### Management Comment

#### Managing Director, Mark English, said:

"The completion of mining the Starter Pit at Munda and commencement of processing the second campaign at Lakewood is another huge step forward for Auric. Given the rapidly increasing gold price, we anticipate a far greater cash inflow and profit than previously expected.

"The Starter Pit results continue to validate Munda as a high-quality gold asset capable of generating near-term value while we progress planning for the larger Munda Main Pit. Auric is continuing to build on this momentum and transition further into a sustainable gold producer," said Mr. English.
