FY25 Overview

In FY25 we grew revenue by 4% to \$173.0m and achieved \$17.0m in AEBITDA, in line with guidance. Our performance reflects both the resilience of our operating model, and disciplined execution across the Nido services.

The Board has determined a fully franked dividend of 2.2 cents per share which represents a 5.5% yield on the current share price⁶. This takes our full year dividend to 3.7 cents per share.

⁴ Figures are adjusted for the impact of AASB 16 and stamp duty costs on acquisitions

⁵ Average daily fee is net of discounts

⁶ As at 24 February 2026

The Board's decision is supported by our balance sheet and cash flow outlook. Importantly, payment of the dividend does not constrain our ability to invest in growth or pursue acquisitions. It is the Board's intention to continue to pay dividends going forward.

Throughout last year, we managed service-level variable costs carefully and deployed capital selectively.

As we have signposted throughout prior announcements, we made deliberate and decisive investments to strengthen the business:

- We strengthened our safeguarding, quality and compliance capabilities
- We evolved our offering for children and families, including our curriculum, menus and resources
- We invested in our educators, including training and professional development, the Nido Employee Value Proposition and their experience
- We evolved the Nido brand and our approach to marketing and family engagement
- We advanced the design of our services and enhanced our approach to maintenance and cleaning
- We invested in our leadership and governance and restructured to support quality, operational control and growth.

In FY25, we managed the opening of seven services in our incubator, and we acquired three services out of incubation.

So far in FY26, we've opened two additional services in the incubator and we expect to open another 10 during the rest of the year. Our incubator pipeline includes 100 services at various stages of maturity.

We are currently working through an acquisition of four services from incubation to settle in the first half of FY26 for approximately \$9.0m.

Looking ahead

The FY26 year has started in line with budget, with January's EBITDA result, an improvement on FY25.

As we continue to work through the February re-enrolment period, we are seeing acceptable lead indicators including:

- Enquiries are slightly above last year
- Enrolment offers to parents are up 20% YTD
- Conversion rates are improving and tracking above last year.

These early signs of improvement are reflective of the way we pivoted early in 2025, through our structural changes and investment in capability and personnel. They are also partially supported by government subsidy changes with the introduction of the 3 Day Guarantee.

This has been a year of discipline and structural improvement, and we've ensured the foundations of the business are strengthened to continue to deliver safe and quality education.

In FY26 we are focused on delivering a greater impact for the community through more days of learning which is targeted to deliver growth in our AEBITDA in the order of 20% on the FY25 result.

4. Incubation

Nido Incubation model

Providing consistent growth of purpose-built services

Incubation strategy

Nido has developed a greenfield incubation strategy to mitigate risks associated with the traditional roll up approach

- A third-party incubator initially owns the service, funds the development and trade up losses
- Nido manages the development and day-to-day operations
- Once acquisition performance hurdles are met, Nido has a 12-month option to acquire

Purpose built

All Nido's Early Schools are designed by Nido and managed by Nido from site selection through to acquisition

- Services are built to be best in their markets
- The owned portfolio is relatively new with the older services opened in 2019
- Purpose-built environments that have education and safeguarding at the heart of design

Consistent growth

Nido has access to a de-risked acquisition pipeline of 100+ Nido services over the next five years

- Proven performance services acquired at 4.5x EBIT
- Acquiring at circa 80% occupancy
- Built with quality and longevity in mind (30+ year leases, including renewal options)

Opened 9 services in last 12 months

Safety Bay, WA (January 2026)

Lakelands East, WA (December 2025)

Hilbert, WA (February 2025)

Swan View, WA (June 2025)

Mandogalup, WA (April 2025)

Sunshine, VIC (January 2026)

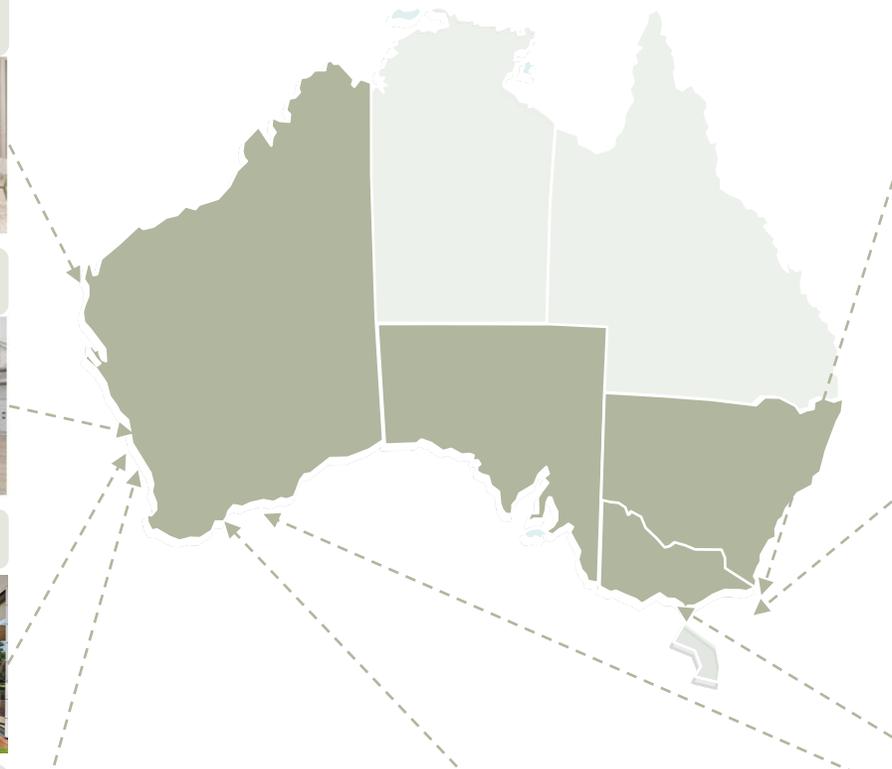

Long Gully, VIC (December 2025)

Clyde North, VIC (August 2025)

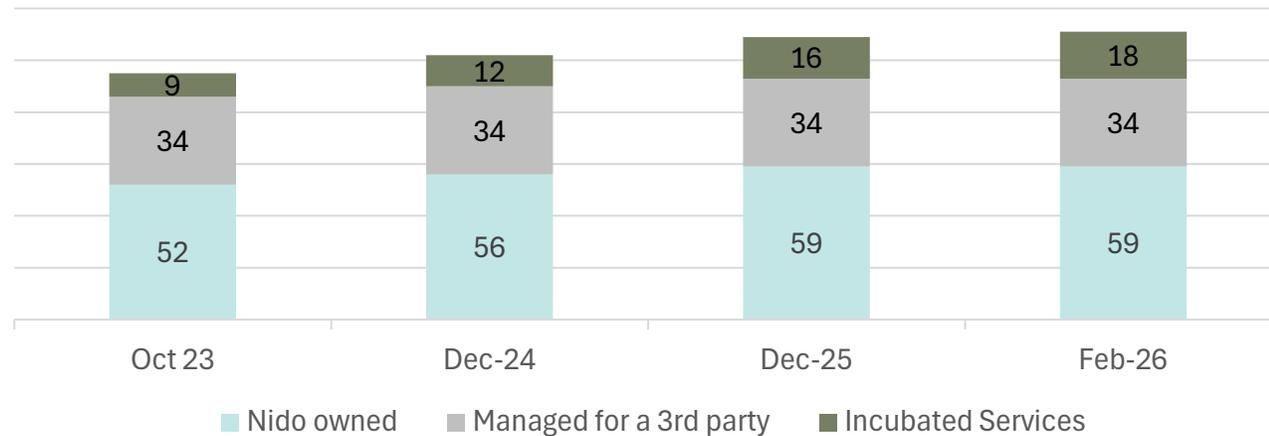

Mandurah, WA (August 2025)

Open services C/fwd	9	12	16	18

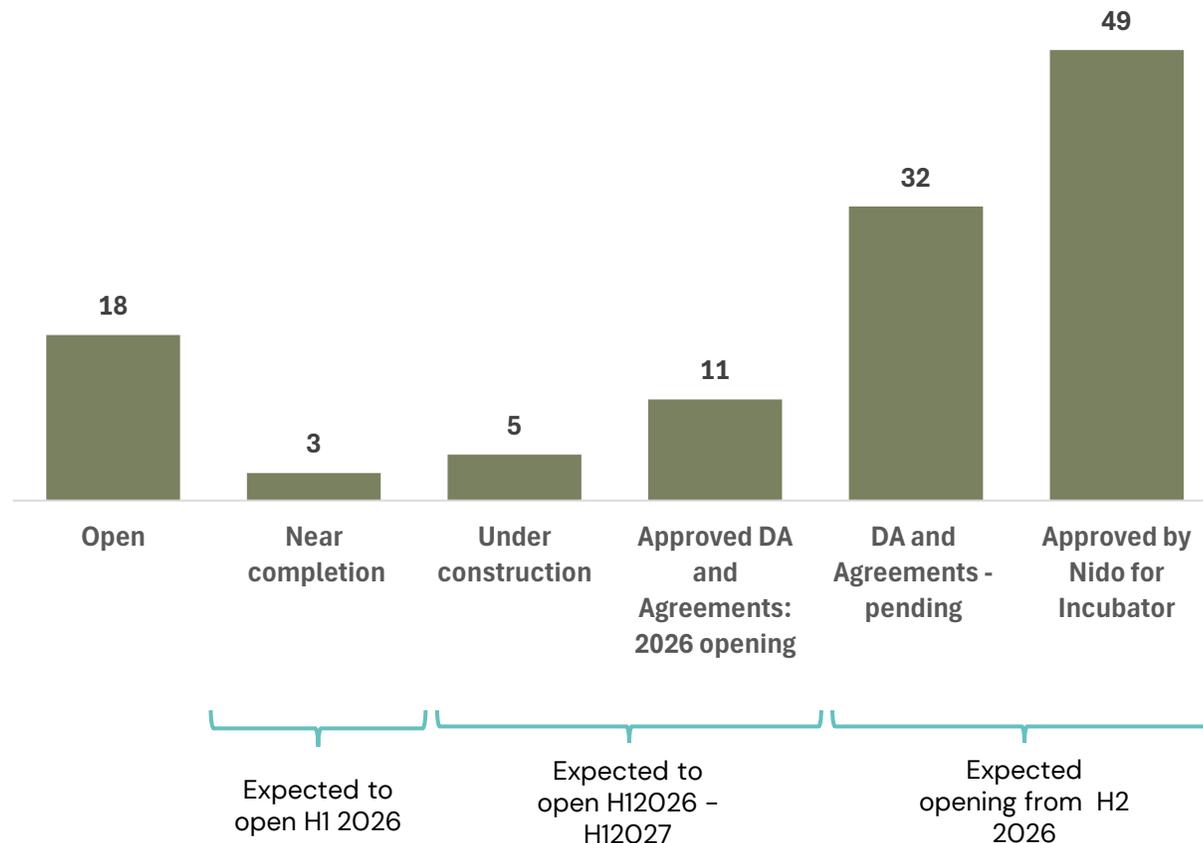

The incubated growth model has allowed Nido to increase its owned and incubated portfolio by 25% from IPO in October 2023 to 77 services today

- We opened seven services in 2025 and opened two more in January 2026
- We have acquired three de-risked services in 2025 bringing the total to seven since IPO

Pipeline

Our pipeline continues to mature with over 100 sites at various stages of development

Incubation pipeline – February 2026

We continue to consider circa 100 to 150 new opportunities every month

- 18 services are now open and in trade up
- 19+ sites are expected to open progressively over the next 16 months
- 32 sites have been confirmed as meeting Nido's requirements and are awaiting DA approval or legal agreement completion
- 49 sites have passed the initial assessment and have progressed to the next stage of review

We are pleased with the progress of the incubator and look forward to expanding our impact for children and families

05. Looking Ahead

Looking ahead

January FY26 performance

- Occupancy down, but financial result slightly ahead of last year
- Enquiries are slightly above last year
- Enrolment offers to parents are up 20% YTD
- Conversion rates are improving and tracking above last year

Challenging demand environment will turn

- Acknowledge challenging trading conditions will persist in the short-term
- Tailwinds coming including 3 Day Guarantee
- Medium term birth rates improving

Evolving Government policy to improve access, affordability and safety

- Government has a vision and policy platform for universal child care
- 3 Day Guarantee
- Increased focus on safety, child protection and quality

Nido's focus: quality, growth, disciplined management

- Evolving quality
- Pursuing growth, responsibly
- Disciplined execution of plan
- Growth through acquisition in the incubator and external opportunities
- Targeting in the order of 20% EBITDA growth in FY26
