Bidder's letter

Dear VMC Shareholder,

I am pleased to enclose a Bidder's Statement in relation to an Offer from QGold Pty Ltd ACN 149 659 950 (the **Bidder**) to acquire all of the issued ordinary shares of Venus Metals Corporation Limited ACN 123 250 582 (**VMC**).

The Bidder is offering \$0.17 cash for each of your VMC Shares. The Offer is unconditional and will remain open until 16 January 2026, unless extended or withdrawn.

The Bidder has instructed its Broker, Ord Minnett Ltd, to purchase all VMC Shares offered for sale to it on the ASX during the Offer Period at the Offer Price of \$0.17 per VMC Share.

The Offer provides you certain and immediate value and the opportunity to receive cash within two trading days from the date you instruct your Broker to sell your VMC Shares.

Key reasons for accepting the Offer include:

- 1 the Offer price of \$0.17 per VMC Share represents:
 - the last trading price of VMC Shares on ASX as at 21 November 2025 (being the last Trading Day before the Announcement Date);
 - a 21.26% premium to the 30 trading day volume weighted average price of VMC Shares on ASX as at 21 November 2025 (being the last Trading Day before the Announcement Date), being \$0.140 (rounded); and
 - a 29.11% premium to the 60 trading day volume weighted average price of VMC Shares on ASX as at 21 November 2025 (being the last Trading Day before the Announcement Date), being \$0.132 (rounded);
- 2 the Offer value will be paid to you in cash, providing you with a certain and immediate value for your VMC Shares;
- 3 as the Offer is unconditional, you can sell your VMC Shares to the Bidder immediately and receive cash two Trading Days (T+2) after your acceptance; and
- 4 the Offer is the only takeover offer presently available for your VMC Shares.

If you wish to accept this Offer you can do so by instructing your Broker to sell your shareholding in VMC on market through the ASX. I encourage you to read this Bidder's Statement for more details about the Offer.

If you have any questions in relation to the Offer please contact your legal, financial or other professional advisor. Alternatively, you may contact the Offer Information Line on +61 7 3214 5522 from Monday to Friday between 9:00am and 5:00pm (AEDT).

Yours sincerely

Christopher Wallin

Sole Director

QGold Pty Ltd

Reasons why you should accept the Offer

There are a number of important reasons why you should accept the Bidder's Offer. These include:

1. The Offer Price is at a significant premium of 21.26% to the 30 trading day volume weighted average price and 29.11% to the 60 trading day volume weighted average price²

The Bidder's Offer gives you the opportunity to sell your VMC Shares for \$0.17 cash per VMC Share.

The Offer Price of \$0.17 per VMC Share represents:

- the last trading price of VMC Shares on ASX as at 21 November 2025 (being the last Trading Day before the Announcement Date);
- a 21.26% premium to the 30 trading day volume weighted average price of VMC Shares on ASX as at 21 November 2025 (being the last Trading Day before the Announcement Date), being \$0.140 (rounded); and
- a 29.11% premium to the 60 trading day volume weighted average price of VMC Shares on ASX as at 21 November 2025 (being the last Trading Day before the Announcement Date), being \$0.132 (rounded).

2. The Offer is unconditional and you can sell your VMC Shares immediately and receive a cash payment two trading days after your acceptance

There are no conditions attached to the Offer and, although the Offer officially commences from 12 December 2025, you can sell your VMC shares at \$0.17 cash per VMC Share on market **now**.

Accordingly, you can ACCEPT the Offer knowing that you will be paid in cash two trading days after your acceptance (T+2 Basis).

Section 2 of this Bidder's Statement provides instructions on how you can ACCEPT the Offer.

3. The Bidder is offering cash for your VMC Shares which provides you with certainty compared with retaining your VMC Shares

The Bidder's Offer is to acquire your VMC Shares for 100% cash consideration.

The certainty provided by receiving cash at an attractive price under the Offer should be compared with the risks and uncertainties associated with remaining a VMC Shareholder, including the uncertainty of VMC's ability to generate future earnings, positive cash flow or dividends.

4. The Offer is the only takeover offer presently available for your VMC Shares

As at the date of this Bidder's Statement, the Bidder is not aware of any other party intending to make a takeover offer for VMC Shares. The Offer is the only takeover offer presently available for all VMC Shares as at the date of this Bidder's Statement. The Offer represents a liquidity opportunity for VMC Shareholders to sell all their VMC Shares for the Offer Price. If no other offers are made for the VMC Shares, the price of VMC Shares may fall below the Offer Price after the Offer closes.

² As at 21 November 2025 (being the last Trading Day before the Announcement Date).

1 Overview of the Offer

1.1 Summary of Offer terms

The Bidder offers under an on-market takeover bid to purchase all VMC Shares that exist or will exist at any time during the Offer Period for \$0.17 cash per VMC Share (**Offer Price**).

While the Offer is for all VMC Shares, if a VMC Shareholder wishes to sell some (and not all) of their VMC Shares, the VMC Shareholder is permitted to do so.

1.3 VMC Options and VMC Performance Rights

The Offer will not extend to the acquisition of any VMC Options or VMC Performance Rights (or any other securities that confer rights to be issued VMC Shares).

However, the Offer will extend to all VMC Shares that are issued and listed for quotation on ASX at any time during the Offer Period as a result of the vesting or exercise of any VMC Options or VMC Performance Rights (or any other securities that confer rights to be issued VMC Shares).

1.7 Acquisitions prior to official Offer Period

However, notwithstanding that the Offer Period will not officially commence until 12 December 2025, and as permitted by the Corporations Act, the Bidder's Broker (on behalf of the Bidder) will accept at the Offer Price every VMC Share offered to the Bidder's Broker on market during the period commencing on 24 November 2025 and ending at close of trading on ASX on 16 January 2026, unless the offer is withdrawn.

The Bidder may, at its discretion, extend the Offer Period in accordance with the Corporations Act.

The Offer Period will be automatically extended by law if the Bidder's voting power in VMC increases to more than 50% during the last seven days of the Offer Period. In this case, the Offer Period will end on the 14th day after the Bidder's voting power in VMC increases to more than 50%.

The Bidder may extend the Offer Period in its discretion at any time prior to the last five Trading Days of the Offer Period or in certain limited circumstances at any time prior to the end of the Offer Period (subject to compliance with the law).

As the Offer by the Bidder is pursuant to an on-market takeover bid, Offers will be made during normal trading on ASX. VMC Shareholders may only accept the Offer through Brokers who are members of ASX. Any brokerage fees charged by such Brokers will be the sole responsibility of accepting VMC Shareholders.

The Bidder will bear its own brokerage fees on transfers of VMC Shares acquired through acceptances of the Offer.

Generally, no stamp duty or goods and services tax (GST) will be payable by you on the transfer of VMC Shares pursuant to the Offer (other than GST payable to your Broker in respect of brokerage fees charged to you) — see Section 8 for more general information.

1.12 Withdrawal of Offer

The Bidder may withdraw the Offer in respect of any unaccepted Offers at any time:

- with the written consent of ASIC and subject to the conditions (if any) specified in such consent; or
- where a Prescribed Occurrence occurs, if at the time of the Prescribed Occurrence, the Bidder's voting power in VMC is at or below 50% (the Bidder's and its Associates' current voting power in VMC is approximately 26.40%); or
- upon the occurrence of an Insolvency Event in relation to VMC (regardless of the Bidder's voting power in VMC).

Notice of withdrawal of the Offer must be given by the Bidder to the ASX.

1.13 Variation of Offer

The Bidder may vary the Offer by increasing the Offer Price in accordance with the Corporations Act. If a VMC Shareholder has sold their VMC Shares prior to any such variation, that VMC Shareholder will not receive any benefit from the variation.

1.14 Jurisdiction

The Offer and any contract that results from a VMC Shareholder's acceptance of the Offer are governed by the laws of Queensland.

For personal use only

4 Information on VMC

4.1 Overview of VMC

VMC is a Perth based Australian exploration company that has gold, base metals, lithium, titanium and vanadium projects in Western Australia. VMC has been publicly listed on the ASX since 12 June 2007.

The table below sets out the details of the six active exploration projects in Western Australia of VMC:

Project	Details
Sandstone (Bellchambers) Gold Project	The Sandstone Gold Project is located about 23 km southwest of the town of Sandstone and 70 km by road northeast from the Youanmi Gold Project. Gold mineralisation is associated with all shear phases and hosted in sheared meta-basalt and meta-sediments. Overall gold recoveries are high, ranging from ~90 % to ~99 %. Collaborative research project with CSIRO aims to enhance exploration through advanced hyperspectral techniques. This technology enables the mapping of bedrock and regolith to guide exploration.
Henderson Gold Project	The Henderson tenement covers an approximately 202 square kilometre area in the Western Australian Yilgarn Craton and includes about 25 km strike length of the Mt Ida/Ularring Greenstone Belt. Gold mineralisation at Hilltop occurs in a sequence of massive meta basalts. Reconnaissance sampling and mapping of regional targets returned encouraging results for the Snake Hill area, located about 8 km north from the Hilltop Gold Mine.
Yuinmery Calcrete Deposit	VMC has identified a calcrete resource at Yuinmery located on a portion of an exploration licence over which it has the rights to explore for. Widenbar & Associates Pty Ltd was commissioned to produce a JORC 2012 compliant Mineral Resource Estimate for the Yuinmery Calcrete Deposit. Calcrete was mined in 1996 and 1997 and transported to the Youanmi Gold Mine for acid neutralisation. The deposit may be an option for Rox Resources Ltd to consider as a source of supply of Calcium Carbonate for acid neutralisation.
Youanmi Vanadium-titanium-iron Deposit	The Vanadium-Titanium-Iron deposit is located in the Midwest region of Western Australia. Low acid consumption is achieved after a 70% acid recovery by a novel process. A provisional patent application for the Youanmi oxide ore process has been lodged and accepted with IP Australia.
Youanmi Pincher North Base Metals Project	The Pincher Well volcanogenic massive sulphide Trend forms part of VMC's Youanmi base metals project. The Pincher Dome Trend covers more than 5 km of strike and hosts a number of known zinc and copper prospect. A diamond drilling program with EIS co-funded drilling grant has been completed for 410.7 m at VMC's Pincher Copper Project. Two diamond holes were also completed for metallurgical test work at the Pincher North Dome shallow zinc mineralisation. Detailed geological interpretations are in progress.
Bridgetown Greenbushes Li and Ni-Cu-PGE Exploration Project	The Bridgetown-Greenbushes Project comprises five granted tenements. IGO and VMC entered into a Farm-In and Joint Venture agreement in June 2022 in which IGO manages the Project and can progressively acquire up to a 70% interest by incurring A\$6,000,000 of exploration expenditure. IGO have conducted a reconnaissance Phase 1 soil and stream sediment sampling program. Spodumene grains were identified in two samples. Two areas, Ti Tree and Greenbushes East, have been selected for priority follow-up work, and exploration work is in progress by IGO.

5 Bidder's intentions

5.1 Overview

This Section 5 sets out the Bidder's intentions, on the basis of the facts and information concerning VMC which are known to the Bidder and the existing circumstances affecting the business of VMC, in relation to:

- the continuation of the businesses of VMC;
- any major changes to the businesses of VMC and any redeployment of the fixed assets of VMC; and
- the future employment of the present employee/s and any contracted service providers of VMC.

The statements of intention set out in this Section 5 are based on information concerning VMC and its businesses that is known to the Bidder as at the date of this Bidder's Statement.

However, the Bidder has not undertaken any formal due diligence in relation to VMC and its businesses in connection with the Offer and consequently does not believe that it is aware of all material information, facts and circumstances that may be necessary to enable it to assess all of the operational, commercial, taxation and financial implications of its current intentions.

At the conclusion of the Offer Period the Bidder will, to the extent to which it is able, conduct a review of VMC and its operations, assets, liabilities and employees in light of the information available at that time, following which the Bidder will review its intentions as set out in this Section 5. Final decisions will only be reached after that review has been concluded and the results evaluated and in the light of all material information, facts and circumstances that exist at that time.

Consequently, the statements set out in this Section 5 are statements of the Bidder's current intention only, which may change as new information becomes available or circumstances change. The statements in this Section 5 should be read in this context.

5.2 Intentions upon acquiring 90% or more of VMC Shares

This Section 5.2 sets out the Bidder's intentions if it acquires a relevant interest in 90% or more of VMC Shares and is entitled to proceed to compulsory acquisition of the outstanding VMC Shares.

Compulsory acquisition

If it becomes entitled to do so under the Corporations Act, the Bidder intends to proceed with the compulsory acquisition of the outstanding VMC Shares in accordance with Chapter 6A of the Corporations Act.

If it is required to do so under section 662A of the Corporations Act, the Bidder intends to give notices to VMC Shareholders offering to acquire their VMC Shares in accordance with section 662B of the Corporations Act.

If it becomes entitled to do so, the Bidder does not intend to compulsorily acquire any existing VMC Options or VMC Performance Rights unless it is required to do so by law in accordance with Chapter 6A of the Corporations Act.

If it is required to do so under section 663A of the Corporations Act, the Bidder intends to give notices to holders of any VMC Options or VMC Performance Rights offering to acquire their VMC Options or VMC Performance Rights (as applicable) in accordance with section 663B of the Corporations Act.

ASX Listing

At the conclusion of the compulsory acquisition process, the Bidder intends to arrange for VMC to be removed from the official list of ASX (subject to any required approvals on the part of ASX), thereby eliminating the corporate administration costs associated with maintaining VMC as a listed company.

Directors

The Bidder intends, subject to the Corporations Act and VMC's Constitution, to seek to re-constitute the Board of Directors of VMC to reflect the Bidder's majority ownership of VMC whilst at the same time including directors on the Board that are independent from the Bidder, which may include one or more of the current directors of VMC. No decision has been made as to the constitution of the Board or who the Bidder's nominees would be, as their identity would depend on the relevant circumstances at the time.

VMC's businesses, assets and employees

Following the close of the Offer, if the Bidder is entitled to acquire 100% of VMC, the Bidder intends to conduct a review of the operations, assets, structure and employees of VMC in light of that information to identify:

- business opportunities and areas of revenue generation which may provide overall strategic operational benefit;
- areas of cost saving which may provide overall strategic and operational benefit; and
- any business or businesses which do not fit into the strategic plan for VMC and then evaluate the best and most appropriate way of organising such business or businesses.

Final decisions will only be reached after that review and in light of all material facts and circumstances.

While the Bidder does not currently have any specific intentions in relation to this review or its outcomes, its current expectation is that the review will focus on identifying the most effective means of utilising VMC's assets and maximising the investment the Bidder has made in VMC. The status of VMC's existing employee and contracted service providers, if any, will be considered as part of the review outlined above.

5.3 Intentions upon acquiring more than 50.1%, but less than 90%, of VMC Shares

This Section 5.3 sets out the Bidder's intentions if it acquires a relevant interest in more than 50.1%, but less than 90%, of VMC Shares.

Directors

The Bidder intends, subject to the Corporations Act and VMC's Constitution, to seek to re-constitute the Board of Directors of VMC to reflect the Bidder's majority ownership of VMC whilst at the same time including directors on the Board that are independent from the Bidder, which may include one or more of the current directors of VMC. No decision has been made as to the constitution of the Board or who the Bidder's nominees would be, as their identity would depend on the relevant circumstances at the time.

VMC's businesses, assets and employees

The Bidder intends to attempt to procure that the VMC Board implements the intentions of the Bidder which are outlined in Section 5.2 above to the extent possible and appropriate.

Dividends

The Bidder intends to maintain VMC's current policy of not declaring dividends before the establishment of a stable profit stream which can support both VMC's anticipated exploration and capital expenditure requirements and dividend distributions.

Capital raisings & funding

VMC's existing business plan and the current intentions of the Bidder in relation to the development of VMC's businesses are likely to require significant exploration and capital expenditure requirements.

While no decision has been made in this regard, it may be necessary in the future to undertake a

substantial equity offering either alone or in conjunction with raising debt capital to fund VMC's anticipated exploration and development activities together with any committed capital expenditure requirements. The Bidder has not finalised its intentions in this regard and accordingly the form and timing of any future capital raisings or debt raisings have not been determined at this time.

See also Section 6 below.

Further acquisitions of VMC Shares

The Bidder may acquire additional VMC Shares under the "creep" provisions of the Corporations Act. In summary, those provisions would permit the Bidder and its Associates to acquire up to 3% of VMC Shares every 6 months after completion of the Offer. The Bidder has not yet decided whether it will acquire further VMC Shares under the "creep" provisions in the future, as that will be dependent upon (among other things) the extent of Voting Power of the Bidder and its Associates in VMC and market conditions at the time.

The Bidder may also acquire additional VMC Shares as permitted by the Corporations Act as part of any future capital raising by VMC.

If the Bidder becomes entitled to give notices to compulsorily acquire any outstanding VMC Shares in accordance with section 664C of the Corporations Act as a result of additional VMC Shares, the Bidder intends to give such notices.

Information protocols

The Bidder will seek access to all books and records of VMC to assist it to implement its intentions as set out above. Whether such access is given would be a decision for the independent directors of VMC at the time, after complying with their statutory and fiduciary duties. If access is given, those books and records may contain confidential information concerning VMC. The Bidder contemplates that such access would be given under an appropriate confidentiality agreement.

5.4 Intentions upon acquiring less than 50.1% of VMC Shares

If the Bidder has less than 50.1% voting power in VMC at the close of the Offer, it intends to:

- seek to obtain representation on the VMC Board which is at least consistent with its proportionate shareholding; and
- to the extent possible and appropriate, implement the intentions of the Bidder in relation to further acquisition of VMC Shares, as set out in section 5.3 above.

5.5 Limitations on intentions

If at the conclusion of the Offer VMC is a controlled entity but is not a wholly owned subsidiary of the Bidder, there will be minority VMC Shareholders. In this event, the Bidder expects that there will be directors on the Board that are independent from the Bidder, which may include one or more of the current directors of VMC.

Any directors appointed to the Board by the Bidder will act at all times in accordance with their statutory and fiduciary duties. The Bidder intends that all requisite shareholder approvals and other requirements of law, including the Corporations Act and ASX Listing Rules, are complied with in pursuing any of the intentions referred to above.

As a result of these requirements the approval of minority VMC Shareholders may be required for the implementation of some or all of the intentions outlined above. The requirement for VMC directors to have regard to their fiduciary duties in the context of a partly owned subsidiary and the possible requirement to seek approval of VMC minority shareholders may prevent a particular intention from being achieved.

Accordingly, this Section 5 must be read and understood on this basis.

5.6 Intentions generally

Except as otherwise disclosed above, the Bidder intends on the basis of the facts and information concerning VMC which are known to it:

- to continue the businesses of VMC; and
- to continue the employment of VMC's present employee/s.

which benefit was not offered to all VMC Shareholders under the Offer.

7 Funding

7.1 Maximum cash consideration

The consideration for the acquisition of VMC Shares to which the Offer relates will be satisfied wholly in cash.

As at the date of this Bidder's Statement:

- there are 196,128,683 VMC Shares on issue (of which 51,787,196 are held by the Bidder and its Associates); and
- there are 17,100,000 VMC Options on issue (of which none are held by the Bidder); and
- 8,400,000 VMC Performance Rights (of which none are held by the Bidder).

The maximum consideration payable by the Bidder for the acquisition of all VMC Shares (assuming all VMC Options are exercised and converted into VMC Shares during the Offer Period) together with the VMC Shares which may be issued if all VMC Performance Rights were converted into VMC Shares as at the date of this Bidder's Statement is \$28,873,052.79 (**Maximum Consideration Amount**).⁴

7.2 The Bidder's funding arrangements

As at the date of this Bidder's Statement, the Bidder does not itself hold any cash amounts specifically for the payment of the consideration required for the acquisition of VMC Shares under the Offer.

The Bidder intends to fund the consideration payable for the Offer by borrowings from Christopher Ian Wallin (**Lender**). On 24 November, the Bidder executed a binding loan agreement with the Lender, who has irrevocably agreed to lend such funds to the Bidder up to the Maximum Consideration Amount, plus an amount for transaction costs (**Total Aggregate Amount**) (**Funding Arrangement**). The facility under the Funding Arrangement is presently available for immediate drawdown and is sufficient to fund:

- a) on-market purchases from 24 November 2025; and
- b) payment of the Total Aggregate Amount for all VMC Shares that may be acquired under the Offer.

The Lender has, through his related entities and persons, cash reserves deposited at Australian banks in excess of the Total Aggregate Amount to fulfil its obligations under the Funding Arrangement.

The Bidder has received a chartered accountant's certificate from Harris Black Chartered Accountants in respect of the Lender (**Certificate**) confirming the Lender's ability to fulfil its commitments under the Funding Arrangement. In the Certificate, the Harris Black Chartered Accountants has confirmed that the Lender has access to an amount that is materially in excess to the Total Aggregate Amount (being, \$28,873,052.79 plus transaction costs) in immediately available funds.

The Bidder is not permitted under the terms of the Funding Arrangement to apply the Total Aggregate Amount for any other purpose.

Under the terms of the Funding Arrangement, the Lender is required to advance amounts up to the Total Aggregate Amount to the Bidder on demand by way of an unsecured loan. All amounts advanced to the Bidder under the Funding Arrangement will be non-interest bearing and repayable on a date nominated by the Lender on no less than 6 months' written notice (such date being after the close of the Offer) or such other date that is agreed in writing by the Bidder and the Lender. There are no conditions precedent to drawdown under the Funding Arrangement. The Bidder can draw down immediately, and as needed, to meet the T+2 settlement of any on-market purchases effected from 24 November 2025.

The Bidder will immediately announce any material change to the Funding Arrangement.

For further information about the Bidder's business interests, association and background, please refer to section 3.

⁴ Assuming that each VMC Option and each VMC Performance Rights each converts into one ordinary VMC Share and entitles the holder to one VMC Share upon vesting and exercise.

On the basis of the arrangements set out in this Section 7, the Bidder considers that it has a reasonable basis for believing, and it does believe, that it will be able to pay the consideration required to VMC Shareholders who accept the Offer and to meet all other obligations associated with the Offer.

8.2 Australian taxation issues

It is not possible to cover all shareholder situations in the Australian taxation summary that follows (which, except where otherwise expressly stated, applies only to Australian tax-resident taxpayers) and the taxation implications of the decision by a shareholder whether or not to accept the Offer will depend on the particular circumstances of each shareholder.

The Australian taxation summary that follows is based on the law, and interpretation thereof, in force as at the date of this Bidder's Statement.

Australian resident shareholders

VMC Shares held on revenue account

For shareholders who are tax resident in Australia and who dispose of VMC Shares held on revenue account, any gain or loss from the disposal will be assessed as ordinary income or claimed as a revenue deduction. CGT roll-over relief will have no application to the shareholders. The CGT discount will also not be available.

VMC Shares held on capital account

Shareholders may realise a capital gain or capital loss in respect of the disposal of their VMC Shares where the shares are held on capital account. The acceptance of this Offer would constitute the disposal of VMC Shares by the shareholder, which in turn would constitute a CGT event for Australian taxation purposes. CGT roll-over relief will not be available to the shareholders. For shareholders who are tax resident in Australia, a capital gain should arise on disposal of their VMC Shares to the extent that the capital proceeds from the disposal (being the consideration received under the Offer) exceed the cost base of the shares. The taxation treatment of the gain will depend on the date of acquisition of the VMC Shares, the shareholder's cost base and the nature and tax attributes of the shareholder.

For VMC Shares disposed of within 12 months of acquisition, the full amount of the capital gain realised would be assessable. If a shareholder (being an individual, trust or superannuation fund) has held their VMC Shares for at least 12 months, the shareholder may apply the CGT discount. The CGT discount is used to reduce the assessable capital gain by one half (i.e. 50%) for individuals and by one third (i.e. 33 1/3%) for superannuation funds. For trusts, the ultimate availability of the discount for the beneficiaries of the trust, in relation to distributions of capital gains by the trust, will depend on the particular circumstances of the beneficiaries. Companies are not entitled to the CGT discount. (CGT discount is applied after the realisation of any current or carried forward capital losses.)

Shareholders who are tax resident in Australia may realise a capital loss on disposal of their VMC Shares to the extent the amount of the capital proceeds received is less than the cost base of the shares. The shareholder may utilise the capital loss against any available capital gains of the current year in working out their net capital gains for the income year for inclusion in their assessable income. Any excess capital loss may be carried forward to be offset against any capital gains made by the shareholder in a future year.

Non-resident shareholders

VMC Shares held on revenue account

If a shareholder who is not resident in Australia enters into a profit making transaction in Australia with respect to their VMC Shares, the profit on disposal of the VMC Shares may be included in its assessable income as ordinary income. The Australian taxation implications will depend on the source of the gain and whether there is a double tax agreement between the non-resident shareholder's country of residence and Australia.

VMC Shares held on capital account

Shareholders who are not resident in Australia will generally not be subject to Australian CGT on acceptance of the Offer unless they, together with their Associates, directly own at least 10% or more of the VMC Shares and more than 50% of the value of VMC's assets are attributable to Australian real property.

8.3 Foreign taxation issues

The foreign taxation implications of non-resident shareholders disposing of VMC Shares will be a function of the taxation laws (foreign and Australian) as they apply to the shareholders. It is not possible to address these situations as they will be specifically dependent on the taxation laws of the applicable jurisdictions, any relevant double-tax agreements and the particular circumstances of the shareholder.

8.4 Transfer taxes

Generally, no stamp duty (share transfer duty) is payable for transfers of shares in listed companies. 'Land rich' or 'Landholder' duty may be payable following an acquisition of 90% or more of VMC shares if VMC directly or indirectly holds any interests in land in Australia with a value over a certain threshold. Should any such duty become payable as a result of the Offer, the applicable duty will be paid by the Bidder.

8.5 GST

The disposal of VMC Shares pursuant to the Offer would not be subject to GST. To the extent that you are charged GST in relation to your Broker carrying out your instructions to institute acceptance of the Offer or for any other costs incurred in accepting the Offer, you may not be able to claim any or full input tax credits for GST incurred on the costs as the disposal of shares is input taxed. This will depend on the individual circumstances of each Shareholder.

On 24 November 2025, QGold Pty Ltd ACN 149 659 950 (the **Bidder**) lodged a bidder's statement in relation to its on-market takeover offer to acquire all of the fully paid ordinary shares (**VMC Shares**) in the capital of Venus Metals Corporation Limited ACN 123 250 582 (**VMC**) which the Bidder (or its associates) does not already own or control. In accordance with section 5.12.1 of the *ASIC Market Integrity Rules (Securities Market) 2017*, on 24 November 2025, Ord Minnett Ltd (the **Bidder's Broker**) announced (**Announcement Date**) that it will, on behalf of the Bidder, pursuant to section 635 of the *Corporations Act 2001* (Cth) (**Corporations Act**), offer to acquire on-market at a price of \$0.17 per VMC Share (**Offer Price**).
