CHANGE IN DIRECTOR ROLE

AML3D Limited (ASX: AL3) ("AML3D" or "the Company"), advises that Mr Andrew Sales has stepped down from the role of Chief Technology Officer ('CTO') and will continue on the Board as a Non-Executive Director effective immediately.

The Company confirms Mr Sales has provided 6 months notice as per Employment agreement as responsibilities are transferred across to the senior leadership team. The Board does not consider Mr Sales to be an independent director for the purposes of the ASX Corporate Governance Principles, having regard to his recent executive role.

The Board thanks Mr Sales for his outstanding contribution to the Company as Founder (since 2014) and former Chief Executive Officer (2019-2022), and for his leadership in establishing and growing the business. The Board looks forward to his continued valued contribution in their role as a Non-Executive Director.

This announcement has been authorised for release by the Board of AML3D.

About AML3D Limited

AML3D Limited, a publicly listed technology company founded in 2014, is disrupting metal part supply chains using the Company's patented Wire Additive Manufacturing (WAM®) process. WAM® combines state-of-the-art welding science, robotics automation, materials engineering and proprietary software to lead metal additive manufacturing globally. AML3D is the OEM of the ARCEMY® industrial metal 3D printing systems. ARCEMY® uses WAM® to provide advanced, automated, on-demand, point-of-need 3D manufacturing solutions that are more efficient, cost-effective and have better ESG outcomes compared to traditional casting, forging and billet machining processes. ARCEMY® is IIoT and Industry 4.0 enabled to allow manufacturers across Aerospace, Defence, Maritime, Manufacturing, Mining and Oil & Gas to become globally competitive. AML3D also provides metal 3D printing design engineering services, software licencing, technical support, consumable sales and contract manufacturing services.
