Comments

The loss for the consolidated entity after providing for income tax amounted to \$3,986,793 (31 December 2024: \$2,449,088).

Financial performance

The consolidated entity recognised an estimated R&D Tax Incentive rebate of \$1,147,776 (31 December 2024: \$1,248,426) relating to eligible R&D expenditure of \$2,482,204 (31 December 2024: \$1,706,161).

Operating expenses increased to \$5,148,281 (31 December 2024: \$3,891,968), primarily due to higher clinical trial and development activity for PTX-100 and increased share-based payment expenses following the issue of option awards during the half-year.

Financial position

Net assets increased to \$16,971,592 (30 June 2025: \$11,387,172), largely driven by a combined capital raise of \$9,847,790 (before costs) from a Placement and Share Purchase Plan completed during the half-year.

Other key movements included an increase in the R&D Tax Incentive receivable to \$5,504,173 and a reduction in trade and other payables. The R&D Tax Incentive receivable amount of \$4,356,397 at 30 June 2025 was received on 21 January 2026.

The Directors present their report, together with the financial statements, for Prescient Therapeutics Limited ("Prescient" or "the Company") and its controlled entities ("the consolidated entity") for the half-year ended 31 December 2025.

Directors

The following persons were Directors of Prescient Therapeutics Limited during the whole of the half-year and up to the date of this Report:

Dr James Campbell (Non-Executive Chairman)
Dr Allen Ebens (Non-Executive Director)
Ms Melanie Farris (Non-Executive Director)
Dr Ellen Feigal (Non-Executive Director)
Dr Gavin Shepherd (Non-Executive Director)

Principal activities

During the half-year, the principal activities of the consolidated entity were:

- Conducting clinical studies and other research and development relating to the Company's proprietary technologies and products, including PTX-100;
- Business development activities to support the promotion and partnering of Prescient's proprietary technologies and products.

Review of operations

The loss for the consolidated entity after providing for income tax amounted to \$3,202,825 (31 December 2024: \$2,449,088).

Prescient achieved significant operational and strategic progress during the reporting period, including completion of a Placement of \$2,978,500 to sophisticated and professional investors and Share Purchase Plan raising \$6,869,290 for a combined raise of \$9,847,790 (before costs). Funds were applied primarily to the continued development of the Company's first-in-class cancer therapy, PTX-100, including the ongoing Phase 2a clinical trial in relapsed/refractory Cutaneous T Cell Lymphoma (r/rCTCL).

PTX-100

Phase 1b clinical trial

Prescient completed data cleaning and a sub-analysis of the r/rCTCL cohort. Among seven evaluable patients, results demonstrated a 43% overall response rate and a 100% clinical benefit rate, with a mean duration of response of 12.4 months. No serious adverse events were attributed to PTX-100.

Phase 2a clinical trial

Progress continued with all six US clinical sites activated by December 2025, complementing three activated Australian sites. Five patients were dosed during the half-year, bringing total enrolment to six.

Engagement with European regulators resulted in European Medicines Agency (EMA) granting Orphan Drug Designation for PTX-100 in CTCL and the European Clinical Trials Information System (CTIS) granting authorisation for Prescient to initiate its PTX-100 clinical trial in patients with r/rCTCL in Europe. This follows earlier US Food and Drug Administration (FDA) Fast Track Designation for the treatment of adults with relapsed or refractory (r/r) mycosis fungoides.

Substantial Chemistry, Manufacturing, and Control (CMC) activities were undertaken to support the PTX-100 development plan. CMC capabilities have been substantially bolstered to conduct all necessary activities reflecting increased regulatory obligations associated with current and later-stage clinical studies.

PTX-200

The PTX-200 clinical trial in Acute Myeloid Leukaemia database underwent expert medical review to support preparation of the Clinical Study Report.

CellPryme

Prescient and collaborators at the Peter MacCallum Cancer Centre continued research demonstrating the potential impact of CellPryme A on the tumour microenvironment, supporting a manuscript submission proceeding through review. Outcomes of these studies may provide valuable insights into how CellPryme could overcome TME resistance and enhance the efficacy of other therapies in combination with CellPryme A.

OmniCAR

OmniCAR variants previously demonstrated improved safety when unarmed, and potent tumour-killing activity when armed with binders in preclinical models. These developments preserve strategic optionality as sector conditions evolve.

Corporate awareness and engagement

Prescient presented PTX-100 data at several industry and investor events, including AusBiotech Invest and BioMelbourne Network oncology forums, and continued engagement with potential partners for CellPryme M and OmniCAR.

Significant changes in the state of affairs

During the half-year, the Company completed several capital raising and equity-related activities:

- On 4 August 2025, the Company issued 171,732,250 ordinary shares at \$0.04 per share having raised \$6,869,290 (before costs) in its Share Purchase Plan (“SPP”) to existing investors.
- On 8 August 2025 and 27 August 2025, the Company issued 63,212,500 and 11,250,000 ordinary shares respectively to sophisticated and professional investors at \$0.04 per share under a Placement to raise \$2,978,500 (before costs).
- On 1 September 2025, the Company issued 12,309,738 unlisted options with an exercise price of \$0.06 per option and expiry date of 31 August 2029 to Reach Markets as part consideration for capital raising services.
- On 18 November 2025, the Company issued 12,942,721 unlisted options with an exercise price of \$0.10 per option and expiry date of 17 November 2029 to non-executive directors in accordance with shareholder approvals received at the 14 October 2025 Annual General Meeting.
- On 19 December 2025, the Company issued 21,780,000 unlisted options with an exercise price of \$0.10 (per option and expiry date of 17 November 2029 to employees under the Company’s Executive Option Plan.

Other than these matters there were no further significant changes in the state of affairs during the half-year.

Matters subsequent to the end of the half-year

In January 2026, the Company received an R&D Tax Incentive refund of \$4,356,397.

No other matter or circumstance has arisen since 31 December 2025 that has significantly affected or may significantly affect the operations or state of affairs of the consolidated entity.

Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out immediately after this Directors' Report.

This report is made in accordance with a resolution of directors, pursuant to section 306(3)(a) of the Corporations Act 2001.

Note 1. General information

The financial statements cover Prescient Therapeutics Limited (“Prescient” or “the Company”) and its controlled entities (“the consolidated entity”) for the half-year ended 31 December 2025. The financial statements are presented in Australian dollars, which is Prescient Therapeutics Limited's functional and presentation currency.

Prescient Therapeutics Limited is a listed public company limited by shares, incorporated and domiciled in Australia. Its registered office and principal place of business is:

Suite 2, Level 11, 385 Bourke Street
 Melbourne, VIC, 3000

A description of the nature of the consolidated entity's operations and its principal activities are included in the Directors' Report, which is not part of the financial statements.

The financial statements were authorised for issue, in accordance with a resolution of Directors, on 24 February 2026.

Note 2. Material accounting policy information

These general-purpose financial statements for the interim half-year reporting period ended 31 December 2025 have been prepared in accordance with Australian Accounting Standard *AASB 134 'Interim Financial Reporting'* and the *Corporations Act 2001*, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard *IAS 34 'Interim Financial Reporting'*.

These general-purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2025 and any public announcements made by the Consolidated entity during the interim reporting period in accordance with the continuous disclosure requirements of *the Corporations Act 2001*.

The principal accounting policies adopted are consistent with the most recent Annual Report for the year ended 30 June 2025.

New or amended Accounting Standards and Interpretations adopted

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the consolidated entity.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Note 3. Operating segments

Identification of reportable operating segments

The Company operated predominately in the clinical stage oncology industry within Australia. AASB 8 requires operating segments to be identified on the basis of internal reports about the components of the Group that are regularly reviewed by the chief operating decision maker in order to allocate resources to the segment and to assess its performance. The Board reviews the Company as a whole in the business segment of clinical stage oncology within Australia.

The rights to options held by option holders have not been included in the weighted average number of ordinary shares for the purposes of calculating diluted EPS as they do not meet the requirements for inclusion in AASB 133 'Earnings Per Share'. The rights to options are non-dilutive as the consolidated entity is loss generating.

Independent auditor's review report to the members of Prescient Therapeutics Limited

Report on the half-year financial report

Our conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Prescient Therapeutics Limited (the Company), and its subsidiaries (the Group), does not comply with the *Corporations Act 2001*, including:

- giving a true and fair view of the Group's financial position as at 31 December 2025 and of its financial performance for the half-year then ended; and
- complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

What was reviewed?

We have reviewed the accompanying half-year financial report of the Group, which comprises:

- the consolidated statement of financial position as at 31 December 2025,
- the consolidated statement of profit or loss and other comprehensive income for the half-year then ended,
- the consolidated statement of changes in equity for the half-year then ended,
- the consolidated statement of cash flows for the half-year then ended,
- notes to the financial statements, including material accounting policy information, and
- the directors' declaration.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's responsibilities for the review of the financial report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

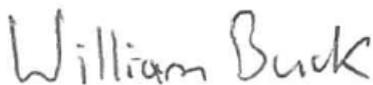

Responsibilities of the directors for the financial report

The directors of the Group are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibilities for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2025 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
