Titomic Enters Space Act Agreement with NASA

HUNTSVILLE, AL – Titomic Limited (ASX: TTT) is an advanced manufacturing company delivering high-performance products and sustainment services for aerospace, defense, energy, and industrial markets. Titomic manufactures and repairs mission-critical components at speed and with material performance beyond traditional manufacturing and repair methods, supporting both production and in-service sustainment. These capabilities are enabled by Titomic's proprietary Cold Spray Additive Manufacturing platform, which allows the Company to rapidly produce, repair, and protect complex metallic structures without thermal distortion or degradation. Titomic is pleased to announce the signing of a Space Act Agreement with NASA to conduct testing and evaluation of components produced using Titomic Kinetic Fusion™ cold spray technology.

This is a significant opportunity for Titomic to demonstrate the capabilities of its advanced manufacturing processes in extreme environments. The initial evaluation by NASA will assess characteristics of Titomic-produced parts for potential use in aerospace applications.

"We are honored to be working with NASA on the evaluation of our cold spray manufactured components," said Jim Simpson, CEO and Managing Director at Titomic. "Our technology offers unique advantages in producing high-performance, lightweight parts without the need for heat or melting, making it ideally suited for space and aerospace applications where structural integrity and reliability are critical."

"The successful completion of this initial testing phase could mark the potential for future collaboration in aerospace innovation and supply chain development", said Dr. Patti Dare, Titomic USA President.

This Space Act Agreement supports collaboration focused on technical assessment and information exchange and provides Titomic an opportunity to demonstrate the capabilities of its advanced manufacturing technologies for potential defense, space, and industrial applications.

This announcement has been authorized for release by Titomic's Board of Directors.

ABOUT TITOMIC LIMITED

Titomic Limited (ASX: TTT) is a leading American manufacturing company specializing in large integrated solutions for industrial-scale metal additive manufacturing, coating, and repairs using its patented kinetic fusion cold spray (Titomic Kinetic Fusion™) technology. Titomic Kinetic Fusion™ cold spray solutions provide OEM production and R&D services to the global Aerospace, Defense, Shipbuilding, Oil & Gas, Mining and Automotive industries. Titomic also offers global sales and support for all its Titomic Kinetic Fusion™ cold spray AM activities from its Huntsville, Alabama Head Office, as well as through local presence in the Australia and Europe. Titomic delivers competitive advantages in metal additive manufacturing at every stage in the product value chain. For more information, please visit www.titomic.com.

FORWARD LOOKING STATEMENTS

Certain statements made in this release are forward-looking statements and are based on Titomic's current expectations, estimates and projections. Words such as "anticipates", "expects," "intends," "plans," "believes," "seeks," "estimates," "guidance" and similar expressions are intended to identify forward-looking statements. Although Titomic believes the forward-looking statements are based on reasonable assumptions, they are subject to certain risks and uncertainties, some of which are beyond Titomic's control, including those risks or uncertainties inherent in the process of both developing and commercializing technology. As a result, actual results could materially differ from those expressed or forecasted in the forward-looking statements. The forward-looking statements made in this release relate only to events as of the date on which the statements are made. Titomic will not undertake any obligation to release publicly any revisions or updates to these forward-looking statements to reflect events, circumstances or unanticipated events occurring after the date of this release except as required by law or by any appropriate regulatory authority.
