## ASX Announcement

# On-market share buy-back

**25 February 2026**

As part of the continuing development of a suitable capital allocation framework, McPherson's Limited (**ASX: MCP**) today announces its intention to conduct an on-market share buy-back of up to \$2.0 million over the next 12 months, commencing in March 2026.

In light of the Company's progress through its transformation program and the Board's confidence in McPherson's long-term strategy, the Board considers the buy-back an appropriate mechanism to return capital to shareholders, optimise capital management and enhance shareholder value, while retaining sufficient flexibility to support future growth. The exact amount and timing of the buy-back will be dependent on market conditions. The on-market share buy-back will be within the '10/12' limit permitted under the Corporations Act and does not require shareholder approval.
