## I Synergy Group Limited

### September 2025 Quarter Update

I Synergy Group Limited (ASX: IS3) (I Synergy or Company) is pleased to announce the September Quarter Statement of Activity and Cash Flows.

#### OPERATIONAL UPDATE

The Company continued to progress its strategic direction this quarter, initiating early-stage activities in AI infrastructure and digital technologies. Organisational steps were taken to support future delivery and operational execution. While these initiatives are in their initial phases, they lay important groundwork for potential long-term growth.

#### Strategic AI Infrastructure Collaboration with TGL

During the quarter, the Company announced to the ASX that it had entered into a non-binding Memorandum of Understanding (MoU) with Treasure Global Inc. (NASDAQ: TGL), a Malaysian solutions provider focused on developing digital platforms and artificial intelligence (AI) infrastructure listed on the National Association of Securities Dealers Automated Quotations (NASDAQ) (announced 24 July 2025).

On 13 August 2025, the Company entered into a formal Sale and Purchase Agreement with TGL, formalising the non-binding MoU. The agreement was valued at A\$300,000, structured over six-monthly instalments of A\$50,000. The Agreement includes provisions for product inspection, defect rectification, and licensing of both proprietary and third-party intellectual property necessary for use.

To support delivery, the Company established a wholly owned subsidiary, ISG Technology Ltd (ITL), that was incorporated on 8 October 2025. The subsidiary was formed to oversee the delivery obligations and operational activities under the new agreement. This report serves as its initial disclosure, and further updates will be provided in future as the subsidiary begins to scale its activities.

The Agreement is not expected to have a material impact on the Company's financial position in the current financial year. The Company will provide further updates as the Agreement progresses.

The Agreement provides that each party retains ownership of its intellectual property and trademarks, granting limited, non-exclusive licences to use the other party's trademarks solely for partnership activities during the agreement term. Either party may terminate the agreement with seven days' written notice. The arrangement is non-exclusive and subject to customary commercial terms.

The partnership is not expected to have a material financial impact in the current financial year. The Company will provide updates as milestones are achieved.
