Chairman's Letter

Dear Mayfield Shareholders,

On behalf of Embark, I am pleased to present you with Embark Early Education Limited's Offer to acquire up to 100% of Mayfield Shares on beneficial terms, that provides you with a meaningful choice about the future of your investment:

- accept the Embark Offer and receive new Embark Shares

OR

- accept the Embark Offer and receive cash for your Mayfield Shares.

Should you accept the Offer and elect to receive Embark Shares as consideration, we welcome you as a Shareholder of Embark.

Under the Offer, each Mayfield Shareholder may elect to receive:

- 1 Embark share for every 1.24 Mayfield Shares, which implies an Offer value of A\$0.50¹ per Mayfield share, based on the 5-day VWAP of Embark Shares of \$0.6193 prior to the lodgement of the Original Bidder's Statement (the **Scrip Consideration**); or
- cash consideration of A\$0.50 per Mayfield Share (the **Cash Consideration**).

You may not elect to receive a mix of Scrip Consideration and Cash Consideration.

The \$0.50 for the Cash Consideration and the implied \$0.50 value for the Scrip Consideration represents a:

- **37.0% premium** to Mayfield's uninterrupted closing price of \$0.365 on 27 October 2025, being the closing price of the trading day prior to Embark obtaining 19.9% of Mayfield Shares;
- **7.5 % premium** to Mayfield' closing price of \$0.465 on 6 November 2025, being the Announcement Date;
- **6.4% premium** to Mayfield' closing price of \$0.47 on 18 December 2025, being the Last Practicable Date;
- **3.3% premium** to Mayfield' 30-day volume weighted average share price of \$0.4838 (up to and including 18 December 2025, being the Last Practicable Date);
- **2.2% premium** to Mayfield' three month volume weighted average share price of \$0.4894 (up to and including 18 December 2025, being the Last Practicable Date);
- **5.2% premium** to Mayfield' six month volume weighted average share price of \$0.4754 (up to and including 18 December 2025, being the Last Practicable Date);
- **2.0% discount** to Mayfield' 12 month closing share price high of \$0.51 (up to and including 18 December 2025, being the Last Practicable Date); and
- **58.7% premium** to Mayfield' 12 month closing share price low of \$0.315 (up to and including 18 December 2025, being the Last Practicable Date).

Background and transaction rationale

¹ Based on Embark's 5-day VWAP of \$0.6193, ending on 18 December 2025, being the Business Day prior to the lodgement of the Original Bidder's Statement. The final implied value of the Offer (measured by reference to the Scrip Consideration) depends on the value of Embark's Share price at the time the Scrip Consideration is issued.

The Embark Offer provides Mayfield Shareholders with a superior exit opportunity for their investment.

The Offer provides optionality. Mayfield Shareholders who elect to receive the Scrip Consideration under the Embark Offer will receive Embark Shares. Mayfield Shareholders who elect to receive the Cash Consideration under the Embark Offer will receive the Cash Consideration.

If you elect to receive Scrip Consideration, Embark provides Mayfield Shareholders with a choice, either to:

- remain a Embark Shareholder; or
- utilise Embark's superior on-market liquidity to exit your position.

For further information see Section 3 of this Bidder's Statement. Information on Embark is provided in Section 4 of this Bidder's Statement.

Conditions of the Offer

This Offer and any contract which results from your acceptance of the Offer is subject to the following Conditions:

- A 90% minimum acceptance condition;
- There being no Prescribed Occurrence;
- Satisfaction of the Quotation Condition; and
- Satisfaction of all requirements of the ASX.

A full list of Offer conditions is provided in clause 9 of Appendix 1 of this Bidder's Statement.

Accepting the Offer

Please carefully read this Bidder's Statement. Full terms of the Offer are set out in Appendix 1 of this Bidder's Statement.

I strongly encourage you to accept the Offer as soon as possible. The Offer is scheduled to close at 7.00 pm (Sydney Time) on 5 March 2026, unless extended or withdrawn. To accept the Offer, you must follow the instructions in the Acceptance Form.

I encourage you to read this Bidder's Statement for more details about the Offer and about Embark. If you have any questions, please call the Offer Information Line on 1800 262 299 (within Australia) or 1800 262 299 (outside Australia).

For inquiries related to your personal financial situation please contact your legal, financial or other professional adviser.

Yours faithfully,

Hamish Stevens
Chairman

1 Reasons to accept the Offer

1.1 Snapshot

WHY YOU SHOULD ACCEPT THE OFFER	
1.	The Scrip Consideration represents an attractive premium
2.	The Cash Consideration represents an attractive cash price for your Mayfield Shares
3.	The Offer provides a choice about your future as a Mayfield Shareholder
4.	If your Mayfield Shares are registered in an Issuer Sponsored Holding in your name, you will not incur any brokerage charges on the transfer of your Mayfield Shares if you accept the Offer
5.	Mayfield's Share price may fall after the Offer lapses
6.	No Superior Proposal or alternative offer has emerged – Embark's ownership of 19.9% of Mayfield Shares could discourage a counter offer
7.	The Mayfield Share price may fall if Embark does not acquire 100% of Mayfield or the Offer lapses
8.	Accepting the Offer removes possible minority shareholder risks of remaining a Mayfield Shareholder
9.	Mayfield Shareholders that elect to receive Scrip Consideration may (in certain circumstances) be entitled to CGT rollover relief provided Embark acquires 80% or more of Mayfield Shares (see Section 10)

ACCEPT THE OFFER

1.2 Detail

1 The Scrip Consideration represents an attractive premium²

Under the Offer, Mayfield Shareholders will receive 1 Embark Share for every 1.24 Mayfield Shares held, which implies a value of 0.50 per Mayfield Share based on Embark's Shares' 5-day VWAP up to and including 18 December 2025.

The implied value of the Scrip Consideration represents a 6.4% premium to the closing price of Mayfield Shares the trading day before the date of the Original Bidder's Statement of \$0.47 and represents:

- a 37.0% premium to Mayfield's uninterrupted closing price of \$0.365 on 27 October 2025, being the closing price of the trading day prior to Embark obtaining 19.9% of Mayfield Shares;
- a 7.5% premium to the closing price of Mayfield Shares based on the price of Mayfield Shares on 6 November 2025 (being the Announcement Date);
- a 3.3% premium to the VWAP of Mayfield Shares for the thirty days before the date of the Original Bidder's Statement being the Last Practicable Date;
- a 2.2% premium to the VWAP of Mayfield Shares for three months before the date of the Original Bidder's Statement being the Last Practicable Date; and
- a 5.2% premium to the VWAP of Mayfield Shares for six months before the date of the Original Bidder's Statement being the Last Practicable Date.

While there are many factors that may influence the market price of Mayfield Shares, there is a risk that Mayfield Shares may fall after the close of the Offer.

2 The Cash Consideration represents an attractive cash price for your Mayfield Shares

The Cash Consideration of A\$0.50 per Mayfield Share represents an attractive premium to historical trading prices.

The Cash Consideration represents a 6.4 premium to the closing price of Mayfield Shares the trading day before the date of the Original Bidder's Statement of \$0.47 and represents:

- a 37% premium to Mayfield's uninterrupted closing price of \$0.365 on 27 October 2025, being the closing price of the trading day prior to Embark obtaining 19.9% of Mayfield Shares;
- a 7.5% premium to the closing price of Mayfield Shares based on the price of Mayfield Shares on 6 November 2025 (being the Announcement Date);
- a 3.3% premium to the VWAP of Mayfield Shares for the thirty days before the date of the Original Bidder's Statement being the Last Practicable Date;
- a 2.2% premium to the VWAP of Mayfield Shares for three months before the date of the Original Bidder's Statement being the Last Practicable Date; and
- a 5.2% premium to the VWAP of Mayfield Shares for six months before the date of the Original Bidder's Statement being the Last Practicable Date.

² Embark VWAP calculated using the 5 trading days up to and including 18 December 2025 (being the Last Practicable Date) prior to lodgement of the Original Bidder's Statement and equals \$0.6193 per Embark Share. The implied value of the Offer (measured by reference to the Scrip Consideration) depends on the value of Embark's Share price at the time the Scrip Consideration is issued. The underlying VWAP information has been sourced for Mayfield Shares using IRESS.

3 A choice about your future as a Mayfield Shareholder

Embark is providing Mayfield Shareholders who accept the Offer and elect to receive Scrip Consideration or Cash Consideration with a choice, either:

- become an Embark Shareholder; or
- monetise their position.

Accepting the Cash Consideration

If Mayfield Shareholders elect to receive the Cash Consideration, they can monetise their investment and be provided with liquidity while realising a premium on the recent Mayfield Share price.

Accepting the Scrip Consideration

If Mayfield Shareholders elect to receive the Scrip Consideration, they can hold as Embark Shareholders or can monetise their investment and be provided with liquidity while realising a premium on the recent Mayfield Share price.

The benefits of taking up the Scrip Consideration and becoming an Embark Shareholder include gaining access to:

- Embark's investment expertise and experience;
- Embark's commitment to shareholder engagement;
- Embark's track record of portfolio outperformance; and
- Embark's greater market capitalisation and on-market liquidity.

Embark's expertise and experience

Embark Early Education brings substantial experience to the early childhood education and care sector, operating 39 centres across multiple states with 3,562 licensed long day care places and supported by a team of approximately 1,077 staff as at 30 June 2025.

Embark's decentralised operating model combines strong centre-level autonomy with experienced centralised support, enabling services to respond to the needs of their local communities while maintaining consistent standards of quality, governance and educator development. Embark's commitment to shareholder engagement

Embark believes shareholder engagement is crucial and provides the following shareholder engagement:

- shareholder Q&A calls;

while improving its net promoter score from 58 in 2023 to 61 in 2024 and improving its team satisfaction score from 80% in 2023 to 82% in 2024.

Embark also delivered strong financial growth, reporting \$81.6 million in revenue in FY2024 (up 29 per cent year on year) and \$21.6 million in underlying EBITDA (up 26 per cent year on year), supported by disciplined cost management and ongoing investment in quality and educator retention.

Embark's greater market capitalisation and on-market liquidity

Embark has a market capitalisation of \$112,841,372 as at 18 December 2025 and is one of the largest ASX listed companies in the early education sector.

4 If your Mayfield Shares are registered in an Issuer Sponsored Holding in your name, you will not incur any brokerage charges on the transfer of your Mayfield Shares if you accept the Offer

If you accept the Offer and if your Mayfield Shares are registered in an Issuer Sponsored Holding in your name, you will not incur brokerage on the transfer of your Mayfield Shares to Embark pursuant to the Offer.

If you sell your Mayfield Shares on the ASX, rather than disposing of them via the Offer, you may incur brokerage charges (and potentially, GST on those charges).

5 Mayfield's Share price may fall after the Offer lapses

The closing Mayfield Share price on 18 December 2025 being the last trading day prior to the date of the Original Bidder's Statement, i.e the Last Practicable Date was \$0.47.

The price of Mayfield Shares as at 27 October 2025, being the closing price of the trading day prior to Embark obtaining 19.9% of Mayfield Shares was \$0.365.

The price of Mayfield Shares as at 6 November 2025, being the date prior to the date the proposed Offer (being the Announcement Date) was announced was \$0.465.

Immediately following the date Embark obtained 19.9% of Mayfield Shares, the Mayfield Share price increased towards the Cash Consideration. Mayfield Shares continue to trade at levels close to the Cash Consideration as at the date of this Bidder's Statement.

The Mayfield Share price may trade at levels below the Offer price once the Offer has lapsed (although this is difficult to predict with any degree of certainty). As a result, Mayfield Shareholders who have not accepted the Offer before it lapses may not have another opportunity to sell their Mayfield Shares for cash of A\$0.50 per Mayfield Share.

6 No Superior Proposal or alternative offer has emerged – Embark's ownership of 19.9% of Mayfield Shares could discourage a counter offer

As at the date of this Bidder's Statement, Embark's Board is not aware that any Superior Proposal exists and given Embark currently owns 19.9% of Mayfield Shares, this may reduce the likelihood of a third party putting forward a Superior Proposal.

7 The Mayfield Share price may fall if Embark does not acquire 100% of Mayfield

The implied Offer Consideration of \$0.50 per Mayfield Share is approximately 37.0% above the uninterrupted price of Mayfield Shares of \$0.365 as at 27 October 2025, being the closing price of the trading day prior to Embark obtaining 19.9% of Mayfield Shares.

The implied Offer Consideration of \$0.50 per Mayfield Share is approximately 7.5% above the price of Mayfield Shares as at 6 November 2025, being the date prior to the date the Offer was announced was \$0.465, namely the last closing price of Mayfield Shares prior to Announcement Date.

Immediately following the date Embark obtained 19.9% of Mayfield Shares, the Mayfield Share price increased towards the Cash Consideration. Mayfield Shares continue to trade at levels close to the Cash Consideration as at the date of this Bidder's Statement.

If at the end of the Offer Period Embark has an interest in less than 90% of Mayfield Shares, it does not become entitled to compulsorily acquire the Mayfield Shares that have not been accepted into the Offer. Should Embark not acquire 100% of Mayfield and no Superior Proposal emerges, the Mayfield Share price may decline.

8 Accepting the Offer removes possible minority shareholder risks of remaining a Mayfield Shareholder

If you do not accept the Offer and Embark acquires a majority of Mayfield Shares but does not become entitled to compulsorily acquire your Mayfield Shares, you will become a minority shareholder in Mayfield with reduced influence in the running of the business.

In this scenario, decisions made in respect of the business of Mayfield, under the control of Embark, may impact those Mayfield Shareholders who do not accept the Offer.

Furthermore, Embark's controlling position in Mayfield may affect the liquidity of the minority Mayfield Shareholders. This may make it more difficult for minority shareholders to sell their Mayfield Shares at an attractive price, which should be considered in conjunction with the point above.

Please see Section 8 of this Bidder's Statement for further information regarding Embark's intention regarding Mayfield.

9 Mayfield Shareholders that elect to receive Scrip Consideration may (in certain circumstances) be entitled to CGT rollover relief provided Embark acquires 80% or more of Mayfield Shares

In certain circumstances, and provided Embark achieves ownership of more than 80% of Mayfield Shares, certain eligible Mayfield Shareholders that elect to receive Scrip Consideration may be entitled to rollover relief from CGT on the Scrip Consideration they receive under the Offer. However, such Mayfield Shareholders that elect to receive Scrip Consideration may be subject to capital gains tax as a result of a later taxable event (such as a disposal) occurring in respect to the Embark Shares received as the Offer Consideration. Please refer to Section 10 for more information. You should consult a qualified tax adviser for further taxation advice.

If you are a Foreign Shareholder, unless Embark determines that you are an Eligible Foreign Shareholder, you will be considered to be an Ineligible Foreign Shareholder (see clause 4.2 of Appendix 1), you will not be entitled to receive Scrip Consideration for your Mayfield Shares.

If you are an Ineligible Foreign Shareholder and you accept the Offer for Scrip Consideration, or your Mayfield Shares are compulsorily acquired, you will not receive Scrip Consideration. 4 Information on Embark

4.1 Overview

Embark Early Education Limited (ASX: EVO) is an Australian early childhood education and care provider operating 39 centres across Queensland, Victoria, New South Wales, South Australia and Tasmania. Embark's centres operate under a multi-brand structure that enables each service to retain its local identity while benefiting from centralised support in operational systems, learning frameworks, compliance, finance and marketing. As at 30 June 2025, Embark's portfolio comprises 3,562 licensed long day care places, supported by approximately 1,077 team members.

Originally founded in 2014, Embark underwent a significant strategic shift in 2022 when it divested its New Zealand operations and re-branded from "Evolve Education Group" to "Embark Early Education". Since re-domiciling in Australia and listing on the ASX, Embark has focused on building a high-quality, community-focused childcare platform underpinned by centre autonomy and operational discipline. This approach has supported continued expansion of the Group's portfolio, with strong integration processes and a consistent focus on quality, educator capability and family experience. Embark's recent results reflect this progress, despite average occupancy slightly decreasing from 82% in 2023 to 80% in 2024, the net promoter score has improved from 58 in 2023 to 61 in 2024, and team satisfaction has improved from 80% in 2023 to 82% in 2024.

Embark's financial performance has strengthened alongside its operational growth. The Group generated \$81.6 million in revenue and \$21.6 million in underlying EBITDA in FY2024, supported by disciplined cost management and a scalable support-office model that allows centres to operate with autonomy while benefiting from shared capabilities. For the half year ended 30 June 2025, Embark reported revenue of \$49.4 million. Embark continues to prioritise operational efficiency, educator retention and selective acquisitions to support sustainable performance across its centre network.

4.2 Principal activities of Embark

(a) Business operations

Embark owns and operates 39 childcare centres. It has 24 centres in Queensland, 11 in Victoria, two in New South Wales, one in each of Tasmania and South Australia.

(b) **Occupancy rates**

Average centre occupancy was 80% in 2024, compared with 82% in 2023. The slight reduction reflects staffing pressures in some regions, particularly shortages of early childhood teachers. Despite this, Embark's occupancy levels remain well above the industry average.

(c) **Leasing arrangements**

Embark leases childcare centres, and lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. As at 31 December 2024, Embark's leases had an average remaining lease term of 23.73 years (2023: 23.97 years) and a weighted average incremental borrowing rate of 9.27% (2023: 8.97%).

(d) **Strategy**

Embark's strategy is focused on disciplined, acquisition-led expansion supported by a decentralised operating model that preserves strong centre-level autonomy. Embark targets high-quality childcare centres in attractive catchments and integrates new services through established systems covering governance, finance, compliance and marketing. This approach enables centres to operate in a manner that best suits their local communities while benefiting from scalable corporate support. Embark's strategic priorities include continuing selective acquisitions, maintaining operational efficiency, investing in educator capability and enhancing the quality of family and child outcomes across its portfolio.

(e) **Employees**

Embark employs around 1,077 staff as at 30 June 2025.

Embark has applied to participate in the worker retention payment grant which has been extended to approved providers who are prepared to increase educator salaries by 15 per cent over two years from 2 December 2024.

Participation in the scheme will allow for a full reimbursement of the 15 per increase that will be applied to educators and in turn support retention and attraction of their workforce in what is still a moderately tight hiring environment.

Progress on workforce satisfaction was evident in an increase of two percent in the organisation's team satisfaction survey which rose to 82 per cent alongside an improved net promoter score which rose to 61, from 58 last year.

4.3 **Embark Directors**

The Embark Board is as follows:

(a) **Hamish Stevens**

Independent Director and Chair of the Board

Hamish has held independent directorships on several boards since 2010 and is currently Chair of Pharmaco and East Health Services, a director of Napier Port, Radius Residential Care and Counties Energy.

Prior to his governance career Hamish held senior finance positions with Heinz Watties, Tip Top Ice Cream and DB Breweries. Hamish is a qualified Chartered Accountant and is a Chartered Fellow of the Institute of Directors.

(b) **Chris Scott**

Managing Director and Executive Director (Non-Independent)

6 Profile of the Combined Group

6.1 Introduction

The profile of the Combined Group will vary depending on the outcome of this Offer. The description of the Combined Group in this section (unless otherwise specified) assumes that Mayfield will become a wholly-owned subsidiary of Embark. There is no guarantee of any of these outcomes occurring. If Embark does not acquire the 90% or more of Mayfield Shares required to entitle it to compulsorily acquire Mayfield Shares during the Offer Period, some of the benefits that would otherwise accrue to Embark if Mayfield were to become a wholly-owned subsidiary of Embark may not be fully realised.

6.2 Summary of information

The information included in this section is unaudited pro forma financial information for the Combined Group comprising of Embark and Mayfield as at 30 June 2025 on the basis that Embark acquires 100% of Mayfield, assuming completion of the Offer as at 30 June 2025.

The unaudited pro forma combined statements of financial position of the Combined Group as at 30 June 2025 (**Pro Forma Statement of Financial Position**) presented above has been produced with reference to the audited financial report for Embark as at 30 June 2025 and the impact of the acquisition of Mayfield as at that date.

The pro forma financial information does not represent what the Combined Group would look like on a combined basis, since it is not possible to produce this information from publicly available information and due to the accounting policies of Embark. No adjustments for potential synergy benefits have been included as the exact timing or amounts of those benefits cannot be reliably estimated. However, the Pro Forma Statement of Financial Position does reflect the issue of new Embark Shares to Mayfield Shareholders, and other adjustments required as a result of this Offer.

The Pro Forma Statement of Financial Position is for illustrative purposes only and is based on numerous assumptions that may or may not reflect the actual financial position of the Combined Group after completion of the Offer. In addition, the Pro Forma Statement of Financial Position is presented in a summary format and therefore does not contain all the disclosures required under the Corporations Act.

Financial information relating to Mayfield has been sourced from its publicly available information. Embark does not, except as required by law, make any representation or warranty, express or implied, as to the accuracy or completeness of this information. Embark has not been able to independently verify any of the financial information relating to Mayfield used in this document, for providing pro forma financial information.

The pro forma financial information presented in this section should also be read in conjunction with the risks set out in section 7, other information contained in this Bidder's Statement, and the accounting policies of Embark and Mayfield as disclosed in their most recent audited financial reports.

The accounting policies of Mayfield are not considered material for the purposes of demonstrating the impact of the Mayfield acquisition on Embark or the Combined Group. The assumptions underlying the calculations of the Combined Group are set out in section 6.8 which represents the underlying assets of Mayfield. The significant accounting policies adopted in the preparation of the historical financial information are disclosed in Embark's audited Annual Report for the year ended 30 June 2025.

6.3 Overview of the Combined Group

The Combined Group will provide investors with exposure to 84 education and childcare centres throughout Victoria, Tasmania, South Australia, NSW and Queensland maintaining focus on health and safety of children under care whilst meeting all regulatory burdens and financial robustness.

6.4 General operational overview

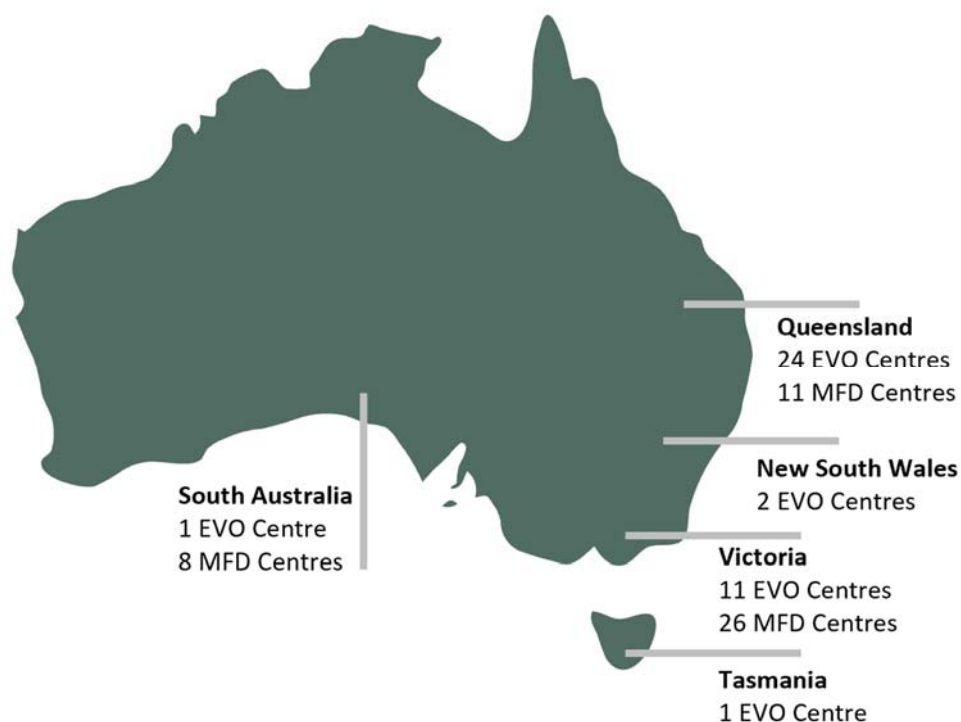

Following completion of the Offer, Embark intends to undertake a more detailed and broad-based review of Mayfield's assets, strategy and operations in light of the more detailed information that will be available to it.

Embark considers that the acquisition of Mayfield provide the following benefits:

- (a) Embark has a clear acquisition-driven growth strategy, as indicated by its acquisition of childcare centres over the past few years. Acquiring Mayfield would immediately increase its footprint. Refer to Section 6.5 below.
- (b) By combining both networks under one operator, Embark could streamline administration, centralise back-office functions, reduce duplicated overheads, and better leverage shared resources. That scale can help improve operational resilience in a fragmented sector.
- (c) As detailed in Section 5.2, Mayfield operates in Victoria, Queensland, South Australia and serves thousands of families across many licensed places. Integrating that network would give Embark broader geographic reach and a more diversified customer base, reducing geographic-concentration risk.
- (d) The early childhood education and care sector is increasingly consolidating as providers seek scale to withstand cost pressures, staffing shortages, regulatory complexity and funding uncertainty. Acquiring Mayfield enables Embark to position itself as a stronger, larger player in a consolidating market.
- (e) Mayfield's established network and market presence present a compelling acquisition opportunity supporting both growth and long-term strategic objectives.

6.5 Footprint of the Combined Group

The location of the centres of both Embark and Mayfield are depicted below:

The above reflects the scenario where all offers are accepted for 100% Cash Consideration. The above cash and cash equivalents is based on the cash position as at 30 June 2025. It does not factor in the cash that has been generated by ordinary course business operations of either Embark or Mayfield since that date. The Directors do not anticipate that 100% of all offers will be accepted for Cash Consideration.

Notes:

- Cash consideration of \$7,504,749 for the initial purchase of 15,009,497 Mayfield shares (19.9%) at \$0.50 per share and brokerage fees of \$24,766, paid from cash and cash equivalents. Subsequent cash consideration of \$30,254,470 for purchase of remaining 60,508,939 Mayfield shares (80.1%) at \$0.50 per share, funded from \$21,000,000 of placement funds (Institutional Placement plus the Proposed Institutional Placement) and the remaining \$9,254,470 from existing cash and cash equivalents. A 5% placement fee of \$1,050,000 is also paid from cash and cash equivalents. Cash and cash equivalents does not include dividends or operating cash flows which have occurred after 30 June 2025. The cash and cash equivalents for Embark as at 18 December 2025 is approximately \$21.8m. The cash balance shown above is a negative which would generally be shown as a current liability (overdraft) however has been shown in the Cash and cash equivalents line for consistency between the Examples.
- Investment in Mayfield shares, including cash consideration of \$7,504,749 for the initial purchase, plus \$24,766 of capitalised brokerage fees, and cash consideration of \$30,254,470 for the purchase of remaining 60,508,939 Mayfield shares. This includes 93,827 shares that have been issued after 30 June 2025 on conversion of the same number of Performance Rights. For the purpose of the pro forma statement of financial position, each tranche of shares acquired has been recognised at \$0.50 per share, noting that the actual outcome may differ from this.
- No assessment has been completed in relation to the recognition or recoverability of the deferred tax assets post-acquisition.
- No adjustment has been recognised to reset the value of the right of use assets and lease liabilities of Mayfield on acquisition.
- The accounting for the proposed acquisition of Mayfield shown in the pro forma statement of financial position has been prepared on a provisional basis with the excess of estimated consideration payable above the amount of the net assets shown in the 30 June 2025 audited financial statements of Mayfield being attributed to Goodwill (included in Intangible assets). Should the acquisition complete, the final accounting in accordance with Accounting Standard AASB 3 *Business Combinations* for the consideration payable, the fair value of identifiable assets and liabilities, and related tax consequences, will likely differ from that shown in the pro forma statement of financial position above.
- \$20,000,000 from issue of 35,000,000 Embark Shares at \$0.60 (from the Institutional Placement and the Proposed Institutional Placement and assuming the Proposed Institutional Placement completes at

\$0.60 per Embark Share), less a placement fee of \$1,050,000 representing 5.0% of the placement amount.

This includes 93,827 shares that have been issued after 30 June 2025 on conversion of the same number of Performance Rights. Issue of Embark scrip to Mayfield shareholders for 30,254,469 Mayfield shares, with an implied value of \$15,127,235. For the purposes of the pro forma statement of financial position it has been assumed that the shares issued to acquire Mayfield will be recognised at an amount equivalent to \$0.50 per Mayfield share. Should the acquisition complete, any shares issued for the acquisition are expected to be recognised at fair value on the date of settlement which may differ from the amount shown in the pro forma statement of financial position above.

6.9 **Going Concern**

The pro forma statement of financial position has been prepared on a going concern basis.

For Example 1, the pro forma statement of financial position shows that the combined Group's current liabilities exceed current assets by \$26.64m. This includes \$19.36m of lease liabilities which are expected to be settled through operating cash flows.

For Example 2, the pro forma statement of financial position shows that the combined Group's current liabilities exceed current assets by \$48.37m. This includes \$19.36m of lease liabilities which are expected to be settled through operating cash flows.

For Example 3, the pro forma statement of financial position shows that the combined Group's current liabilities exceed current assets by \$41.79m. This includes \$19.36m of lease liabilities which are expected to be settled through operating cash flows.

The Directors consider that the Group will have sufficient cash to settle liabilities as they fall due.

Having regard to the above, the Board has concluded that the going concern basis of preparation is appropriate.

6.10 **No forward-looking statements**

This document does not provide revenue or profit projections for the Combined Group. Embark does not believe that it has reasonable grounds to include revenue or profit forecasts in this Bidder's Statement. Embark believes that the inclusion of revenue or profit forecasts would be unduly speculative and potentially misleading for Mayfield Shareholders.

6.11 **Prospective financial information of the Combined Group**

Embark has given careful consideration as to whether a reasonable basis exists to produce reliable and meaningful forecast financial information on the Combined Group. The Embark Board has concluded that providing forecast financial information would be misleading. A reasonable basis does not exist for producing forecasts that would be sufficiently meaningful and reliable, particularly considering the effect that variations in key inputs may have on future earnings performance.

The Combined Group will continue to operate as an Australian early childhood education and care provider - to achieve its stated objectives.

The future performance of the Combined Group is dependent on the performance of its investments. In turn, the performance of these investments is impacted by investee company-specific factors and prevailing industry conditions. In addition, a range of external factors including economic growth rates, interest rates, exchange rates and macro-economic conditions impact the overall equity market and these investments. As such, the Embark Board do not believe it is possible or appropriate to accurately predict the future performance of the Combined Group's investments and, therefore, its performance.

7 Risk factors

7.1 Introduction

The future investment performance of Embark and the future performance of the Embark Shares may be influenced by a range of factors, many of which are outside the control of Embark. Embark is subject to risks that are both of a general nature and risks which are specific to its business activities.

This section describes what Embark considers to be some of the key risks associated with Embark's business, the industry in which it operates, and the risks associated with an investment in Embark.

The risks listed in this section should not be considered an exhaustive list of every possible risk associated with accepting the Scrip Consideration, the industry in which Embark operates, or the risks associated with an investment in Embark now or in the future. The types of risks to which Embark is exposed can change over time and vary with changes in economic, technological, environmental and regulatory conditions. The occurrence or consequences of some of these risks are partially or completely outside of the control of Embark.

The selection of risks is based on an assessment of a combination of the probability of the risk occurring, the ability to mitigate the risk and the impact of the risk if it did occur. They are not listed in order of likelihood of occurrence or impact. The assessment is based on the knowledge of Embark's Directors and management as at the date of this Bidder's Statement, but there is no guarantee or assurance that the importance of these or other risks will not change or that no other new risks will emerge. Any of these risks, and any other risks that may emerge, may have a material adverse effect on the operations, performance and position of Embark. There can be no guarantee that Embark will achieve its stated objectives or that any forward-looking statements or forecasts will eventuate.

Before accepting the Scrip Consideration, you should read the entire Bidder's Statement carefully and satisfy yourself that you have a sufficient understanding of the risks described in this section, together with the other information set out in this Bidder's Statement. You should also consider whether accepting the Scrip Consideration is suitable for you in light of your investment objectives, financial situation, taxation position and particular needs. If you do not understand any part of this Bidder's Statement or have any questions about whether to accept the Scrip Consideration, you should consult your accountant, financial adviser, stockbroker, solicitor or other independent and qualified professional adviser before deciding whether to accept the Offer.

7.2 Risks specific to the Offer

The following risk factors may arise as a result of the Offer and the acquisition of Mayfield Shares by Embark. This list is not exhaustive and Mayfield Shareholders should read this Bidder's Statement in full. If Mayfield Shareholders require further information on these risks, they should seek professional advice.

Conditions to the Offer

As described in clause 9 of Appendix 1 of this Bidder's Statement, the Offer is subject to a number of conditions.

Limited withdrawal rights

Mayfield Shareholders may only withdraw their acceptance of the Offer in limited circumstances. Otherwise, Mayfield Shareholders will be unable to withdraw their acceptances, even if the value of the Scrip Consideration varies from the date of their acceptance.

Issue of Embark Shares as the Scrip Consideration

Mayfield Shareholders are being offered the choice of taking Scrip Consideration that comprises a specified number of Embark Shares, rather than a number of Embark Shares with a specified market value. As a result, the value of the Scrip Consideration will fluctuate depending on the value of Embark Shares. Accordingly, the market value of Embark Shares at the time you receive them may vary significantly from their market value on the date of your acceptance of the Offer. This may result in the value of the Scrip Consideration to Mayfield Shareholders increasing as well as decreasing. Furthermore, if current Embark Shareholders or current Mayfield Shareholders who accept the Offer, and receive Embark Shares as part of the Scrip Consideration, do not wish to hold Embark Shares and seek to sell their Embark Shares, this may have a material adverse effect on the Combined Group and the market price of Embark Shares.

Acquisition and Integration

The Takeover Bid of Mayfield is intended to be complementary to Embark's existing operations, expanding Embark's national footprint and combining Mayfield's centre network with Embark's established operating model, quality framework and support-office capability. The integration is expected to create operational efficiencies, improve centre performance over time, enhance educator capability, and support long-term occupancy and revenue growth through a more scalable and consistent platform.

While Embark has a well-established track record of acquiring and integrating childcare or early learning centres, there is a risk that any integration of Embark and Mayfield may take longer than expected and that anticipated efficiencies and benefits of that integration may be less than estimated. For instance, the success and profitability of Embark following completion may be adversely affected if Mayfield's centres, systems, processes or workforce are not integrated effectively. This includes the risk of execution challenges in delivering anticipated synergies, harmonising centre operations, aligning compliance and quality frameworks, embedding Embark's culture and educational philosophy, and managing integration across staffing, rostering, systems, reporting and regulatory processes.

Integration may prove to be more complex, time-consuming or costly than anticipated and may encounter unexpected challenges or divert management attention from Embark's ongoing operations. Additionally, the expected benefits, efficiencies and operating improvements may be less than estimated or may take longer to realise. Possible integration risks include differences in centre leadership styles, staffing structures or pedagogical approaches; variation in compliance and quality practices; inconsistency in cost bases; limited internal capacity to manage simultaneous integration and ongoing operations; higher-than-expected costs or delays in transitioning systems, processes or training programs; loss of key personnel or reduced educator engagement during the transition; disruption to parent experience or occupancy; and temporary operational inefficiencies while Embark harmonises operating standards across the enlarged network.

Any failure to achieve targeted integration outcomes, operational improvements or synergy initiatives could negatively impact Embark's financial performance, centre operations and strategic objectives following completion of the Offer.

Assumed financial information for Mayfield

There is a risk that the publicly available financial information provided by Mayfield and utilised by Embark in formulating the Offer and preparing this Bidder's Statement is not correct in all material particulars.

As this proposed Takeover Bid is being undertaken by way of an off-market takeover, Embark has been limited to information that is publicly available or disclosed by Mayfield pursuant to its continuous disclosure obligations or some limited diligence to verify the financial information that has been disclosed by Mayfield. Embark has not had complete access to non-public due diligence materials and has therefore not been able to independently verify the completeness, accuracy or reliability of all relevant financial, operational, regulatory or centre-level information relating to Mayfield.

Public disclosures may not capture all matters affecting Mayfield's performance, including detailed occupancy trends, staffing conditions, wage and cost pressures, capital expenditure requirements, or pending regulatory, compliance or accreditation matters that have not yet triggered a disclosure obligation. Accordingly, there is a risk that the information available to Embark is incomplete, inaccurate, outdated or otherwise insufficient to enable a full assessment of Mayfield's financial condition, operational performance or future prospects.

Unlike a private acquisition, Embark will not receive warranties, indemnities or other contractual protections in respect of historical liabilities or undisclosed matters. If the Takeover Bid completes and any of the publicly available information on which Embark has relied proves to be incorrect or misleading in any material respect, the actual condition, performance or prospects of Mayfield may differ materially from Embark's expectations and assumptions. This could result in unforeseen operational or integration challenges, higher-than-expected operating or compliance costs, additional regulatory obligations, or lower financial returns, any of which could have a material adverse effect on Embark's business, financial performance, financial position or strategic outcomes following completion.

Less than 100% ownership

There is no certainty that Embark will achieve sufficient acceptances to obtain full ownership of Mayfield. If Embark acquires less than 90 per cent of Mayfield and waives the 90% condition, it will not be able to compulsorily acquire the remaining shares, and minority shareholders may remain in Mayfield.

The presence of minority shareholders may reduce flexibility in executing integration initiatives and require ongoing compliance with listed-company obligations at the Mayfield level. In addition, Embark may not be able to realise the full financial and operational benefits anticipated from the acquisition. Any such partial outcome may affect the strategic rationale for the transaction and reduce expected benefits for Embark and its shareholders. Refer to section 7 for further information.

Regulatory risks – Conditions

The Offer is subject to a limited number of defeating Conditions including a minimum acceptance condition, no prescribed occurrence condition and quotation condition.

Reporting risks

Embark has assumed that Mayfield has complied with its continuous disclosure obligations and other reporting requirements and that disclosures made by it are true and are not misleading in any material respects. If Mayfield's disclosures are incomplete, inaccurate or misleading, Embark's assessment of the Mayfield business may be incorrect. Any undisclosed issues that emerge following completion may require additional investment, management attention or operational remediation, and may adversely affect the financial performance of the combined group.

Dilution risks

As the consideration payable for the Offer consists of Embark Shares, the interests of existing Embark Shareholders (which may include Mayfield Shareholders following completion of the Offer) will be diluted to some degree, with respect to this percentage ownership of Embark.

Taxation risks

Tax liabilities are the responsibility of each individual investor, and Embark is not responsible either for taxation or penalties incurred by Mayfield Shareholders, Mayfield Shareholders should consult their own taxation advisers to ascertain the tax implications of their investment.

Taxation considerations

The effects of taxation can be complex and may change over time. A general and high level summary of certain Australian income tax implications associated with acceptance of the Offer

is outlined in section 10. However, this summary is general and high level in nature and, as the circumstances for each Mayfield Shareholder may vary depending on their own individual and specific circumstances, Mayfield Shareholders should seek professional taxation advice in relation to their own position.

Potential impact on subsequent bids

If Embark acquires a significant but non-controlling interest in Mayfield, the resulting shareholding may discourage third parties from making alternative takeover proposals. This may limit the ability of Mayfield shareholders to receive competing offers, either during or after the current offer period.

7.3 Risks specific to Embark

The Directors also note that Embark is subject to the same risks as Mayfield in relation to the operation of childcare and education centres including:

- (a) **changes to law, regulation and government policy** regulating the childcare and early childhood education sector, including compliance, accreditation, staffing ratios and qualification requirements;
- (b) **changes to Government funding and childcare subsidies**, including changes to CCS eligibility, subsidy rates, activity test requirements, payment mechanisms or compliance obligations, which may affect affordability, demand, administrative burden and financial performance;
- (c) **changes to demographic and demand trends**, including changes to the early years demographic structure of the Australian population, local population shifts, workforce participation rates and parent preferences;
- (d) **occupancy risk**, including fluctuations in centre utilisation due to competition, demographics, economic conditions, service quality, regulatory ratings or community sentiment;
- (e) **sourcing, retaining and managing high quality staff**, including workforce shortages, wage pressures, educator availability, staff turnover, industrial relations matters and reliance on key personnel;
- (f) **lease arrangements and property risk**, including lease renewals, rental increases, landlord negotiations, site suitability and location-specific performance;
- (g) **employee misconduct**, workplace health and safety and service quality risk, including incidents involving children or staff, WorkCover claims, compliance breaches or allegations of inadequate care;
- (h) **regulatory, compliance and accreditation risk**, including audits, investigations, enforcement action, licence conditions, sanctions or changes in regulatory interpretation;
- (i) **competition and market risk**, including new market entrants, increased supply of licensed places, competitive pricing, educator competition and changes in market dynamics;
- (j) **reputational risk**, including adverse publicity arising from safety incidents, compliance issues, quality ratings, educator conduct, parent dissatisfaction or broader sector scrutiny;
- (k) **pandemic or public health risk**, including Government-imposed restrictions, temporary closures, reduced attendance, increased costs and operational disruption arising from public health events;

- (l) **macroeconomic risk**, including inflation, interest rates, employment conditions, consumer confidence and cost pressures demand for childcare services and operating cost base;
- (m) **liability and insurance risk**, including legal claims, regulatory penalties, increased insurance premiums or uninsured losses arising from incidents or service failures;
- (n) **technology, systems and cybersecurity risk**, including system failures, data breaches, cyber incidents, loss of sensitive personal information and disruption to enrolment, billing or compliance systems;
- (o) **technology development and digital platform risk**, including unsuccessful system upgrades, cost overruns, delays, or failure to keep pace with technological developments adopted by competitors;
- (p) **intellectual property risk**, including the protection of proprietary educational content, branding, systems and processes, and risks of infringement or misuse by third parties;
- (q) **third-party provider and vendor reliance risk**, including dependence on suppliers, contractors, technology vendors, insurers and service partners, and the impact of underperformance or disruption; and
- (r) **operational and internal process risk**, including failures of internal controls, human error, fraud, process breakdowns or compliance failures.

7.4 General and market risks

Government risk

A significant proportion of Embark's revenue comes from child care subsidies (CCS) funded by the Government. Any change in CCS eligibility, subsidy rates, activity test requirements, payment mechanisms or compliance obligations may materially affect family affordability and centre utilisation. Government reviews of early childhood policy, budgetary pressures, or shifts in social policy priorities may also result in structural changes to the sector. Any adverse change to Government funding arrangements may reduce demand, increase administrative burden or affect Embark's financial performance.

Market risks

An investment in Embark would be speculative because of the nature of Embark's business. There are numerous risk factors involved and while some of these risks can be mitigated by the use of safeguards and appropriate systems and controls, there are some risks that are outside the control of Embark and cannot be mitigated. Accordingly, an investment in Embark or in Embark Shares carry no guarantees with respect to the payment of dividends, return of capital or price at which Shares or Options will trade.

New entrants to the childcare sector could add to the supply of licensed childcare centres or facilities which could increase competition in the areas in which Embark operates. New or existing centres operating near an Embark centre could also have an impact on pricing and/or staffing as a result.

Regulation and publicity

Changes to the regulatory environment for child care, the Corporations Act, ASIC policy, ASX Listing Rules and their commercial application and/or publicity may have an impact on Mayfield and Embark's investments and may affect the value of Mayfield Shares and Embark Shares.

Changes in Accounting Policy

Embark and Mayfield must report and prepare financial statements in accordance with prevailing accounting standards and policies. There may be changes in these accounting

standards and policies in the future which may have an adverse impact on Embark's and Mayfield's (as applicable) reported financial performance and financial position.

Economic conditions

The price at which Embark Shares and Mayfield Shares trade on the ASX may be determined by a range of factors including movements in local and international equity and bond markets, general investor sentiment in those markets, inflation, interest rates, general economic conditions and outlooks.

Share market conditions

The market for Embark Shares and Mayfield Shares may also be affected by a wide variety of events and factors including variations in Embark and Mayfield's respective operating results, recommendations by securities analysts, and the operating and trading price performance of other listed entities that investors consider to be comparable to Embark. Some of these factors could affect Embark or Mayfield's share price regardless of underlying operating performance.

Factors may include movements in inflation, interest rates, exchange rates, general economic conditions and outlooks, changes in government, fiscal, monetary and regulatory policies, prices of commodities, global geo- political events and hostilities, acts of terrorism or any lockdowns or restrictions as a result of a pandemic.

Currency Risk

Shareholders who reside outside of Embark, or who rely on funding denominated in a currency other than the Australian dollar, should be aware of the impact that fluctuations in exchange rates may have on the value of their investments in, and returns.

Forward looking statements

Certain information in this Bidder's Statement constitutes forward looking information that is subject to risks and uncertainties and a number of assumptions, which may cause the actual expenditure and achievement of milestones and other outcomes of the combined group to be different from the expectations expressed or implied in this Bidder's Statement.

8 Embark's intentions for Mayfield

8.1 Limitations and further review

This section sets out Embark's current intentions for Mayfield's business.

Embark has conducted high level due diligence on Mayfield based on both:

- (a) a review of public information; and
- (b) a review of certain information provided by Mayfield and which underpinned information about the Mayfield Group that has been publicly disclosed by Mayfield, purely for the purpose of confirmatory due diligence by Embark,

(Due Diligence Investigations).

Given the information reviewed by Embark as part of its Due Diligence Investigations already underpinned information that had been publicly disclosed, none of the information to which Embark was given access as part of its Due Diligence Investigations, was, in Embark's opinion, information that a reasonable person would expect the information to have a material effect on the price or value of Mayfield Shares or, except as disclosed in the Bidder's Statement, would otherwise be material to the decision by a Mayfield Shareholder whether or not to accept the Offer.

While Embark has undertaken high level Due Diligence Investigations, Embark has not had the opportunity to conduct full operational due diligence on Mayfield.

The Due Diligence Investigations by Embark did not provide Embark with sufficient information necessary to determine its intentions for Mayfield. As such, statements set out in this section are statements of broad aims only which are likely to change as new information becomes available or circumstances change.

Following the close of the Offer, it is Embark's intention to undertake a further detailed review of the operations and assets of Mayfield. The objective of the detailed review will be to:

- (a) evaluate the performance, prospects and strategic opportunities of the Mayfield business and childcare, including how Embark can provide strong support to the managers and teachers at Mayfield's centres;
- (b) develop a strategy to effectively coordinate Mayfield's childcare and education centres with Embark's existing portfolio of childcare and education centres;
- (c) identify opportunities to increase occupancy at Mayfield's childcare centres and improve operational efficiency; and
- (d) assess opportunities to improve resource use associated with Mayfield's current operations by aligning the head office operations of Embark and Mayfield.

Only upon completion of the detailed review, and in light of all material facts and circumstances will Embark determine its intentions for Mayfield and implement plans it considers desirable to achieve optimum synergies.

Where appropriate, any review of the Mayfield business will be undertaken in consultation with the senior leadership of Mayfield.

8.2 Intentions upon acquisition of 90 percent or more of Mayfield Shares

This section sets out Embark's current intentions if, by virtue of acceptance of the Scrip Offer and Cash Offer, it obtains a Relevant Interest in 90 percent or more of the Mayfield Shares and is entitled to proceed to compulsory acquisition of the outstanding Mayfield Shares.

- (a) **Compulsory acquisition**

If it becomes entitled to do so, Embark intends to give notices to compulsorily acquire any outstanding Mayfield Shares under section 661B Corporations Act and elect to acquire Mayfield Shares issued as a result of exercise of the Mayfield Rights:

- (i) after the end of the Offer Period and before the compulsory acquisition notice; and
- (ii) within six weeks after the compulsory acquisition notice is given, in each case subject to satisfaction of the relevant statutory conditions.

In certain circumstances, Embark may be required to buy out the holders of Mayfield Rights. Embark will comply with the statutory obligation in that regard.

(b) **Amend Mayfield constitution**

Embark intends to amend the constitution of Mayfield to reflect its status as a wholly-owned subsidiary of Embark and will seek to convert Mayfield from a public company to a proprietary company.

(c) **ASX listing**

After conclusion of the compulsory acquisition process, Embark intends to procure that Mayfield be removed from the official list of ASX.

(d) **Directors**

As at the date of this Bidder's Statement, Embark has not formed a view on whether it will replace all or a majority members of the Mayfield Board and of the board of any company on which Mayfield has nominee directors (including its Subsidiaries) with Embark nominee directors.

Notwithstanding the above, Embark will appoint additional nominee directors to the Mayfield Board.

The identity of such nominee directors has not yet been determined, but nominees would likely be drawn from the existing Embark board of directors

(e) **Operations**

Embark does not intend to make any material changes to Mayfield's business, brand or operations. Embark will look to:

- (i) leverage best practices between Mayfield and Embark to enhance childcare centre occupancy;
- (ii) apply Embark's experience in operating a large number of high quality childcare centres to increase operational efficiency within the Mayfield business;
- (iii) use Embark's acquisition experience to improve centre integration, progressing plans internally within the Mayfield Group and of the Combined Group; and
- (iv) continue to develop Mayfield's online early learning platform and curriculum tools.

Finally, Embark expects that it will be able to align various administrative, management and corporate functions, and the IT systems.

(f) **Employees**

The acquisition of Mayfield by Embark will provide Mayfield with employees an opportunity to be a part of a larger Merged Group, which has a strong commitment to developing its employees and employee engagement.

With the benefit of its detailed review, Embark will consider the best allocation of Mayfield employees to continuing and new roles. Embark expects that it should be able to retain Mayfield's management team, childcare and education centre employees.

In the event that roles within Embark or Mayfield are no longer required due to the coordination of resources between the two organisations, Embark will ensure employees receive redundancy payments and other benefits in accordance with their legal and contractual entitlements.

8.3 Intentions upon acquisition of between 50 percent and 90 percent of Mayfield Shares

The Offer is conditional on if Embark obtaining a Relevant Interest in more than 90% (by number) of Mayfield Shares (inclusive of the 19.9% interest Embark already owns).

While Embark has no present intention to waive this condition, Embark is entitled to do so in accordance with the Corporations Act and reserves its right to do so.

This section sets out Embark's current intentions if, by virtue of acceptance of the Scrip Offer and the Cash Offer, it was to gain effective control of Mayfield but was not entitled to proceed to compulsory acquisition of the outstanding Mayfield Shares.

(a) Compulsory acquisition

If Embark does not become entitled to compulsorily acquire Mayfield Shares under section 661B Corporations Act, it may nevertheless become entitled to exercise the general compulsory acquisition power under part 6A.2 Corporations Act in the future. Embark intends to exercise that power if it becomes entitled to do so. This could occur, for example, if Embark acquired further Mayfield Shares in reliance on the 3% creep exception provided in item 9 of section 611 Corporations Act.

(b) ASX listing

Embark intends to seek that Mayfield be removed from the official list of ASX.

(c) Intentions generally

If, following the close of the Offer, Mayfield becomes a controlled entity but not a wholly owned subsidiary of Embark, it is the present intention of Embark to not make any changes to the board and management of Mayfield.

(d) Dividend

Embark will review the dividend policy of Mayfield having regard to any capital funding and ongoing operational requirements of the Mayfield on the one hand and the appropriateness of paying dividends to Mayfield Shareholders on the other.

8.4 Intentions upon acquisition of less than 50 percent of Mayfield Shares

The Offer is conditional on if Embark obtaining a Relevant Interest in more than 90% (by number) of Mayfield Shares (inclusive of the 19.9% interest Embark already owns).

While Embark has no present intention to waive this condition, Embark is entitled to do so in accordance with the Corporations Act and reserves its right to do so.

In that circumstance:

- (a) Embark has a Relevant Interest in less than 50.1%, to the extent possible through its non-controlling holding of Mayfield Shares, Embark will endeavour to give effect to the

intentions set out in section 8.3. However, Embark considers that its ability to affect the intentions set out in section 8.3 will be significantly limited if Embark is unable to achieve the level of shareholding.

- (b) Embark may consider acquiring additional Mayfield Shares under the "creep" provisions of item 9 in section 611 of the Corporations Act (which allows for Embark and its Associates to acquire up to 3% of Mayfield Shares every 6 months) until it achieves a majority Voting Power. Embark has not yet decided whether it will acquire further Mayfield Shares in the event it controls less than 50.1 %.

8.5 Limitations on intentions

The intentions and statements of future conduct set out in this section 8 must be read as being subject to:

- (a) the law (including the Corporations Act) and the ASX Listing Rules, including in particular the requirements of the Corporations Act and the ASX Listing Rules in relation to conflicts of interest and "related party" transactions given that, if Embark gains control of Mayfield but does not acquire all of the Mayfield Shares, it will be treated as a related party of Mayfield for these purposes; and
- (b) the legal obligations of the Mayfield Directors at the time, including any nominees of Embark, to act in good faith and in the best interests of Mayfield and for proper purposes and to have regard to the interest of all Mayfield Shareholders (in which regard the role of independent directors of Mayfield will also be important).

9 Funding

9.1 Consideration under the Offer

The consideration for the acquisition of Mayfield Shares under the Offer is to be satisfied by:

- (a) Scrip Consideration; or
- (b) Cash Consideration.

The Cash Consideration for the acquisition of Mayfield Shares will be satisfied in cash (in Australian dollars).

9.2 Scrip Consideration

The total number of Embark Shares to be issued will depend on the number of Mayfield Shares that Embark acquires for Scrip Consideration under the Offer.

The maximum number of Embark Shares which are required to be issued under the Offer if acceptances are received for all the Mayfield Shares on issue at the date of this Bidder's Statement that Embark does not already own for Scrip Consideration is approximately 60,895,614 (excluding rounding adjustments).

Embark Shares issued under the Offer are exempt from ASX Listing Rule 7.1 (which prohibits issues exceeding 15% of a company's share capital in any 12-month period). Accordingly, Embark has the capacity to issue the maximum number of Embark Shares that may be required under the Offer.

9.3 Cash consideration

Based on the number of Mayfield Shares on issue as at the date of this Bidder's Statement, the maximum amount of cash that would be payable by Embark under the Offer if:

- (a) acceptances were received for all Mayfield Shares in return for the Cash Consideration; plus
 - (b) all Performance Rights are vested and converted into Mayfield Shares,
- is approximately \$30,254,469.50.

9.4 Sources of Cash Consideration

The Cash Consideration will be able to be sourced from the following:

- (a) Existing cash reserves of Embark;
- (b) Cash from the Institutional Placement which completed on 19 December 2025; and
- (c) Cash from a Proposed Institutional Placement that may be completed in January 2026 which is proposed to be completed with the support of Unified Capital Partners, subject to the level of demand for Scrip Consideration.

Details of each is provided below:

(a) Particulars of cash reserves

Embark has allocated a cash pool of \$10,000,000 out of its existing cash reserves to satisfy the Cash Consideration (**Cash Pool**).

This amount is on deposit with financial institutions and is immediately available to fund the Cash Consideration.

(b) Institutional Placement

The Institutional Placement completed on 19 December 2025 with gross proceeds of \$12,000,000 raised as a result of the issue of 20,000,000 Shares at \$0.60 per Embark Share.

Of the \$12,000,000, Embark has received a net amount of \$11,400,000, which will be available to fund the Cash Consideration.

The Institutional Placement was managed by Unified Capital Partners Limited (**Lead Manager**).

This amount is on deposit with financial institutions and is immediately available to fund the Cash Consideration.

(c) **Proposed Institutional Placement**

With the allocation of the \$10,000,000 out of the Cash Pool plus the \$11,400,000 from the Institutional Placement (total of \$21,400,000), that leaves a balance of \$8,854,469.5 which would be payable in the event that all Mayfield Shareholders elect to take the Cash Consideration.

Embark signed a mandate on 18 November 2025 (**Mandate**) with the Lead Manager for a further capital raise (**Proposed Capital Raise**) in January 2026. The completion of the Proposed Capital Raise is subject to Mayfield Shareholder choice of Cash Consideration or Scrip Consideration and the amount of cash that may be required.

Under the terms of the Mandate:

- (i) The Lead Manager agreed to lead manage an unconditional share placement for up to \$9,000,000 in January 2026; and
- (ii) The Lead Manager indicated that on the basis of market demand for Embark Shares, it is confident it will be able to raise such an amount.

In terms of pricing, if the Proposed Capital Raise were completed at \$0.60 per Embark Share, being the same price at which Embark Shares were issued in the Institutional Placement, that would result in a maximum of 15.0 million additional Embark Shares being issued. All such Embark Shares would be issued utilising Embark's existing 15% ASX placement capacity under ASX Listing Rule 7.1.

9.5 **Provision of Consideration**

On the basis of the arrangement described in this section, Embark is of the opinion that it has a reasonable basis for holding the view, and holds the view, that Embark will be able to provide 100% of the Offer Consideration offered under the Offer.

10 Taxation considerations

10.1 Introduction

With the exception of the information in clause 10.3, the following is a general and high-level summary of certain Australian income tax (including CGT), stamp duty and GST consequences generally applicable to certain Mayfield Shareholders who dispose of Mayfield Shares under the Offer. All Mayfield Shareholders are advised to seek independent professional advice about their particular circumstances and Mayfield Shareholders who are foreign tax residents (i.e. a tax resident of a country other than Australia) for Australian income tax purposes should seek their own advice on the Australian and foreign taxation consequences of any sale of their Mayfield Shares. The information in this section is based upon the Australian law and administrative practice in effect at the date of this Bidder's Statement, but is general and high level in nature and is not intended to constitute advice or be an authoritative or complete statement of the laws applicable to the particular circumstances of a Mayfield Shareholder.

In particular this summary is only applicable to Mayfield Shareholders that are Australian residents for Australian income tax purposes (**Australian Tax Resident Mayfield Shareholders**) and only considers the Australian tax position. That is, it does not apply to Mayfield Shareholders who are foreign tax residents (i.e., a tax resident of a country other than Australia), for Australian income tax purposes.

This is not an exhaustive list of all Australian tax considerations applicable to Australian Tax Resident Mayfield Shareholders in respect of the Offer. Mayfield Shareholders should be aware that changes to Australian tax law subsequent to this Bidder's Statement may affect the Australian taxation treatment and outcomes as detailed below.

With the exception of the information in clause 10.3, the general outline of the Australian tax consequences outlined below are applicable to Australian Tax Resident Mayfield Shareholders who hold their Mayfield Shares on capital account for the purpose of Australian income tax. The summary does not apply to Mayfield Shareholders:

- (a) who hold their Mayfield Shares for the purpose of speculation or a business of dealing in securities (e.g. as trading stock or as revenue assets);
- (b) who acquired their Mayfield Shares in respect of their employment, or an associate's employment, with Mayfield or an associated company of Mayfield;
- (c) who are subject to taxation of financial arrangement rules in Division 230 of the Income Tax Assessment Act 1997 (**ITAA 1997**) in relation to gains or losses on their Mayfield Shares;
- (d) that may be subject to special tax rules, such as financial institutions, insurance companies, partnerships (except where expressly stated), tax exempt organisations, trusts (except where expressly stated), superannuation funds (except where expressly stated) or temporary residents as that term is defined in section 995-1 *ITAA 1997*;
- (e) that may be subject to special tax rules, such as banks, insurance companies, tax exempt organisations, superannuation funds, dealers in securities;
- (f) are subject to the Investment Manager Regime under subdivision 842-I *ITAA 1997*;
- (g) who do not hold the Mayfield Shares on capital account for the purpose of Australian income tax;
- (h) non-resident Mayfield Shareholders who hold their Mayfield Shares as an asset of a permanent establishment in Australia;
- (i) who changed their tax residency while holding Mayfield Shares;

- (j) who made a choice under Subdivision 960-D of the ITAA 1997 to use a functional currency other than Australian dollars to calculate their Australian taxable income;
- (k) who are under a legal disability or who are exempt from Australian tax; or
- (l) who hold the Mayfield Shares on behalf of another person.

The general and high-level comments in this Section 10 (with the exception of the information in clause 10.3) are also on the basis that Australian Tax Resident Mayfield Shareholders provide their Australian 'tax file number' (or 'Australian Business Number' as relevant) to Mayfield or Embark as applicable under Australian taxation law in respect of the Offer.

Mayfield Shareholders who are tax residents of a country other than Australia (whether or not they are also residents, or are temporary residents, of Australia for tax purposes) should take into account the tax consequences of the Offer under the laws of their country of residence, as well as under Australian law.

10.2 Australian resident Mayfield Shareholders

As set out above, this section applies to Mayfield Shareholders who are Australian Tax Resident Mayfield Shareholders.

(a) Accepting the Offer

If an Australian Tax Resident Mayfield Shareholder accepts the Offer, the disposal of that Australian Tax Resident Mayfield Shareholder's Mayfield Shares will constitute a CGT event for Australian income tax purposes. The Australian Tax Resident Mayfield Shareholder will be taken to have disposed of their Mayfield Shares for CGT purposes when the contract to sell their Mayfield Shares is formed. This should generally be the date that the Offer is accepted.

(b) Compulsory acquisition

If Embark becomes entitled to compulsorily acquire any outstanding Embark Shares under the Corporations Act (see section 8.2 above) and an Australian Tax Resident Mayfield Shareholder's Mayfield Shares are compulsorily acquired, such Australian Tax Resident Mayfield Shareholder will be taken to have disposed of their Mayfield Shares for CGT purposes. The date of disposal will generally be the date the Australian Tax Resident Mayfield Shareholder ceases to be the owner of the Mayfield Shares.

(c) Not accepting the Offer

There should be no CGT consequences if an Australian Tax Resident Mayfield Shareholder does not accept the Offer and their Mayfield Shares are not compulsorily acquired as per section 8.2.

(d) CGT consequences on the disposal of Mayfield Shares

In broad terms, Australian Tax Resident Mayfield Shareholders will make a capital gain on the disposal of their Mayfield Shares to the extent that the market value of the Offer Consideration exceeds the tax cost base of the Mayfield Shares held by the Australian Tax Resident Mayfield Shareholders (prior to the availability of the CGT discount (see below) and any losses available to be offset against the capital gain).

The capital proceeds received for the disposal of the Mayfield Shares should generally be calculated by reference to the market value of Embark Shares or the cash consideration that each Australian Tax Resident Mayfield Shareholder will receive.

In broad terms, the sum of all capital gains derived by an Australian Tax Resident Mayfield Shareholder in the income year in which the transaction occurs, reduced by any capital loss incurred during that year, or carried forward from prior years (known

as the net capital gain), should be included in the assessable income of the Australian Tax Resident Mayfield Shareholder.

Alternatively, an Australian Tax Resident Mayfield Shareholder will make a capital loss on the transfer of their shares to Embark, equal to the amount by which the reduced cost base of their Mayfield Shares is more than the capital proceeds (i.e. the market value of shares in Embark or the cash consideration) they receive under the Offer. In certain circumstances, a capital loss may be used to offset against a capital gain made in the same income year or be carried forward to offset a capital gain made in a future income year (subject to the satisfaction of certain loss recoupment tests which can apply if the Australian Tax Resident Mayfield Shareholder is a company or trust).

(e) **Calculating the capital gain or loss**

An Australian Tax Resident Mayfield Shareholder will realise a capital gain in connection with the disposal of an Mayfield Share to the extent that their capital proceeds are more than the CGT cost base of that Mayfield Share. An Australian Tax Resident Mayfield Shareholder will realise a capital loss to the extent that the amount they receive (or are deemed to receive) is less than the CGT reduced cost base of the Mayfield Share.

Capital losses can usually only be offset against capital gains which are realised in the same income year or in later income years. As the loss rules are complex, any Australian Tax Resident Mayfield Shareholder who is a company or a trustee you should seek their own independent professional advice as to how these rules may apply, having regard to their particular circumstances.

Any net capital gain should be included in their assessable income for that income year. Broadly, their net capital gain in respect of an income year will be calculated by aggregating all of their capital gains realised in that income year and reducing that amount by their capital losses realised in that income year and any available net capital losses from prior years. The net capital gain may be reduced by the CGT discount (discussed below).

Australian Tax Resident Mayfield Shareholders should seek independent tax advice to determine the capital gain or loss calculation based on their individual circumstances.

(f) **Capital Proceeds**

The capital proceeds for a Mayfield Share should equal the Offer Consideration. In respect of any Scrip Consideration issued by Embark, the capital proceeds for an Mayfield Share is determined with reference to the market value of the Embark Share when the new Embark Shares are issued under the Offer and the Australian Tax Resident Mayfield Shareholder disposes of their Mayfield Shares.

(g) **Cost Base**

The cost base and reduced cost base of the Mayfield Shares will generally include the amount paid by the Australian Tax Resident Mayfield Shareholder to acquire the Mayfield Shares, plus any incidental costs of acquisition (eg brokerage fees and stamp duty). The cost base of each Mayfield Share will depend on the specific circumstances of each Australian Tax Resident Mayfield Shareholder.

Mayfield Shares acquired in different transactions may have different cost bases and therefore capital gains may arise in respect of some Mayfield Shares, whilst capital losses may arise in respect of other Mayfield Shares.

(h) **CGT Discount**

Generally, Australian Tax Resident Mayfield Shareholders who are individuals, trusts and complying superannuation funds that have held their Shares for at least 12 months at the time of disposal, and do not choose CGT rollover relief (as outlined

below) may be entitled to a 'CGT discount' in calculating the net capital gain to be included in their assessable income.

Australian Tax Resident Mayfield Shareholders will be eligible for CGT discount provided that:

- (i) the Mayfield Shares were acquired at least 12 months before disposal to Embark;
- (ii) the Australian Tax Resident Mayfield Shareholder did not choose to index the cost base of their Mayfield Shares; and
- (iii) the CGT discount is applied to the capital gain after any available capital losses are first applied to reduce the capital gain.

The CGT discount allows an Australian Tax Resident Mayfield Shareholder who is an individual or the trustee of a trust to discount the capital gain by 50%.

Australian Tax Resident Mayfield Shareholder that is a complying superannuation entity may discount the capital gain by 33.3%.

The CGT discount is not available to an Australian Tax Resident Mayfield Shareholder that is a company.

(i) **CGT Rollover**

Where Embark acquires 80% or more of the Shares in Mayfield, a Australian Tax Resident Mayfield Shareholder that elects to receive Scrip Consideration may be eligible to choose scrip for scrip CGT rollover relief under Subdivision 124-M ITAA 1997 in respect of the disposal of Mayfield Shares, so that any CGT payable on the disposal of their Mayfield Shares is deferred. Rollover relief is only available in respect of Scrip Consideration received; and only for shareholders who realise a capital gain from the disposal of their Shares.

If an Australian Tax Resident Mayfield Shareholder elects for CGT rollover relief to apply, any capital gain that they would otherwise make on the disposal of their Mayfield Shares will be disregarded, as the only consideration that Australian Tax Resident Mayfield Shareholder will receive in respect of their Mayfield Shares are replacement shares in Embark.

The benefit of choosing scrip for scrip rollover relief will depend on the individual circumstances of each Mayfield Shareholder and therefore Australian Tax Resident Mayfield Shareholders should discuss this with their tax advisers.

Where rollover relief is chosen, the tax cost base of the Embark Shares received by the Australian Tax Resident Mayfield Shareholders should equal the tax cost base of the Mayfield Shares disposed. This tax cost base will be allocated on a proportionate basis across the Embark Shares received. This cost base will be relevant in determining any future CGT liability on the subsequent disposal of the Embark Shares.

For the purposes of determining whether the CGT discount applies on any subsequent disposal of the Embark Shares, the date on which the Australian Tax Resident Mayfield Shareholders will be deemed to have acquired the Embark Shares will be the day they acquired their original Mayfield Shares.

Generally, where Australian Tax Resident Mayfield Shareholders prepare their income tax return on the basis that scrip for scrip rollover has been applied, this will be sufficient evidence of making the choice to obtain rollover relief. No formal election notice to apply scrip for scrip rollover relief is required to be lodged with the ATO.

In certain circumstances, it may be necessary for Embark to make a joint election with Australian Tax Resident Mayfield Shareholders in order for CGT rollover relief to apply. To the extent a joint election is necessary for rollover relief to apply then, at the request of the Australian Tax Resident Mayfield Shareholders and provided the Australian Tax Resident Mayfield Shareholders have informed Embark in writing of the cost base of their Mayfield Shares, Embark may make the joint election. Embark confirms that it will not make any choice or election under the CGT rollover provisions that would prevent Australian Tax Resident Mayfield Shareholders from obtaining CGT rollover relief where available.

However, if the Offer becomes unconditional and Embark does not increase its holding to at least 80% of the Mayfield Shares on issue as a result of the Offer, CGT rollover relief will not be available for any Australian Tax Resident Mayfield Shareholders.

Further, generally speaking CGT rollover relief is not available for foreign tax residents (i.e. a tax resident of a country other than Australia) for Australian income tax purposes except in certain limited circumstances (noting that the comments in this section 10.2 only apply to Australian Tax Resident Mayfield Shareholders).

10.3 Non-Australian resident Mayfield Shareholders

(a) CGT consequences on the disposal of Mayfield Shares

Mayfield Shareholders who are non-Australian tax residents that derive a capital gain on disposal of their Mayfield Shares would be subject to Australian capital gains tax to the extent the Mayfield shares are characterised as 'taxable Australian property'. Generally, these Mayfield Shareholders would be subject to Australian income tax on any capital gain derived if:

- (i) they (together with their associates) hold 10% or more of Mayfield Shares on issue (at the time of disposal or throughout a 12-month period during the two years before disposal);
- (ii) the majority of Mayfield's assets consists of real property situated in Australia; and
- (iii) they do not choose scrip for scrip rollover (or they take cash).

Mayfield Shareholders who are non-Australian tax residents should seek specific tax advice in relation to the tax implications, including the tax implications in their country of residence.

(b) Foreign Resident capital gains withholding tax

Provided the Mayfield Shares held by Shareholders are not 'taxable Australian property', the foreign resident capital gains withholding regime should not apply. Accordingly, the regime should not operate to require Embark to withhold an amount and remit to the ATO.

Mayfield Shareholders that are not tax residents of Australia (particularly those holding a 10% or greater interest) should seek independent professional taxation advice in this regard.

10.4 Australian stamp duty

The sale of the Mayfield Shares to Embark may be subject to Australian stamp duty if Mayfield is a "landholder" for Australian stamp duty purposes in any State or Territory in Australia. In very broad terms, an entity is a "landholder" for Australian stamp duty purposes where it has "landholdings" in an Australian State or Territory with an unencumbered value (i.e. market value) above the relevant jurisdiction's threshold. The thresholds differ in each Australian State and Territory. Generally speaking, "landholdings" for Australian stamp duty purposes include interests in land, including leases, fixtures and other items fixed to land in an Australian State or Territory as well as certain Australian mining related interests. Any

Australian stamp duty payable for the transfer of the Mayfield Shares in respect of the Offer will be paid by Embark.

The issue of Embark Shares as part of any Scrip Consideration in respect of the Offer should not give rise to any Australian stamp duty liability for existing Mayfield Shareholders (including Australian Tax Resident Mayfield Shareholders).

10.5 **Goods and Services Tax (GST)**

The sale of Mayfield Shares by existing Australian Tax Resident Mayfield Shareholders as contemplated under this Offer will not attract GST. Similarly, no GST will be payable on the acquisition of Embark Shares by Australian Tax Resident Mayfield Shareholders. This is regardless of whether the Australian Tax Resident Mayfield Shareholder is registered for GST.

Costs incurred in relation to the Offer by Australian Tax Resident Mayfield Shareholders may include GST. The ability for Australian Tax Resident Mayfield Shareholders to claim input tax credits or reduced input tax credits for GST purposes in respect of those costs may be limited depending on the individual circumstances of the Australian Tax Resident Mayfield Shareholders.

Independent GST advice should be sought by Australian Tax Resident Mayfield Shareholders in relation to their specific circumstances.

10.6 **Obtain your own taxation advice**

The general and high level tax summary in this section 10 is intended as a general and high level guide only and does not constitute tax advice. Mayfield Shareholders should not rely on the comments or the statements contained in this Bidder's Statement (including this section 10) as advice about their own affairs. The Australian taxation laws are complex and there could be Australian tax implications in addition to those generally described in this Bidder's Statement.

Accordingly, Mayfield Shareholders should consult their own tax advisers for advice applicable to their individual needs, circumstances and taxation profile. To the extent permitted by law, Embark does not accept any responsibility for tax implications for individual Mayfield Shareholders.

Embark is not a registered tax agent under the *Tax Agent Services Act 2009* (Cth) and cannot provide tax advice to specific Mayfield Shareholders. Mayfield Shareholders should obtain tax advice from a registered tax agent or other qualified tax advisor on the tax consequences of accepting the Offer.

11 Additional information

11.1 Embark is a disclosing entity

As Embark is offering Scrip Consideration, the Corporations Act requires that this Bidder's Statement includes all information that would be required for a prospectus for an offer of Embark Shares under sections 710 to 713 of the Corporations Act. Embark does not need to issue a separate prospectus for the Offer of Scrip Consideration as that offer occurs under a takeover bid.

Embark is a disclosing entity (as defined in section 111AC of the Corporations Act) for the purposes of section 713 of the Corporations Act that is subject to regular reporting and disclosure obligations. Specifically, like all listed companies, Embark is required to continuously disclose to the market any information it has, which a reasonable person would expect to have a material effect on the price or the value of Embark's Shares.

Embark Shares have been quoted on the ASX during the 12 months before the date of this Bidder's Statement. For this reason, Embark is only required to disclose information in this Bidder's Statement that would usually be required where its shares have been continuously quoted securities.

In general terms, where Embark's shares are continuously quoted securities, a prospectus is only required to contain information on the effect of the Offer on Embark and the rights and liabilities attaching to the Embark Shares. It is not necessary to include general information on all of Embark's assets and liabilities, financial position and performance, profits and losses or prospects unless that information has been excluded from a continuous disclosure notice in accordance with the ASX Listing Rules and it is information that investors and their professional advisers would reasonably require for the purpose of making an informed assessment of those matters and the rights and liabilities attaching to Embark Shares.

Information that is already in the public domain is not reported in this Bidder's Statement other than that which is considered necessary to make this Bidder's Statement complete. Embark, as a disclosing entity under the Corporations Act, states that:

- (a) it is subject to regular reporting and disclosure obligations;
- (b) copies of documents lodged with ASIC by Embark (not being documents referred to in section 1274(2)(a) of the Corporations Act) may be obtained from, or inspected at, an ASIC office; and
- (c) it will provide a copy of each of the following documents, free of charge, to any person on request during the Offer Period:
 - (i) the financial statements of Embark for the 12 months ended 31 December 2024 (being the annual report most recently lodged by Embark with ASIC);
 - (ii) the half-year financial report lodged for the six months ended 30 June 2025 lodged with ASIC by Embark; and
 - (iii) all continuous disclosure notices given by Embark after the lodgement of that annual financial report with ASIC and before the lodgement of this Bidder's Statement with ASIC.

If you would like to receive a copy of any of these documents or publications, please call the Offer Information Line on 1800 262 299 (within Australia) or 1800 262 299 (outside Australia).

Copies of all documents lodged with ASIC in relation to Embark can be inspected at the registered office of Embark during normal office hours. A list of announcements made by Embark on the ASX between 1 January 2025 and the date of this Bidder's Statement appears in Appendix 2.

Other than information contained in this Bidder's Statement, there is no information which has been excluded from a continuous disclosure notice in accordance with the ASX Listing Rules and is information that a Mayfield Shareholder or a professional adviser to an Mayfield Shareholder would reasonably require for the purposes of making an informed assessment of:

- (a) the assets and liabilities, financial position and performance, profits and prospects of Embark; or
- (b) the rights and liabilities attaching to Embark Shares.

None of the information referred to in this section 11.1 is incorporated by reference into this Bidder's Statement or is included with this Bidder's Statement.

11.2 Date for determining holders of shares

For the purposes of section 633 of the Corporations Act, the date for determining the people to whom information is to be sent under items 6 and 12 of section 633(1) is the Register Date.

11.3 No collateral benefits

Neither Embark nor any of its associates has, during the period of four months ending on the day immediately before the date of the Offer, given, or offered or agreed to give, a benefit to another person likely to induce the other person, or an Associate, to:

- (a) accept the Offer; or
- (b) dispose of Mayfield Shares,

which benefit was not offered to all Mayfield Shareholders under the Offer.

11.4 No escalation agreements

Neither Embark nor any associate of Embark has entered into any escalation agreement that is prohibited by section 622 of the Corporations Act.

11.5 Regulatory approvals

There are no regulatory approvals that Embark needs to obtain before acquiring Mayfield Shares before or under the Offer.

11.6 Fees and benefits payable to directors and advisers

Other than as set out below or elsewhere in this Bidder's Statement, no:

- (a) Embark Director or proposed Embark Director;
- (b) person named in this Bidder's Statement as performing a function in a professional, advisory or other capacity in connection with the preparation or distribution of this Bidder's Statement; or
- (c) promoter of Embark,

has, or had within two years before the date of this Bidder's Statement, any interest in:

- (a) the formation or promotion of Embark;
- (b) any property acquired or proposed to be acquired by Embark in connection with its formation or promotion or in connection with the issue of Embark Shares under the Offer; or
- (c) the offer of Scrip Consideration under this Bidder's Statement,

and no amounts have been paid or agreed to be paid and no benefits have been given or agreed to be given to any Director or a proposed Director of Embark as an inducement to

become, or to qualify as, a Director of Embark or to any of those persons otherwise for services rendered by them in connection with the formation or promotion of Embark or the offer of Embark Shares under this Bidder's Statement.

The Embark Directors have the Relevant Interests in Embark Shares (either held directly, held by entities controlled by them or held by entities of which they are Embark Directors or held by family members) at the date of this Bidder's Statement as detailed in Section 4.7.

Insurance and indemnity arrangements are in place for Embark Directors and officers of Embark. To the extent permitted by law, Embark indemnifies every person who is or has been an officer against:

- (a) any liability to any person (other than Embark, related entities or a major shareholder) incurred while acting in that capacity and good faith; and
- (b) costs and expenses incurred by that person in that capacity in successfully defending legal proceedings and ancillary matters.

For this purpose 'officer' means any Embark Director or secretary of Embark or any subsidiary of Embark. Under the terms of the indemnity, Embark must maintain indemnity insurance coverage for a period of seven years after the officer held their position in Embark and allow the officer access to certain records after ceasing to hold office in Embark for a period of seven years.

Unified Capital Partners acted as financial advisor to Embark in relation to the Offer and also as Lead Manager for the Institutional Placement and Proposed Placement. Embark estimates that it will pay amounts totalling \$600,000 plus GST for its role with respect to the Institutional Placement and \$250,000 plus GST with respect to its role as financial advisor to Embark in relation to the Offer.

Thomson Geer has acted as Australian legal adviser to Embark in relation to the Offer. Embark estimates that it will pay amounts totalling \$180,000 plus GST in respect of this work.

The Registry has acted as the Registry to Embark in relation to the Offer. Embark estimates that it will pay amounts totalling \$43,000 in respect of this work.

11.7 **ASIC modifications to and exemptions from the Corporations Act**

Embark has not obtained from ASIC any modifications to the Corporations Act to facilitate the Offer. Embark may, however, rely on various Class Order and ASIC instruments published by ASIC which provide for certain modifications and exemptions that apply generally for all bidders, including Embark.

(a) **ASIC Corporations (Minimum Bid Price) Instrument 2015/1068**

The Bidder may rely on the provisions of ASIC Corporations (Minimum Bid Price) Instrument 2015/1068, which provides relief from the requirement in section 621(4) of the Corporations Act and allows a bidder up to five Business Days before the date of the takeover bid to value the quoted securities being offered as consideration under the takeover bid, for the purposes of determining whether the value of its bid consideration at least equals the maximum value of consideration paid by the bidder for bid class securities in the four months prior to the date of the offer.

Relying on that relief, the Bidder may value the Bidder Shares to be provided under the Offer at the Valuation Date. The valuation is determined by calculating the VWAP of the Bidder Shares in the ordinary course of trading on ASX and during two full days before the Valuation Date.

Under section 621(4A) of the Corporations Act (as inserted into the Corporations Act by the ASIC Corporations (Minimum Bid Price) Instrument 2015/1068) the following information is provided:

- (i) the value of Bidder Shares under section 621(4A): \$0.6342 per Bidder Share;
- (ii) the Valuation Date: 5 January 2026; and
- (iii) the trading days on which the valuation is based: 30 December 2025 and 2 January 2026 (noting that 31 December 2025 was not a full trading day).

The value of the Offer per Mayfield Share for the purpose of section 621 of the Corporations Act using this valuation is therefore \$0.5120.

This value exceeds the maximum value of consideration paid by Embark and its associates for Mayfield Shares in the four months prior to the date of the Offer.

(b) **ASIC Corporations (Takeover Bids) Instrument 2023/683**

Embark has relied on the following:

- (i) The modification to s636(3) of the Corporations Act set out in the *ASIC Corporations (Takeover Bids) Instrument 2023/683* to include in the Bidder's Statement, without obtaining specific consent, statements which are made in, or based on statements made in, documents lodged with ASIC or given to the ASX.
- (ii) As permitted by ASIC Corporations (Consents to Statements) Instrument 2016/72, this Bidder's Statement may, without consent, include or be accompanied by certain trading data references and certain statements which fairly represent a statement by an official person or which come from a public official document or published book, journal or complete publication.
- (iii) As permitted by ASIC Corporations (Consents to Statements) Instrument 2016/72, this Bidder's Statement contains share price trading data sourced from IRESS who has not consented to the use of such information in the Bidder's Statement.

(c) **Other**

ASIC has published various other Class Order Instruments providing for modifications and exemptions that apply generally to all persons, including Embark.

11.8 **ASX confirmations**

The ASX has confirmed that based solely on the information provided, ASX Listing Rules 11.1.2 and 11.1.3 do not apply to the Offer.

11.9 **Public announcements**

Public announcement(s) on or after the date of this Bidder's Statement in relation to the Offer should be available on Mayfield's announcements page on the ASX website referred to earlier in this Bidder's Statement.

11.10 **Institutional Acceptance Facility**

As at the date of this Bidder's Statement, Embark has not made a decision as to whether to introduce an institutional acceptance facility in connection with the Offer. However, Embark reserves the right to introduce such a facility.

11.11 **Withholding payment**

If any amount (the withholding amount) is required under any Australian law or by any public authority to be:

- (a) withheld from any consideration otherwise payable to you under this Offer and paid to a public authority; or

- (b) retained by Embark out of any consideration otherwise payable to you under this Offer,

the payment, provision or retention by Embark of the withholding amount (as applicable) will constitute full discharge of Embark's obligations to provide the consideration to you to the extent of the withholding amount.

11.12 Return of documents

If the Offer does not become unconditional or any contract arising from the Offer is rescinded on the grounds of a breach of a condition of that contract, Embark will, at its election, destroy the Acceptance Form and any other documents sent with it by you and notify ASX of this.

Unified Capital Partners has given (and before lodgement of this Bidder's Statement has not withdrawn) its written consent to be named as the financial advisor to the Offer and lead manager to the Institutional Placement and Proposed Placement in the form and context in which it is named.

Each of Thomson Geer and the Registry:

Mayfield Shareholders should note that Embark has assumed, for the purpose of preparing this Bidder's Statement, that the information contained in the documents lodged with ASIC or ASX is accurate. However, neither Embark nor its Directors take responsibility for the content of these documents and are not to be taken as endorsing, in any way, any or all statements contained in such documents, except to the extent required by law.

As permitted by *ASIC Corporations (Consents to Statements) Instrument 2016/72*, this Bidder's Statement may, without consent, include or be accompanied by certain trading data references and certain statements which fairly represent a statement by an official person or which come from a public official document or published book, journal or complete publication.

As permitted by *ASIC Corporations (Consents to Statements) Instrument 2016/72*, this Bidder's Statement contains share price trading data sourced from IRESS who has not consented to the use of such information in the Bidder's Statement.

11.14 Due Diligence

Embark was given access by Mayfield to certain information provided by Mayfield and which underpinned information about the Mayfield Group that has already been publicly disclosed by Mayfield. This information allowed Embark to confirm information which has been publicly disclosed by Mayfield.

None of the information to which Embark was given access, was, in Embark's opinion, information that, if it was generally available, a reasonable person would expect the information to have a material effect on the price or value of Mayfield Shares or, except as disclosed in the Bidder's Statement, would otherwise be material to the decision by a Mayfield Shareholder whether or not to accept the Offer.

11.15 Costs and expenses

All costs and expenses of the preparation and circulation of this Bidder's Statement and the Offer will be paid by Embark.

11.16 Expiry date

No Embark Shares will be issued on the basis of the Offer contained in this Bidder's Statement after the date that is 13 months after the date of this Bidder's Statement.

11.17 ASIC Market Integrity Rule 5.13.1 disclosure

Subject to the requirements of the Corporations Act, in accordance with rule 5.13.1 of the ASIC Market Integrity Rules, Embark reserves the right to acquire Mayfield Shares on-market at the Cash Consideration price during the "bid period" (as defined in the ASIC Market Integrity Rules).

Should Embark seek to acquire Mayfield Shares on-market, Embark will appoint Unified Capital Partners (ACN 666 560 050, AFSL 554658) as broker to acquire Mayfield's Shares on market during normal trading hours on the ASX during the "bid period" (as defined in the ASIC Market Integrity Rules) at a price equal to the Cash Consideration (**On Market Purchases**).

Any On-Market Purchases will be disclosed to the ASX in substantial holder notices which the Bidder is required to lodge under the Corporations Act.

Mayfield Shareholders who sell their Mayfield Shares on the ASX will result in their selling broker receiving payment on a T+2 basis (being two Business Days after the relevant transaction).

Mayfield Shareholders who sell their Mayfield Shares on the ASX cannot subsequently accept the Offer in respect of their Mayfield Shares sold on the ASX. In addition, Mayfield Shareholders who sell their Mayfield Shares on the ASX may incur brokerage charges which they may not incur if they accept the Offer.

11.18 No other material information

Except as disclosed in this Bidder's Statement, there is no other information that is:

- (a) material to the making of a decision by an Mayfield Shareholder whether or not to accept the Offer; and

- 2.1 Subject to clauses 3 and 4 of this Appendix 1, the price under the Offer Consideration is:

- (a) 1 Embark share for every 1.24 Mayfield shares (**Scrip Consideration**) the fractional entitlement will be rounded up to the nearest whole number if the fraction is 0.5 or greater of an Embark Share and rounded down if the fraction is less than 0.5 of an Embark Share; **or**
- (b) cash consideration of A\$0.50 per Mayfield share (**Cash Consideration**).

If no election is made, the default option for accepting Mayfield Shareholders will be the Scrip Consideration.

3 Ineligible Foreign Shareholders

If at the time this Offer is made to you, you are an Ineligible Foreign Shareholder, you will not be entitled to receive Embark Shares as consideration for your Mayfield Shares. Instead, you will receive a cash amount calculated under clause 8.3 of this Appendix 1.

Further information in relation to Ineligible Foreign Shareholders is set out at clause 4.2 of Appendix 1 below.

4 Foreign Shareholders

4.1 Eligible Foreign Shareholders

If Embark is satisfied that the laws of a Foreign Shareholder's country of residence (as shown on the Register) permits the issue of Embark Shares to the Foreign Shareholder either unconditionally or after compliance with conditions which Embark reasonably regards as not unduly onerous or unduly impractical (**Eligible Foreign Shareholder**), Embark may issue the Embark Shares to the Eligible Foreign Shareholder.

4.2 Ineligible Foreign Shareholders

- (a) An Mayfield Shareholder whose registered address is outside of Australia and its external territories or New Zealand is an **Ineligible Foreign Shareholder**, unless Embark determines that it is lawful, not unduly onerous and not unduly impractical to issue Embark Shares to that Mayfield Shareholder.
- (b) In the case of Mayfield Shareholders in the United States, the Offer does not constitute an offer to sell, or a solicitation of an offer to buy, any securities in the United States (**US**). The Embark Shares to be issued under the Offer have not been, and will not be, registered under the US Securities Act of 1933, as amended (**US Securities Act**) or the securities laws of any state or other jurisdiction of the US. Accordingly, the Embark Shares may not be offered or sold, directly or indirectly, to any person in the US or to, or for the account or benefit of, a US person (as defined in Regulation S under the US Securities Act), except in a transaction exempt from, or in a transaction not subject to, the registration requirements of the US Securities Act and applicable US securities laws.
- (c) Ineligible Foreign Shareholders are not entitled to receive Embark Shares as consideration for their Mayfield Shares. Ineligible Foreign Shareholders may either:
 - (i) accept the Offer, and:

- (A) accept the Cash consideration;
 - (B) accept the Scrip Consideration under which a Sale Nominee will sell the Embark Shares issued under the Offer and return the cash proceeds to the Ineligible Foreign Shareholder (further details regarding this process are set out below).
- (ii) not accept the offer, and:
 - (A) retain their Mayfield Shares; or
 - (B) sell their Mayfield Shares on market.
- (d) If an Ineligible Foreign Shareholder elects to receive Scrip Consideration, Embark will:
 - (i) arrange for the issue to the Sale Nominee of the number of Embark Shares to which you and all other Ineligible Foreign Shareholders would have been entitled but for classification as an Ineligible Foreign Shareholder under this clause 4.2 of Appendix 1; and
 - (ii) cause the Sale Nominee to offer for sale those Embark Shares in the manner, at the price and on other terms as are determined by the Nominee; and
 - (iii) pay to you the amount ascertained under the formula set out in clause 8.3 of Appendix 1.
- (e) Embark is not under any obligation to spend any money or undertake any action to satisfy itself of the eligibility of Foreign Shareholders to receive Scrip Consideration.

5 Fractional entitlements

If you accept the Offer and elect to receive the Scrip Consideration, and you are entitled to receive a fraction of a Embark Share, the number of Embark Shares you are entitled to under this Offer is rounded up to the next whole number of Embark Shares if it is 0.5 or more, and rounded down to the nearest whole number if it is less than 0.5. If you are entitled to a fraction of a cent, that fraction is rounded to the nearest cent on the same basis. If Embark reasonably believes that you have manipulated your holding of Mayfield Shares to take advantage of rounding up, then any fractional entitlement is aggregated or rounded down to the next whole number of Embark Shares.

6 Offer Period

- (a) The Offer opens on 5 January 2026.
- (b) The Offer will remain open for acceptance from the date of this Offer and ending at 7:00pm (Sydney time) on 5 March 2026, unless withdrawn or extended by Embark in its sole and absolute discretion, in accordance with the Corporations Act.
- (c) In accordance with section 624(2) of the Corporations Act, if, within the last seven days of the Offer Period, either of the following events occur:
 - (i) the Offer Consideration is increased; or
