Dear Sir/Madam

Request for trading halt –Platinum International Fund Complex ETF (PIXX)

Platinum Investment Management Limited (Platinum) as responsible entity and product issuer of Platinum International Fund Complex ETF (PIXX) requests that PIXX be placed in a temporary trading halt due to an issue with the compilation of the start of day portfolio composition file which is resulting in the production of an inaccurate iNAV.

The trading halt request is for 2 trading days ending on the commencement of trading Monday, 6 October 2025, or earlier as outlined below.

We expect to be able to request a lifting of the trading halt once the issues are resolved and an accurate iNAV can be produced.

Platinum is not aware of any reason why the trading halt should not be granted.

Yours sincerely

Andrew Stannard
Director
