10 December 2025

## CRML Executes Term-Sheet For 50/50 Joint Venture with EU And Nato Member, Romania for 50% Offtake of Tanbreez REE Concentrate

European Lithium Limited (ASX: EUR, FRA:PF8, OTC: EULIF) (European Lithium or the Company), is pleased to announce that CRML has executed the Term-Sheet for creating a 50%-50% joint venture between CRML and Fabrica de Prelucrare a Concentratelor de Uraniu S.R.L. (FPCU) of Romania, a state-owned entity and a strategic partner from a European Union and NATO member country. This takes the total offtake from Tanbreez Project to 75% of future production.

### About Critical Metals Corp

Critical Metals Corp (Nasdaq: CRML) is a leading mining development company focused on critical metals and minerals, and producing strategic products essential to electrification and next-generation technologies for Europe and its Western world partners. Its flagship Project, Tanbreez, is one of the world's largest, rare-earth deposits and is located in Southern Greenland. The deposit is expected to have access to key transportation outlets as the area features year-round direct shipping access via deep water fjords that lead directly to the North Atlantic Ocean.

Another key asset is the Wolfsberg Lithium Project located in Carinthia, 270 km south of Vienna, Austria. The Wolfsberg Lithium Project is the first fully permitted mine in Europe and is strategically located with access to established road and rail infrastructure and is expected to be the next major producer of key lithium products to support the European market. Wolfsberg is well positioned with offtake and downstream partners to become a unique and valuable asset in an expanding geostrategic critical metals portfolio. With this strategic asset portfolio, Critical Metals Corp is positioned to become a reliable and sustainable supplier of critical minerals essential for defense applications, the clean energy transition, and next-generation technologies in the western world.
