Principal activities

Qoria is a technology Group focussed on cyber safety. Meeting a growing demand to keep kids safe online and manage digital lifestyles, Qoria has developed a unique ecosystem-based approach to cyber safety. The Qoria ecosystem is a platform from which cyber safety settings, advice, and support can be delivered across any network and any device – offering a universal approach to cyber safety at home, at school and anywhere in between.

The innovation of the Qoria ecosystem is that it not only supports the needs of schools and parents but also that it also permits telecommunication service providers and device manufacturers to embed world's-best practice cyber safety into their offerings. The principal activities of the Group during the period have been continued sales and distribution, marketing and customer support of its suite of cyber safety products and services. There have been no other significant changes in the nature of these activities during the financial period.

Results

The Group reported total revenue and other income for the period ended 31 December 2025 of \$69,153,926 (31 December 2024: \$55,616,418) with revenue from ordinary activities being \$68,997,186 (31 December 2024: \$55,398,569).

The net loss before income tax attributable to members of the Group for the period ended 31 December 2025 amounted to \$24,460,512 (31 December 2024: \$13,388,092). A summary of operational results is presented below.

Directors' Report

Review of operations

The Group continued to advance its strategy of delivering high-quality education technology and cyber-safety solutions during the six months ended 31 December 2025. Focus remained on expanding recurring revenue, improving operational efficiency, and strengthening the Group's market position across both the K-12 and consumer segments. Key highlights include:

- Transformational Merger with Aura.** On 2 February 2026, the Group announced a binding merger implementation deed with US-based online safety leader Aura Consolidated Group Inc. ("Aura"). The merger aims to create a global category leader in digital safety, establishing a world-leading security platform for home, work, and school. Under the terms of the proposed scheme of arrangement, the Group will be acquired by Aura for an implied price of \$0.72 per share, with Qoria Managing Director Tim Levy leading the combined group post-merger.
- 68% Growth in Underlying EBITDA** when compared to PCP and **on track to deliver on EBITDA guidance** despite weakened currencies in key markets in the UK and US.
- Continued positive cash flow momentum**, delivering record H1 free cash flow (FCF) of \$8.6 million after adjusting for non-operating and non-recurring inflows and outflows (PCP: \$6.2 million).
- Surpassed a **major milestone of US\$100 million equivalent in ARR**. Total group ARR reached AU\$154 million on a constant currency basis and achieved a 19% year-on-year increase even when accounting for foreign exchange headwinds.
- The Qustodio **consumer business delivered exceptional performance**, growing ARR at an annualised rate of 34% for the half. This growth was driven by modest marketing investment yielding high ROI and record net subscriber growth.
- Our K-12 products are now protecting **over 32 thousand schools and 20% of the US K-12 student population**. The weighted K-12 pipeline grew 29% year-on-year to \$13.6 million, positioning the Group for continued growth in the second half of the financial year and providing leverage for the proposed merged Group to access this and other global markets with its lifetime security products (subject to closure of proposed merger with Aura Consolidated Group Inc. as announced on 2 February 2026).
- Continued investment in platform enhancements** and product features supported customer retention and positioned the Group for future growth opportunities. Qoria is increasingly investing in and embedding AI into its operations, products and software engineering.

Business strategies

Qoria's business is focused on protecting and supporting the digital journey of children.

Our mission is to save and better children's lives; to empower parents; to deliver for tomorrow's educators and be a key influencer in cyber safety globally. We seek to deliver our staff their best-ever employment experience and deliver exceptional returns for our investors.

One of the Group's key financial objectives is to achieve scale and operating leverage in the provision of online safety tools and advice. This encompasses organic growth as well as growth through acquisition of other similar businesses to open the Group to new opportunities and leverage its existing strengths and achievements.

The technologies acquired to date have been complementary to those which already existed within the Group. In this way, the Group is able to provide a 360 degree safety and wellbeing solution which protects children and school services, enables intervention when students are at risk and supports school and community safety and wellbeing programs.

By offering a suite of complementary technologies to a range of closely related markets the Group is able to cross-sell its full suite of products to its existing customer base as well as attract new customers. Strategically, this allows the Group to

Directors' Report

leverage existing customer relationships and satisfy customers' growing needs, adding value where it is increasingly demanded. For example, the addition of Octopus BI this year has enabled the addition of BI tools to education B2B customers. Through our Community product, the Qustodio parental control solution can be promoted to parents and guardians.

The financial impact of this strategy is a stable, growing recurring revenue stream with incremental customer acquisition costs that reduce with growth. It also allows for operating efficiencies achieved through scale by combining functions across the Group.

The Group mainly targets the United States, United Kingdom and European markets, as well as local markets in Australia and New Zealand, with its core Education products that are generally marketed to schools. The Qustodio product's footprint stretches to over 100 countries around the world and that product is offered in 9 languages. The Group's suite of education products has seen recent success in new markets around the world, and is beginning to be offered in the Middle East and Asia.

The Group's focus on generating positive operating and free cash flows continues as it builds profitability. Management's strategy is a combination of effective cost controls combined with continued growth in Group revenues. Cost synergies resulting from recent acquisitions continue to be realised in coming years and the Group's three year goal is to be the largest and most impactful safety and wellbeing provider globally.

For more detailed information regarding the Group's activities during and subsequent to the half-year, please refer to the various announcements it has made on the ASX platform.

Impact of key developments and relevant events throughout the period

Aside from operational highlights mentioned above, there were no other material developments for the Group during the period.

Current and upcoming strategic initiatives

The Group continues working on a deliberate commercialisation strategy aimed at building scale, profit and capability. Each of the Group's education segments are focused on layering products for new and net new growth.

As the emerging global leader in student digital wellbeing the Group is well positioned and is continuing to execute key strategic steps:

- **Unification** - Ongoing unification program to deliver platform efficiencies and customer value.
- **Product expansion** - Investment in technology platforms continues with the launching of EdTech Insights (from the Octopus BI acquisition) and an AI Cloud Scan as an add-on for our Monitor product. In addition, the Group may consider strategic acquisitions of specific products. This is part of a corporate objective to drive average revenue per unit ("ARPU") to \$10.
- **Market expansion** - New partnerships in the UK, Japan and US are considered strategically vital for long-term growth and market leadership.
- **Opportunities resulting from the proposed merger with Aura** - The proposed combination is expected to deliver value to shareholders by combining complementary products, delivered across complementary channels. As we integrate, we will unlock powerful cross-selling opportunities, expand our offerings and go ever more global.

Qoria is now firmly established as a world leader in online safety tools and advice, supporting educators so that children can thrive. The Group now has over 650 employees across 10 countries globally, serving more than 32,000 schools and 30 million children.

The Group is well positioned to continue to grow through key markets, plus through the cross sell of additional products within education and of the Qustodio consumer product to its existing students.

Directors' Report

Significant changes in state of affairs

There have been no significant changes in the state of affairs of the Group that occurred during the reporting period not otherwise disclosed in this report or the financial statements.

Likely developments

Other than as disclosed elsewhere in this report, there are no likely developments in the operations of the Group that were not finalised at the date of this report.

Environmental regulation

The Group is not subject to any significant environmental Commonwealth or State regulations or laws.

Dividends

There were no dividends paid or declared or recommended since the start of the financial period.

Events after balance date

Other than the matter described below, no matters or circumstances have arisen since the end of the period which significantly affected or may significantly affect the operations of the Group, the results of its operations or the state of affairs of the Group in subsequent financial years.

On 2 February 2026, Qoria Limited announced that it had entered into a binding agreement to merge with Aura Consolidated Group Inc. by way of a proposed scheme of arrangement. Completion of the transaction is subject to shareholder, regulatory and court approvals and other customary conditions. As at the date of this report, the transaction had not completed and no adjustments have been made to these financial statements in relation to the proposed transaction.

Indemnification and insurance of Directors and Officers

The Company indemnifies the Directors and Officers of the Company for costs incurred, in their capacity as a director or officer, for which they may be held personally liable, except where there is a lack of good faith. During the financial period, the Company paid a market rate premium in respect of a contract to insure the Directors and Executives of the Company against a liability to the extent permitted by the Corporations Act 2001. For confidentiality purposes the insurer has recommended not to disclose the nature of the liability and the amount of the premium.

Proceedings on behalf of the Group

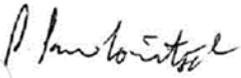

No person has applied for leave of Court under Section 237 of the Corporations Act 2001 to bring proceedings on behalf of the Group.

Directors' Report

Auditor's independence declaration

The auditor's independence declaration as required under section 307C of the Corporations Act 2001 for the half year ended 31 December 2025 is provided in this report.

Signed in accordance with a resolution of the Directors.

Notes to the Consolidated Financial Statements

For the period ended 31 December 2025

Note 1: Reporting entity

Qoria Limited (“Company” or the “parent”) is a listed public Company limited by shares, incorporated and domiciled in Australia and head of the Group consisting of Qoria Limited and the entities it controlled at the end of, or during, the period.

A description of the nature of the Group’s operations and its principal activities is included in the Directors’ Report which does not form part of this financial report.

The financial statements were authorised by the Board of Directors on the date of signing the Directors’ Declaration.

Note 2: Basis of preparation

The half-year financial statements are general purpose financial statements prepared in accordance with the Corporations Act 2001 and Australian Accounting Standards, including AASB 134 - Interim Financial Reporting.

The half-year report does not include full disclosures of the type normally included in an annual financial report. For the purposes of preparing the half-year condensed financial statements, the half-year has been treated as a discrete reporting period. These condensed half-year financial statements have been prepared on the going concern basis, which contemplates the continuity of normal business activities and the realisation of assets and settlement of liabilities in the normal course of business.

It is recommended that this half-year report be read in conjunction with the annual financial report for the year ended 30 June 2025 and any public announcements made by Qoria Limited during the half-year in accordance with continuous disclosure requirements arising under the Corporations Act 2001. Qoria Limited is a company limited by shares. The half-year report is presented in Australian currency and all amounts noted are in Australian dollars unless otherwise noted. Qoria Limited is a for-profit entity.

The accounting policies have been consistently applied by the Group and are consistent with those applied in the previous financial year and those of the corresponding interim reporting period.

a. Going concern

The financial statements for the period ended 31 December 2025 have been prepared on the basis that the entity is a going concern which contemplates the continuity of normal business activity, realisation of assets and settlement of liabilities in the normal course of business. During the period the entity generated net cash inflows from operating and investing activities of \$4,531,741, excluding purchases of businesses (6 months to December 2024: \$4,412,444 inflows).

As at 31 December 2025, the Group had a working capital deficit of \$54,754,829 (30 June 2025: \$46,749,005). On a proforma basis, excluding current contract liabilities of \$69,612,239 (30 June 2025: \$66,016,568) the Group had a working capital surplus of \$14,857,410 (30 June 2025: \$19,267,563).

The Directors believe that the entity will continue as a going concern and that it is appropriate to adopt the going concern basis in the preparation of the financial report based on forecasted cash flows and continued strong financial management. The Directors believe the Group will have sufficient cash flows to meet all commitments and working capital requirements.

The cash flow forecast is dependent on the Group complying with terms and conditions of lending as agreed from time to time with the lender and incorporates various targets for revenues, operating costs and overheads (Refer to Note 12 - Borrowings) which are dependent on the Group’s ability to achieve various assumptions around growth, retention rates and cost control. During the period, amendments to the Ashgrove facility resulted in deferring the debt-to-EBITDA covenant test until the quarter ended 31 December 2026. At the date of this report and having considered the above factors the Directors are of the opinion that the Group will be able to continue as a going concern.

Notes to the Consolidated Financial Statements

For the period ended 31 December 2025

Note 2: Basis of preparation (continued)

b. Adoption of new and revised accounting standards

The Group has adopted all of the new or amended accounting standards and interpretations issued by the Australian Accounting Standards Board (“AASB”) that are mandatory for the current reporting period.

Any new or amended accounting standards or interpretations that are not yet mandatory have not been early adopted.

c. Standards issued but not yet effective

Certain new and amended accounting standards and interpretations have been issued but are not mandatory for the financial period ended 31 December 2025. They have not been adopted in preparing the financial statements for the period ended 31 December 2025 and are not expected to impact the entity in the period of initial application.

d. Use of estimates and judgements

Information about critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements were included in the 30 June 2025 Annual Report.

Note 3: Business combinations

During the half-year ended 31 December 2024, the Group acquired Ayra International Pty Ltd and its controlled entities (Ayra Group Pty Ltd, Ayra Group Private Limited and Octopus BI Inc) (“Octopus BI”). As disclosed in the Group’s 30 June 2025 Annual Report (Note 24), provisional accounting was applied to the measurement of the purchase price allocation in accordance with AASB 3 Business Combinations.

As at 31 December 2025, the purchase price allocation has been finalised and there have been no adjustments to the provisional values previously reported. Accordingly, the carrying amounts of assets acquired, liabilities assumed, and goodwill recognized remain as disclosed in the 30 June 2025 Annual Report.

There were no business combinations during the half-year ended 31 December 2025. Comparative information relating to the prior period business combination is presented for information only, and no further adjustments have been made to the amounts previously reported.

Note 4: Segment reporting

AASB 8 - Operating Segments requires operating segments to be identified on the basis of internal reports about components of the Group that are regularly reviewed by the chief operating decision maker (“CODM”) in order to allocate resources to the segment and to assess its performance. The CODM has been identified as the Board of Directors.

The Group has four main operating segments being the provision of educational technology services in Australia & New Zealand (“ANZ”), the United Kingdom (“UK”), the United States of America (“USA”) and Europe. This is consistent with the internal reporting provided to the CODM as disclosed in the 30 June 2025 Annual Report.

Ashgrove Specialty Lending Investments - Debt facility

As at 31 December 2025, the Group's debt facility with London-based debt provider Ashgrove Capital Management Ltd ("Ashgrove") was fully drawn at \$47,850,000. There were no movements in borrowings during the half-year.

On 23 January 2024 the Group issued 16,045,408 unquoted warrants at \$0.2411 per warrant to Ashgrove in relation to this facility. The warrants may be exercised by the warrant holder at any time during the exercise period. Any warrants which have not been exercised by the expiry date of 22 January 2029 will automatically lapse.

The term of the facility is 5 years from first drawdown date (14 July 2023) and the interest rate is set at the prevailing BBSY rate plus 8.75% per annum with the ability to capitalise up to 4.25% per annum (with additional interest of 0.33% per annum payable for every 100 basis points elected to be capitalised by the Group). The facility is secured over all assets of the Group, globally and is subject to various terms and conditions including financial ratios, a liquidity covenant that requires a minimum cash balance held on the balance sheet, tested monthly, an ARR-to-debt ratio and an ARR-to-EBITDA ratio commencing 31 December 2025, both tested quarterly and events of default customary for a facility of this kind.

Transaction costs associated with the facility totalled \$8,109,215 and have been capitalised against the loan as at 31 December 2025 and are amortised over the term of the loan.

Note 14: Issued capital (continued)

Capital risk management

When managing capital the Board's objective is to ensure that the Group continues as a going concern as well as to maximise the returns to Shareholders and benefits for other stakeholders. The Board also aims to maintain a capital structure that ensures the lowest cost of capital available to the Group.

The Board is constantly reviewing the capital structure to take advantage of favourable costs of capital or high returns on assets. As the market is constantly changing, the Board may issue new shares, return capital to Shareholders or sell assets to reduce debt. The Group was not subject to any externally imposed capital requirements during the period.

Note 15: Reserves

Nature and purpose of share-based payments reserve

The share-based payments reserve records the value of options, performance rights and performance shares issued to the Group's employees, Directors, and third parties. The value of the amount disclosed during the period reflects the value of options, performance rights and performance shares issued by the Group.

Note 17: Loss per share

Basic loss per share amounts are calculated by dividing net loss for the period attributable to ordinary equity holders of the parent by the weighted average number of ordinary shares outstanding during the period.

The following reflects the income or loss and share data used in the total operations basic and diluted earnings per share computations:

	31 December 2025	31 December 2024
	\$	\$
Loss used in the calculation of basic and diluted loss per share	(23,153,463)	(11,492,536)

Weighted average number of ordinary shares outstanding during the period used in calculation of basic and diluted loss per share	1,348,876,143	1,261,747,367

Options and other potentially dilutive ordinary shares outstanding during the period have not been taken into account in the calculation of the weighted average number of ordinary shares as they are considered anti-dilutive.

Note 18: Fair value measurement

The following tables detail the Group's assets and liabilities, measured or disclosed at fair value, using a three level hierarchy, based on the lowest level of input that is significant to the entire fair value measurement, being:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable inputs for the asset or liability.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Qoria Limited

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of Qoria Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2025, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, material accounting policy information and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the *Corporations Act 2001* including:

- i. Giving a true and fair view of the Group's financial position as at 31 December 2025 and of its financial performance for the half-year ended on that date; and
- ii. Complying with Accounting Standard AASB 134 *Interim Financial Reporting and the Corporations Regulations 2001*.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be the same terms if given to the directors as at the time of this auditor's review report.

Responsibility of the directors for the financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2025 and its financial performance for the half-year ended on that date and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
