Dear Directors

### **Auditor's Independence Declaration to IMDEX Limited**

In accordance with section 307C of the *Corporations Act 2001*, I am pleased to provide the following declaration of independence to the Directors of IMDEX Limited.

As lead audit partner for the review of the half year financial report of IMDEX Limited for the half year ended 31 December 2025, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- The auditor independence requirements of the *Corporations Act 2001* in relation to the review; and
- Any applicable code of professional conduct in relation to the review.

Yours faithfully

## Independent Auditor's Review Report to the Members of IMDEX Limited

### *Conclusion*

We have reviewed the half-year financial report of IMDEX Limited (the "Company") and its subsidiaries (the "Group"), which comprises the condensed consolidated statement of financial position as at 31 December 2025, and the condensed consolidated statement of profit and loss and other comprehensive income, the condensed consolidated statement of cash flows and the condensed consolidated statement of changes in equity for the half-year ended on that date, notes to the financial statements, including material accounting policy information and other explanatory information, and the directors' declaration as set out on pages 6 to 21.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the *Corporations Act 2001*, including:

- Giving a true and fair view of the Group's financial position as at 31 December 2025 and of its performance for the half-year ended on that date; and
- Complying with Accounting Standard AASB 134 Interim Financial Reporting and the *Corporations Regulations 2001*.

### *Basis for Conclusion*

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Half-year Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* issued by the Accounting Professional and Ethical Standards Board ("the Code") that are relevant to our audit of the annual financial report of public interest entities in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be in the same terms if given to the directors at the time of this auditor's review report.

### *Directors' Responsibilities for the Half-year Financial Report*

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibilities for the Review of the Half-year Financial Report*

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2025 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 Interim Financial Reporting and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

DIRECTORS' DECLARATION

The Directors declare that:

- (a) in the Directors' opinion, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable; and
- (b) in the Directors' opinion, the attached Interim Financial Report and notes thereto are in accordance with the *Corporations Act 2001*, including:
  - (i) giving a true and fair view of the Group's financial position as at 31 December 2025 and of its performance for the half-year ended on that date; and
  - (ii) complying with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Signed in accordance with a resolution of the Directors made pursuant to s. 303(5) of the *Corporations Act 2001*.

## 1. Summary of material accounting policies

### Statement of Compliance

The half-year report is a general purpose financial report prepared in accordance with the *Corporations Act 2001* and AASB 134 *Interim Financial Reporting*. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*. The half-year financial report does not include notes of the type normally included in an annual financial report and should be read in conjunction with the most recent annual financial report.

### Basis of Preparation

The half-year condensed consolidated financial statements have been prepared using the same accounting policies as used in the annual financial statements for the year ended 30 June 2025, except for the adoption of new amendments to existing standards, as set out below.

#### (a) New or amended Accounting Standards and Interpretations adopted by the Group

A number of amended standards became applicable for the current reporting period. The Group did not have to change its accounting policies or make retrospective adjustments as a result of adopting these amended standards.

#### (b) Impact of standards and interpretations issued but not yet applied by the Group.

Certain amendments to accounting standards have been published that are not mandatory for 31 December 2025 reporting periods and have not been early adopted by the Group. These amendments are not expected to have a material impact on the entity in the current or future reporting periods and on foreseeable future transactions.

### Critical Accounting Judgements and Key Sources of Estimation Uncertainty

In the application of the Group's accounting policies, management is required to make judgements, estimates and assumptions about carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other relevant factors. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods. Significant judgements, estimates and assumptions made by management in the preparation of these financial statements are consistent with the ones disclosed in the annual financial statements for the year ended 30 June 2025, except for the one outlined below:

- Income tax expense is recognised based on management's best estimate of the weighted average effective annual income tax rate expected for the full financial year, consistent with AASB 134 para 28.

## 2. Issued capital

	Notes	31 Dec 2025 \$'000	30 Jun 2025 \$'000
Issued and paid up capital - fully paid ordinary shares	(i)	412,411	412,411

	31 Dec 2025		30 Jun 2025

<b>Unrecognised amounts</b>				
Fully paid ordinary shares – interim dividend franked to 30%	1.7	8,650	1.5	7,678

The FY26 interim fully franked dividend was declared on 20 February 2026 with a record date of 12 March 2026. The financial effect of the dividend has not been recognised in the financial statements at 31 December 2025.

#### 4. Segment information

The primary means by which the Board views the business and makes key decisions is based on geographical lines.

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses (including revenues and expenses relating to transactions with other components of the Group), whose operating results are regularly reviewed by the Group's Chief Operating Decision Maker (CODM) to make decisions about resources to be allocated to the segment and assess its performance and for which discrete financial information is available. Management will also consider other factors in determining operating segments such as the existence of a regional general manager and the level of segment information presented to the Board of Directors.

Information reported to the CODM for the purposes of resource allocation and assessment of segment performance focuses on the regions serviced. The Directors of the Company have chosen to organise the Group around different geographical markets serviced by the entity's products and services.

No operating segments have been aggregated in arriving at the reportable segments of the Group. All segments are in the business of the manufacture and sale/rental of products and software to the mining sector along the following geographical lines:

**AM - Americas**

**APAC - Asia Pacific**

**EMEA – Europe, Middle East & Africa**

Segment results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items mainly comprise tax assets and liabilities, treasury cash, net financing costs for the Group and the corporate portion of head office costs. Segment capital expenditure is the total cost incurred during the period to acquire segment assets that are expected to be used for more than one period.

(i) IMDEX Product includes Research and Development, Software Development, Product Management and Intellectual Property activities. R&D Spend (excluding capitalised development costs) for the period totals \$11.8 million (HY25: \$13.6 million).

(ii) Central administration costs comprise the corporate portion of head office costs. Head office costs attributable to operations are allocated to reportable segments in proportion to the revenues earned from those segments.

(iii) Unallocated items includes the share of loss of an associate, Individually Significant Items (ISI), finance income and finance costs associated with the Group treasury function. Interest on lease liabilities is considered directly attributable to the segments and has been included in their segment results.

IMDEX assesses impairment at the Operating Segment level for goodwill and at the Cash Generating Unit (CGU) level for fixed assets and intangible assets. A CGU being the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets. CGUs identified are at a lower level than each Operating Segment (based on regional hubs).

Goodwill and intangible assets not yet available for use are not amortised but tested for impairment annually and whenever there is an indication that the asset may be impaired.

At each reporting date, the Group reviews the carrying amounts of its tangible and intangible assets (other than goodwill) at the CGU level to determine whether there is any indication that those assets may have suffered an impairment loss.

### Significant accounting estimates and assumptions

Management is required to make significant judgements concerning the identification of impairment indicators, such as changes in competitive positions, expectations of growth, increased cost of capital, and other factors that may indicate impairment.

Where an indication of impairment exists, a formal estimate of the recoverable amount is made at the reporting period.

Intellectual property and other intangible assets relate primarily to Earth Science Analytics AS acquisition (completed in August 2025), Globaltech Corporation Pty Ltd (completed in December 2024), Devico acquisition (completed in February 2023) and MinePortal acquisition (completed in September 2021).

IMDEX has not identified any impairment triggers at the balance sheet date.

## 7. Acquisitions of subsidiaries/assets

### *Acquisition of Earth Science Analytics AS (Subsidiaries)*

On 27 August 2025, IMDEX, through its wholly owned subsidiary Imdex Global Operations Pty Ltd (Global Operations), completed the acquisition of 80.5% of the issued share capital of Earth Science Analytics (ESA). The purchase price was \$26.0 million (NOK 173 million) with the final consideration settled in cash at completion being \$29.4 million (NOK 194.8 million), comprising the base purchase price together with working capital adjustment, option and bonus settlement cost. The acquisition was fully funded by the drawdown of \$29.5 million on the existing debt facility with Westpac.

The remaining 19.5% shares in ESA will be acquired by IMDEX after four years via a put and call structure with a minimum payment of the Original Share Price (calculated by applying the fixed amount of NOK for each of the shares held by it as per the Completion) and potential uplift in payment based on performance over the four years.

This transaction is considered a business combination as it meets the definition of a business under AASB 3 *Business Combinations*.

IMDEX will not recognise a non-controlling interest in equity as the risks and rewards of the non-controlling interest have been retained by IMDEX through the put and call options entered into in conjunction with the acquisition. A deferred consideration of \$7.1 million (NOK 47.2 million) (current) has been recognised at acquisition date measured at the Original Share Price.

The potential 'upside' payment arising from the terms of the put/call option redemption amount should the founding shareholders remain for the four-year period is considered an employee benefit payment due to the requirement for continued employment. Employee liability for the excess above the Original Share Price will be recognised over the four-year term and as an employee benefits expense through profit or loss based on an estimate of the amount payable. During the current period, the employee benefits expense recognised is \$0.6 million.

Assets acquired and liabilities assumed at Completion (provisional):

(i) The fair value of the receivables equals the gross contractual value.

## 7. Acquisitions of subsidiaries/assets (continued)

### *Acquisition of Earth Science Analytics AS (Subsidiaries) (continued)*

The net assets of the business acquired were based on a provisional assessment of their fair value, while the Group finalises its review of the intangible assets, tax balances and associated provisions, as well as the allocation of goodwill to operating segments. These reviews had not been completed by the date the 31 December 2025 financial statements were approved for issue by the Board of Directors.

Goodwill of \$27.6 million arose on the acquisition of ESA (including goodwill of \$1.8 million associated with recognition of deferred tax liabilities in relation to identified intangible assets). The goodwill recognised reflects the growth potential and synergies arising from the acquisition.

	<b>\$'000</b>
<b>Net cash outflow arising on acquisition:</b>	
Cash consideration	29,356
Less: cash and cash equivalent balances acquired	(1,571)
<b>Net cash outflow</b>	<b>27,785</b>

Included in the Group result for current period was a loss after tax of \$0.7 million in relation to ESA. Revenue for the current period included \$0.9 million in respect of ESA. The deferred consideration is revalued at \$7.0 million as of 31 December 2025, in line with the exchange rate movement.

## 7. Acquisitions of subsidiaries/assets (continued)

### *Acquisition of Globaltech Corporation Pty Ltd (Assets)*

In March 2024, IMDEX received the benefit of a determination by the Federal Court in case NSD 1089/2016 where Globaltech Corporation Pty Ltd (Globaltech) was ordered to pay \$7.96 million (excluding legal costs) to IMDEX subsidiary, Australian Mud Company Pty Ltd. Globaltech had been placed into voluntary administration on 12 April 2024.

On 31 July 2024, IMDEX entered into a Deed of Company Administration (DOCA) with the Voluntary Administrators.

On 16 August 2024, the parties agreed to settle all of the global disputes and have entered into a binding settlement agreement which includes transfer of certain intellectual property to IMDEX; new supply agreements between the parties; and a \$9.1 million payment to IMDEX. As a result, all global proceedings commenced by either party, including those in Canada, Australia and South Africa have been discontinued or brought to a final determination without any order for compensation and Boart Longyear dropped the challenge to, and agreed to support, IMDEX's DOCA for Globaltech. All of Globaltech's patents and trademarks have been incorporated as part of IMDEX's intellectual property portfolio.

As a result of the above legal settlement, on 12 December 2024, the Group acquired 100% shares of Globaltech Corporation Pty Ltd ("Globaltech"). The total consideration is \$4.6 million (including legal fees of \$0.8 million) and has been allocated to intellectual property.

This transaction was as an asset acquisition, as it did not meet the definition of a business under AASB 3: *Business Combinations*.

## 8. Individually significant items

Profit after tax includes the following income and expenses whose disclosure is relevant in explaining the financial performance of the Group:

Half-Year Ended 31 Dec 2025	Gross \$'000	Tax \$'000	Net \$'000

The facilities are secured against the assets of key entities across the IMDEX group, located across Australia, New Zealand, Europe and the Americas. The facilities are due to expire on 11 June 2029.

In August 2025, the Group has drawn down \$29.5 million from Westpac Banking Corporation to fund the acquisition of ESA.

## 10. Subsequent events

### Acquisition of Advanced Logic Technology S.A. (ALT)

On 1 December 2025, IMDEX announced that it will acquire 100% of ALT and its subsidiary Mount Sopris Instruments Inc (MSI) for a combined consideration of \$99 million (€56 million). As part of the transaction, IMDEX will facilitate ALT (current majority owner of MSI at 61.1%) acquiring all remaining shares in MSI for \$10 million (US\$7 million) via an irrevocable call option to be effected shortly after IMDEX acquires ALT.

This combination represents a significant extension of IMDEX's leadership in earth knowledge sensor and data offerings, which will further develop our leading subsurface intelligence system and unlocks additional opportunities across mining and adjacent earth science and market applications.

There are two performance-linked deferred consideration components payable to the vendors. The first relates to successful deployment of technology being developed by ALT across a number of trials totalling \$4.5 million (€2.5 million). The second component provides for a revenue share framework whereby the vendors will receive 20% of incremental revenue achieved for sales and rentals of hardware and software licences globally above agreed revenue targets higher than existing revenue outcomes over a three year period, commencing one month post close. Both performance linked consideration amounts are capped in aggregate at \$35.4 million (€20 million).

The acquisition was funded from IMDEX's cash reserves and existing debt facility.

The ALT transaction was closed on 12 February 2026. Following the completion of the transaction, IMDEX (via ALT) is expected to acquire the remaining 38.9% interest of MSI by the end of February 2026.

The acquisition will be accounted for as a business combination.

The acquisition occurred after the reporting date and is therefore a non-adjusting event.

**10. Subsequent events (continued)**

**Acquisition of Datarock Holdings Pty Ltd (Datarock)**

On 2 February 2026, IMDEX acquired the remaining interest in Datarock for \$32 million.

The acquisition will be accounted for as a business combination achieved in stages. IMDEX will apply 'step-up' accounting under the acquisition method. The previously held equity interest will be measured at fair value with the difference from the previous carrying value to be recognised to profit or loss. IMDEX will then consolidate the net assets of Datarock at fair value as of acquisition date, with the difference to the transaction price recognised as a goodwill. The balance of the previously recognised loan to associates will be derecognised after the acquisition.

Datarock has total assets of \$7.1 million, total liabilities of \$7.7 million, and net deficit of \$0.6 million.

The acquisition occurred after the reporting date and is therefore a non-adjusting event.
