Clara Resources Australia Limited ("**Clara**" or "**the Company**") is pleased to announce a capital raising of \$1.587 million ("**Capital Raising**") via a \$0.315 million institutional placement ("**Placement**") and a fully underwritten 1 for 2 pro-rata Non-Renounceable Rights Issue ("**Rights Issue**") of new shares ("**New Shares**") at an offer price of \$0.003 per New Share ("**Offer Price**").

The \$0.315 million Placement was completed successfully with firm commitments received from institutional and sophisticated investors for approximately 105 million New Shares from the Company's Listing Rule 7.1 placement capacity.

The Rights Issue is fully underwritten by Sophisticated Capital Pty Ltd ("**Underwriter**"), providing certainty that Clara will raise the full \$1.272 million under the Rights Issue. Refer Appendix 3B for details.

Funds secured via the Placement and Rights Issue will give Clara the working capital flexibility to commence planning around drilling programs and other project development initiatives to deliver a Preliminary Feasibility Study ("PFS") at the Company's NSW based Ashford Coking Coal project.

The Offer Price for the Capital Raising represents a 50% discount to Clara last closing price (\$0.006 per share on 20 October 2025) and a 38.8% discount to the 10-day VWAP (\$0.0049).

Eligible shareholders will be able to participate in the Rights Issue at the same Offer Price as under the Placement, on the basis of 1 New Share for every 2 Existing Shares held on the record date. The Rights Issue is expected to open on Wednesday, 29 October 2025 and close at 5:00pm (AEDT) on Friday, 7 November 2025 ("**Offer Period**").

Further details about the Rights Issue will be set out in an offer booklet ("Offer Booklet"), which Clara expects to release on the ASX and dispatch to eligible shareholders no later than 29 October 2025.

Use of Funds

Proceeds from the Capital Raising will be used to:

- Conduct resource delineation drilling to upgrade the Ashford resource to measured and indicated status;
- Conduct further project development activities to progress the Ashford project to PFS;
- Allow for additional working capital requirements and pay down existing debt.

Clara Managing Director, Peter Westerhuis, said:

"With 2024 being a year of consolidation in delivering not only a Scoping Study that demonstrated exceptional project economics at Ashford but also one in which we were able to secure 100% of the Ashford asset. The proceeds from this raise will allow us to progress Ashford to PFS and continue to advance our exploration programs across our portfolio."

The Capital Raising comprises:

- A \$0.315 million Placement of approximately 105 million shares at \$0.003 per New Share to new and existing institutional and sophisticated shareholders; and
