PERTH, Australia, 30 October 2025: Peppermint Innovation Ltd (ASX:PIL) ("Peppermint" or "the Company") presents its Quarterly Activities Report and Operation Update for the period ending 30 September 2025.

Peppermint's Managing Director and CEO Chris Kain said: "The September quarter delivered genuine progress across all areas of our business as we continued to scale Peppermint's digital wallet and payments ecosystem in the Philippines.

Going live with InstaPay and QR Ph functionality, and completing PESONet testing, marked a significant step forward — giving us full interoperability across the national payments network and firmly positioning Peppermint within one of the fastest-growing digital payments markets in Asia.

The granting of our Merchant Acquisition Licence from the Bangko Sentral ng Pilipinas means we can now acquire and support merchants accepting QR Ph payments, while the renewal of our CHMF agreement delivers another year of recurring revenue and deepens our partnership within the cooperative sector.

Through our partnership with MASS-SPECC, we continue to see solid growth in the Pinoy Coop Mobile (PCM) platform, which reached more than 54,000 registered users across 160 cooperatives and processed over ₱100 million in transaction value during the quarter. This consistent growth reinforces the value of our cooperative-led approach and the trust that members are placing in our platform.

Behind the scenes, we strengthened our technical foundation through the appointment of a new Head of Engineering, ensuring that our systems are equipped with the capability, reliability and scalability needed to support the increasing demand we are now seeing.

We also advanced our strategic refocus, including the decision to evolve bizmoLoan into an AI-driven lending business. This new model will draw on our expanding transaction data to build smarter, more inclusive credit solutions for the cooperative sector over time.

Finally, the announcement of our ECPay and BTI Payments agreements after the end of the quarter extends our reach to more than 12,000 physical cash-in and bill-payment touchpoints across the Philippines. This greatly enhances accessibility for users and further strengthens our nationwide network.

Collectively, these achievements highlight the strong operational progress being made as we continue to build a secure, scalable and trusted digital financial services platform that delivers real value to our partners, cooperatives and customers.”

SEPTEMBER 2025 QUARTERLY OPERATIONAL UPDATE AND OUTLOOK

Strategic Refocus

During the quarter, Peppermint focused squarely on executing its refined digital-payments growth strategy outlined in the recent Investor Briefing Webinar, reinforcing its transition toward a scalable and interoperable financial technology platform.

Peppermint commenced a strategic refocus to accelerate the growth of its digital payments and wallet ecosystem. The Company is transitioning into a pure-play digital wallet and payments operator built for national scale, aligning resources to capture the Philippines’ rapidly expanding cashless payments market.

As part of this strategic refocus, the Company initiated a controlled scale-down of its existing bizmoLoan operations to enable its evolution into an AI-driven lending business. This next-generation model will leverage Peppermint’s growing transaction data to support automated, inclusive credit scoring and future digital lending services.

Pinoy Coop Mobile (PCM) and MASS-SPECC Partnership

PCM registered users grew 17 percent, from 46,486 in June to 54,175 by 30 September 2025, representing 160 cooperatives—around 44 percent of the MASS-SPECC cooperative membership base.

Quarterly transaction value reached ₱102.82 million, while total ATM-to-bizmoto wallet fund transfers reached ₱361.42 million, a 40 percent increase from June.

Peppermint’s cooperative-led approach continues to provide a powerful distribution channel into the country’s 13.6 million cooperative members—one of the largest untapped digital financial ecosystems in Southeast Asia.

Payments Infrastructure and Ecosystem Growth

The InstaPay and QRPh functionalities are now live, enabling wallet-to-wallet and wallet-to-bank transfers across all participating banks and digital payment channels.

The completion of PESONet testing positions Peppermint for live participation in Q4, enabling high-value interbank transactions and enhancing the platform’s interoperability with the national payments network.

The BSP-approved Merchant Acquisition Licence (MAL) now allows Peppermint to onboard and support merchants to accept QR Ph payments directly via the PCM which is built on the bizmoto digital wallet platform, unlocking new transaction-driven revenue streams and expanding digital payment acceptance across cooperatives and retail networks.

Technical Operations and Engineering

A new Head of Engineering was appointed during the quarter to lead system optimisation, data architecture, and platform reliability. This appointment strengthens Peppermint’s technical backbone, ensuring its infrastructure remains secure, stable, and scalable as transaction activity accelerates.

CHMF Licence Renewal

The Coop Health Management Federation (CHMF) renewed its 1CoopHealth System licence for a further 12 months through to September 2026, with a revised annual fee of ₱1,500,000 (exclusive of VAT). This renewal secures recurring revenue and reinforces Peppermint’s position as a trusted digital platform provider to the cooperative sector.
