2 Summary of Material Accounting Policies

The principal accounting policies applied in the preparation of these condensed interim financial statements are set out below. These policies have been consistently applied during the reporting period presented, unless otherwise stated.

(a) Basis of Preparation

These interim financial statements have been prepared in accordance with Australian Accounting Standards AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*. Compliance with AASB 134 ensures compliance with International Financial Reporting Standards IAS 34 *Interim Financial Reporting*.

These condensed interim financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these condensed interim financial statements are to be read in conjunction with the annual financial statements for the year ended 30 June 2025 and any public announcements made in respect of the Fund during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The accounting policies applied in the condensed interim financial statements are the same as those applied in the Fund's financial report for the year ended 30 June 2025.

The condensed interim financial statements have been prepared on the basis of fair value measurement of assets and liabilities, except where otherwise stated. The condensed interim financial report is presented in Australian dollars, which is the Fund's functional currency.

(b) Material Accounting Policies

Use of Estimates

Management makes estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses. Estimates and associated assumptions are continuously evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Actual results may differ from these estimates.

New Accounting Standards and Interpretations

Except as disclosed in the financial report for the year ended 30 June 2025, there are no new accounting standards, amendments and interpretations that are expected to have a material impact on the condensed interim financial statements.

(c) Rounding of amounts

The Fund is an entity of a kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191* issued by the Australian Securities and Investments Commission (ASIC) relating to the "rounding off" of amounts in the interim financial statements. Amounts in the interim financial statements have been rounded to the nearest thousand dollars in accordance with the ASIC Corporations Instrument, unless otherwise indicated.

3 Fair Value Measurements

The Fund measures and recognises the fair value of financial assets at fair value through profit and loss (FVTPL) on a recurring basis. The Fund has no assets or liabilities measured at fair value on a non-recurring basis in the current reporting period.

The Fund discloses fair value measurements by level using the following fair value hierarchy:

- ▶ Level 1 – quoted prices (unadjusted) in active markets for identical assets or liabilities
- ▶ Level 2 – inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices)
- ▶ Level 3 – inputs for the asset or liability that are not based on observable market data (unobservable inputs)

(i) Fair Value in an Active Market (Level 1)

The fair value of financial assets and liabilities traded in active markets is based on last traded prices at the end of the reporting period without any deduction for estimated future selling costs. For the majority of financial assets and liabilities, information provided by the quoted market independent pricing services is relied upon for valuation.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. An active market is a market in which transactions for the financial asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

(ii) Fair Value in an Inactive or Unquoted Market (Level 2 and Level 3)

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques. These include the use of recent arm's length market transactions, reference to the current fair value of a substantially similar other instrument, discounted cash flow techniques, option pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

The fair value of the Fund's financial assets at fair value through profit or loss was determined using the net asset value per unit of the underlying funds at the reporting dates as calculated by the Investment Manager.

The following table presents the Fund's financial assets and liabilities measured and recognised at fair value as at 31 December 2025 and 30 June 2025.

AT 31 DECEMBER 2025	LEVEL 1 \$'000	LEVEL 2 \$'000	LEVEL 3 \$'000	TOTAL \$'000
Financial assets at fair value through profit or loss				
Metrics Wholesale Income Opportunities Trust	-	-	700,861	700,861
Total	-	-	700,861	700,861

AT 30 JUNE 2025	LEVEL 1 \$'000	LEVEL 2 \$'000	LEVEL 3 \$'000	TOTAL \$'000
Financial assets at fair value through profit or loss				
Metrics Wholesale Income Opportunities Trust	-	-	699,776	699,776
Total	-	-	699,776	699,776

(iii) Transfers Between Levels

The Fund's policy is to recognise transfers into and transfers out of fair value hierarchy as at the end of the reporting year. There were no transfers between the levels in the fair value hierarchy for the period ended 31 December 2025.

As at 30 June 2025 financial assets at fair value through profit or loss were transferred from level 2 to level 3 which reflected the increase in equity and equity like investments held by the Sub-Trust during FY25. The underlying portfolio composition was disclosed to the ASX on 06 November 2025.

The following table shows a reconciliation from the opening balances to the closing balances for fair value measurements in Level 3 of the fair value hierarchy:

LEVEL 3 MOVEMENTS	UNLISTED UNDERLYING FUNDS \$'000
Opening balance at 1 July 2025	699,776
Metrics Wholesale Income Opportunities Trust – net redemption	(2,708)
Movement in fair value	3,793
Closing balance at 31 December 2025	700,861

Metrics Income Opportunities Trust

The net asset value per unit of the underlying fund is the unobservable input used in estimating fair value for sensitivity analysis. The net asset value is exposed to market price risk which is the risk that the value of a financial instrument will fluctuate as a result of changes in market prices, whether those changes are caused by factors specific to the individual instrument or factors affecting all instruments in the market.

The Fund invests in corporate loans and debt securities and private equity, indirectly through its investment in Metrics Wholesale Income Opportunities Trust. As a result, the Investment Manager manages this risk through the daily review of the carrying value of each of the assets held by the Wholesale Funds having regard to the market prices of similar assets being transacted in both the primary and secondary market for assets of similar credit quality, tenor and loan purpose or through regular review and valuation of private equity investments. Any adjustment to the fair value of the investment is reflected through profit or loss.

As at 31 December 2025 and 30 June 2025, the overall market exposures were as follows:

	AS AT 31 DECEMBER	AS AT 30 JUNE 2025
FINANCIAL ASSETS	\$'000	\$'000
Metrics Wholesale Income Opportunities Trust	700,861	699,776

At the reporting date, had net asset value of the underlying funds moved by +/- 10% with other variables held constant, the movement in profit or loss would be approximately +/- \$70.086 million (30 June 2025: \$69.977 million).

(iv) Valuation Processes

The Investment Manager monitors the value of the investments through the weekly review of the carrying value of each of the assets held by the Wholesale Funds having regard to the market prices of similar assets being transacted in both the primary and secondary market for assets of similar credit quality, tenor and loan purpose or through regular review and value of private equity investments.

(v) Financial Instruments not Measured at Fair Value

Due to their short-term nature, the carrying amounts of receivables and payables are assumed to approximate fair value.

Therefore, the net assets attributable to unitholders of the Fund meet the criteria set out under AASB 132 and are classified as equity.

As stipulated within the Fund's Constitution, each unit represents a right to an individual share in the Fund and does not extend to a right to the underlying assets of the Fund. There are no separate classes of units and each unit has the same rights attaching to it as all other units of the Fund.

Auditor’s Responsibilities for the Review of the Condensed Interim Financial Statements

Our responsibility is to express a conclusion on the Condensed Interim Financial Statements based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the Condensed Interim Financial Statements do not comply with the *Corporations Act 2001* including giving a true and fair view of the Fund financial position as at 31 December 2025 and its performance for the Interim Period ended on that date, and complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a Condensed Interim Period Financial Statements consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with *Australian Auditing Standards* and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
