### Comments

#### Financial performance

The Group recorded a loss after providing for income tax of \$641,298 (31 December 2024: profit of \$3,197,837), while achieving a normalised Earnings Before Interest, Tax, Depreciation and Amortisation ('EBITDA') of \$2,000,506 (31 December 2024: \$5,543,306).

The Directors consider Underlying Earnings Before Interest, Tax, Depreciation and Amortisation ('EBITDA') to reflect the core earnings of the Group. Underlying EBITDA are financial measures which are not prescribed by Australian Accounting Standards ('AAS') and represent the profit or loss under AAS adjusted for non-cash and significant items. The following table summarises key reconciling items between the statutory result and the underlying results for the current and previous half-year:

### Principal activities

During the financial half-year the principal continuing activities of the Group consisted of:

- formulation, production, marketing and sale of the EZZ branded health supplements to retailers and consumers domestically and internationally; and
- wholesale distribution of the EAORON branded skin care products to retailers in Australia and New Zealand and direct-to-consumer distribution via a Company operated EAORON e-commerce store.

### Dividends

Dividends paid during the financial half-year were as follows:

	<b>Consolidated</b>	<b>Consolidated</b>
	<b>31 December 2025</b>	<b>31 December 2024</b>
	\$	\$
A fully franked final dividend for the year ended 30 June 2025 of 2 cents (2024: 2 cents) per ordinary share was declared on 5 November 2025 and paid on 23 December 2025	942,464	923,164

### Review of operations

The loss for the Group after providing for income tax amounted to \$643,758 (31 December 2024: profit of \$3,197,837).

While statutory earnings were impacted by non-recurring and non-cash items, the Group delivered underlying EBITDA of \$2.0 million, demonstrating the resilience of the underlying business model.

Revenue for the period was \$24.8 million (31 December 2024: \$30.3 million), reflecting softer consumer demand in China and heightened price competition across major e-commerce platforms. Gross margin remained robust at 73.4% (31 December 2024: 76.9%), with the moderation primarily attributable to changes in channel mix and increased wholesale distribution in Australia and New Zealand ('ANZ').

During the financial half-year, the Company incurred approximately \$0.56 million in due diligence and transaction related costs associated with a potential merger and acquisition opportunity. Following a comprehensive review, the Board elected not to proceed with the transaction, prioritising balance sheet strength and disciplined capital allocation.

The Company also recognised \$1.3 million in non-cash share-based payment expenses relating to Employee Share Schemes ('ESS') granted in the prior year. This expense was measured based on the share price at the time the majority of the ESS was granted at \$3.50 per share.

### Market conditions and revenue mix

The China e-commerce environment continued to evolve during the financial half-year, with increased competition from lower-priced private-label brands impacting pricing dynamics across certain online platforms. While this contributed to reduced revenue in Mainland China, EZZ remains committed to maintaining brand integrity, regulatory compliance and product quality—key differentiators that support long-term brand equity and sustainable margins.

Revenue from Mainland China decreased from \$23.4 million in 31 December 2024 to \$14.6 million in the financial half-year. In contrast, sales in ANZ increased by 25.8% to \$5.4 million (31 December 2024: \$4.3 million), reflecting continued progress in geographic diversification and expansion of domestic distribution channels.

Sales of EAORON products increased to \$1.96 million (31 December 2024: \$1.95 million), while revenue from the EZZ brand declined in line with softer online performance in China.

The continued growth in ANZ wholesale channels is strategically important as it reduces reliance on China and supports improved earnings stability over time.

### Cash position and balance sheet strength

The Group closed the financial half-year with a strong cash balance of \$13.5 million (30 June 2025: \$20.8 million), following dividend payments, increased inventory holdings to support seasonal demand and transaction-related expenditures. The Group remains debt-free (excluding lease liabilities), providing significant financial flexibility to support future growth initiatives.

### Product innovation

During the financial half-year, EZZ continued to strengthen its product portfolio with the launch of three new health supplement products:

- EZZ Breast Health Capsule;
- EZZ Women's Bone Strength Capsule; and
- EZZ R-21 Ergothioeine Capsule.

These launches reflect the Company's ongoing commitment to innovation and responsiveness to evolving consumer demand across immunity, women's health and longevity categories.

### Retail expansion

Domestically, EZZ expanded its distribution footprint through additional independent pharmacy listings across Australia, further embedding the brand within the local retail channel and supporting diversification of revenue sources.

### Brand and international engagement

EZZ continued its partnership with the Australian Open, leveraging the platform to enhance brand visibility across Australia and Mainland China. The Company engaged key influencers and retail partners to support demand activation initiatives and strengthen consumer engagement.

EZZ also participated in major international trade exhibitions including The Renex Expo (Australia), Beautyworld Middle East (Dubai) and the China International Expo (Shanghai), providing valuable engagement with prospective distributors and retail partners across global markets.

### United States market strategy

Initial market testing in the United States ('US') confirmed the highly competitive nature of the supplement market. In response, the Company has refined its market entry strategy and engaged an experienced external operations team to support disciplined and scalable expansion.

Management remains focused on executing a measured US strategy while preserving capital discipline.

### Outlook

EZZ's current revenue profile remains predominantly product-driven, supported by e-commerce and wholesale distribution channels. While this model has enabled rapid scaling historically, management continues to evaluate opportunities to enhance direct consumer engagement, data capabilities and long-term value creation.

The Company is also assessing the potential integration of artificial intelligence technologies to improve customer experience, analytics and personalised health recommendations. While in early stages of evaluation, this initiative aligns with EZZ's long-term ambition to build a more diversified and resilient business model.

The Company continues to evaluate acquisition opportunities that align with its long-term strategic goals, aiming to deliver enhanced value to shareholders.

The Directors consider Underlying Earnings Before Interest, Tax, Depreciation and Amortisation ('EBITDA') to reflect the core earnings of the Group. Underlying EBITDA are financial measures which are not prescribed by Australian Accounting Standards ('AAS') and represent the profit or loss under AAS adjusted for non-cash and significant items. The following table summarises key reconciling items between statutory result and the underlying results for the current and previous half-year:

### **Note 1. General information**

The financial statements cover EZZ Life Science Holdings Limited as a Group consisting of EZZ Life Science Holdings Limited and the entities it controlled at the end of, or during, the half-year. The financial statements are presented in Australian dollars, which is EZZ Life Science Holdings Limited's functional and presentation currency.

EZZ Life Science Holdings Limited is a listed public company limited by shares, incorporated and domiciled in Australia. Its registered office and principal place of business is:

Shop 1  
55-59 Parramatta Road  
Lidcombe NSW 2141  
Australia

A description of the nature of the Group's operations and its principal activities are included in the Directors' report, which is not part of the financial statements.

The financial statements were authorised for issue, in accordance with a resolution of Directors, on 27 February 2026.

### **Note 2. Material accounting policy information**

These general purpose financial statements for the interim half-year reporting period ended 31 December 2025 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2025 and any public announcements made by the Company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

#### **New or amended Accounting Standards and Interpretations adopted**

The Group has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. The adoption of these Accounting Standards and Interpretations did not have any material impact on the financial performance or position of the Group during the financial half-year ended 31 December 2025 and are not expected to have a material impact for the full financial year ending 30 June 2026.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

### **Note 3. Operating segments**

#### *Identification of reportable operating segments*

The Group is organised into two operating segment groups on the basis of financial information reported to the Directors which is revenue and gross profit for 'Brought in lines' and 'Company owned' products. These operating segments are based on the internal reports that are reviewed and used by the Board of Directors (who are identified as the Chief Operating Decision Makers ('CODM')) in assessing performance and in determining the allocation of resources. There is no aggregation of operating segments.

The accounting policies adopted for internal reporting to the CODM are consistent with those adopted in the financial statements.

#### *Accounting policies adopted*

All amounts reported to the Directors are determined in accordance with accounting policies that are consistent with those adopted in the annual financial statements of the Group.

**Note 3. Operating segments (continued)**

*Segment assets*

Assets of the Group are maintained in Australia with the exception of inventory which is stored in a bonded warehouse overseas.

*Segment liabilities*

Liabilities are generally considered to relate to the Group as a whole and are not allocated.

**EZZ LIFE SCIENCE HOLDINGS LIMITED**  
**INDEPENDENT AUDITOR'S REVIEW REPORT**

To the Members of EZZ Life Science Holdings Limited

**Conclusion**

We have reviewed the accompanying half-year financial report of EZZ Life Science Holdings Limited (the Company) and the entities it controlled (the Group), which comprises the consolidated statement of financial position as at 31 December 2025, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, notes to the financial statements including material accounting policy information, other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of EZZ Life Science Holdings Limited is not in accordance with the *Corporations Act 2001* including:

- a) giving a true and fair view of the Group's financial position as at 31 December 2025 and of its performance for the half-year ended on that date; and
- b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

**Basis for Conclusion**

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report.

We are independent of the company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including independence standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical requirements in accordance with the Code.

**EZZ LIFE SICENCE HOLDINGS LIMITED**

**INDEPENDENT AUDITOR'S REVIEW REPORT (continued)**

**Responsibility of the Directors for the Financial Report**

The directors of EZZ Life Science Holdings Limited are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility for the Review of the Financial Report**

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the company's financial position as at 31 December 2025 and its performance for the half year ended on that date, and complying with AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
