

## BABYLON SIGNS MULTI-YEAR PUMP HIRE AND MAINTENANCE CONTRACT WITH NEWMONT

Specialist resources services provider Babylon Pump & Power Limited ("Babylon", "the Company" or "the Group") (ASX: BPP) is pleased to announce it has entered into a material contract with Newmont Mining Services Pty Ltd ("Newmont") for the provision of pump hire and maintenance services.

Under the terms of the agreement, Babylon will supply dry hire pumping equipment and associated maintenance services to Newmont's operations in Western Australia. The three-year contract commences on 1 January 2026 and runs through to 31 December 2028, reflecting a long-term commitment to support one of the world's leading gold producers.

The contract formalises a long-standing relationship between Babylon and Newmont and is expected to generate revenue of approximately \$3 million per annum, based on the Company's historical delivery volumes to Newmont over the past three years. On this basis, the contract value is expected to represent around 10% of Babylon's FY25 revenue, marking it as a material inclusion to the Company's forward revenue base.

Babylon Managing Director, Michael Shelby, said:

*"Newmont has been a valued client of Babylon for several years, and we are pleased to now progress to a formal long-term contract. This agreement provides strong revenue visibility over the next three years and reflects the trust Newmont places in our team, our equipment and our service delivery. We look forward to continuing to grow this relationship as a key part of our rental strategy."*

This agreement aligns with Babylon's ongoing focus on securing high-quality, repeatable work with Tier 1 clients across its core service lines. It follows the recent completion of the Company's acquisitions of Matrix Hydro Services and Blue Hire – initiatives that have significantly expanded Babylon's fleet, technical capabilities and customer footprint in the Australian resources sector.

The contract was signed by the Company's wholly owned subsidiary, Babylon Operations Pty Ltd.

This ASX release has been authorised by Managing Director Michael Shelby.
