Directors' Report

The directors submit the financial report of the Company for the half year ended 31 December 2025.

REVIEW OF OPERATIONS

The directors of H&G High Conviction Limited (ASX: HCF) (HCF or the Company) present the Company's results for the six months ended 31 December 2025.

Income for the half year comprised interest income of \$3,374, reflecting returns earned on cash balances following the divestment of the Company's investment assets in the prior financial year. Operating expenses for the period amounted to \$54,164. As a result, the Company recorded a loss for the half year of \$50,794.

Principal Activity

Following the completion of the divestment on 17 April 2025 the principal activity of the Company was the management of cash and consideration of strategic alternatives for maximizing shareholder value.

DIVIDENDS

No dividend was declared for the half year ended 31 December 2025.

OUTLOOK

The Company continues to actively assess a range of strategic alternatives to maximise shareholder value, including potential new investment opportunities, corporate transactions, and capital management initiatives. Further, the Board is continuing to evaluate approaches received to recapitalise the Company as either a listed or unlisted company.

LIKELY DEVELOPMENTS AND CHANGES IN THE STATE OF AFFAIRS

As HCF has disposed of its main undertaking, any new investment activity would constitute a Significant Change in Activities and require re-compliance with ASX Listing Rule 11.1.3. ASX has granted the Company an extension until the commencement of trading at 9.30am (AEDT) on 16 March 2026 to demonstrate a sufficient level of operations to justify the continued quotation of its securities.

Failure to satisfy the re-compliance requirements by this date is likely to result in the suspension of trading in HCF's securities. In the event that HCF is ultimately delisted, the Company would continue to pursue strategic alternatives as an unlisted vehicle.

Notwithstanding the above, there can be no certainty that suitable new investments or transactions will be identified or completed within an acceptable timeframe. Should this occur, the Company may ultimately resolve to return surplus capital to shareholders and be wound up.

Notes to the Financial Statements

For the half year ended 31 December 2025

1. BASIS OF PREPARATION

The financial report covers H&G High Conviction Limited (“HCF” or “the Company”) as an individual entity. The Company has no subsidiaries and is not required to prepare consolidated financial statements. H&G High Conviction Limited is a for profit Company limited by shares, incorporated and domiciled in Australia.

The Company’s principal activity during the 6-month period ended 31 December 2025 was holding cash and considering options to return value to its shareholders, following the sale of substantially all its assets on 17 April 2025. The financial report has been prepared on a going concern basis while strategic options are being reviewed by the Directors.

The Directors have considered the Company’s financial position and the following mitigating factors in forming the view that the going concern basis of preparation remains appropriate:

- The Company retains sufficient cash reserves relative to its ongoing administrative and compliance costs, which are expected to remain at a low and manageable level. The Directors are satisfied that the Company will have sufficient resources to meet its obligations as and when they fall due for at least twelve months from the date of this report.
- The Company continues to maintain its ASX listing; however, as disclosed in the Directors’ Report, failure to satisfy the ASX re-compliance requirements within the required timeframe is likely to result in the suspension of trading in HCF’s securities. If the Company is ultimately delisted, it would continue to pursue strategic alternatives and value-maximising initiatives as an unlisted vehicle, including potential new investment opportunities, corporate transactions, and capital management initiatives.

1. BASIS OF PREPARATION (CONTINUED)

These financial statements for the half year reporting period ended 31 December 2025 have been prepared in accordance with Australian Accounting Standard AASB 134: Interim Financial Reporting and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with the International Financial Reporting Standard IAS 34: Interim Financial Reporting.

These financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2025 and any public announcements made by the Company during the half year reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

The financial statements have been prepared on an accruals basis and are based on historical costs modified, where applicable, by the measurement at fair value of financial assets.

Significant accounting policies adopted in the preparation of these financial statements are presented below.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Fair value gains on financial instruments at fair value through profit and loss and other income

Fair value gains on financial instruments at fair value through profit and loss

The Company has been classified under AASB 10 as an Investment Entity whose business purpose is to invest funds solely for returns via capital appreciation and/or investment returns. As the Company has been classified as an Investment Entity, the portfolio investments have been accounted for at fair value through profit and loss and shown as Financial Assets in the Statement of Financial Position.

Investments held at fair value through profit and loss are initially recognised at cost. Transaction costs related to acquisitions are expensed to profit and loss immediately. Subsequent to initial recognition, all financial instruments held at fair value are accounted for at fair value, with changes to such values recognised in the profit and loss. Fair value is the price the Company would receive to sell an asset or would have to pay to transfer a liability in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market based measure, the closest equivalent observable market pricing information is used to determine fair value Level 1 in the fair value hierarchy. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

Financial assets are de-recognised when the rights to receive cash flows have expired or have been transferred and the Company has transferred substantially all risks and rewards of ownership. When there is no reasonable expectation of recovering part or all of a financial asset, its carrying value is written off.

Other income

Other income is recognised on an accruals basis when the Company is entitled to it.

For personal use only

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(b) Income tax

The income tax expense or benefit for the period is the tax payable on that period's taxable income based on the applicable income tax rate for each jurisdiction, adjusted by changes in deferred tax assets and liabilities attributable to temporary differences, unused tax losses and the adjustment recognised for prior periods, where applicable.

Deferred tax assets and liabilities are recognised for temporary differences at the tax rates expected to apply when the assets are recovered or liabilities are settled, based on those tax rates that are enacted or substantively enacted for each jurisdiction.

Deferred tax assets and liabilities are recognised for differences between the purchase price and tax cost base of assets and liabilities acquired in asset swap arrangements. Deferred tax assets are recognised for deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses. The carrying amount of recognised and unrecognised deferred tax assets are reviewed each reporting date. Deferred tax assets recognised are reduced to the extent that it is no longer probable that future taxable profits will be available for the carrying amount to be recovered. Previously unrecognised deferred tax assets are recognised to the extent that it is probable that there are future taxable profits available to recover the asset.

Deferred income tax is provided on temporary differences at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred tax liabilities are recognised for all taxable temporary differences except when the deferred income tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

The Company offsets deferred tax assets and deferred tax liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

For personal use only

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(c) Goods and services tax (GST)

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST.

Cash flows in the statement of cash flows are included on a gross basis and the GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

(d) Financial instruments

Financial instruments are recognised initially on the date that the Company becomes party to the contractual provisions of the instrument.

On initial recognition, all financial instruments are measured at fair value plus transaction costs (except for instruments measured at fair value through profit or loss where transaction costs are expensed as incurred).

Financial assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classification

On initial recognition, the Company classifies its financial assets into the following categories, those measured at:

- amortised cost
- fair value through profit or loss – FVTPL

Financial assets are not reclassified subsequent to their initial recognition unless the Company changes its business model for managing financial assets.

Amortised cost

The Company's financial assets measured at amortised cost comprise trade and other receivables and cash and cash equivalents in the statement of financial position.

Financial liabilities

The Company measures all financial liabilities initially at fair value less transaction costs, subsequently financial liabilities are measured at amortised cost using the effective interest rate method.

For personal use only

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(e) Cash and cash equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, and other short term, highly liquid financial instruments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(f) Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares and share options which vest immediately are recognised as a deduction from equity, net of any tax effects.

15. EVENTS OCCURRING AFTER THE REPORTING DATE

The financial report was authorised for issue on 16 February 2026 by the Board of Directors.

Since the disposal of substantially all of HCF's assets on 17 April 2025, any new investment activity would constitute a Significant Change in Activities and require re-compliance with ASX Listing Rule 11.1.3 as disclosed under Basis of Preparation in Note 1. ASX has granted the Company an extension until the commencement of trading at 9.30am (AEDT) on 16 March 2026 to demonstrate a sufficient level of operations to justify the continued quotation of its securities. Failure to satisfy the re-compliance requirements by this date is likely to result in the suspension of trading in HCF's securities. In the event that HCF is delisted, the Company will continue to pursue strategic alternatives as an unlisted vehicle.

Apart from above, no other matters or circumstances have arisen since the end of the half year which significantly affected or may significantly affect the operations of the Company, the results of those operations, or the state of affairs of the Company in future financial years.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of H&G High Conviction Limited

Report on the Half-Year Financial Report

Conclusion

We have reviewed the accompanying half-year financial report of H&G High Conviction Limited ("the Company"), which comprises the statement of financial position as at 31 December 2025, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the half-year ended on that date, a statement of material accounting policies, other selected explanatory notes, and the directors' declaration of the entity.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of H&G High Conviction Limited is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Company's financial position as at 31 December 2025 and of its performance for the half-year ended on that date; and
- (b) complying with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Responsibility of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal controls as the directors determine are necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 31 December 2025 and its performance for the half-year ended on that date, and complying with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
