Chair's Report

Dear Shareholder,

I am pleased to present this report of WCM Global Growth Limited (**WQG** or the **Company**) for the half-year ended 31 December 2025 (**H1 FY2026**).

Results and Performance

The Company has achieved a positive result with net operating profit after tax for H1 FY2026 of \$22,868,000 (31 December 2024: \$47,091,000). The after-tax profit for the period is primarily attributed to an increase in the value of the Company's investment portfolio due to the investment performance of the Company's investment advisor, WCM Investment Management, LLC (**WCM**).

For H1 FY2026, the pre-tax net tangible asset (**NTA**) value per share of the Company has increased from \$2.025 as at 30 June 2025 to \$2.064 as at 31 December 2025. The increased NTA was after the payment of a 2.06 cents per share dividend (100% franked) paid on 30 September 2025 and a 2.09 cents per share dividend (100% franked) paid on 31 December 2025.

For H1 FY2026, the portfolio delivered a return of 6.23% for the period, compared with its benchmark, the MSCI All-Country World ex-Australia Index (**Benchmark**), which returned 9.85%. Pleasingly, for the 12 months to 31 December 2025, the portfolio delivered a return of 14.74%, outperforming its Benchmark, which returned 14.02%. The portfolio has delivered returns in excess of the Benchmark over one and three years and since inception.

The Investment Advisor and Investment Portfolio

WCM is a California-based investment management firm specialising in active global and emerging market equities. Founded in 1976, WCM is majority employee owned and manages A\$176 billion (as at 31 December 2025) on behalf of institutional and retail investors around the world including Australia.

WCM's two key criteria for any company to be considered for inclusion in the WCM Quality Global Growth Strategy are:

- a rising competitive advantage (or expanding economic moat); and
- a corporate culture that supports the expansion of this moat. WCM believes the direction of a company's economic moat is of more importance than its absolute width or size.

Its research is therefore focused on identifying those companies with a positive moat trajectory as measured by a rising return on invested capital as opposed to those with a large but static or declining moat. WCM also strongly believes that corporate culture is a key determinant of a firm's ability to achieve a consistently growing moat. WCM has developed a proprietary approach to analysing corporate culture and has investment team members solely dedicated to this part of its process.

Excellent Long-term Performance

The long-term performance of the Company's investment portfolio remains strong. Since inception in June 2017, the WQG portfolio has returned 16.49% per annum after all fees compared with the Benchmark of 13.69%. This is consistent with the longer-term performance of the WCM Quality Global Growth Strategy Composite, on which WQG's portfolio is based, which has returned 14.82% per annum since its inception in 2008.

A portfolio value of \$10,000 at the time of the Company's initial public offer in June 2017 has now grown to \$36,753 as at 31 December 2025.

Data as at 31 December 2025 in AUD. Value presented based on the portfolio return in AUD and calculated before expenses and taxes and after investment management and performance fees. Portfolio value includes the reinvestment of dividends and income. Past performance is not indicative of future results.

Chair's Report (continued)

Increased Fully Franked Interim Dividend of 2.16 cents per share (cps)

The Company's progressive dividend policy commenced in 2021, and the Board is delighted with the increase in dividends since that time.

In line with the quarterly progressive dividend policy, the Board is pleased to announce an increased interim dividend for the quarter ending 31 December 2025 (**Q2 FY2026**) of 2.16 cents per share, fully franked at a 30% tax rate. The interim dividend will be paid on 15 April 2026, with a record date of 26 March 2026.

Progressive Dividend Policy with Quarterly Dividend Payments

Following payment of the increased Q2 FY2026 interim dividend of 2.16 cents per share on 15 April 2026, the Board's present intention is to pay the following quarterly dividends, fully franked at a 30% tax rate¹:

- 2.21 cents per share for the quarter ending 31 March 2026, to be paid in June 2026.
- 2.24 cents per share for the quarter ending 30 June 2026, to be paid in September 2026;
- 2.40 cents per share for the quarter ending 30 September 2026, to be paid in December 2026; and
- 2.45 cents per share for the quarter ending 31 December 2026, to be paid in March 2027.

The following chart shows the increasing dividend payments and forecast dividends per share since the implementation of the progressive dividend policy.

The increased fully franked FY2026 interim dividend and the progressive quarterly dividend policy are important initiatives to add shareholder value as they will increase the amount and frequency of dividends and provide shareholders with dividends sooner than would otherwise be the case.

The Company's Dividend Reinvestment Plan (**DRP**) will not be in operation for the fully franked Q2 FY2026 interim dividend of 2.16 cents per share.

¹ Future dividends are subject to having sufficient profit reserves and franking credits and corporate, legal and regulatory considerations.

Chair's Report (continued)

Vale Michael Liu

The Board was deeply saddened by the unexpected passing of Non-Executive Director Michael Liu in January 2026. A founding director at the time of WCM Global Growth Limited's ASX listing in 2017, Michael provided steady leadership and played a pivotal role as Chair of the Audit and Risk Committee. He was widely respected for his thoughtful judgement, professionalism and integrity, and his insights made a lasting contribution to the Company's governance and success. Michael will be remembered not only for his dedication to WQG, but also for the warmth and respect he showed to colleagues. He is greatly missed, and we extend our sincere condolences to his family and loved ones.

Overall

Over the past 6 months AGP International Management Limited, as investment manager of WQG, has made excellent progress in continuing to raise the Company's market profile and increasing its relevance in the marketplace, which has led to improved share price performance and increased liquidity. On 30 June 2025, WQG was trading at a post-tax NTA discount of -2.6%. In contrast, on 31 December 2025, WQG traded at a post-tax NTA premium of 7.5%.

The increased interim dividend for the quarter ending 31 December 2025 and the progressive dividend policy outlined above will continue to add further shareholder value in FY2026.

While the outlook for financial markets may be uncertain, more than a decade of outperformance by WCM demonstrates that the Company's investment approach is robust. The Board is confident that the Company is well positioned for continued future success.

On behalf of the Board, I thank shareholders for their continued support and look forward to updating you on the Company's progress in the year ahead.

Yours faithfully,

Valentina Stojanovska Cal
Chair
WCM Global Growth Limited

Directors' Report

The Directors present their report together with the condensed financial report of WCM Global Growth Limited (the **Company**), for the half-year ended 31 December 2025, and the independent review report thereon. This financial report has been prepared in accordance with Australian Accounting Standard AASB 134 *Interim Financial Reporting*.

Directors

The names of Directors in office during the half-year up to 31 December 2025 and up to the date of this report:

| Name | Title |
|---------------------------|--|
| Valentina Stojanovska Cal | Chair and Non-executive Director |
| Michael Liu | Non-executive Director (until 26 January 2026) |
| Stephen Merlicek | Non-executive Director |
| Paul Rickard | Non-executive Director |
| Martin Switzer | Non-executive Director |

Principal activities

The principal activity of the Company during the financial period was investment into a diversified portfolio of globally listed quality high growth companies sourced from developed and emerging markets outside of Australia, with the primary objective of providing long-term capital growth.

Results

The Company's net operating profit after tax for the half-year was \$22,868,000 (31 December 2024: \$47,091,000). Basic earnings per share amounted to 10.1 cents per share for the half-year (31 December 2024: 25.0 cents per share).

Review of operations

The after-tax profit is primarily attributed to an increase in value of the Company's investment portfolio.

The Company continued to invest funds in accordance with target asset allocations as set out in the governing documents of the Company, and in accordance with the provisions of its Constitution.

The Company's portfolio is unhedged, that is, its value is exposed to foreign currency movements. A rise in the Australian dollar detracts from the portfolio's value and a fall increases the value in Australian dollar terms if all other factors are unchanged.

For H1 FY2026, the pre-tax net tangible asset (**NTA**) value per share of the Company increased from \$2.03 as at 30 June 2025 to \$2.06 as at 31 December 2025. The increased NTA was after the payment of a 2.06 cents per share dividend (100% franked) on 30 September 2025 and a 2.09 cents per share dividend (100% franked) on 31 December 2025.

Refer to the Chair's Report on page 1 for further information on the Company's results, strategy and future outlook.

Significant changes in the state of affairs

There have been no significant changes in the state of affairs of the Company that occurred during the half-year under review other than as noted in the Chair's Report and this report.

Events subsequent to balance date

On 10 February 2026, the Company advised the Australian Securities Exchange (**ASX**) that its pre-tax and post-tax NTA per share was \$1.996 and \$1.807 respectively as at 6 February 2026.

On 13 February 2026, the Board of WCM Global Growth Limited declared an interim dividend of 2.16 cents per share (100% franked at the corporate tax rate of 30%). The dividend is to be paid on 15 April 2026.

No other matters or circumstances have arisen since the end of the financial half-year that have significantly affected or may significantly affect the operations of the Company, the results of those operations, or the state of affairs of the Company in future financial years.

Rounding

In accordance with *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*, the amounts in the Directors' Report and in the interim condensed financial statements have been rounded to the nearest thousand dollars (\$000's).

Directors' Report (continued)

Auditor's independence declaration

A copy of the Auditor's independence declaration as required under section 307C of the *Corporations Act 2001* in relation to the review for the financial half-year is set out on page 6.

This report is made in accordance with a resolution of the Directors.

Notes to the Financial Statements**1. Statement of material accounting policies**

This condensed half-year financial report does not include all the notes of the type usually included in an annual financial report.

It is recommended that this half-year financial report be read in conjunction with the annual financial report for the year ended 30 June 2025 and any public announcements made by WCM Global Growth Limited during the half-year in accordance with any continuous disclosure obligations arising under the *Corporations Act 2001*.

The half-year financial report was authorised for issue by the Directors as at the date of the Directors' Report.

WCM Global Growth Limited is "for-profit" for the purpose of preparing financial statements.

(a) Basis of preparation of the financial report

This condensed interim financial report is a general-purpose financial report that has been prepared in accordance with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*.

The key accounting policies applied in this half-year are described in Note 1(b) - (l).

The financial report covers the activities of WCM Global Growth Limited. The Company is limited by shares, incorporated and domiciled in Australia. The registered office is Level 12, 2 Chifley Square, Sydney, NSW, 2000.

Historical cost convention

The financial report has been prepared under the historical cost convention, as modified by revaluations to fair value for certain classes of assets as described in the accounting policies. The Interim Condensed Statement of Financial Position has been presented in order of liquidity.

New standards adopted as at 1 July 2025

There are no standards, interpretations or amendments to existing standards that are effective for the first time for the financial year beginning 1 July 2025 that have a material impact on the amounts recognised in the prior periods or will affect the current or future periods.

(b) Going concern

This financial report has been prepared on a going concern basis.

(c) Accounting for profits and losses

At the conclusion of each calendar month, the Company records profits earned to Retained Earnings with the intention of transferring undistributed Retained Earnings to a Dividend Reserve subject to board approval. Losses incurred at the end of each calendar month must be recouped before a transfer to the Dividend Reserve can occur. Losses incurred at the end of each financial year are transferred to Accumulated Losses. The above process enables the Directors to declare or determine to pay dividends from the Dividend Reserve to shareholders at a future date.

(d) Revenue

Dividend income is recognised on the ex-dividend date with any related withholding tax recorded as an expense.

Interest income is recognised in the Interim Condensed Statement of Profit or Loss and Other Comprehensive Income using the effective interest rate method for all financial instruments that are not held at fair value through profit or loss.

Net gains/(losses) on financial assets and financial liabilities held at fair value through profit or loss arising on a change in fair value are calculated as the difference between the fair value at the end of the reporting period and the fair value at the previous valuation point. Net gains/(losses) do not include interest or dividend income.

All revenue is stated net of the amount of goods and services tax (GST).

(e) Cash and cash equivalents

Cash and cash equivalents include cash on hand and at banks, short-term deposits with an original maturity of three months or less held at call with financial institutions, and bank overdrafts.

Notes to the Financial Statements (continued)**1. Statement of material accounting policies (continued)****(f) Income tax**

Current income tax expense or benefit is the tax payable or receivable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities.

Deferred tax balances

Deferred tax assets are recognised for deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are recognised for temporary differences at the applicable tax rates when the assets are expected to be recovered or liabilities are settled. No deferred tax asset or liability is recognised in relation to temporary differences if they arose in a transaction, other than a business combination, that at the time of the transaction did not affect either accounting profit or taxable profit or loss.

Current and deferred tax balances attributable to amounts recognised directly in equity are also recognised directly in equity.

(g) Financial instruments***(i) Classification and measurement*****Financial assets**

The Company classifies its investments based on its business model for managing those financial assets and the contractual cash flow characteristics of the financial assets.

For equity securities, the contractual cash flows of these instruments do not represent solely payments of principal and interest. Consequently, these investments are measured at fair value through profit or loss. The Company's portfolio of financial assets is managed and performance is evaluated on a fair value basis in accordance with the Company's documented investment strategy. The Company's policy is to evaluate the information about these financial assets on a fair value basis together with other related financial information.

A financial asset is measured at amortised cost only if both of the following conditions are met:

- the asset is held with a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest rate (**EIR**) method and are subject to impairment.

Financial liabilities

Classification of financial liabilities remains unchanged for the Company. Financial liabilities continue to be measured at either amortised cost or fair value through profit or loss.

(ii) Recognition/Derecognition

The Company recognises financial assets and financial liabilities on the date it becomes party to the contractual agreement (trade date) and recognises changes in the fair value of the financial assets and financial liabilities from this date.

Investments are derecognised when the right to receive cash flows from the investments has expired or the Company has transferred substantially all the risks and rewards of ownership.

(iii) Impairment

Impairment of financial assets is recognised based on the lifetime expected credit loss which is determined when the credit risk on a financial asset has increased significantly since initial recognition. In order to determine whether there has been a significant increase in credit risk since initial recognition, the entity compares the risk of default as at the reporting date with the risk of default as at initial recognition using reasonable and supportable data, unless the financial asset is determined to have low credit risk at the reporting date.

For trade and other receivables, the simplified approach is used, which requires recognition of a loss allowance based on the lifetime expected credit losses. As a practical expedient, the Company uses a provision matrix based on historical information and adjusted for forward-looking estimates in order to determine the lifetime expected credit losses.

(g) Financial instruments (continued)

(iii) Impairment (continued)

Any change in expected credit losses between the previous reporting period and the current reporting period is recognised as an impairment gain or loss in profit or loss. There is no impairment during the half-year and as at 31 December 2025 (2024: Nil).

(h) Goods and services tax

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the Interim Condensed Statement of Financial Position are shown inclusive of GST.

Cash flows are presented in the Interim Condensed Statement of Cash Flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

(i) Trade and other payables

Trade and other payables are recognised when the Company becomes obliged to make future payments resulting from the purchase of goods and services. Payables include liabilities, amounts due to brokers and accrued expenses owed by the Company which are unpaid as at the end of the reporting period.

(j) Standards issued but not effective

The standards and interpretations that are issued, but not yet effective, up to the date of issuance of the Company's financial statements are disclosed below, except for those standards which, in the opinion of the Board, will clearly not impact the Company. The Company intends to adopt these standards, if applicable, when they become effective.

AASB 18 Presentation and Disclosure in Financial Statements

In June 2024, the AASB issued AASB 18 *Presentation and Disclosure in Financial Statements* to improve how entities communicate in their financial statements, with a particular focus on information about financial performance in the income statement. AASB 18 will replace AASB 101 *Presentation of Financials Statements*.

The key presentation and disclosure requirements established under AASB 18 include the presentation of newly defined subtotals in the income statement and enhanced requirements for aggregating information.

AASB 18 applies to for-profit entities for annual reporting periods beginning on or after 1 January 2027.

The Company is yet to assess fully the disclosure impacts of applying AASB 18 however expects this will not materially affect the Company's financial statements.

There are no other standards or interpretations that are issued but not yet effective and that are expected to have a material impact on the Company in the current or future reporting periods and on foreseeable future transactions.

(k) Comparatives

Where necessary, comparative information has been reclassified and repositioned for consistency with current year disclosures.

(l) Rounding of amounts

In accordance with ASIC Corporations (*Rounding in Financial/Directors' Reports*) Instrument 2016/191, the amounts in the Directors' Report and in the interim condensed financial statements have been rounded to the nearest thousand dollars (\$'000's).

2. Fair value gain/(loss) on financial assets through profit or loss

| End of the half-year | 227,624,850 | 272,741 | 225,883,249 | 269,898 |

5. Fair value measurement

The amounts of the Company's investments in the Interim Condensed Statement of Financial Position are carried at fair value.

For the half-year ended 31 December 2025 and the year ended 30 June 2025, the Company did not have any financial assets and financial liabilities that were determined using valuation techniques. The fair values of the Company's financial assets and liabilities for the periods then ended were determined directly, by reference to quoted prices from the global securities exchanges or by input other than quoted prices that were observable. Financial assets and liabilities measured and recognised at fair value have been determined by the following fair value measurement hierarchy:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Inputs for the asset or liability that are not based on observable market data.

The Company held \$460,450,000 of Level 1 assets as at 31 December 2025 (30 June 2025: \$442,704,000).

For all other financial assets and financial liabilities in the Interim Condensed Statement of Financial Position, the Directors consider that the carrying amounts approximate their fair values as all financial assets and financial liabilities not fair valued are short-term in nature.

6. Related party disclosures

The Company's investment manager is AGP International Management Pty Limited (**Investment Manager**) a 100% wholly owned subsidiary of Associate Global Partners Limited. The Company paid management fees of \$3,006,000 (31 December 2024: \$2,098,000) to the Investment Manager during the half-year.

The Company's investment advisor is WCM Investment Management, LLC (**Investment Advisor**). There were no performance fees accrued by the Company for the half-year ended 31 December 2025 (31 December 2024: \$395,000). No performance fees were paid to the Investment Advisor during the half-year as the performance fee calculation period is annual.

In addition, the Company has a services agreement with 2735 CSM Holdings Pty Limited (**CSM**) to provide the use of premises and facilities, company secretarial, administrative, financial and accounting services. The Company paid service fees of \$243,000 (31 December 2024: \$170,000) to CSM during the half-year.

During the half-year ended 31 December 2024, the Company entered into an expense contribution agreement with the Investment Manager for \$230,000, repayable to the Company from the Investment Manager, relating to certain share placement costs. The loan is unsecured, for a period of three years, repayable in 35 equal monthly instalments and one final instalment, with a fixed interest rate of 6.35%, with interest paid in arrears monthly.

Notes to the Financial Statements (continued)**6. Related party disclosures (continued)**

For the half-year, the Company received loan repayments of \$35,000 (31 December 2024: Nil) and interest of \$6,000 (31 December 2024: Nil) from the Investment Manager. As at 31 December 2025, the loan advance receivable from the Investment Manager is \$152,000 (30 June 2025: \$187,000).

The Investment Manager and CSM are Director associated entities.

In addition to these payments and as part of its normal payment of dividends on its shares, the Company made payments to Directors that held shares in WQG. All of the Directors participated in the DRP during the half-year.

7. Segment information

The Company operates solely in the business of investment in companies listed on global share markets. Revenue, profit, net assets and other financial information reported to and monitored by the Chief Operating Decision Maker (**CODM**) for the single identified operating segment are the amounts reflected in the Interim Condensed Statement of Profit or Loss and Other Comprehensive Income, Interim Condensed Statement of Financial Position, Interim Condensed Statement of Changes in Equity and Interim Condensed Statement of Cash Flows. The CODM has been identified as the Board of Directors of the Company.

8. Contingent liabilities & commitments

As at 31 December 2025, the Company had no contingent liabilities or capital commitments (30 June 2025: Nil).

9. Events occurring after the balance sheet date

On 10 February 2026, the Company advised the Australian Securities Exchange (**ASX**) that its pre-tax and post-tax NTA per share was \$1.996 and \$1.807 respectively as at 6 February 2026.

On 13 February 2026, the Board of WCM Global Growth Limited declared an interim dividend of 2.16 cents per share (100% franked at the corporate tax rate of 30%). The dividend is to be paid on 15 April 2026.

No other matters or circumstances have arisen since the end of the financial half-year that have significantly affected or may significantly affect the operations of the Company, the results of those operations, or the state of affairs of the Company in future financial years.

**Directors' Declaration
for the half-year ended 31 December 2025**

In accordance with a resolution of the Directors of WCM Global Growth Limited (the **Company**), I state that:

In the opinion of the Directors:

- (a) the interim financial statements and notes of the Company are in accordance with the *Corporations Act 2001*, including:
 - (i) giving a true and fair view of the Company's financial position as at 31 December 2025 and of its performance for the half-year ended on that date; and
 - (ii) complying with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*; and
- (b) there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Directors.

Independent auditor's review report to the members of WCM Global Growth Limited

Conclusion

We have reviewed the accompanying condensed half-year financial report of WCM Global Growth Limited (the Company), which comprises the condensed statement of financial position as at 31 December 2025, the condensed statement of comprehensive income, condensed statement of changes in equity and condensed statement of cash flows for the half-year ended on that date, explanatory notes and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Company does not comply with the *Corporations Act 2001*, including:

- a. Giving a true and fair view of the Company's financial position as at 31 December 2025 and of its financial performance for the half-year ended on that date; and
- b. Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* (ASRE 2410). Our responsibilities are further described in the *Auditor's responsibilities for the review of the half-year financial report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to reviews of the half-year financial report of public interest entities in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Directors' responsibilities for the half-year financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibilities for the review of the half-year financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 31 December 2025 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards

and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
