Westminster Project, Drilling Contract & Management

Drilling Contract

Truscott Mining has entered a contract with Geo-Drilling Pty Ltd to re-establish drilling activity on the Westminster Project by undertaking the first 2,500 metres of RC drilling. Weather permitting, the schedule is for the commencement of the program from the beginning of February 2026.

Project Management

Truscott has appointed Jonathan Stokes BSc, MSc, MBA, MAusIMM (CP), MAIG to the position of Project Manager- Geology. In making the appointment the company has been forward looking in terms of building its capability to move from research and development, and exploration, towards project development activities.

Peter N Smith

Executive Chairman

Forward-Looking Statements: This document may include forward-looking statements. Forward-looking statements include, but are not limited to, statements concerning Truscott Mining Corporation Limited's planned exploration program and other statements that are not historical facts. When used in this document, the words such as "could," "plan," "expect," "intend," "may" "potential," "should," and similar expressions are forward-looking statements. Although Truscott believes that its expectations reflected in these forward-looking statements are reasonable, such statements involve risks and uncertainties and no assurance can be given that further exploration will result in the estimation of a Mineral Resource.
