

Company announcement

PME signs \$25M – 7-year Visage 7 Open Archive deal with BayCare

1 December 2025

HIGHLIGHTS

- **PME signs AUD \$25M, 7-year Visage 7 Open Archive contract with BayCare**
- **Extends existing BayCare contract to “Full Stack”**
- **Visage 7 Open Archive to be implemented in the cloud**
- **Continues PME’s expansion into North American IDN Market**
- **Transaction-based model with potential upside**

Leading health imaging company Pro Medicus Limited [ASX: PME] today announced its wholly-owned U.S. subsidiary, Visage Imaging, Inc., has signed an additional \$25M, 7-year contract with BayCare, the leading health care system in the Tampa Bay and central Florida regions of the U.S.

The contract, based on a transaction-based licensing model, will add the company’s cloud-based Visage 7 Open Archive to the existing Visage 7 Viewer and Visage 7 Workflow contract signed in February 2025.

Planning for the rollout commences immediately and involves migrating BayCare’s current archive to Visage 7 Open Archive in the cloud. This, in addition to the previously contracted Visage 7 Viewer and Visage 7 Workflow modules, will provide BayCare with a full stack solution that is targeted to go-live in Q1 of calendar year 2026.

“This deal confirms our belief that there is a material opportunity for us to sell Visage 7 Open Archive to new and existing customers such as BayCare,” said Dr Sam Hupert, Pro Medicus CEO. “In doing so, we not only enable them to fully transition their on-premise infrastructure to cloud, we provide them with the most performant, scalable and cost-effective archive solution.”

About Pro Medicus Limited:

Pro Medicus Limited [ASX: PME] is a leading healthcare informatics company. Founded in 1983, the company provides a full range of medical imaging software and services to hospitals, imaging centres and health care groups worldwide. In January 2009, the company acquired Visage Imaging transforming it into a global provider of leading-edge medical imaging solutions. The company's Visage 7 suite of products are the foundation of an ultra-fast, clinically rich, and highly scalable platform that can seamlessly be implemented in both public and private cloud environments. The company offers a leading suite of RIS, PACS, Artificial Intelligence (AI) and e-health solutions constituting one of the most comprehensive end-to-end offerings in healthcare imaging. Pro Medicus has offices in Melbourne, Berlin and San Diego. www.promedicus.com.au
