# Capital raising of ~\$35 million to underpin NT uranium acquisition and growth strategy

## Raising to support purchase of key tenements in the Alligator Rivers Uranium Province and aggressive upcoming exploration campaign

### Highlights

- Firm commitments received to raise approximately \$32 million (before costs) via a two-tranche Placement at an offer price of \$0.145 per share:
  - Tranche 1 of the Placement comprises approximately \$16 million (before costs); and
  - Tranche 2 of the Placement, which is subject to shareholder approval, comprises approximately \$16 million (before costs).
- Eligible existing shareholders will have the opportunity to participate via a Share Purchase Plan to raise up to a further \$3 million (before costs) at the same price as the Placement.
- Proceeds will primarily be applied towards the recently announced acquisitions and to an aggressive exploration campaign planned for the 2026 field season.

DevEx Resources Limited (ASX: DEV) (**DevEx** or the **Company**) is pleased to advise that it has received firm commitments from existing and new institutional and sophisticated investors to raise approximately \$32 million (before costs) through the issue of approximately 220.7 million new fully-paid ordinary shares (**Placement Shares**) at an offer price of \$0.145 per Placement Share (**Placement Price**) via a two-tranche placement (**Placement**).

In addition to the Placement, the Company will undertake a Share Purchase Plan (**SPP**) to provide eligible existing securityholders in Australia and New Zealand with the opportunity to each participate in subscribing for up to a maximum of \$30,000 of additional new fully paid ordinary shares (**SPP Shares**) (subject to compliance with applicable regulatory requirements) at the same Placement Price. The SPP will be capped at \$3 million, which means eligible applicants may be subject to scale back at the Company's discretion. The Company may also, in its absolute discretion, apply a higher cap to the SPP (and either accept applications in full or scale back applications over the higher cap).

The proceeds from the Placement and SPP will be used to support the recently announced acquisitions of additional tenure in the Alligator Rivers Uranium Province from Rio Tinto Exploration Pty Ltd and Alligator Energy Limited (ASX: AGE), where the Company has consolidated a dominant land holding, to underpin an expanded exploration campaign across the consolidated Nabarlek and Murphy West Projects in 2026, and for general working capital purposes.

**DevEx's Managing Director, Marnie Finlayson said:** "This is a pivotal capital raising for DevEx, positioning the Company to enter 2026 with significant momentum. The strong support we have received reflects the quality of our assets, confidence in our strategy and the ongoing backing of our Chairman, Tim Goyder, and other key shareholders.

"The proceeds will underpin the two recently announced tenure acquisitions in the Alligator Rivers Uranium Province. Together, these acquisitions are transformational for DevEx, delivering a coherent and contiguous landholding in one of the world's most prolific uranium provinces. The balance will provide support for an aggressive exploration campaign in 2026, focused at unlocking the full potential of our expanded project area and the Company's broader growth strategy."

## Details of the Placement

The Placement will be issued in two tranches:

- **Tranche 1** – comprising approximately \$16.0 million (before costs) through the issue of approximately 110.4 million Placement Shares at the Placement Price utilising the Company's existing placement capacity under Listing Rules 7.1 and 7.1A.<sup>1</sup>
