Sale of Mt Dimer Tenements

Overview

Beacon Minerals Limited (ASX: BCN) (“**Beacon**” or the “**Company**”) advises that its wholly owned subsidiary, Beacon Mining Pty Ltd, has entered into a binding Tenement Sale Agreement with Forrester Resources Limited (ASX: FRS) (**Purchaser**) for the sale of the non-core Mt Dimer tenement package located in Western Australia.

The sale of the Mt Dimer tenements is consistent with Beacon’s strategy of portfolio rationalisation, enabling the Company to:

- monetise non-core assets; and
- reduce ongoing holding and compliance costs.

Key Transaction Terms

- **Sale assets:**

100% legal and beneficial interest in the granted mining and exploration tenements comprising:

- M77/965
- M77/957
- M77/958
- E77/2518

(together, the “**Tenements**”), together with associated mining information.

- **Purchase consideration:**

A\$50,000 (exclusive of GST) payable at completion.

- **Exclusivity consideration:**

It is Beacon's intention to drill to increase the resource/reserves on these tenements to enable a decision to mine.

- **Conditions precedent:**

Completion of the sale is subject to and conditional upon the parties obtaining all necessary regulatory approvals or waivers; the parties obtaining all required third party approvals and consents; and, to the extent required under any third party agreement, entry into deeds of assignment.

The parties have agreed on an end date of 3 months from the date of the Tenement Sale Agreement for satisfaction (or waiver) of the conditions precedent.

- **Completion timing:**

Completion is scheduled to occur five (5) business days after satisfaction or waiver of all conditions precedent.

The Company intends on using the funds received from the sale towards working capital commitments supporting the Company's policy of gold retention.
