Gold and base metals explorer **Auris Minerals Limited** (“Auris” or “the Company”) (ASX: AUR) is pleased to announce that firm commitments have been received to raise a total of \$3.2 million (before costs) (**Placement**). The Placement will provide the necessary funds for Auris to maintain and advance the Company’s current tenure in the Bryah Basin, to continue to strategically target areas of tenure, with a focus on critical minerals, and importantly, provide sufficient working capital to support the business.

The immediate focus of the Company will be to strategically identify potential project opportunities, capitalising on the favourable conditions in the current commodities market and at the same time, expand the Auris geological team and capabilities.

**Commenting on the Placement, Auris Managing Director, Mike Hendriks said:**

*“As we have stated in our previous periodic reports, Auris has been searching for value-add opportunities to the Company’s existing tenure in the Bryah Basin. This strategic placement puts the Company in a fortunate position during what is an exceptionally strong commodity market. Most importantly, the firm commitments provide the Company with confidence to immediately commence the expansion of its geological team prior to the shareholder meeting planned for late November this year”.*
