

2 January 2026

### Hansen Completes 100% Acquisition of Digitalk

Hansen Technologies Limited (ASX: HSN) ('Hansen', the 'Company', the 'Group'), a global provider of industry-specific software products and expertise, is pleased to announce that all closing conditions with respect to the binding agreement to acquire 100% of the shares in Digitalk Group Holdings Ltd ("Digitalk") have been successfully satisfied. As a result, completion of the acquisition is effective from close of business 31 December 2025.

Digitalk, founded in 1996 and headquartered in the UK, provides mission-critical Mobile Virtual Network Operator (MVNO) and carrier-grade platforms for the global communications industry. This acquisition is expected to be immediately accretive to Adjusted Earnings Per Share (EPSa)<sup>1</sup> and strengthens Hansen's position as a leading provider of solutions for the communications sector.

The purchase price remains unchanged at an Enterprise Value of £33.1 million (~A\$66.4m), subject to customary completion adjustments, which reflects an acquisition multiple of approximately 10x Enterprise Value to Digitalk's FY25 Cash EBITDA<sup>2</sup>.

Further details regarding the transaction are outlined in the ASX release titled "Hansen to Acquire 100% of Digitalk" dated 5 November 2025.

This announcement is authorised by the Board.
