straight-line basis over the unexpired period of the lease or the estimated useful life of the asset, whichever is the shorter. Where the consolidated entity expects to obtain ownership of the leased asset at the end of the lease term, the depreciation is over its estimated useful life. Right-of use assets are subject to impairment or adjusted for any remeasurement of lease liabilities.

The consolidated entity has elected not to recognise a right-of-use asset and corresponding lease liability for short-term leases with terms of 12 months or less and leases of low-value assets. Lease payments on these assets are expensed to profit or loss as incurred.

Note 2. Material accounting policy information (continued)

Intangible assets

Intangible assets acquired separately are initially recognised at cost. Indefinite life intangible assets are not amortised and are subsequently measured at cost less any impairment. Finite life intangible assets are subsequently measured at cost less amortisation and any impairment. The gains or losses recognised in profit or loss arising from the derecognition of intangible assets are measured as the difference between net disposal proceeds and the carrying amount of the intangible asset. The method and useful lives of finite life intangible assets are reviewed annually. Changes in the expected pattern of consumption or useful life are accounted for prospectively by changing the amortisation method or period.

Goodwill

Goodwill arises on the acquisition of a business. Goodwill is not amortised. Instead, goodwill is tested annually for impairment, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses. Impairment losses on goodwill are taken to profit or loss and are not subsequently reversed.

Website

Significant costs associated with the development of the revenue generating aspects of the website, including the capacity of placing orders, are deferred and amortised on a straight-line basis over the period of their expected benefit, being their finite life of 10 years.

Brand

Significant costs associated with the new technology intangibles from Decidr are deferred and amortised on a straight-line basis over the period of their expected benefit, being their finite life of 10 years.

Impairment of non-financial assets

Goodwill and other intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other non-financial assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount.

Recoverable amount is the higher of an asset's fair value less costs of disposal and value-in-use. The value-in-use is the present value of the estimated future cash flows relating to the asset using a pre-tax discount rate specific to the asset or cash-generating unit to which the asset belongs. Assets that do not have independent cash flows are grouped together to form a cash-generating unit.

Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the consolidated entity prior to the end of the financial year and which are unpaid. Due to their short-term nature they are measured at amortised cost and are not discounted. The amounts are unsecured and are usually paid within 30 days of recognition.

Contract liabilities

Contract liabilities represent the consolidated entity's obligation to transfer goods or services to a customer and are recognised when a customer pays consideration, or when the consolidated entity recognises a receivable to reflect its unconditional right to consideration (whichever is earlier) before the consolidated entity has transferred the goods or services to the customer.

Borrowings

Loans and borrowings are initially recognised at the fair value of the consideration received, net of transaction costs. They are subsequently measured at amortised cost using the effective interest method.

Lease liabilities

A lease liability is recognised at the commencement date of a lease. The lease liability is initially recognised at the present value of the lease payments to be made over the term of the lease, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the consolidated entity's incremental borrowing rate. Lease payments comprise of fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, amounts expected to be paid under residual value guarantees, exercise price of a purchase option when the exercise of the option is reasonably certain to occur, and any anticipated termination penalties. The variable lease payments that do not depend on an index or a rate are expensed in the period in which they are incurred.

Note 2. Material accounting policy information (continued)

Lease liabilities are measured at amortised cost using the effective interest method. The carrying amounts are remeasured if there is a change in the following: future lease payments arising from a change in an index or a rate used; residual guarantee; lease term; certainty of a purchase option and termination penalties. When a lease liability is remeasured, an adjustment is made to the corresponding right-of-use asset, or to profit or loss if the carrying amount of the right-of-use asset is fully written down.

Finance costs

Finance costs attributable to qualifying assets are capitalised as part of the asset. All other finance costs are expensed in the period in which they are incurred.

Employee benefits

Short-term employee benefits

Liabilities for wages and salaries, including non-monetary benefits, annual leave and long service leave expected to be settled wholly within 12 months of the reporting date are measured at the amounts expected to be paid when the liabilities are settled.

Defined contribution superannuation expense

Contributions to defined contribution superannuation plans are expensed in the period in which they are incurred.

Share-based payments

Equity-settled and cash-settled share-based compensation benefits are provided to employees.

Equity-settled transactions are awards of shares, or options over shares, that are provided to employees in exchange for the rendering of services. Cash-settled transactions are awards of cash for the exchange of services, where the amount of cash is determined by reference to the share price.

The cost of equity-settled transactions are measured at fair value on grant date. Fair value is independently determined using either the Binomial or Black-Scholes option pricing model that takes into account the exercise price, the term of the option, the impact of dilution, the share price at grant date and expected price volatility of the underlying share, the expected dividend yield and the risk free interest rate for the term of the option, together with non-vesting conditions that do not determine whether the consolidated entity receives the services that entitle the employees to receive payment. No account is taken of any other vesting conditions.

The cost of equity-settled transactions are recognised as an expense with a corresponding increase in equity over the vesting period. The cumulative charge to profit or loss is calculated based on the grant date fair value of the award, the best estimate of the number of awards that are likely to vest and the expired portion of the vesting period. The amount recognised in profit or loss for the period is the cumulative amount calculated at each reporting date less amounts already recognised in previous periods.

The cost of cash-settled transactions is initially, and at each reporting date until vested, determined by applying either the Binomial or Black-Scholes option pricing model, taking into consideration the terms and conditions on which the award was granted. The cumulative charge to profit or loss until settlement of the liability is calculated as follows:

- during the vesting period, the liability at each reporting date is the fair value of the award at that date multiplied by the expired portion of the vesting period.
- from the end of the vesting period until settlement of the award, the liability is the full fair value of the liability at the reporting date.

All changes in the liability are recognised in profit or loss. The ultimate cost of cash-settled transactions is the cash paid to settle the liability.

Market conditions are taken into consideration in determining fair value. Therefore any awards subject to market conditions are considered to vest irrespective of whether or not that market condition has been met, provided all other conditions are satisfied.

If equity-settled awards are modified, as a minimum an expense is recognised as if the modification has not been made. An additional expense is recognised, over the remaining vesting period, for any modification that increases the total fair value of the share-based compensation benefit as at the date of modification.

Note 2. Material accounting policy information (continued)

If the non-vesting condition is within the control of the consolidated entity or employee, the failure to satisfy the condition is treated as a cancellation. If the condition is not within the control of the consolidated entity or employee and is not satisfied during the vesting period, any remaining expense for the award is recognised over the remaining vesting period, unless the award is forfeited.

If equity-settled awards are cancelled, it is treated as if it has vested on the date of cancellation, and any remaining expense is recognised immediately. If a new replacement award is substituted for the cancelled award, the cancelled and new award is treated as if they were a modification.

Fair value measurement

When an asset or liability, financial or non-financial, is measured at fair value for recognition or disclosure purposes, the fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date; and assumes that the transaction will take place either: in the principal market; or in the absence of a principal market, in the most advantageous market.

Fair value is measured using the assumptions that market participants would use when pricing the asset or liability, assuming they act in their economic best interests. For non-financial assets, the fair value measurement is based on its highest and best use. Valuation techniques used to measure fair value are those that are appropriate in the circumstances and which maximise the use of relevant observable inputs and minimise the use of unobservable inputs.

Assets and liabilities measured at fair value are classified into three levels, using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. Classifications are reviewed at each reporting date and transfers between levels are determined based on a reassessment of the lowest level of input that is significant to the fair value measurement.

For recurring and non-recurring fair value measurements, external valuers may be used when internal expertise is either not available or when the valuation is deemed to be significant. External valuers are selected based on market knowledge and reputation. Where there is a significant change in fair value of an asset or liability from one period to another, an analysis is undertaken, which includes a verification of the major inputs applied in the latest valuation and a comparison, where applicable, with external sources of data.

Issued capital

Ordinary shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

Business combinations

The acquisition method of accounting is used to account for business combinations regardless of whether equity instruments or other assets are acquired.

The consideration transferred is the sum of the acquisition-date fair values of the assets transferred, equity instruments issued or liabilities incurred by the acquirer to former owners of the acquiree and the amount of any non-controlling interest in the acquiree. For each business combination, the non-controlling interest in the acquiree is measured at either fair value or at the proportionate share of the acquiree's identifiable net assets. All acquisition costs are expensed as incurred to profit or loss.

On the acquisition of a business, the consolidated entity assesses the financial assets acquired and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic conditions, the consolidated entity's operating or accounting policies and other pertinent conditions in existence at the acquisition-date.

Where the business combination is achieved in stages, the consolidated entity remeasures its previously held equity interest in the acquiree at the acquisition-date fair value and the difference between the fair value and the previous carrying amount is recognised in profit or loss.

Contingent consideration to be transferred by the acquirer is recognised at the acquisition-date fair value. Subsequent changes in the fair value of the contingent consideration classified as an asset or liability is recognised in profit or loss. Contingent consideration classified as equity is not remeasured and its subsequent settlement is accounted for within equity.

Note 2. Material accounting policy information (continued)

The difference between the acquisition-date fair value of assets acquired, liabilities assumed and any non-controlling interest in the acquiree and the fair value of the consideration transferred and the fair value of any pre-existing investment in the acquiree is recognised as goodwill. If the consideration transferred and the pre-existing fair value is less than the fair value of the identifiable net assets acquired, being a bargain purchase to the acquirer, the difference is recognised as a gain directly in profit or loss by the acquirer on the acquisition-date, but only after a reassessment of the identification and measurement of the net assets acquired, the non-controlling interest in the acquiree, if any, the consideration transferred and the acquirer's previously held equity interest in the acquirer.

Business combinations are initially accounted for on a provisional basis. The acquirer retrospectively adjusts the provisional amounts recognised and also recognises additional assets or liabilities during the measurement period, based on new information obtained about the facts and circumstances that existed at the acquisition-date. The measurement period ends on either the earlier of (i) 12 months from the date of the acquisition or (ii) when the acquirer receives all the information possible to determine fair value.

Earnings per share

Basic earnings per share

Basic earnings per share is calculated by dividing the profit attributable to the owners of Decidr AI Industries Ltd, excluding any costs of servicing equity other than ordinary shares, by the weighted average number of ordinary shares outstanding during the financial year, adjusted for bonus elements in ordinary shares issued during the financial year.

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account the after income tax effect of interest and other financing costs associated with dilutive potential ordinary shares and the weighted average number of shares assumed to have been issued for no consideration in relation to dilutive potential ordinary shares.

Goods and Services Tax ('GST') and other similar taxes

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the tax authority. In this case it is recognised as part of the cost of the acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the tax authority is included in other receivables or other payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the tax authority, are presented as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the tax authority.

New Accounting Standards and Interpretations not yet mandatory or early adopted

Australian Accounting Standards and Interpretations that have recently been issued or amended but are not yet mandatory, have not been early adopted by the consolidated entity for the annual reporting period ended 30 June 2025. The consolidated entity's assessment of the impact of these new or amended Accounting Standards and Interpretations, most relevant to the consolidated entity, are set out below.

Note 2. Material accounting policy information (continued)

AASB 18 Presentation and Disclosure in Financial Statements

This standard is applicable to annual reporting periods beginning on or after 1 January 2027 and early adoption is permitted. The standard replaces AASB 101 'Presentation of Financial Statements', with many of the original disclosure requirements retained and there will be no impact on the recognition and measurement of items in the financial statements. The standard will affect presentation and disclosure in the financial statements, including introducing five categories in the statement of profit or loss and other comprehensive income: operating, investing, financing, income taxes and discontinued operations. The standard introduces two mandatory sub-totals in the statement: 'Operating profit' and 'Profit before financing and income taxes'. There are also new disclosure requirements for 'management-defined performance measures', such as earnings before interest, taxes, depreciation and amortisation ('EBITDA') or 'adjusted profit'. The standard provides enhanced guidance on grouping of information (aggregation and disaggregation), including whether to present this information in the primary financial statements or in the notes. The consolidated entity will adopt this standard from 1 July 2027 and it is expected that there will be a significant change to the layout of the statement of profit or loss and other comprehensive income.

Rounding of amounts

The Company is of a kind referred to in Corporations Instrument 2016/191, issued by the Australian Securities and Investments Commission, relating to 'rounding-off'. Amounts in this report have been rounded off in accordance with that Corporations Instrument to the nearest thousand dollars, or in certain cases, the nearest dollar.

Comparatives

When required by accounting standards comparative figures have been adjusted to conform to changes in the presentation for the current financial year.

Note 3. Critical accounting judgements, estimates and assumptions

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) within the next financial year are discussed below.

Share-based payment transactions

The consolidated entity measures the cost of equity-settled transactions with employees by reference to the fair value of the equity instruments at the date at which they are granted. The fair value is determined by using either the Binomial or Black-Scholes model taking into account the terms and conditions upon which the instruments were granted. The accounting estimates and assumptions relating to equity-settled share-based payments would have no impact on the carrying amounts of assets and liabilities within the next annual reporting period but may impact profit or loss and equity.

Allowance for expected credit losses

The allowance for expected credit losses assessment requires a degree of estimation and judgement. It is based on the lifetime expected credit loss, grouped based on days overdue, and makes assumptions to allocate an overall expected credit loss rate for each group. These assumptions include recent sales experience and historical collection rates.

Provision for impairment of inventories

The provision for impairment of inventories assessment requires a degree of estimation and judgement. The level of the provision is assessed by taking into account the recent sales experience, the ageing of inventories and other factors that affect inventory obsolescence.

Business combinations

As discussed in note 2, business combinations are initially accounted for on a provisional basis. The fair value of assets acquired, liabilities and contingent liabilities assumed are initially estimated by the consolidated entity taking into consideration all available information at the reporting date. Fair value adjustments on the finalisation of the business combination accounting is retrospective, where applicable, to the period the combination occurred and may have an impact on the assets and liabilities, depreciation and amortisation reported.

Decidr AI Industries Ltd
(Formerly known as Live Verdure Ltd)
Notes to the consolidated financial statements
30 June 2025

Note 4. Operating segments

Identification of reportable operating segments

The consolidated entity is organised into two operating segments comprising; Australian beauty, functional food and nutraceutical products; and AI business software platform. These operating segments are based on the internal reports that are reviewed and used by the Board of Directors (who are identified as the Chief Operating Decision Makers ('CODM')) in assessing performance and in determining the allocation of resources. There is no aggregation of operating segments.

During the previous financial year, the consolidated entity operated as one segment and the information reported to the CODM are the results of the consolidated entity as a whole. The results of the one operating segment is shown throughout these financial statements in the comparatives and are not duplicated here.

The accounting policies adopted for internal reporting to the CODM are consistent with those adopted in the financial statements.

The information reported to the CODM is on a monthly basis.

Types of products and services

The principal products and services of each of these operating segments are as follows:

- (ii) Australian beauty, functional food and nutraceutical products: the development and online sales in Australia;
- (iii) AI business software platform: the development and commercialisation of this platform in Australia.

	<u>1,987</u>	<u>598</u>

Refer to note 27 for further information on financial instruments.

Note 20. Borrowings

	2025 \$'000	2024 \$'000
<i>Current liabilities</i>		
Loan - Decidr Group Pty Ltd (note 30)	4,478	-
<i>Non-current liabilities</i>		
Loan - Decidr Group Pty Ltd (note 30)	7,190	-
	<u>11,668</u>	<u>-</u>

Refer to note 27 for further information on financial instruments.

A loan of \$13,200,000 was provided by Decidr Group Pty Ltd for the Company to purchase the 6% controlling interest in Decidr.ai Pty Ltd on 31 December 2024. The loan is non-interest bearing, for a 3-year term, and is secured against new IP created by Decidr.ai Pty Ltd from 1 January 2025.

Decidr AI Industries Ltd
(Formerly known as Live Verdure Ltd)
Notes to the consolidated financial statements
30 June 2025

Note 20. Borrowings (continued)

The recorded value of the loan is \$11,668,000 which equates to the discounted value of the remaining scheduled loan repayments over the loan term. The discount rate utilised was 5.81%. Decidr Group Pty Ltd is a related party due to it being a significant shareholder in Decidr.ai Pty Ltd, and controlled by Paul Chan, who is also a director of Decidr.ai Pty Ltd.

Note 21. Lease liabilities

	2025 \$'000	2024 \$'000
<i>Current liabilities</i>		
Lease liability	396	22
<i>Non-current liabilities</i>		
Lease liability	5,472	-
	<u>5,868</u>	<u>22</u>

Refer to note 27 for further information on financial instruments

Note 22. Employee benefits

	2025 \$'000	2024 \$'000
<i>Current liabilities</i>		
Annual leave	184	25

The current provision for employee benefits includes all unconditional entitlements where employees have completed the required period of service and also those where employees are entitled to pro-rata payments in certain circumstances. The entire amount is presented as current, since the consolidated entity does not have an unconditional right to defer settlement. However, based on past experience, the consolidated entity does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months.

Note 23. Deferred consideration

	2025 \$'000	2024 \$'000
<i>Current liabilities</i>		
Deferred consideration	-	1,309

During the financial year, the deferred consideration paid comprised contractual expenditure commitments to Decidr to conclude the Proof of Concept ('POC') project with the Edible Beauty business of \$1,134,375 in and around September 2024. Other deferred consideration amounts paid comprised the final instalments for the acquisition of the Edible Beauty business of a total of \$140,852.

	2025 \$'000	2024 \$'000
Share-based payments reserve	<u>26,756</u>	<u>15,202</u>

Share-based payments reserve

The reserve is used to recognise the value of equity benefits provided to employees and directors as part of their remuneration, and other parties as part of their compensation for services.

Movement in reserve

Movement in share-based payment reserve during the current and previous financial year are set out below:

	Share-based payments \$'000
Balance at 1 July 2023	3,443
Share-based payments	<u>11,759</u>
Balance at 30 June 2024	15,202
Share-based payments	<u>11,554</u>
Balance at 30 June 2025	<u>26,756</u>

Note 26. Dividends

Dividends

There were no dividends paid, recommended or declared during the current or previous financial year.

Note 27. Financial instruments

Financial risk management objectives

The consolidated entity's activities expose it to a variety of financial risks: market risk (including price risk and interest rate risk), credit risk and liquidity risk. The consolidated entity's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the consolidated entity. The consolidated entity uses different methods to measure different types of risk to which it is exposed. These methods include sensitivity analysis in the case of interest rate and other price risks and ageing analysis for credit risk.

Risk management is carried out by senior finance executives ('finance') under policies approved by the Board of Directors ('the Board'). These policies include identification and analysis of the risk exposure of the consolidated entity and appropriate procedures, controls and risk limits. Finance identifies, evaluates and hedges financial risks within the consolidated entity's operations. Finance reports to the Board on a monthly basis.

Decidr AI Industries Ltd
(Formerly known as Live Verdure Ltd)
Notes to the consolidated financial statements
30 June 2025

Note 27. Financial instruments (continued)

Market risk

Price risk

The consolidated entity is not exposed to any significant price risk.

Interest rate risk

The consolidated entity is not exposed to any significant interest rate risk.

Credit risk

The consolidated entity does not have any material credit risk exposure to any single receivable or group of receivables under financial instruments entered into by the consolidated entity.

There are no significant concentration of credit risks, whether through exposure to individual customers, specific industry sectors or regions.

Liquidity risk

Vigilant liquidity risk management requires the consolidated entity to maintain sufficient liquid assets (mainly cash and cash equivalents) and available borrowing facilities to be able to pay debts as and when they become due and payable.

The consolidated entity manages liquidity risk by maintaining adequate cash reserves and available borrowing facilities by continuously monitoring actual and forecast cash flows and matching the maturity profiles of financial assets and liabilities.

Remaining contractual maturities

The following tables detail the consolidated entity's remaining contractual maturity for its financial instrument liabilities. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the financial liabilities are required to be paid. The tables include both interest and principal cash flows disclosed as remaining contractual maturities and therefore these totals may differ from their carrying amount in the statement of financial position.

2025	Weighted average interest rate %	1 year or less \$'000	Between 1 and 2 years \$'000	Between 2 and 5 years \$'000	Over 5 years \$'000	Remaining contractual maturities \$'000
Non-derivatives						
<i>Non-interest bearing</i>						
Trade payables	-	1,299	-	-	-	1,299
Other payables	-	402	-	-	-	402
Loan - Decidr Group Pty Ltd	-	4,478	7,190	-	-	11,668
<i>Interest-bearing - fixed rate</i>						
Lease liability	4.42%	396	822	3,182	1,468	5,868
Total non-derivatives		6,575	8,012	3,182	1,468	19,237
2024	Weighted average interest rate %	1 year or less \$'000	Between 1 and 2 years \$'000	Between 2 and 5 years \$'000	Over 5 years \$'000	Remaining contractual maturities \$'000
Non-derivatives						
<i>Non-interest bearing</i>						
Trade payables	-	538	-	-	-	538
Other payables	-	59	-	-	-	59
<i>Interest-bearing - fixed rate</i>						
Lease liability	-	22	-	-	-	22
Total non-derivatives		619	-	-	-	619

Note 27. Financial instruments (continued)

The cash flows in the maturity analysis above are not expected to occur significantly earlier than contractually disclosed above.

Fair value of financial instruments

Unless otherwise stated, the carrying amounts of financial instruments reflect their fair value.

Note 28. Fair value measurement

Fair value hierarchy

The carrying amounts of trade and other receivables and trade and other payables are assumed to approximate their fair values due to their short-term nature.

Note 29. Key management personnel disclosures

Compensation

The aggregate compensation made to directors and other members of key management personnel of the consolidated entity is set out below:

	2025	2024
	\$	\$
Short-term employee benefits	725,515	515,309
Post-employment benefits	60,949	55,101
Share-based payments	8,877,468	820,770
	<u>9,663,932</u>	<u>1,391,180</u>

Note 30. Related party transactions

Parent entity

Decidr AI Industries Ltd is the parent entity.

Subsidiaries

Interests in subsidiaries are set out in note 32.

Associates

Interests in associates are set out in note 33.

Key management personnel

Disclosures relating to key management personnel are set out in note 29 and the remuneration report included in the directors' report.

Transactions with related parties

The following transactions occurred with related parties:

	2025	2024
	\$	\$
Payment for goods and services:		
Payment for services from key management personnel	1,602,351	-

Payments from Decidr.ai Pty Ltd to Decidr Group Pty Ltd (an entity controlled by Paul Chan):

The payments are for software development work for the full 12 months of the financial year (including the period where Decidr was an associate as well as a controlled entity). The payments were all on an arm's length basis.

Receivable from and payable to related parties

There were no trade receivables from or trade payables to related parties at the current and previous reporting date.

Note 30. Related party transactions (continued)

Loans to/from related parties

The following balances are outstanding at the reporting date in relation to loans with related parties:

	2025	2024
	\$	\$
Current borrowings:		
Loan from related party Decidr Group Pty Ltd	4,734,052	-
Non-current borrowings:		
Loan from related party Decidr Group Pty Ltd	6,591,537	-

A loan of \$13,200,000 was provided by Decidr Group Pty Ltd for the Company to purchase the 6% controlling interest in Decidr.ai Pty Ltd on 31 December 2024. The loan is non-interest bearing, for a 3-year term, and is secured against new IP created by Decidr.ai Pty Ltd from 1 January 2025.

The recorded value of the loan is \$11,668,000 which equates to the discounted value of the remaining scheduled loan repayments over the loan term. The discount rate utilised was 5.81%. Decidr Group Pty Ltd is a related party due to it being a significant shareholder in Decidr.ai Pty Ltd, and controlled by Paul Chan, who is also a director of Decidr.ai Pty Ltd.

Terms and conditions

All transactions were made on normal commercial terms and conditions and at market rate, except where stated otherwise.

Note 31. Parent entity information

Set out below is the supplementary information about the parent entity.

Statement of profit or loss and other comprehensive income

	Parent

Note 34. Remuneration of auditors

During the financial year the following fees were paid or payable for services provided by MVAB Assurance, the auditor of the Company:

	2025 \$	2024 \$
<i>Audit services - MVAB Assurance</i>		
Audit or review of the financial statements	56,250	53,750

Note 35. Business combinations

Acquisition during the financial year

On 31 December 2024, the Company obtained control of Decidr.ai Pty Ltd ('Decidr') with a 51% interest, when it acquired an additional 6% of the ordinary shares of Decidr for the total consideration transferred of \$11,626,000 (face value \$13,200,000). Decidr is a B2B AI-software platform business and operates in the AI software products division of the consolidated entity. It was acquired to position and evolve the consolidated entity's approach to AI technology deployment and licensing. Goodwill of \$101,731,000 represents synergies and know-how the consolidated entity expects to benefit from in future periods.

The acquired business contributed revenues of \$264,000 and loss after tax of \$5,291,000 to the consolidated entity for the period from 1 January 2025 to 30 June 2025. If the acquisition occurred on 1 July 2024, the full year contributions would have been revenues of \$314,000 and loss after tax of \$8,358,000.

In accordance with AASB 3 'Business Combinations', the values identified in relation to the acquisition of Decidr are provisional as at 30 June 2025. Therefore, the amounts recognised including goodwill may be retrospectively adjusted.

Details of the acquisition are as follows:

	Fair value \$'000
Cash and cash equivalents	28
Trade receivables	46
Other receivables	161
Prepayments	248
Other current assets	540
Plant and equipment	68
Trade payables	(630)
Other payables	(47)
Other provisions	(18)
Loan	(4,996)
Net liabilities acquired	(4,600)
Add: Non-controlling interest	2,254
Add: Goodwill (note 17)	101,731
Net assets acquired	99,385
Representing:	
Fair value of previously held interest less non-controlling interest	87,759
Consideration paid/payable	11,626
	99,385

Note 37. Commitments

The consolidated entity had no capital commitments as at 30 June 2025 and 30 June 2024.

Note 38. Contingent liabilities

The consolidated entity had no contingent liabilities as at 30 June 2025 and 30 June 2024.

Decidr AI Industries Ltd
(Formerly known as Live Verdure Ltd)
Notes to the consolidated financial statements
30 June 2025

Note 39. Share-based payments

A share option plan has been established by the consolidated entity and approved by shareholders at a general meeting, whereby the consolidated entity may, at the discretion of the Board grant options over ordinary shares in the Company to certain key management personnel of the consolidated entity. The options are issued for nil consideration and are granted in accordance with performance guidelines established by the Board.

During the year ended 30 June 2025, the Company issued 24,200,000 options to directors and employees:

- 100,000 options at an exercise price of \$0.75 on or before 17 January 2028 to Ash Farr (Chief Marketing Officer);
- 100,000 options at an exercise price of \$0.75 on or before 17 January 2028 to Craig Hodges (Chief Commercial Officer);
- 250,000 options at an exercise price of \$0.75 on or before 17 January 2028 to Anna Mitsios (Edible Beauty GM);
- 250,000 options at an exercise price of \$1.00 on or before 1 March 2028 to Duncan Brett (Chief Operations Officer);
- 1,000,000 options at an exercise price of \$0.75 on or before 18 December 2027 to Jenny Fielding (Director);
- 1,500,000 options at an exercise price of \$0.75 on or before 29 December 2027; to David Brady (CFO);
- 21,000,000 options at exercise prices of \$1.50, \$2.00, \$2.50, \$3.50 on or before 18 December 2029 to David Brudenell (Executive Chair).

The value of the options using a Black Scholes valuation method is \$8,877,468.

During the financial year, the Company issued 2,505,488 performance rights to employees:

The value of the performance rights is \$nil, due to being issued on the last day of the financial year.

Set out below are summaries of options granted:

2025

18/12/2024	18/12/2029	4,500,000	-
18/12/2024	18/12/2029	6,000,000	-
30/12/2024	29/12/2027	833,333	-
17/01/2025	17/01/2028	1,000,000	-
17/01/2025	17/01/2028	250,000	-
14/02/2025	14/02/2028	200,000	-
01/04/2025	01/03/2028	250,000	-
		<u>95,250,034</u>	<u>88,050,001</u>

The weighted average share price during the financial year was \$0.67 (2024: \$0.45).

The weighted average remaining contractual life of options outstanding at the end of the financial year was 2.36 years (2024: 1.55 years).

For the options granted during the current financial year, the valuation model inputs used to determine the fair value at the grant date, are as follows:

Grant date	Expiry date	Share price at grant date	Exercise price	Expected volatility	Dividend yield	Risk-free interest rate	Fair value at grant date
18/12/2024	18/12/2029	\$0.78	\$1.50	88.00%	-	4.07%	\$0.467
18/12/2024	18/12/2027	\$0.78	\$0.75	88.00%	-	4.07%	\$0.460
18/12/2024	18/12/2029	\$0.78	\$2.00	88.00%	-	4.07%	\$0.426
18/12/2024	18/12/2029	\$0.78	\$2.50	88.00%	-	4.07%	\$0.395
18/12/2024	18/12/2029	\$0.78	\$3.50	88.00%	-	4.07%	\$0.346
30/12/2024	29/12/2027	\$0.87	\$0.75	88.00%	-	4.07%	\$0.540
17/01/2025	17/01/2028	\$0.68	\$1.20	80.00%	-	4.07%	\$0.000
17/01/2025	17/01/2028	\$0.68	\$1.00	80.00%	-	4.07%	\$0.540
17/01/2025	17/01/2028	\$0.68	\$0.75	80.00%	-	4.07%	\$0.351
01/04/2025	01/03/2028	\$0.93	\$1.00	80.00%	-	4.07%	\$0.019

Note 40. Events after the reporting period

On 1 July 2025, the Company entered into a binding-agreement to divest its hemp-based health and wellness brand, 13 Seeds, to an independent private Australian purchaser who is an established operator in the hemp sector and completed the sale on the same day. The sale was executed on 1 July 2025 via a share sale agreement involving the transfer of all assets and operations related to the 13 Seeds business. Proceeds from the sale was \$65,000.

On 24 August 2025, the Company entered into a binding sale agreement to acquire the remaining 49% interest in Decidr.ai Pty Ltd ('Decidr'), increasing the Company ownership to 100%. On completion, Decidr will become a wholly owned subsidiary of the Company. The acquisition consideration is facilitated by an issue of 78,400,000 ordinary shares in the Company ('Consideration Shares') to the vendor, Decidr Group Pty Ltd ('Vendor'). The acquisition is consistent with the Company's focus on delivering shareholder value through strategic growth initiatives and the continued AI technology across its operations.

The binding-agreement contains a number of commercial terms including; the requirement to pay the existing loan, with a face value of \$13,200,000, from the Vendor (which funded the consolidated entity's prior acquisition of a 6% interest in Decidr); the Company completing due diligence to its sole and absolute satisfaction; and the Company receiving all relevant consents and regulatory approvals to give effect to the transaction. For the remainder of the sale agreement terms and conditions of the transaction refer to ASX release dated 25 August 2025.

The Company expects to convene a general meeting for the issue of the Consideration Shares in November 2025.

During the period from 1 July 2025 to 12 September 2025, the Company received \$7,757,000 of funds from the conversion of options into ordinary shares.

On 26 August 2025, the Company entered into an options underwriting agreement with Morgans Corporate Limited ('Morgans') to fully underwrite the exercise of listed options, exercisable at \$0.25 each and expiring on 31 August 2025. Under the agreement, Morgans will underwrite up to 15,634,029 listed options which remain unexercised at the expiry date representing an underwriting amount of \$3,910,000 by subscribing for shares on the underwritten options.

On 5 September 2025, the underwriters arranged for the purchase of the remaining shortfall of 68,013 \$0.25 options for \$17,000.

On 22 September 2025, the Company announced that further to its ASX Announcement dated 19 September 2025, the Company has received binding commitments for its \$20 million placement, raise approximately \$20,000,000 (before costs) through the issue of 22,222,223 new fully paid ordinary shares. The placement was supported by existing and new institutional investors. Morgans Corporate Limited acted as sole Lead Manager and bookrunner to the placement.

Proceeds of the equity raise will be used to fund working capital to accelerate existing deployments, expand the existing customer base, growth capital to acquire new partners, pre-board businesses and for further development of DecidrOS and expand into international markets.

No other matter or circumstance has arisen since 30 June 2025 that has significantly affected, or may significantly affect the consolidated entity's operations, the results of those operations, or the consolidated entity's state of affairs in future financial years.

Directors' declaration
30 June 2025

In the directors' opinion:

- the attached financial statements and notes comply with the Corporations Act 2001, the Accounting Standards, the Corporations Regulations 2001 and other mandatory professional reporting requirements;
- the attached financial statements and notes comply with International Financial Reporting Standards as issued by the International Accounting Standards Board as described in note 2 to the financial statements;
- the attached financial statements and notes give a true and fair view of the consolidated entity's financial position as at 30 June 2025 and of its performance for the financial year ended on that date;
- there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable; and
- the information disclosed in the attached consolidated entity disclosure statement is true and correct.

The directors have been given the declarations required by section 295A of the Corporations Act 2001.

Signed in accordance with a resolution of directors made pursuant to section 295(5)(a) of the Corporations Act 2001.

On behalf of the directors

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF DECIDR AI INDUSTRIES LTD

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Decidr AI Industries Ltd and its Controlled entities (the Group) which comprises the consolidated statement of financial position as at 30 June 2025, the consolidated statement of comprehensive income, consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the financial statements, including a summary of material accounting policies, the consolidated entity disclosure statement and the directors' declaration.

In our opinion, the accompanying financial report of the Group is in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the Group's financial position as at 30 June 2025 and of its financial performance for the year then ended;
- (b) complying with Australian Accounting Standards and the Corporations Regulations 2001.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in *the Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material Uncertainty Related to Going Concern

We draw your attention to Note 2 (Going concern) in the financial report, which indicates the Group incurred an operating loss of \$8,312,000 after removing non-cash items relating to net gain on remeasurement to fair value of previously held interest in associate and share-based payments expense. The group also has a negative cash outflow from operating activities of \$8,291,000.

As stated in Note 2 (going concern), this event or condition, along with other matters as set forth in this note indicates that a material uncertainty exists that may cast doubt on the Group's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Share Options and Equity Transactions (refer to notes 24 and 39)

The Company issued shares and options to directors and senior management under a share-based compensation plan. These arrangements have differing terms and conditions that give rise to different accounting outcomes.

Share based payment arrangements require judgemental assumptions including volatility rate and expected life in determining the fair value of the arrangements and the expensing of that fair value over the estimated service period.

In recognising these transactions, the Company performed a valuation to calculate the accounting expense. Details of the share-based payment arrangements offered to directors, executive management, third parties and shareholders, are disclosed in the Remuneration Report and note 29 of the financial report.

The audit of the share-based payment arrangements and the associated expense is a key audit matter due to the judgements required in determining fair value.

How our audit addressed the key audit matter

To evaluate the share transactions, we performed the following procedures, amongst others:

- In performing our procedures we assessed the terms of the share-based payment arrangements issued during the period including review of documentation issued to shareholders.
- We assessed the methodology used by the Company in valuing the share options.
- We assessed the expense recorded on the statement of comprehensive income.
- We assessed whether the disclosures in notes 24 and 39 in relation to the arrangements was adequate and whether it complied with Australian Accounting Standards.

Business combinations (refer to note 17 and 35)

The Company obtained control of Decidr.ai Pty Ltd with a 51% controlling interest. The accounting treatment involved a stepped acquisition resulting in the fair value of existing shares being valued at the new consideration price. The resulting goodwill from acquisition was independently valued by expert for impairment.

The audit of business combinations and associated consolidation entries is a key audit matter due to the judgements required in assessing for impairment of goodwill and the complexity of the consolidation accounting entries.

How our audit addressed the key audit matter

To evaluate the share transactions, we performed the following procedures, amongst others:

- We assessed the stepped acquisition accounting methodology.
- We assessed the income recorded in the statement of comprehensive income resulting from the fair value uplift of existing shares.
- We assessed the independent valuation of acquired entity and supporting goodwill to ensure the assumption used are reasonable and goodwill value is not impaired.
- We assessed whether the disclosures in the notes 17 and 35 in relation to the acquisition was adequate and whether it complied with Australian Accounting Standards.

Information Other than the Financial Report and Auditor's Report Thereon

The directors are responsible for the other information. The other information comprises the information included in the Group's annual report for the year ended 30 June 2025 but does not include the financial report and our auditor's report thereon. Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon. In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Report

The directors of the Group are responsible for the preparation of:

- a) the financial report (other than the consolidated entity disclosure statement) that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001*, and;
- b) the consolidated entity disclosure statement that is true and correct in accordance with the *Corporations Act 2001*, and

for such internal control as the directors determine is necessary to enable the preparation of:

- a) the financial report (other than the consolidated entity disclosure statement) that gives a true and fair view and is free from material misstatement, whether due to fraud or error; and
- b) the consolidated entity disclosure statement that is true and correct and is free of misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: <http://www.auasb.gov.au/Home.aspx>. This description forms part of our auditor's report.

Report on the Remuneration Report

Opinion on the Remuneration Report

We have audited the Remuneration Report included in pages 10 to 15 of the directors' report for the year ended 30 June 2025. In our opinion, the Remuneration Report of Decidr AI Industries Ltd, for the year ended 30 June 2025, complies with section 300A of the *Corporations Act 2001*.

Responsibilities

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.
