

ASX Announcement

11 November 2025

Gordons Gold Project Tenement Sale Complete & Cash Balance Materially Boosted Post Quarter End

- Gordons Gold Project Tenement Sale Agreement is now complete, with both the cash and share consideration received by Yandal, including \$1.20m in cash and \$1.61m in Horizon (ASX: HRZ) shares for a total combined consideration of \$2.81m.
- A majority of the unlisted YRL options with an exercise price of \$0.11 due to **expire at 5:00 pm (WST) on Monday, 17 November 2025**, have been exercised. Total funds raised from these options since 30 September 2025 is \$1.9m.
- This additional funding comes after the completion of a \$13.5m placement (before costs) completed in October (ASX release 1 October 2025).
- The Company's cash balance at 30 September 2025 of \$2.3m, adjusted for the post-quarter-end inflows from the share placement, exercise of options and Gordons settlement, stands at ~\$18.0m, providing the Company with balance sheet strength to execute and accelerate its extensive exploration program into 2026.
- Following the sale of the Gordons Gold Project, the combined Mineral Resources across the Company's project portfolio is now 10.8Mt @ 1.3g/t Au for 450koz (see Table 1).

Commenting on the completion of the Tenement Sale Agreement (TSA), Yandal Resources' Managing Director, Mr Chris Oorschot, said: *"The completion of the TSA, combined with the recent strongly supported capital raising and additional cash raised from the unlisted*

\$0.11 options, further improves Yandal's funding position and allows the team to aggressively pursue recent discoveries within our under-explored portion of the richly endowed Yandal Greenstone Belt."

Yandal Resources Ltd (ASX: YRL, "Yandal Resources" or the "Company") is pleased to announce that it has completed the Tenement Sale Agreement ("**TSA**") with Horizon Minerals Limited ("**Horizon**") for the sale of a 100% interest in the Gordons Gold Project. The TSA was executed in August (see ASX release 5 August 2025), with the full consideration received by Yandal under the Agreement, including:

- A\$0.2m refundable cash deposit on execution of the TSA (paid at execution)
- A\$1.0m cash (cash payment) on completion, and,
- A\$1.61m in fully paid ordinary Horizon shares (37,573,385 shares) on completion at an issue price equal to a 10% discount to the 15 trading day volume weighted average price up to and including the day immediately prior to the date of execution of the TSA. The issued shares will not be subject to any escrow restrictions.

KPMG Corporate Finance advised on and managed the divestment of the Gordons Gold Project.

In addition to funds from the Tenement Sale Agreement, a majority of unlisted YRL options with an exercise price of \$0.11 due to expire at 5:00 pm (WST) on Monday, 17 November 2025, have been exercised. The exercise of these options has raised approximately A\$1.9m since 30 September 2025, further strengthening the Company's cash position. A further \$ 0.7 million will be collected if all of the remaining \$0.11 options are exercised.

The 30 September 2025 cash balance of \$2.3m, adjusted for the post-quarter-end inflows from the share placement, exercise of options and Gordons settlement, stands at approximately A\$18.0m. These funds position Yandal Resources to aggressively execute and accelerate exploration across several priority areas, including the recent Arrakis Discovery, the New England Granite target area and the Flushing Meadows deposit.

Competent Person Statement

The information in this document related to Exploration Targets and Exploration Results, geology and data compilation is based on information reviewed or compiled by Mr Christopher Oorschot, a Competent Person who is a Member of The Australasian Institute Geoscientists. Mr Oorschot is the Managing Director of the Company, is a full-time employee and holds shares and options in the Company. Mr Oorschot has sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person as defined in the 2012 Edition of the 'Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves'. Mr Oorschot consents to the inclusion in this announcement of the matters based on this information in the form and context in which it appears.

The information in this announcement that relates to the Flushing Meadows and Mt McClure Mineral Resource Estimates is based on information compiled and generated by Andrew Bewsher, an employee of BM Geological Services Pty Ltd ("BMGS"). Both Andrew Bewsher and BMGS hold shares in the Company. BMGS consents to the inclusion, form and context of the relevant information herein as derived from the original resource reports. Mr Bewsher has sufficient experience relevant to the style of mineralisation and type of deposit under consideration and to the activity which is being undertaken to qualify as a Competent Person as defined in the 2012 Edition of the JORC 'Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves'.

YRL confirms that it is not aware of any new information or data that materially affects the information included in the original market announcement. The Company confirms that the form and context in which the Competent Person's findings are presented have not been materially modified from the original market announcement.

Forward Looking Statements

This document may contain certain forward-looking statements. Forward-looking statements include, but are not limited to, statements concerning Yandal Resources Limited's (Yandal's) current expectations, estimates and projections about the industry in which Yandal operates, and beliefs and assumptions regarding Yandal's future performance. When used in this document, words such as "anticipate", "could", "plan", "estimate", "expects", "seeks", "intends", "may", "potential", "should", and similar expressions are forward-looking statements. Although Yandal believes that its expectations reflected in these forward-looking statements are reasonable, such statements are subject to known and unknown risks, uncertainties and other factors, some of which are beyond the control of Yandal and no assurance can be given that actual results will be consistent with these forward-looking statements. Drilling results presented indicate geological potential for mineralisation but there can be no certainty that these results will eventually form part of a Mineral Resource Estimate.
