# Condensed Notes to the Consolidated Financial Statements for the half-year ended 4 January 2026

## 1 General information

Woolworths Group Limited (the Company) is a for-profit company incorporated and domiciled in Australia. The Half-Year Financial Report of the Company is for the 27-week period ended 4 January 2026 and comprises the Company and its subsidiaries (together referred to as the Group). The comparative period is the 27-week period ended 5 January 2025.

The Half-Year Financial Report was authorised for issue by the directors on 25 February 2026.

### 1.1 Statement of compliance

The Half-Year Financial Report of the Group is a general purpose financial report prepared in accordance with the *Corporations Act 2001* and Australian Accounting Standard AASB 134 *Interim Financial Reporting* (AASB 134). Compliance with AASB 134 ensures compliance with International Financial Reporting Standard (IFRS Accounting Standard) IAS 34 *Interim Financial Reporting*. The Half-Year Financial Report does not include all of the information required for a full Financial Report, and should be read in conjunction with the Company's Financial Report for the 52-week period ended 29 June 2025 (2025 Financial Report), and any public announcements by Woolworths Group Limited and its subsidiaries during the half-year in accordance with continuous disclosure obligations under the *Corporations Act 2001* and ASX Listing Rules.

### 1.2 Basis of preparation

#### 1.2.1 Basis of accounting

All amounts are presented in Australian dollars and have been rounded to the nearest million dollars unless otherwise stated, in accordance with *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*.

The accounting policies applied in the preparation of the Half-Year Financial Report are consistent with those applied in the 2025 Financial Report. These accounting policies are consistent with Australian Accounting Standards and IFRS Accounting Standards.

Certain comparative amounts have been restated to conform with the current period's presentation. Following the closure of MyDeal, the Group undertook a review of its reportable segments, which resulted in the below changes:

- Everyday Market and Healthylife moving from W Living to Australian Food; and
- The reporting of BIG W Market as part of BIG W's eCommerce sales (within W Living) and Woolworths MarketPlus platform costs being attributed to sales across BIG W Market (within W Living) and Everyday Market (within Australian Food).

Refer to Note 5.1 for further details.

#### 1.2.2 Going concern

The directors have, at the time of approving the Half-Year Financial Report, a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future. The going concern basis of accounting has been determined after taking into consideration all available information at the time of approving the Half-Year Financial Report.

Notwithstanding that the Group's working capital position is in a net current liability position as at 4 January 2026 of \$5,969 million (29 June 2025: \$5,306 million), the directors continually monitor the Group's working capital position, including forecast working capital requirements, and are satisfied that the Group's current cash reserves, expected cash flows from operations and available facilities will enable the Group to pay its debts as and when they fall due. The net current liability position is principally due to the fast-turning nature of inventories, the timing of payments to suppliers, the use of available funds to support investments that are classified as non-current assets, and the Group's current lease obligations.

### 1.3 New accounting Standards and Interpretations

The Group has adopted all the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board that are relevant to its operations and effective for annual reporting periods beginning on or after 30 June 2025, which did not have a material impact on the financial statements of the Group. The Group has not early adopted any Standards, Interpretations or amendments that have been issued but are not yet effective.

The Group also continues to prepare for the implementation of sustainability reporting under AASB S2 *Climate-related Disclosures*, effective from the 2026 financial period.

### 1 General information

#### 1.4 Critical accounting estimates and judgements

In applying the Group's accounting policies, the Directors are required to make estimates, judgements and assumptions that affect amounts reported in this Half-Year Financial Report. The estimates, judgements and assumptions are based on historical experience, adjusted for current market conditions and other factors that are believed to be reasonable under the circumstances, and are reviewed on a regular basis. Actual results may differ from these estimates.

Underpinning the Group's provisions are estimates, judgements and assumptions, which involve a higher degree of complexity or that have a significant risk of causing a material adjustment to the amounts recognised in the Consolidated Financial Statements. Refer to Note 6 for further details.

| <b>Total net finance costs</b>          | <b>422</b>               | <b>416</b>               |

1 Interest expense primarily includes interest on leases of \$307 million (2025: \$310 million) and interest on borrowings and derivatives of \$148 million (2025: \$136 million).

2 Weighted average capitalisation rate is 4.65% (2025: 4.99%).

3 Interest income primarily comprises income recognised by the Group in its capacity as a lessor, over the lease term.

### 5 Reportable segments

#### 5.1 Financial performance of the Group's reportable segments

Reportable segments are identified on the basis of internal reports on the business units of the Group that are regularly reviewed by the Board and executive management team (the chief operating decision makers) in order to allocate resources to the segments and assess their performance. The primary reporting measures of the reportable segments are sales and earnings before interest, tax (EBIT), which is consistent with the way management monitors and reports the performance of these segments.

The Group's reportable segments offer different products and services across various geographical locations, or service different customer types, and are managed separately. Intersegment arrangements, including the recovery of intersegment charges for shared services, property and administration overhead costs, are not designed to derive a net profit and are therefore charged on a cost basis. The financial performance of the Group, in particular BIG W, is affected by seasonality whereby earnings are typically greater in the first half of the financial period due to the Christmas trading period.

During the period, following the closure of MyDeal, the Group undertook a review of its reportable segments and a decision was made to transfer reporting lines for Everyday Market and Healthylife from W Living to Australian Food. In addition, BIG W Market is now reported as part of BIG W's eCommerce sales (within W Living) and Woolworths MarketPlus platform costs are attributed to sales across BIG W Market (within W Living) and Everyday Market (within Australian Food). As a result, certain comparative amounts have been restated to conform with the current period's presentation.

1 Revenue in Australian B2B includes \$203 million (2025: \$184 million) of freight revenue received by the Group from external suppliers for freight services provided on products collected and sold by the Group. At the Group level, this revenue represents a reduction in the cost of the products and is reclassified as a reduction in cost of sales, resulting in no change to EBIT.

2 Refer to Note 5.2 for further details.

3 Capital expenditure comprises the purchase of property, plant and equipment, and intangible assets.

4 Refer to Note 1.2.1 for further details.

##### END-TO-END PAYROLL REVIEW REMEDIATION

On 5 September 2025, the Group received the Federal Court of Australia's decision relating to historical underpayments of award-covered salaried store team leaders.

On the basis of the Group's review of the Court's decision, an additional provision of \$710 million was recognised during the current period, comprising further potential remediation to award-covered salaried store team leaders of \$406 million (before income tax) and interest, superannuation and payroll tax of \$304 million (before income tax). The additional provision is within the previously announced range of between \$450 million to \$750 million (before income tax). Refer to Note 6 for further details.

##### OTHER

##### *Revaluation of put option liability over non-controlling interests*

The Group has recognised a put option liability over its non-controlling interests of Quantum. At each reporting period, the put option liability is reassessed to reflect the present value of the Group's best estimate of the amount expected to be paid at the estimated time of exercise. During the period, a net revaluation gain of \$12 million was recognised, which related to the revised revaluation of the put option liability.

##### *Net costs associated with the closure of the Melbourne Liquor Distribution Centre*

Following the announced cessation of the Group's contract with Endeavour Group for warehouse operations at its Melbourne Liquor Distribution Centre (MLDC) in September 2028, the Group recognised \$61 million of one-off closure costs during the current period, primarily comprising redundancy payments to the affected team members. As part of the contractual agreement with Endeavour Group, a receivable of \$40 million was also recognised during the period, representing the partial reimbursement of these one-off costs, with a net cost of \$21 million.

##### *Supply chain network review*

During the period, the Group reviewed the supply chain network and made the decision to retain the Melbourne Ambient National Distribution Centre, to support network overflow and extended range in Victoria. As a result, certain redundancy payments are no longer required and the provision was reduced by \$21 million, which offsets the net costs to exit MLDC.

1 Net changes in the provision for the current period includes the additional provision of \$710 million recognised during the period relating to the end-to-end payroll review remediation of award-covered salaried store leaders, net of payments to team members and other changes to historical estimates.

Included in provisions is the team member remediation provision of \$836 million (2025: \$146 million), which represents the Group's best estimates of the amounts required to settle the Group's obligations under the General Retail Industry Award (GRIA) as well as other modern awards, enterprise agreements (EAs), and statutory entitlements for both salaried and hourly paid team members.

The provision includes interest accrued at the rate prescribed by Australian law. Interest will continue to accrue in future periods until legal proceedings are finalised and/or the amounts are settled in full. The Group may also be subject to penalties, the quantum of which would ultimately be determined by the Court and it is difficult to reliably estimate any potential penalty amount at this time.

The provision is classified as a current liability. However, the actual timing of payments may extend beyond 12 months from the reporting date due to ongoing legal proceedings, the complexity of finalising remediation calculations, and the administrative processes required to identify and remit payment to affected employees.

#### END-TO-END PAYROLL REVIEW

During the 2021 financial period, the Group established an end-to-end review across the Group's payroll systems and processes to test and assess compliance with the Group's obligations under the GRIA as well as other modern awards, EAs, and statutory entitlements for both salaried and hourly paid team members. During the course of this review, certain areas of non-compliance were identified. The Group has applied extensive resources to the review and analysis of its records, and the calculation of the likely remediation to affected team members.

During the 2023 financial period, the Group concluded its compliance testing and finalised remediation estimates relating to its multi-year review program across the relevant awards and EAs covering all employees, including the Group's supply chain operations. This was subject to ongoing engagement with team members, regulators, and the relevant legal proceedings (including relating to historical underpayments of award-covered salaried store team leaders).

During the current period, the Group received the Federal Court of Australia's decision relating to historical underpayments of award-covered salaried store team leaders and, on the basis of the Group's review, an additional provision of \$710 million (inclusive of interest, superannuation and payroll tax) was recognised.

## Condensed Notes to the Consolidated Financial Statements for the half-year ended 4 January 2026

### 6 Provisions

#### 6.1 Team member remediation provisions (continued)

As at 4 January 2026, the Group has a remaining team member remediation provision of \$836 million (29 June 2025: \$146 million), of which \$786 million (29 June 2025: \$61 million) relates to salaried team members and \$50 million (29 June 2025: \$85 million) relates to hourly paid team members. These provisions remain subject to finalisation of payments to the respective team members, ongoing regulatory engagement, and the resolution of the legal proceedings.

##### **Salaried team members**

On 30 October 2019, the Group disclosed that a number of salaried team members had not been paid in full compliance with the Group's obligations under the Fair Work Act and GRIA. The Group has already undertaken an extensive remediation for its affected salaried store leaders, drawing on team member records and contractual arrangements, expert external guidance and industry standard approaches to construction of the award. As at 4 January 2026, total payments of \$487 million have been made to the affected salaried team members across the Group.

In June 2021, the FWO commenced legal proceedings against the Group, seeking orders in relation to alleged contraventions of the Fair Work Act and further compensation of affected salaried team members. The FWO proceedings were heard by the Federal Court in June and July 2023. Class action proceedings brought by Adero Law Firm against the Woolworths Group in 2019 were heard at the same time.

On 5 September 2025, the Group received the Federal Court of Australia's decision, which was lengthy and complex, and did not determine all issues in the proceedings. Whilst a case management hearing was held during the period to consider the further conduct of the proceedings, many issues are still to be determined and a timetable has been set for the next stages of the proceedings.

On the basis of the Group's review of the Court's decision, and applying the judgement outlined below for calculation of the estimate, an additional provision of \$710 million (before income tax) was recognised, comprising further potential remediation to salaried store leaders of \$406 million and interest, superannuation and payroll tax of \$304 million. The additional provision of \$710 million is within the previously announced range of between \$450 million to \$750 million (before income tax). The additional provision principally relates to the Court's decision on set-off provisions, minimum break between shifts and treatment of leave. The estimate includes further remediation related to historical underpayments from 2013 to 2019 and the impact of the decision from 2019 to the end of the period.

As at 4 January 2026, the Group has a remaining provision of \$786 million to settle any remaining obligations for salaried team members. Final actual outcomes may differ from the amounts already provided including for the reasons outlined below.

##### **Hourly paid team members**

As at 4 January 2026, the Group's provision for hourly paid team members is \$50 million, which relates to team member payment shortfalls (including interest and on-costs) as a result of non-compliance with EAs. To date, total payments of \$191 million have been made to the affected hourly paid team members.

#### **SIGNIFICANT JUDGEMENT AND UNCERTAINTY**

The calculation of the provision has been determined having regard to the possible outcomes of ongoing regulatory engagements and legal proceedings (including any appeals), the potential probabilities of those outcomes, and the risks and uncertainties associated with each outcome.

This calculation involves significant judgement and uncertainty, particularly in estimating future cash outflows for remediation and the potential impacts arising from those ongoing engagements and proceedings. The calculations also rely on complex assumptions (including, but not limited to, discount rates, salary and wage levels, service periods, and the interpretation and interdependencies of the various provisions of the GRIA, EAs and other relevant awards) and are based on the latest information available.

As at the date of this report, the Group's estimate remains subject to ongoing regulatory engagement and the resolution of all legal proceedings. The outcomes of legal proceedings, including the resolution of any appeal processes, are inherently difficult to predict and significant judgement has been applied in assessing the likely outcome and associated risks, for each contested matter, in determining the estimate and measuring the provision.

Any changes, which may be required to the provision arising from new information, as a result of the ongoing regulatory engagements, or final determination of the legal proceedings, including any review of the remediation estimates, could vary the amounts already provided. Any changes to the provision would be accounted for as a change in accounting estimate within the relevant period.

All dividends are fully franked at a 30% tax rate.

On 25 February 2026, the Board of Directors declared an interim dividend of 45 cents per share in respect of the 2026 financial period, fully franked at a 30% tax rate (compared to the interim dividend of 39 cents per share declared in February 2025). The amount will be paid on or around 2 April 2026 and is expected to be \$550 million. As the dividend was declared subsequent to 4 January 2026, no provision has been made as at 4 January 2026 in the Consolidated Statement of Financial Position.

#### Dividend Reinvestment Plan (DRP)

The DRP remains active. Eligible shareholders may participate in the DRP in respect of all or part of their shareholding. There is currently no DRP discount applied and no limit on the number of shares that can participate in the DRP.

Shares will be allocated to shareholders under the DRP for the 2026 interim dividend at an amount equal to the average of the daily volume weighted average market price of ordinary shares of the Company traded on the ASX over the period of 10 trading days commencing on 9 March 2026. The last date for receipt of election notices for the DRP is 6 March 2026. The Company intends to purchase shares on-market and transfer these to participants on 2 April 2026 to satisfy its obligations under the DRP.

### 10 Contingent liabilities

The Group has entered into the following guarantees; however, the probability of having to make a payment under these guarantees is considered remote:

- Guarantees in the normal course of business relating to conditions set out in development applications and for the sale of properties; and
- Guarantees against workers' compensation self-insurance liabilities as required by State WorkCover authorities. The guarantees are based on independent actuarial advice of the outstanding liability. No provision has been made in the Consolidated Financial Statements in respect of these contingencies; however, there is a provision of \$814 million for self-insured risks (29 June 2025: \$792 million), which includes liabilities relating to workers' compensation claims that have been recognised in the Consolidated Statement of Financial Position at the reporting date.

From time to time, entities within the Group are party to various legal actions as well as inquiries from regulators and government bodies. As at 4 January 2026, the Consolidated Statement of Financial Position reflects the Group's best estimate of all known liabilities arising from such matters and there are no material contingent liabilities that require disclosure, other than those noted as follows.

#### **Australian Competition and Consumer Commission (ACCC) and New Zealand Commerce Commission (NZCC) Proceedings**

On 23 September 2024, the ACCC commenced proceedings in the Federal Court against Woolworths Group Limited (the Group) for allegedly breaching the Australian Consumer Law in relation to discount pricing representations on common supermarket products. Class action proceedings were subsequently launched against Woolworths Group Limited by Gerard Malouf & Partners in relation to the same allegations.

On 5 May 2025, the NZCC brought criminal proceedings against Woolworths New Zealand Ltd, a wholly-owned subsidiary of Woolworths Group Limited, for allegedly breaching section 10 of the Fair Trading Act 1986 in relation to the price consumers were to pay, or paid, for grocery products.

The Group is defending the ACCC proceedings and the class action, which may or may not result in a liability. The Group is also defending the NZCC proceedings. The potential outcomes of these proceedings and potential proceedings cannot be determined at this stage, and therefore meet the definition of a contingent liability for which no provision was recognised as at 4 January 2026.

### 11 Subsequent events

As at the date of this report, there has not been any matter or circumstance occurring subsequent to the end of the reporting period that would have a material impact on the Half-Year Financial Report 2026.

## Directors' Declaration

The directors of the Company declare that, in the opinion of the directors:

- a) The consolidated financial statements and notes for the half-year ended 4 January 2026 are in accordance with the *Corporations Act 2001*, including:
  - i) complying with Australian Accounting Standards, International Financial Reporting Standards and any further requirements in the *Corporations Regulations 2001*; and
  - ii) giving a true and fair view of the financial position and performance of the Group; and
- b) There are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

This declaration is made and signed in accordance with a resolution of the directors.

On behalf of the directors,

## Independent Auditor's Review Report to the members of Woolworths Group Limited

### REPORT ON THE HALF-YEAR FINANCIAL REPORT

#### **Conclusion**

We have reviewed the half-year financial report of Woolworths Group Limited (the "Company") and its subsidiaries (the "Group"), which comprises the Consolidated Statement of Financial Position as at 4 January 2026, the Consolidated Statement of Profit or Loss, the Consolidated Statement of Other Comprehensive Income or Loss, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the half-year ended on that date, notes to the financial statements, including material accounting policy information and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Group is not in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the Group's financial position as at 4 January 2026 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

#### **Basis for Conclusion**

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Half-year Financial Report* section of our report.

We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the "Code") that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

#### **Directors' Responsibility for the Half-Year Financial Report**

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

**Auditor's Responsibilities for the Review of the Half-Year Financial Report**

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 4 January 2026 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
