

ASX-ANNOUNCEMENT

FULLY UNDERWRITTEN \$1.5M SHARE PURCHASE PLAN

Introduction

QMiner Limited (**ASX:QML**) (**QMiner** or **Company**) is pleased to announce a Share Purchase Plan (**SPP**) to offer new fully paid ordinary shares in QMiner (**New Shares**) to existing Eligible Shareholders (defined below) to raise \$1.5 million (before costs).

Canaccord Genuity (Australia) Pty Ltd is acting as Lead Manager to the SPP, which is to be fully underwritten to \$1.5 million by Global ESG Investments Limited (**Underwriter**), subject to the Company obtaining shareholder approval at its upcoming annual general meeting (**AGM**).

The proceeds of the SPP, in conjunction with the recently announced \$7.5 million Placement, will be used to fund further exploration at the Company's high-grade Mt Mackenzie gold and silver project, including new target generation, definition, and testing activities, and for general working capital.

Management Comments

Executive Chairman, Andrew Sparke commented:

"This SPP provides all our shareholders with an opportunity to increase their investment in QMiner on the same terms as our recent \$7.5 million placement to sophisticated and professional Investors, while allowing the Company to strengthen its balance sheet and advance its key projects.

The funds raised will primarily support the next phase of exploration at the Company's high-grade Mt Mackenzie gold and silver project.

We are also pleased to have secured underwriting support for the SPP, subject to shareholder approval, which underpins further balance sheet strength as we aggressively accelerate exploration programs."

Details of the SPP

The Company will offer Eligible Shareholders (defined below) who are registered as shareholders as at 5:00pm (AEST) on Wednesday, 1 October 2025 (**Record Date**) the opportunity to apply for New Shares under the SPP.

As consideration for the proposed underwriting commitment by the Underwriter (with no cash underwriting fee payable), the Company has agreed, subject to shareholder approval at the AGM, to issue the Underwriter 20,000,000 unlisted options exercisable at \$0.0825 and expiring three years from the date of issue (**Options**). This Options-only structure preserves cash for operations and aligns the Underwriter's economics with long-term shareholder value, as the Options only have value above the exercise price.
