Responsible Entity

The Responsible Entity of the Funds is Betashares Capital Ltd (ABN 78 139 566 868). The Responsible Entity's registered office and principal place of business is Level 46, 180 George Street, Sydney, NSW 2000.

Principal activities

The principal activity of each Fund is to invest in accordance with the investment objective and guidelines as set out in the Fund's current Product Disclosure Statement and its Constitution.

The Funds did not have any employees during the financial half-year.

There were no significant changes in the nature of the Funds' activities during the financial half-year.

Financial statements presentation

The Funds are entities of the kind referred to by *ASIC Corporations (Related Scheme Reports) Instrument 2015/839* and in accordance with that instrument, Funds with a common Responsible Entity (or related Responsible Entities) can include their condensed financial reports in adjacent columns in a single set of financial reports.

Directors' report (continued)

Directors

The following persons held office as directors of Betashares Capital Ltd during the financial half-year or since the end of the financial half-year and up to the date of this report:

Mr Alex Vynokur (appointed 21 September 2009)
Mr Jason Gellert (appointed 5 March 2021)
Mr Edward Sippel (appointed 5 March 2021)

Review and results of operations

During the financial half-year, the Funds continued to invest in accordance with target asset allocations as set out in their governing documents and in accordance with the provisions of the Funds' Constitutions.

The results of operations of the Funds are disclosed in the condensed interim statements of comprehensive income. The income distributions payable by each of the Funds are disclosed in the condensed interim statements of financial position. The income distributions paid and payable by each of the Funds are disclosed in Note 4 to the condensed interim financial statements.

Significant changes in state of affairs

In the opinion of the directors, there were no significant changes in the state of affairs of the Funds that occurred during the financial half-year.

Matters subsequent to the end of the financial half-year

Since the end of the reporting period the net asset value per unit of the below Funds have changed by more than 10% due to changes in the fair value of the investments held. This movement results from implementation of the investment objective as set out in the Fund's Product Disclosure Statement.

Fund	Net asset value per unit changed by:
Cloud Computing ETF	(19.21)%
Energy Transition Metals ETF	15.37%
Global Cybersecurity ETF	(14.85)%
Global Defence ETF	10.87%
Global Royalties ETF	10.97%
S&P/ASX Australian Technology ETF	(19.81)%

No other matter or circumstance has arisen since 31 December 2025 that has significantly affected, or may significantly affect:

- (i) the operations of the Funds in future financial periods; or
- (ii) the results of those operations in future financial periods; or
- (iii) the state of affairs of the Funds in future financial periods.

Directors' report (continued)

Likely developments and expected results of operations

The results of the Funds' operations will be affected by a number of factors, including the performance of investment markets in which the Funds invest. Investment performance is not guaranteed and future returns may differ from past returns. As investment conditions change over time, past returns should not be used to predict future returns.

Further information on likely developments in the operation of the Funds and the expected results of those operations have not been included in this report because the Responsible Entity believes it would be likely to result in unreasonable prejudice to the Funds.

Rounding of amounts to the nearest thousand dollars

The Funds are entities of the kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191* and in accordance with that instrument, amounts in the condensed interim financial report and directors' report have been rounded off to the nearest thousand dollars, unless otherwise stated.

Compensation (ASIC Regulatory Guide 94 Unit pricing: Guide to good practice)

The Responsible Entity may apply a \$20 minimum to compensation amounts in respect of any unit pricing errors for exited investors.

Auditor's independence declaration

A copy of the Auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 5.

This report is made in accordance with a resolution of the directors.

Alex Vynokur

1 General information

These condensed interim financial statements cover the following managed investment funds (the "Funds"). The Funds are registered managed investment schemes under the *Corporations Act 2001*. The Responsible Entity cannot issue or redeem any units from the 80th anniversary of the day before the day the Funds commenced if that issue or redemption would cause a contravention of the rule against perpetuities or any other rule of law or equity. The Funds may be terminated in accordance with the provisions of their Constitutions. The Funds are domiciled in Australia.

The Responsible Entity of the Funds is Betashares Capital Ltd (the "Responsible Entity"). The Responsible Entity's registered office is Level 46, 180 George Street, Sydney, NSW 2000.

The condensed interim financial statements were authorised for issue by the directors of the Responsible Entity on 10 March 2026. The directors of the Responsible Entity have the power to amend and reissue the condensed interim financial statements.

2 Summary of material accounting policies

The principal accounting policies applied in the preparation of these condensed interim financial statements are set out below. These policies have been consistently applied to all years presented unless otherwise stated.

(a) Basis of preparation

The condensed interim financial statements are general purpose financial statements prepared in accordance with the *Corporations Act 2001* and AASB 134 *Interim Financial Reporting*. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*.

The condensed interim financial statements do not include all the notes of the type normally included in an annual financial report. Accordingly, these condensed interim financial statements are to be read in conjunction with the annual report for the financial year ended 30 June 2025 and any public announcements made during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The Funds operated solely in one segment which is the business of investment management within Australia.

The condensed interim financial statements are prepared on the basis of fair value measurement of assets and liabilities except where otherwise stated.

2 Summary of material accounting policies (continued)

(a) Basis of preparation (continued)

The condensed interim statement of financial position are presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and are not distinguished between current and non-current. All balances are expected to be recovered or settled within twelve months, except for investments in financial assets and liabilities at fair value through profit or loss and net assets attributable to unitholders.

Use of estimates and judgement

Management makes estimates and assumptions that affect the reported amounts in the condensed interim financial statements. These estimates and assumptions are continually evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Actual results may differ from these estimates.

For the majority of the Funds' financial instruments, quoted market prices are readily available. However, certain financial instruments are fair valued using valuation techniques. Where valuation techniques (for example, pricing models) are used to determine fair values, they are validated and regularly reviewed by experienced personnel of the Responsible Entity, independent of the area that created them.

Models use observable data, to the extent practicable. However, areas such as credit risk (both own and counterparty), volatilities and correlations require management to make estimates. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

For certain other financial instruments, including amounts due from/to brokers and payables, the carrying amounts approximate fair value due to the short-term nature of these financial instruments.

Functional currency and presentation

The financial statements are presented in Australian dollars, which are the Funds' functional currency.

(b) Australian accounting standards and interpretations

The Funds have adopted all the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. Management reviewed the accounting policies, and no updates were required to the accounting policies disclosed at 30 June 2025.

There are no new accounting standards, interpretations or amendments to existing standards that are effective for the financial half-year beginning 1 July 2025 that had a material impact on the Funds.

(c) Rounding of amounts

The Funds are an entity of the kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*, relating to the "rounding off" of amounts in the financial statements. Amounts in the condensed interim financial statements have been rounded off to the nearest thousand dollars, unless otherwise stated.

3 Net assets attributable to unitholders

Units are normally redeemable by unitholders being Authorised Participants at the unitholders' option, however, creations and redemptions may be suspended by the Responsible Entity if it is in the best interests of the unitholders. The units can be put back to the Funds at any time for cash, which is equal to a proportionate share of the Funds' net asset value attributable to the unitholders.

Under AASB 132 *Financial Instruments: Presentation*, puttable financial instruments meet the definition of a financial liability to be classified as equity where certain strict criteria are met. The Funds shall classify a financial instrument as an equity instrument from the date when the instrument has all the features and meets the conditions.

Capital risk management

The Funds consider their net assets attributable to unitholders as equity. The amount of net assets attributable to unitholders can change significantly on a daily basis as the Funds are subject to daily creations and redemptions at the discretion of eligible unitholders.

Under the terms of the Funds' Constitutions, the Responsible Entity has the discretion to reject a creation for units and to defer or adjust a redemption of units if the exercise of such discretion is in the best interests of unitholders.

² Nasdaq Next Gen 100 ETF issued 86 units as units issued upon reinvestment of distributions, which rounded to Nil units for 31 December 2024.

³ Nasdaq 100 Equal Weight ETF issued 364 units as units issued upon reinvestment of distributions, which rounded to Nil units for 31 December 2024.

² There was no comparative amount for MSCI Emerging Markets Complex ETF. The Fund was registered on 5 August 2024 and commenced trading on 25 August 2025.

An overview of the fair value measurements relating to financial instruments at fair value through profit or loss is included in Note 6 to the financial statements.

6 Fair value measurements

AASB 13 *Fair Value Measurement* requires disclosure of fair value measurements by level of the following fair value measurement hierarchy:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1);
- Inputs other than quoted prices included within Level 1 that are observable for the assets or liabilities, either directly or indirectly (Level 2); and
- Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs) (Level 3).

Fair value estimation

The carrying amounts of the Funds' assets and liabilities at the end of each reporting period approximate their fair values.

Financial assets and liabilities at fair value through profit or loss are measured initially at fair value excluding any transaction costs that are directly attributable to the acquisition or issue of the financial assets or financial liabilities. Transaction costs on financial assets and financial liabilities at fair value through profit or loss are expensed immediately. Subsequent to initial recognition, all instruments at fair value through profit or loss are measured at fair value with changes in their fair value recognised in condensed interim statements of comprehensive income.

(i) *Fair value in an active market (Level 1)*

The fair value of financial assets and liabilities traded in active markets is based on their quoted market prices at the end of the reporting period without any deduction for estimated future selling costs.

The Funds value their investments in accordance with the accounting policies set out in Note 2 to the financial statements. For the majority of investments, the Funds rely on information provided by independent pricing services for the valuation of investments. The quoted market price used for financial assets and liabilities held by the Funds is the last traded price. Where the last traded price does not fall within the bid-ask spread, an assessment is performed by management to determine the appropriate valuation price to use that is most representative of fair value.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

(ii) *Fair value in an inactive or unquoted market (Level 2)*

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques that maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Financial assets and liabilities that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within Level 2. These include certain securities and over-the-counter derivatives.

6 Fair value measurements (continued)

Fair value estimation (continued)

(iii) Fair value in an inactive or unquoted market (Level 3)

If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3. This is the case for instruments where risk gives rise to a significant unobservable adjustment. The fair value of financial assets and liabilities is determined using valuation techniques. These include the use of recent arm's length market transactions, reference to the current fair value of a substantially similar other instrument, discounted cash flow techniques, option pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

The carrying amounts of the Funds' assets and liabilities at the balance sheet date approximate their fair values.

Where discounted cash flow techniques are used, estimated future cash flows are based on management's best estimates and the discount rate used is a market rate at the end of the reporting period applicable for an instrument with similar terms and conditions. For other pricing models, inputs are based on market data at the end of the reporting period. Fair values for unquoted equity investments are estimated, if possible, using applicable price/earnings ratios for similar listed companies adjusted to reflect the specific circumstances of the issuer.

Some of the inputs to these models may not be market observable and are therefore estimated based on assumptions. The output of a model is always an estimate or approximation of a value that cannot be determined with certainty, and valuation techniques employed may not fully reflect all factors relevant to the positions the Funds hold. Valuations are therefore adjusted, where appropriate, to allow for additional factors including liquidity risk and counterparty risk.

Valuation process

Portfolio reviews are undertaken regularly by management to identify securities that potentially may not be actively traded or have stale security pricing. This process identifies securities which possibly could be regarded as Level 3 securities.

(vi) *Movement in Level 3 instruments (continued)*

Valuation process (continued)

Further analysis, should it be required, is undertaken to determine the accounting significance of the identification. For certain security types, in selecting the most appropriate valuation model, management performs back testing and considers actual market transactions. Changes in allocation to or from Level 3 are analysed at the end of each reporting year.

On 3 December 2025, Findi Ltd (ASX: FND) entered a trading halt to manage its continuous disclosure obligations and was subsequently suspended from quotation on 19 December 2025. As a result, Betashares S&P/ASX Australian Technology ETF used the last traded price to value its holdings and classified the security as Level 3. Trading in the shares resumed on 12 January 2026.

(vii) *Fair value of financial instruments not carried at fair value*

The carrying value of receivables and payables are assumed to approximate their fair values.

7 Events occurring after the reporting period

Since the end of the reporting period the net asset value per unit of the below Funds has changed by more than 10% due to changes in the fair value of the investments held. This movement results from implementation of the investment objective as set out in the Fund's Product Disclosure Statement.

Fund	Net asset value per unit changed by:
Cloud Computing ETF	(19.21)%
Energy Transition Metals ETF	15.37%
Global Cybersecurity ETF	(14.85)%
Global Defence ETF	10.87%
Global Royalties ETF	10.97%
S&P/ASX Australian Technology ETF	(19.81)%

No other significant events have occurred since the end of the reporting period which would impact on the financial position of the Funds disclosed in the condensed interim statements of financial position as at 31 December 2025 or on the results and cash flows of the Funds for the period ended on that date.

For the purpose of this report, the term Fund and Funds denote the individual and distinct entity for which the financial information is prepared and upon which our review is performed. Each is to be read as a singular matter.

Conclusion

We have reviewed the accompanying **Condensed Interim Financial Report** of the Funds.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the Condensed Interim Financial Report of the Funds does not comply with the *Corporations Act 2001*, including:

- giving a true and fair view of the Funds' financial position as at 31 December 2025 and of their performance for the **Interim Period** ended on that date; and
- complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

The **Condensed Interim Financial Report** comprise:

- Condensed interim statements of financial position as at 31 December 2025;
- Condensed interim statements of comprehensive income, Condensed interim statements of changes in equity and Condensed interim statements of cash flows for the Interim Period ended on that date;
- Notes 1 to 7 including selected explanatory notes; and
- The Directors' Declaration made by the Directors of Betashares Capital Ltd (the Responsible Entity).

The **Interim Period** is the 6 months ended on 31 December 2025.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Condensed Interim Financial Report* section of our report.

We are independent of the Funds and Betashares Capital Limited in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* issued by the Accounting Professional & Ethical Standards Board Limited (the Code) that are relevant to audits of annual financial reports of public interest entities in Australia. We have fulfilled our other ethical responsibilities in accordance with these requirements.

Responsibilities of the Directors for the Condensed Interim Financial Report

The Directors of Betashares Capital Limited are responsible for:

- the preparation of the Condensed Interim Financial Report that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001*; and
- such internal control as the Directors determine is necessary to enable the preparation of the Condensed Interim Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Condensed Interim Financial Report

Our responsibility is to express a conclusion on the Condensed Interim Financial Report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the Condensed Interim Financial Report does not comply with the *Corporations Act 2001* including giving a true and fair view of the Funds' financial position as at 31 December 2025 and their performance for the Interim Period ended on that date, and complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*. As auditor of the Funds, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a Condensed Interim Period Financial Report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with *Australian Auditing Standards* and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
