Amendment to A$7M Placement

SYDNEY, AUSTRALIA – 13 January 2026 – RocketBoots Limited (ASX: ROC) (**RocketBoots** or the **Company**) wishes to announce that further to the announcement on 24 December 2025 titled '$7M Placement to Accelerate International Expansion', there is a minor change to the total placement for an additional 100,000 new shares.

Updated Placement Details

The placement will now comprise the issue of 28,100,000 new fully paid ordinary shares (**New Shares**) at an offer price of $0.25 per share (**Offer Price**) to raise gross proceeds of A$7.025 million.

The Company will utilise its existing capacity to facilitate the Placement being 10,868,665 New Shares issued under Listing Rule 7.1 and 17,131,335 New Shares issued under Listing Rule 7.1A. The New Shares will rank pari passu with the Company's existing fully paid ordinary shares. As originally published, a Director will participate in the offer ($25,000 for 100,000 new fully paid ordinary shares) subject to shareholder approval at the next general meeting.

There is no material change to the use of funds from the proceeds and no changes to any other matters regarding the placement.

The Company shall lodge an additional Appendix 3B, together with this announcement, as a result of the above.

About RocketBoots

1. RocketBoots mission is to empower the world's largest retailers & banks to run their large networks of stores & branches with lower operational costs & loss while improving service, sales & loyalty.

2. We achieve this by transforming video into performance improvement using Edge AI, cloud computing, simulation, advanced analytics and out of the box user interfaces.

3. Business critical trends driving demand for our software:
   ⇒ Retail shrinkage continues to accelerate globally
   ⇒ Self-checkout expansion requires loss-prevention technology to scale safely
   ⇒ Increased interest/hype in adopting AI to optimise margins, reduce operating costs & improve service

RocketBoots AI-powered product offerings directly address these core business trends:

Adaptive Loss Prevention for Retail

o Reduces self-checkout loss without adding needless friction
o Reduces staff driven loss at checkout
o Reduces margin lost to un-needed staff hours
o Reduces the risk of experience driven sales loss today (abandonment) & tomorrow (loyalty/ lifetime value of a customer)

Branch Value Optimisation

o Surgically enables branch/ digital hybrid working
o Lowers branch operating costs
o Speeds up response times across branch & digital channels
o Reveals service bottlenecks that impact NPS
