Sale of MA Aged Care Fund delivers strong returns

Highlights

- Sale of Infinite Care, the sole asset of the MA Aged Care Fund, delivers investors in excess of 2.8x invested capital return over the life of the Fund
- MA Financial to realise a gain of approximately \$20 million on its co-investment in addition to a performance fee associated with the Fund's strong performance

MA Financial Group Limited (ASX: MAF; "MA Financial", "the Group"), via the MA Aged Care Fund² (the Fund), has signed an agreement to sell Infinite Care to Anglicare Sydney (Anglicare)³ for an undisclosed sum. The transaction is due to complete in 1H26, subject to customary approvals and closing conditions.

MA Financial, through its co-investment in the fund, will realise a gain on sale of approximately \$20 million. The realised gain will be treated as a one-off significant item in the Group's FY26 underlying earnings. The positive financial outcome arising from the gain on sale of MA Financial's co-investment adds to the guidance commentary provided at the Group's recent FY25 result announcement.

In addition, the Group will receive a performance fee associated with the Fund's strong performance. The precise size of investment gain and performance fee will depend on final transaction adjustments, as is typical when selling an operating business.

The cash generated by MA Financial as a consequence of the realisation of its co-investment and performance fee will be recycled into growth initiatives.

¹ As at 31 December 2025

² MA Asset Management Ltd (ACN 142 008 535) (AFSL 427 515) acts as trustee of the Fund and is wholly owned by MA Financial

³ ACS Aged Care Holdings Pty. Ltd. ABN 17 690 637 097

The transaction will create a leading national for-purpose residential aged care provider, as a subsidiary of Anglicare Sydney. At a time of critical need in aged care, this combined platform will be well positioned to bring new beds to the market, with development opportunities across the portfolio.

MA Financial Joint CEO Julian Biggins said: “Following completion, investors in the MA Aged Care Fund will receive a total return, net of all fees in excess of a 2.8x multiple of their initial invested capital. The strong performance of the Fund highlights MA Financial’s strong track-record of delivering its investors great outcomes through its focus on active management of assets.”

MA Financial believes Infinite Care is an impressive asset that will benefit from its inclusion in Anglicare’s residential aged care portfolio, bringing together high calibre teams that are committed to delivering whole-of-person, life enriching and respectful care for older Australians.
