InvestSMART PMA Platform

The InvestSMART Professionally Managed Accounts (PMA) platform was launched in November 2018. The PMA platform enables investors to hold portfolios of exchange traded funds with full legal and beneficial ownership aligned to their investment goals. Investing into a large universe of preferred ETFs, PMA portfolios provide a unique balance between performance returns, cost efficiency and risk diversification. The platform has expanded to include white label and equity securities. The number of accounts on the platform increased by 4.7% during the quarter to 3,280 accounts.

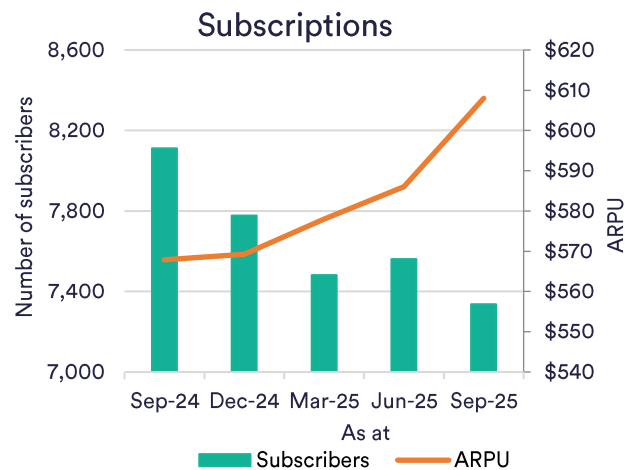

Intelligent Investor ASX listed ETFs

Intelligent Investor was founded in 1998 as a membership-based share and markets analysis publication. Utilising the skill and experience developed over 20 years the first Intelligent Investor Active ETF was launched in 2018. Intelligent Investor is the investment manager for four ASX listed Active ETFs. Total funds under management in Intelligent Investor Active ETFs grew by 6% during the quarter to \$317 million at 30 September 2025.

Subscriptions

Subscription income from fee paying subscribers to our Intelligent Investor content-driven publication increased by 0.1% compared to the prior quarter to \$1.14 million. Average Revenue Per User (ARPU) increased to \$608 compared to \$586 at the end of the prior quarter. Total subscribers decreased to 7,337 compared to 7,561 at the end of the prior quarter. Acquisition and retention are seasonally low in the September quarter, and we expect an acceleration in activity during the December 2025 quarter, driven by Black Friday and Christmas trading.
