# Chairman's Report

## Dear Shareholders,

On behalf of the Board of Directors, I am pleased to present the Annual Report for Prestal Holdings Limited for the financial year ended 30 June 2025 (FY2025).

FY2025 was a year of transition and consolidation for Prestal Holdings, following the transformative divestment of our Consumer Products division in late 2023. With the proceeds from that transaction returned to shareholders through special dividends and a capital return, the Company entered FY2025 with a renewed focus on its core business – Hampers with Bite (HWB) – and a leaner, more agile corporate structure.

The year was not without its challenges. Persistently high inflation and cost-of-living pressures continued to weigh on consumer discretionary spending, directly impacting hamper sales. Despite these headwinds, management took decisive steps to stabilise performance. Advertising expenditure was significantly reduced in the second half, contributing to a narrowing of operating losses. While full-year sales were approximately \$5 million below the prior year, the second half showed signs of improvement, aided by tighter cost controls and a shift to in-house marketing capabilities.

Operationally, FY2025 saw several important achievements:

- **Freight cost optimisation:** Management conducted a comprehensive review into freight costs and renegotiated supplier arrangements, reducing full-year freight costs by 25% as a percentage of revenue;
- **New warehouse transition:** In November 2024, HWB completed its transition to a new, purpose-built warehouse at 30 Taras Avenue, Altona North. This facility has enhanced operational efficiency, improved inventory management, and provided a safer working environment;
- **Head office consolidation:** The relocation of our head office from Fitzroy to the Altona North site has streamlined operations and reduced overheads. This consolidation has improved cross-functional collaboration and created a more cohesive organisational culture; and
- **Product innovation:** Despite subdued consumer sentiment, HWB successfully launched new hamper ranges tailored to niche markets, including car enthusiasts, hospital care, and real estate professionals. These offerings were well received and contributed to customer retention, with our top five clients all being return customers.

Board composition also evolved during the year. Mr Fred Harrison retired from the Board on 1 March 2025, with Mr Sam Johnstone appointed in his place. I would like to thank Fred for his valuable contributions and welcome Sam, whose experience and insight will be instrumental as we chart the next phase of the Company's journey.

Financially, the Group reported a consolidated net loss of \$4.62 million which included a non-cash impairment charge of \$5.74 million against the carrying value of brand names. This adjustment, while significant, reflects a prudent reassessment of asset values in light of current trading conditions and does not affect the Company's cash position. The Company remains well-capitalised, with a strong balance sheet and no debt, positioning it to pursue growth opportunities as market conditions improve.

Looking ahead, the Board remains committed to enhancing shareholder value through disciplined capital management, operational excellence, and strategic clarity. We are confident that the foundations laid in FY2025 will support a return to profitability and sustainable growth in the years to come.

On behalf of the Board, I extend my sincere thanks to our shareholders for their continued support, and to our management team and employees for their dedication and resilience during a year of significant change.

**Mark Hardgrave**  
Chairman

		<b>30,683</b>

## Review of operations

In the face of a challenging period, the Group managed to achieve key operational objectives to set the business up for the future, including the specific items detailed below.

### Freight costs

As a percentage of revenue, freight expenses were reduced by 25% year-on-year for the full financial year, following a comprehensive Method to Market (MTM) review.

Key changes in the revised MTM model included:

- Introduction of new freight carriers;
- Consolidation of freight and courier services across NSW and QLD; and
- Utilisation of local carriers within the Melbourne metropolitan area.

Further enhancements to the MTM strategy are planned for FY2026, aimed at mitigating potential cost increases and driving continued operational efficiencies.

## Directors' Report (continued)

### New Warehouse – Altona North

In late October 2024, HWB successfully relocated its operations to a new warehouse facility in Altona North, Victoria, ahead of the peak Christmas trading period.

The transition was completed within 12 days, by November 10, 2025, encompassing the full relocation of inventory (raw materials, packaging, finished goods), production assets, and office equipment.

- Total relocation cost: \$45K (*inclusive of freight, equipment decommissioning/commissioning, and labour*); and
- Key benefit: Eliminated the need for off-site storage, which previously incurred costs of \$115K during the prior year's seasonal stock build.

Planned upgrades for FY2026 include enhancements to hamper packing and assembly line equipment, aimed at reducing manual handling, lowering labour costs, and increasing production output.

### Fitzroy office relocation

Effective February 1, 2025, HWB's Sales and Marketing teams were relocated to the Altona North warehouse, consolidating all departments – Sales, Marketing, Finance, and Operations – under one roof.

This strategic move has delivered:

- Annual cost savings: Approximately \$150k from the closure of the Fitzroy office; and
- Operational benefits: Improved cross-functional collaboration, enhanced agility, faster speed to market, and more efficient work practices across the business.

Please refer to the following reconciliation of the statutory results to the underlying earnings/(loss) before interest, tax, depreciation and amortisation from continuing operations.

### Directors' meetings

The following table sets out the number of directors' meetings (including meetings of committees of directors) held during the financial year and the number of meetings attended by each director (while they were a director or committee member).

Directors	Board of Directors	
	Eligible to attend	Attended
Mark Hardgrave	13	13
Charlie McLeish	13	13
Sam Johnstone	4	4
Fred Harrison	9	9

### Directors' shareholdings

The following table sets out each director's relevant interest in shares, and options over shares of the group as at the date of this report.

Directors	Fully paid ordinary shares Number	Share options Number	Unvested performance rights Number
Mark Hardgrave	363,158	–	–
Charlie McLeish	84,594	–	–
Sam Johnstone	–	–	–

### Share options granted to directors and senior management

During and since the end of the financial year no share options were granted to Non-Executive Directors or senior management.

### Shares under option or issued on exercise of options

There were no unissued shares under exercisable options as at the date of this report.

### Indemnification of officers and auditors

During the financial year, the Group paid a premium in respect of a contract insuring the directors of the Group (as named above), the company secretary, Oliver Carton, and all executive officers of the Group and of any related body corporate against a liability incurred by such a director, secretary or executive officer to the extent permitted by the *Corporations Act 2001*. The contract of insurance prohibits disclosure of the nature of the liability and the amount of the premium.

The Group has not otherwise, during or since the end of the financial year, except to the extent permitted by law, indemnified or agreed to indemnify an officer or auditor of the Group or of any related body corporate against a liability incurred as such an officer or auditor.

## Directors' Report (continued)

### Non-audit services

Details of amounts paid or payable to the auditor for non-audit services provided during the year by the auditor are outlined in note 28 to the financial statements.

The directors are satisfied that the provision of non-audit services during the year, by the auditor (or by another person or firm on the auditor's behalf) is compatible with the general standard of independence for auditors imposed by the *Corporations Act 2001*.

The directors are of the opinion that the services as disclosed in note 28 to the financial statements do not compromise the external auditor's independence, based on advice received from the Audit Committee, for the following reasons:

- all non-audit services have been reviewed and approved to ensure that they do not impact the integrity and objectivity of the auditor; and
- none of the services undermine the general principles relating to auditor independence as set out in Code of Conduct APES 110 *Code of Ethics for Professional Accountants* (including Independence Standards) issued by the Accounting Professional & Ethical Standards Board, including reviewing or auditing the auditor's own work, acting in a management or decision-making capacity for the Company, acting as advocate for the Company or jointly sharing economic risks and rewards.

### Rounding of amounts

The Company is of a kind referred to in *Corporations Instrument 2016/191*, issued by the Australian Securities and Investments Commission, relating to 'rounding-off'. Amounts in this report have been rounded off in accordance with that Corporations Instrument to the nearest thousand dollars, or in certain cases, the nearest dollar.

## Remuneration Report – Audited

The remuneration report details the key management personnel remuneration arrangements for the Group, in accordance with the requirements of the *Corporations Act 2001* and its Regulations.

Key management personnel are those persons having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including all directors.

### Principles used to determine the nature and amount of remuneration

The remuneration policy of Prestal Holdings Limited has been designed to align executive objectives with shareholder and business objectives by providing a fixed remuneration component and offering variable cash and equity incentives based upon key performance areas affecting the Group's financial results. The Board of Prestal Holdings Limited believes the remuneration policy to be appropriate and effective in its ability to attract and retain the best executives to run and manage the Group, as well as create goal congruence between executives and shareholders.

### Non-executive directors remuneration

Fees and payments to non-executive directors reflect the demands and responsibilities of their role. The Board determines payments to the non-executive directors and reviews their remuneration annually, based on market practice, duties and accountability. The chairman's fees are determined independently to the fees of other non-executive directors based on comparative roles in the external market. The chairman is not present at any discussions relating to the determination of his own remuneration. Non-executive directors do not receive share options or other incentives.

ASX listing rules require the aggregate non-executive directors' remuneration be determined periodically by a general meeting. The maximum aggregate amount of fees that can be paid to non-executive directors as per last approval is \$750,000.

### Executive remuneration

The Group did not employ any executives during the current financial year.

In the previous financial year, the remuneration policy for setting the terms and conditions for the Managing Director and other senior executives (Executives) was developed and approved by the Board. These positions were transitioned or made redundant after the sale of the consumer products business and ceased effective 30 November 2023.

### Group performance and link to remuneration

No remuneration for any key management personnel is directly linked to the performance of the Group.

### Details of remuneration

Details of the remuneration of key management personnel of the Group are set out in the following tables.

The key management personnel of the Group consisted of the following directors of the Company.

Mark Hardgrave	Non-executive Independent Chairman
Charlie McLeish	Non-executive Director
Sam Johnstone	Non-executive Independent Director (appointed 1 March 2025)
Fred Harrison	Non-executive Independent Director (resigned 1 March 2025)

<b>3. Instil a culture of acting lawfully, ethically and responsibly</b>	
3.1 A listed entity should articulate and disclose its values.	The Group is dedicated to delivering quality, expertise and value in everything we make.
3.2 A listed entity should: (a) have a code of conduct for its directors, senior executives and employees; and (b) disclose that code or a summary of it.	The Group has a formal Code of Conduct, which applies to all Prestal directors, employees, and contractors. A summary of this policy is available on the Group's website within the Corporate Governance Section.  The Group's corporate governance section includes the Securities Trading Policy, which regulates dealings by directors, officers and employees in securities issued by the Company.
3.3 A listed entity should: (a) have and disclose a whistleblower policy; and (b) ensure that the board or a committee of the board is informed of any material incidents reported under that policy.	The Group has a Whistleblower Policy. The Policy, which encourages reporting of unethical, corrupt and illegal practices, and any breach of Group's Code of Conduct, particularly concerning compliance concerns around the Competition and Consumer Act; the Australian Consumer Law, is also available on the Company website within the Corporate Governance Section.  The Group's corporate Governance section on its website includes a whistleblower policy.  Any material incidents are encouraged to be reported to the company secretary who reports to the board in a timely manner.

## INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PRESTAL HOLDINGS LIMITED

### Report on the Audit of the Financial Report

#### Opinion

We have audited the financial report of Prestal Holdings Limited (the Company) and its subsidiaries (the Group), which comprises the statement of financial position as at 30 June 2025, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information, the consolidated entity disclosure statement and the directors' declaration.

In our opinion, the accompanying financial report of the Group is in accordance with the Corporations Act 2001, including:

- (i) giving a true and fair view of the Group's financial position as at 30 June 2025 and of its financial performance for the year ended; and
- (ii) complying with Australian Accounting Standards and the Corporations Regulations 2001.

#### Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the Group in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the Corporations Act 2001, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Independent Auditor's Report (continued)

### Key Audit Matters

#### KEY AUDIT MATTER 1 – Inventories

##### Refer to Note 11 Inventories

At 30 June 2025, Prestal held net inventory balances of \$2,655,967, as disclosed within Note 11 *Inventories*.

We identified the existence of inventory as a key audit matter due to the materiality of the balance to the financial statements, the variety and volume of inventory items, ranging from raw materials to finished goods and the inherent risk of misstatement due to theft, obsolescence, or counting errors

Further, Inventories are valued at the lower of cost and net realisable value ('NRV').

The NRV of inventories is the estimated selling price in the ordinary course of business less any estimated costs to sell, the determination of which requires significant judgement by the Group.

Key matters of judgement include:

- The estimated costs to bring the inventory to its location and condition for sale.
- Estimated costs to sell, including the calculation of the cost of inventories.
- The expected selling price.

The existence and valuation of inventory is a key audit matter as the balance represents a material level of the Group's total assets.

Our procedures included, amongst others:

- We attended the stocktake to verify the existence of inventory and reviewed stocktake processes for compliance with internal policies;
- We tested the accuracy of the standard costing applied to a sample of inventory items and sampled the overhead allocation;
- We performed inventory cut-off testing on a sample of transactions either side of year-end;
- We performed test of details to verify that stock is held at the lower of cost and net realisable value;
- We evaluated management's assessment of stock obsolescence provisions through attendance at stocktakes, enquiries and analytical procedures; and
- We considered the adequacy of the financial report disclosures.

Independent Auditor’s Report  
(continued)

**KEY AUDIT MATTER 2 – Impairment of brand names**

<b>Refer to Note 16 Intangible assets</b>	
<p>For the year ended 30 June 2025, the Group had recognised goodwill and indefinite life brand names of \$Nil following an impairment charge recognised of \$5.74 million as disclosed in Note 16.</p> <p>As the opening balance was material, work was performed in the current period to address the recoverable value of the intangible assets.</p> <p>As the opening balance which consisted only of brand names and attributed to the only remaining cash generating unit it was tested for impairment where the carrying value was compared to the higher of the “value in use” or the fair value less costs to sell. In determining the value in use, management is required to exercise judgement to determine the future cash flow projections.</p> <p>Given the judgments and assumptions applied, in conjunction with the overall impairment balance relative to materiality, we considered this to be a key audit matter.</p>	<p>Our procedures included, amongst others:</p> <ul style="list-style-type: none"> <li>• enquired whether management had updated their impairment calculations in respect of indefinite life intangibles (Brand Names);</li> <li>• considered whether there have been any indicators of impairment for intangibles and enquire whether management have appropriately considered discount rates, growth rates, etc.;</li> <li>• performed a review of management’s assessment to evaluate whether any potential impairment charges were considered reasonable, including sensitivity analysis; and</li> <li>• Assessed adequacy of financial statement disclosures.</li> </ul>

**Responsibilities of Directors for the Financial Report**

The directors of the Company are responsible for the preparation of:

- a. the financial report (other than the consolidated entity disclosure statement) that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001;
- b. the consolidated entity disclosure statement that is true and correct in accordance with the Corporations Act 2001, and for such internal controls as the directors determine is necessary to enable the preparation of:
  - i. the financial report (other than the consolidated entity disclosure statement) that gives a true and fair view and is free from material misstatement, whether due to fraud or error; and
  - ii. the consolidated entity disclosure statement that is true and correct and is free of misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Group’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

## Independent Auditor's Report (continued)

### Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: [https://www.auasb.gov.au/admin/file/content102/c3/ar1\\_2020.pdf](https://www.auasb.gov.au/admin/file/content102/c3/ar1_2020.pdf). This description forms part of our auditor's report.

### Report on the Remuneration Report

#### Opinion on the Remuneration Report

We have audited the Remuneration Report included on pages 9 – 11 of the directors' report for the year ended 30 June 2025.

In our opinion, the Remuneration Report of Prestal Holdings Limited, for the year ended 30 June 2025, complies with section 300A of the Corporations Act 2001.

#### Responsibilities

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the Corporations Act 2001. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

## Directors' Declaration

In the Directors' opinion:

- the attached financial statements and notes comply with the *Corporations Act 2001*, the Accounting Standards, the *Corporations Regulations 2001* and other mandatory professional reporting requirements;
- the attached financial statements and notes comply with International Financial Reporting Standards as issued by the International Accounting Standards Board as described in note 2 to the financial statements;
- the attached financial statements and notes give a true and fair view of the Group's financial position as at 30 June 2025 and of its performance for the financial year ended on that date;
- there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable;
- at the date of this declaration, there are reasonable grounds to believe that the members of the Group will be able to meet any obligations or liabilities to which they are, or may become, subject by virtue of the deed of cross guarantee; and
- the information disclosed in the attached consolidated entity disclosure statement is true and correct.

The nature of the deed of cross guarantee is such that each company which is a party to the deed guarantees to each creditor payment in full of any debt in accordance with the deed of cross guarantee.

The Directors have been given the declarations required by s.295A of the *Corporations Act 2001*.

Signed in accordance with a resolution of the directors made pursuant to s.295(5) of the *Corporations Act 2001*.

# Notes to the Financial Statements

## 1. General information

These financial statements cover Prestal Holdings Limited as a consolidated entity consisting of the Prestal Holdings Limited and the entities it controlled at the end of, or during the year. The financial statements are presented in Australian dollars, which is Prestal Holdings Limited's functional and presentation currency.

Prestal Holdings Limited, incorporated and domiciled in Australia, is a publicly listed company on the Australian Stock Exchange, limited by shares.

A description of the nature of the Group's operations and its principal activities are included in the directors' report, which is not part of the financial statements.

The financial statements were authorised for issue, in accordance with a resolution of directors, on 29 August 2025. The directors have the power to amend and reissue the financial statements.

## 2. Material accounting policies

The accounting policies that are material to the consolidated entity are set out below. The accounting policies adopted are consistent with those of the previous financial year, unless otherwise stated.

### New or amended Accounting Standards and Interpretations adopted

The Group has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

### Basis of preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') and the *Corporations Act 2001*, as appropriate for for-profit oriented entities. These financial statements also comply with International Financial Reporting Standards as issued by the International Accounting Standards Board ('IASB').

Accounting Standards include International Financial Reporting Standards as adopted in Australia ('A-IFRS'). Compliance with A-IFRS ensures that the financial statements and notes of the group comply with *International Financial Reporting Standards* ('IFRS').

### Historical cost convention

The financial statements have been prepared on the basis of historical cost, except for, where applicable, the revaluation of certain financial instruments. Cost is based on the fair values of the consideration given in exchange for assets.

### Critical accounting estimates

The preparation of the financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Group's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in note 3.

## Notes to the Financial Statements (continued)

### Parent entity information

In accordance with the *Corporations Act 2001*, these financial statements present the results of the consolidated entity only. Supplementary information about the parent entity is disclosed in note 29.

### Accounting policies

The following material accounting policies have been adopted in the preparation and presentation of the financial statements:

#### (a) Basis of consolidation

The consolidated financial statements are prepared by combining the financial statements of all the entities that comprise the consolidated entity, being the Company (the parent entity) and its subsidiaries (referred to as the 'Group' in these financial statements) as defined in Accounting Standard AASB 10 '*Consolidated Financial Statements*'. A list of subsidiaries appears in note 13 to the financial statements. Consistent accounting policies are employed in the preparation and presentation of the consolidated financial statements.

In preparing the consolidated financial statements, all intercompany balances and transactions, and unrealised profits arising within the Group are eliminated in full.

#### (b) Foreign currency

The presentation and functional currency of the Group is Australian dollars.

Foreign currency transactions are translated into Australian dollars using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at financial year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

#### (c) Goods and services tax

Revenues, expenses and assets are recognised net of the amount of goods and services tax (GST), except:

- (i) where the amount of GST incurred is not recoverable from the taxation authority, it is recognised as part of the cost of acquisition of an asset or as part of an item of expense; or
- (ii) for receivables and payables which are recognised inclusive of GST.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables. Cash flows are included in the cash flow statement on a gross basis. The GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified within operating cash flows.

#### (d) Revenue

Revenue from the sale of goods is recognised at the point in time when the customer obtains control of the goods, which is generally at the time of delivery.

Interest revenue is recognised as interest accrues using the effective interest method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

Other revenue is recognised when it is received or when the right to receive payment is established.

## Notes to the Financial Statements (continued)

### (e) Income tax

#### *Current tax*

Current tax is calculated by reference to the amount of income taxes payable or recoverable in respect of the taxable profit or tax loss for the period. It is calculated using tax rates and tax laws that have been enacted or substantively enacted by reporting date. Current tax for current and prior periods is recognised as a liability (or asset) to the extent that it is unpaid (or refundable).

#### *Deferred tax*

Deferred tax is accounted for using the comprehensive balance sheet liability method in respect of temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax base of those items.

In principle, deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that sufficient taxable amounts will be available against which deductible temporary differences or unused tax losses and tax offsets can be utilised.

However, deferred tax assets and liabilities are not recognised if the temporary differences giving rise to them arise from the initial recognition of assets and liabilities (other than as a result of a business combination) which affects neither taxable income nor accounting profit. Furthermore, a deferred tax liability is not recognised in relation to taxable temporary differences arising from goodwill.

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries, except where the Group is able to control the reversal of the temporary differences and it is probable that the temporary differences will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with these investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period(s) when the asset and liability giving rise to them are realised or settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by reporting date. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the Company/Group intends to settle its current tax assets and liabilities on a net basis.

#### *Current and deferred tax for the period*

Current and deferred tax is recognised as an expense or income in profit or loss, except when it relates to items credited or debited directly to equity, in which case the deferred tax is also recognised directly in equity, or where it arises from the initial accounting for a business combination, in which case it is taken into account in the determination of goodwill or excess.

#### *Tax consolidation*

The Company and all its wholly-owned Australian resident entities are part of a tax consolidated group under Australian taxation law. Prestal Holdings Limited is the head entity in the tax-consolidated group. Tax expense/income, deferred tax liabilities and deferred tax assets arising from temporary differences of the members of the tax consolidated group are recognised in the separate financial statements of the members of the tax-consolidated group using the 'separate taxpayer within group' approach.

Current tax liabilities and assets and deferred tax assets arising from unused tax losses and tax credits of the members of the tax-consolidated group are recognised by the Company (as head entity in the tax-consolidated group). Due to the existence of a tax funding arrangement between the entities in the tax consolidated group, amounts are recognised as payable to or receivable by the Company and each member of the group in relation to the tax contribution amounts paid or payable between the parent entity and the other members of the tax-consolidated group in accordance with the arrangement.

## Notes to the Financial Statements (continued)

Where the tax contribution amount recognised by each member of the tax-consolidated group for a particular period is different to the aggregate of the current tax liability or asset and any deferred tax asset arising from unused tax losses and tax credits in respect of that period, the difference is recognised as a contribution from (or distribution to) equity participants.

### (f) Discontinued operations

A discontinued operation is a component of the consolidated entity that has been disposed of or is classified as held for sale and that represents a separate major line of business or geographical area of operations, is part of a single co-ordinated plan to dispose of such a line of business or area of operations, or is a subsidiary acquired exclusively with a view to resale. The results of discontinued operations are presented separately on the face of the statement of profit or loss and other comprehensive income.

### (g) Cash and cash equivalents

For the statement of cash flows presentation purposes, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, and other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in values.

### (h) Financial assets

#### *Trade receivables*

Trade receivables are recognised at the transaction price determined in AASB 15 *Revenue from Contracts with Customers*, less any expected credit losses.

#### *Allowance for Expected Credit Loss*

The Group applies the simplified approach to the measurement of expected credit losses, using the lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, trade receivables are grouped based on credit risk characteristics and the days past due. A provision matrix is then determined based on historical credit loss rate for each group, adjusted for any material expected changes to the future credit risk for that group.

### (i) Inventories

Finished goods are carried at the lower of cost and net realisable value.

Cost includes direct materials, direct labour, other direct variable costs and allocated production overheads necessary to bring inventories to their present location and condition, based on normal operating capacity of the production facilities.

#### *Manufacturing activities*

The cost of manufacturing inventories and work-in-progress are assigned on a standard cost approach. Costs arising from exceptional wastage are expensed as incurred.

#### *Net realisable value*

Net realisable value represents the estimated selling price for inventories less estimated costs of completion and costs necessary to make the sale. Net realisable value is determined on the basis of each inventory line's normal selling pattern.

### (j) Plant and equipment

The carrying amount of plant and equipment is valued on the cost basis.

Depreciation is calculated on a straight line basis so as to write off the net cost of each asset over its expected useful life to its estimated residual value. The estimated useful lives, residual values and depreciation method are reviewed at the end of each annual reporting period. Plant and equipment estimated useful life used in the calculation of depreciation is three to 20 years.

## Notes to the Financial Statements (continued)

### (k) Finance costs

Finance costs include interest, amortisation of discounts or premiums relating to borrowings, amortisation of ancillary costs incurred in connection with arrangement of borrowings, including trade creditors and lease finance charges.

### (l) Employee benefits

#### *Short-term and long-term employee benefits*

Provision is made for benefits accruing to employees in respect of wages and salaries, annual leave and long service leave when it is probable that settlement will be required and they are capable of being measured reliably. Provisions made in respect of employee benefits are measured as the present value of estimated future cash outflows to be made by the Group in respect of services provided by employees up to reporting date.

### (m) Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

#### *Dividends*

A provision for dividends payable is recognised in the reporting period in which the dividends are declared, for the entire undistributed amount, regardless of the extent to which they will be paid in cash.

### (n) Financial instruments issued by the Company

#### *Debt and equity instruments*

Debt and equity instruments are classified as either liabilities or as equity in accordance with the substance of the contractual arrangement.

#### *Transaction costs on the issue of equity instruments*

Transaction costs arising on the issue of equity instruments are recognised directly in equity as a reduction of the proceeds of the equity instruments to which the costs relate. Transaction costs are the costs that are incurred directly in connection with the issue of those equity instruments and which would not have been incurred had those instruments not been issued.

#### *Interest and dividends*

Interest and dividends are classified as expenses or as distributions of profit consistent with the statement of financial position classification of the related debt or equity instruments or component parts of compound instruments.

### (o) Financial year

As allowed under Section 323D of the *Corporations Act 2001*, the Directors had previously determined the financial year to be a fixed period of 52 calendar or 53 calendar weeks. For the period to 30 June 2024, the Directors determined the group would revert to a 365-day year. For the period ended 30 June 2024, the Group reported on the 51-week and 6-day period that began 3 July 2023 and ended 30 June 2024. For the period ended 30 June 2025, the Group reported on the period 1 July 2024 to 30 June 2025.

## Notes to the Financial Statements (continued)

### Rounding of amounts

The Company is of a kind referred to in *Corporations Instrument 2016/191*, issued by the Australian Securities and Investments Commission, relating to 'rounding-off'. Amounts in this report have been rounded off in accordance with that Corporations Instrument to the nearest thousand dollars, or in certain cases, the nearest dollar.

### New Accounting Standards and Interpretations not yet mandatory or early adopted

Australian Accounting Standards and Interpretations that have recently been issued or amended but are not yet mandatory, have not been early adopted by the Group for the annual reporting period ended 30 June 2025. The consolidated entity's assessment of the impact of these new or amended Accounting Standards and Interpretations, most relevant to the consolidated entity, are set out below.

#### AASB 18 *Presentation and Disclosure in Financial Statements*

This standard is applicable to annual reporting periods beginning on or after 1 January 2027 and early adoption is permitted. The standard replaces IAS 1 '*Presentation of Financial Statements*', with many of the original disclosure requirements retained and there will be no impact on the recognition and measurement of items in the financial statements. But the standard will affect presentation and disclosure in the financial statements, including introducing five categories in the statement of profit or loss and other comprehensive income: operating, investing, financing, income taxes and discontinued operations. The standard introduces two mandatory sub-totals in the statement: 'Operating profit' and 'Profit before financing and income taxes'. There are also new disclosure requirements for 'management-defined performance measures', such as earnings before interest, taxes, depreciation and amortisation ('EBITDA') or 'adjusted profit'. The standard provides enhanced guidance on grouping of information (aggregation and disaggregation), including whether to present this information in the primary financial statements or in the notes. The Group will adopt this standard from 1 July 2027 and it is expected that there will be a significant change to the layout of the statement of profit or loss and other comprehensive income.

### Critical accounting judgments and key sources of estimation uncertainty

In the application of the Group's accounting policies, management is required to make judgments, estimates and assumptions about carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at balance sheet date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year:

#### Net realisable value of inventories

The net realisable value of inventories assessment requires a degree of estimation and judgement. The level of the provision is assessed by taking into account the recent sales experience, the ageing of inventories and other factors that affect inventory obsolescence.

#### Recovery of deferred tax assets

Deferred tax assets are recognised for deductible temporary differences only if the Group considers it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

## Notes to the Financial Statements (continued)

### Lease term

The lease term is a significant component in the measurement of both the right-of-use asset and lease liability. Judgement is exercised in determining whether there is reasonable certainty that an option to extend the lease or purchase the underlying asset will be exercised, or an option to terminate the lease will not be exercised, when ascertaining the periods to be included in the lease term. In determining the lease term, all facts and circumstances that create an economical incentive to exercise an extension option, or not to exercise a termination option, are considered at the lease commencement date. Factors considered may include the importance of the asset to the consolidated entity's operations; comparison of terms and conditions to prevailing market rates; incurrence of significant penalties; existence of significant leasehold improvements; and the costs and disruption to replace the asset. The consolidated entity reassesses whether it is reasonably certain to exercise an extension option, or not exercise a termination option, if there is a significant event or significant change in circumstances.

### Incremental borrowing rate

Where the interest rate implicit in a lease cannot be readily determined, an incremental borrowing rate is estimated to discount future lease payments to measure the present value of the lease liability at the lease commencement date. Such a rate is based on what the Group estimates it would have to pay a third party to borrow the funds necessary to obtain an asset of a similar value to the right-of-use asset, with similar terms, security and economic environment.

### Lease make good provision

A provision has been made for the present value of anticipated costs for future restoration of leased premises. The provision includes future cost estimates associated with closure of the premises. The calculation of this provision requires assumptions such as application of closure dates and cost estimates. The provision recognised is periodically reviewed and updated based on the facts and circumstances available at the time. Changes to the estimated future costs for sites are recognised in the statement of financial position by adjusting the asset and the provision. Reductions in the provision that exceed the carrying amount of the asset will be recognised in profit or loss.

### Going concern

The financial report has been prepared on a going concern basis, which contemplates continuity of normal business activities and realisation of assets and settlement of liabilities in the ordinary course of business. The Group recorded a net loss from continuing operations for the year ended 30 June 2025 of \$4.26 million (2024: \$20.87 million), and operating cash outflows of \$1.2 million.

In assessing the Group as a going concern, the directors have considered the following:

- The performance of the Group for the year ended 30 June 2025 including:
  - One-off costs incurred relocating to the new warehouse in Altona North;
  - One-off costs incurred exiting the lease of the Fitzroy office;
  - Non-cash impairment of brand names which totalled \$5.740 million; and
  - Other non-cash items including depreciation.
- At 30 June 2025 the cash reserves exceed total liabilities.
- The increase in working capital at 30 June 2025 compared to 30 June 2024.
- The expected performance of the Group for the twelve months from the date of this report.

After consideration of the above factors, the directors believe that it is reasonably foreseeable that the Group will continue as a going concern, and that it is appropriate to adopt the going concern basis in the preparation of the financial report.

## Notes to the Financial Statements (continued)

### 3. Segment information

AASB 8 *Operating Segments* requires operating segments to be identified on the basis of internal reports about components of the Group that are regularly reviewed by the chief operating decision maker in order to allocate resources to the segment and to assess its performance.

The Group is viewed as being a single reporting segment which is consistent with the Group's internal reporting provided to the chief operating decision maker, being the Board after the divestment of the Consumer Goods business (which consisted of previously reported Owned Brands and Contracted Brands segments).

### 4. Revenue

The Group generates revenue from the sale of goods on a point in time basis as follows:

	2025 \$'000	2024 \$'000
Revenue from the sale of goods	14,691	19,631
	<b>14,691</b>	<b>19,631</b>
<i>Other revenue and income</i>

### Tax consolidation

The Company and its wholly-owned Australian resident entities have formed a tax-consolidated group, and are therefore taxed as a single entity. The head entity within the tax-consolidated group is Prestal Holdings Limited. The members of the tax-consolidated group are identified at note 13.

### Unrecognised taxable temporary differences associated with investments and interests

In accordance with AASB112.81, there are no taxable temporary differences in relation to investments in subsidiaries for which deferred tax assets or liabilities have not been recognised.

### Change in tax rate

Following the divestment of the consumer products business, the Group's reduced scale now qualifies it as a base rate entity under Australian tax law. As its aggregated turnover for the income year is below \$50 million and 80% or less of its assessable income is derived from passive sources, the Group is eligible for the lower corporate tax rate of 25.0%.

## Notes to the Financial Statements (continued)

### 8. Discontinued operations

On 13 September 2023, the Group announced divestment of its consumer products business through sale of assets to DuluxGroup (Australia) Pty Ltd for a total purchase consideration of \$60,000,000 subject to customary and agreed adjustments. The Group completed the sale of consumer products business on 8 November 2023.

Details of the proceeds of the sale, net identifiable assets and liabilities disposed are as follows:

<b>Consideration</b>	<b>2024 \$'000</b>
Cash received for land and buildings	15,000
Add: cash received for business assets and liabilities	45,000
Less: agreed adjustment for growth capital expenditure	(3,000)
Less: completion adjustment in relation to working capital and leave liabilities	(3,007)
<b>Gross proceeds from the sale of assets</b>	<b>53,993</b>
Less: costs attributable to sale of assets	(1,178)
<b>Net proceeds from sale of assets</b>	<b>52,815</b>

The disposed identifiable assets and liabilities recognised as a result of the divestment are as follows:

<b>Assets and liabilities disposed</b>	<b>2025 \$'000</b>	<b>2024 \$'000</b>
Inventories	–	10,047
Plant & equipment	–	10,411
Right-of-use assets	–	1,629

Net taxes	–	2,753
<b>(Loss)/Gain on sale of assets after tax</b>	<b>(362)</b>	<b>18,662</b>

During the year ended 30 June 2025, an additional amount of \$362k was identified as payable to the vendor in relation to the discontinued operation. This resulted in a loss from discontinued operations after tax of \$362k.

There were two amounts paid to DuluxGroup (Australia) Pty Ltd in relation to the divestment of the consumer products business during the year ended 30 June 2025, including:

1. Settlement of the completion accounts which resulted in an amount payable of \$570k; and
2. The additional amount payable noted above of \$362k.

In addition to the above transactions, the Group continued to receive payments from certain customers which are now customers of DuluxGroup (Australia) Pty Ltd. As part of a transitional arrangement, the Group receives these payments and then periodically transfers the amount received to DuluxGroup (Australia) Pty Ltd. These amounts are disclosed on a net basis in the consolidated statement of cash flows.

The above amounts represent the balance of the franking account as at the end of the financial year, adjusted for franking debits that will arise from:

- The 2024 income tax refund which was received in July 2025.
- Franking debits that will arise from the payment of the unrecognised amounts above.

## Notes to the Financial Statements (continued)

### 23. Financial instruments

#### (a) Capital risk management

The Group manages its capital to ensure that entities in the Group will be able to continue as a going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance.

The capital structure of the Group consists of cash, occasional short-term deposits, and equity attributable to equity holders of the parent, comprising issued capital, reserves and retained earnings/(accumulated losses).

Operating cash flows are used to maintain and expand the Group's assets, as well as to make the routine outflows of payables, tax, dividends and pay for other financial instruments.

#### Gearing ratio

The Board of Directors reviews the capital structure on an ongoing basis. As a part of this review the Board considers the cost of capital and the risks associated with each class of capital. Based on recommendations of the Board, the Group will balance its overall capital structure through the payment of dividends, new share issues, and the issue or repayment of debt to execute its strategic plans.

#### (b) Categories of financial instruments

	2025 \$'000	2024 \$'000
<b>Financial assets</b>		
Cash and cash equivalents	7,475	21,796
Trade and other receivables (amortised cost)	195	287
<b>Financial liabilities</b>		
Trade and other payables (amortised cost)	1,556	1,698
Lease liabilities	2,573	25

The carrying amount reflected in the statement of financial position represents the Group's maximum exposure to credit risk for financial assets.

#### (c) Financial risk management objectives

The Group's continuing activities expose it to a variety of financial risks including credit risk and liquidity risk. The Group's overall risk management program focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Group.

The Group's finance function provides services to the business by monitoring and managing the financial risks relating to the operations through internal risk reports which analyse exposures by degree and magnitude of risk under policies approved by the Board of Directors.

#### (d) Credit risk management

Credit risk management refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Group. The Group has adopted a policy of only dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. The Group's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate values of transactions concluded are spread amongst approved counterparties. The Group measures credit risk on a fair value basis.

The carrying amount of financial assets recorded in the financial statements, net of any allowances for losses, represents the Group's maximum exposure to credit risk without taking accounts of the value of any collateral obtained.

## Notes to the Financial Statements (continued)

### (e) Liquidity risk management

The Group manages liquidity risk by maintaining adequate reserves by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities. For the 2025 year, all payables are expected to be settled within three months.

#### Remaining contractual maturities

The following tables detail the consolidated entity's remaining contractual maturity for its financial instrument liabilities. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the financial liabilities are required to be paid. The tables include both interest and principal cash flows disclosed as remaining contractual maturities and therefore these totals may differ from their carrying amount in the statement of financial position.
