

23 February 2026

ASX:MM8

TRANSACTION COMPLETION UPDATE

Medallion Metals Limited (ASX: MM8) (Medallion or the Company) provides the following update in relation to the proposed acquisition of the Forrestania Nickel Operation (FNO) pursuant to the conditional binding Asset Sale Agreement (Agreement) executed with IGO Limited (IGO) (Transaction).

The detailed terms of the Transaction, including the Assets to be acquired, consideration and Reserved Rights, are outlined in the Company's announcement dated 4 August 2025, and should be read together with this update.

Completion Update

The Transaction continues to progress toward completion, with a minor number of conditions precedent (CP) remaining outstanding, including finalisation of third-party consents.

Medallion and IGO have mutually agreed to extend the Sunset Date from 20 February 2026 to 26 February 2026, to allow additional time for finalisation of remaining CPs.

The Company confirms that no new conditions have been introduced and there are no changes to the commercial terms of the Transaction.

Next Steps

Completion of the Transaction is still expected to occur on or before 27 February 2026.

Under the previous timetable, assumption of full operational and statutory responsibility for FNO was scheduled for the morning of 27 February 2026. Subject to CP finalisation occurring on or before 26 February 2026, assumption of responsibility for FNO will proceed as planned on 27 February 2026.

Medallion and IGO remain committed to completing the Transaction in accordance with the Agreement.

This announcement is authorised for release by the Board of Medallion Metals Limited.

ANNEXURE 1: Important Notices.

DISCLAIMER

No representation or warranty, express or implied, is made as to the fairness, accuracy, or completeness of the information, contained in this material or of the views, opinions and conclusions contained in this material. To the maximum extent permitted by law, the Company, and its respective directors, officers, employees, agents and advisers disclaim any liability (including, without limitation any liability arising from fault or negligence) for any loss or damage arising from any use of this material or its contents, including any error or omission there from, or otherwise arising in connection with it.

PREVIOUSLY REPORTED INFORMATION

References in this announcement may have been made to certain ASX announcements, including exploration results, Mineral Resources and Ore Reserves. For full details, refer said announcement on said date. The Company is not aware of any new information or data that materially affects this information. Other than as specified in this announcement and mentioned announcements, the Company confirms it is not aware of any new information or data that materially affects the information included in the original market announcement(s), and in the case of estimates of Mineral Resources and Ore Reserves, that all material assumptions and technical parameters underpinning the estimates in the relevant announcement continue to apply and have not materially changed. The Company confirms that the form and context in which the Competent Person's findings are presented have not been materially modified from the original announcement.

CAUTIONARY STATEMENTS

The Company notes there is no guarantee that the Transaction with IGO Ltd (IGO) will progress to Completion. Completion is subject to numerous Conditions Precedent (CPs) being satisfied or waived, which must occur prior to the applicable Sunset Date (Sunset Date). To the extent permitted by law, Medallion and IGO can waive any of the CPs by mutual written agreement. If the CPs are not satisfied or waived by the relevant Sunset Date (or such later date as the parties agree) then either party may terminate the agreement by notice. The Company will announce the status of relevant CPs to ASX in due course.

FORWARD LOOKING STATEMENTS

Some statements in this announcement are forward-looking statements. Such statements include, but are not limited to, statements with regard to capacity, future production and grades, projections for sales, sales growth, estimated revenues and reserves, the construction cost of a new project, projected operating costs and capital expenditures, the timing of expenditure, future cash flow, cumulative negative cash flow (including maximum cumulative negative cash flow), the outlook for minerals and metals prices, the outlook for economic recovery and trends in the trading environment and may be (but are not necessarily) identified by the use of phrases such as "will", "would", "could", "expect", "anticipate", "believe", "likely", "should", "could", "predict", "plan", "propose", "forecast", "estimate", "target", "outlook", "guidance" and "envisage". By their nature, forward-looking statements involve risk and uncertainty because they relate to events and depend on circumstances that will occur in the future and may be outside the Company's control. Actual results and developments may differ materially from those expressed or implied in such statements because of a number of factors, including levels of demand and market prices, the ability to produce and transport products profitably, the impact of foreign currency exchange rates on market prices and operating costs, operational problems, political uncertainty and economic conditions in relevant areas of the world, the actions of competitors, suppliers or customers, activities by governmental authorities such as changes in taxation or regulation. Given these risks and uncertainties, undue reliance should not be placed on forward-looking statements which speak only as at the date of this announcement. Subject to any continuing obligations under applicable law or any relevant stock exchange listing rules, the Company does not undertake any obligation to publicly release any updates or revisions to any forward-looking statements contained in this material, whether as a result of any change in the Company's expectations in relation to them, or any change in events, conditions or circumstances on which any such statement is based.
