

Delisting of DMC Mining Limited - Next Steps Toward Relisting

- DMC Mining Limited ("**DMC**" or "**The Company**") advises that it will be removed from the Official List of the ASX on 27 January 2026. The delisting is a procedural outcome under the ASX Listing Rules following a two-year period of continuous suspension.
- DMC has been actively pursuing a relisting under Chapters 1 and 2 of the ASX Listing Rules; however, the process has been delayed due to one outstanding condition precedent, the granting of Exploration Licences in Guinea, which remains pending despite ongoing engagement with the relevant authorities.
- The Board remains committed to securing the Exploration Licences and progressing a fresh ASX listing of DMC Mining as soon as possible. The Company continues to engage with Guinean authorities and is preparing for a new capital raising and relisting process anchored by its flagship Firawa Rare Earths and Uranium project as soon as Exploration Licences are granted. Shareholders will be kept informed of any material developments.
