ABOUT WA KAOLIN

WA Kaolin's Wickepin Kaolin Project, 220km south-east of Perth, contains a Mineral Resource (JORC 2012) of 644.5 million tonnes^{1,2} of high-grade premium kaolinised granite. This world-class resource at Wickepin is one of the largest known remaining premium primary resources of kaolin globally. It is characterised by its purity, quality and brightness, producing kaolin products that typically attract higher prices from a growing collection of top tier customers.

¹ The Mineral Resource estimate is inclusive of Ore Reserves and the 2019 Mineral Resource estimate. Please refer to the ASX announcements of 10 October 2023 'Wickepin Kaolin Project Ore Reserve More Than Doubles' and 'Wickepin Kaolin Project Mineral Resource and Ore Reserve Supplementary Announcement'. Apart from that which is disclosed in this document, WA Kaolin Limited, its directors, officers and agents: 1. Are not aware of any new information that materially affects the information contained in the 10 October 2023 announcements, and 2. State that the material assumptions and technical parameters underpinning the estimates in the 10 October 2023 announcements continue to apply and have not materially changed.
