MLG TO CONTINUE ITS PROVISION OF INTEGRATED SITE SERVICES AT NORTHERN STAR'S JUNDEE OPERATIONS

Key Highlights:

- MLG to continue to provide integrated site services at Northern Star's Jundee operation
- Contract for 24-months with an option to extend for a further 12 months.
- Estimated annual revenue contribution of approximately **\$25 million**.
- Scope includes in pit surface haulage, ROM material handling, stockpile maintenance, management of waste dump pad, construction of landfill and bioremediation cells and road maintenance services.

MLG Oz Limited (ASX: MLG) ("MLG" or "the Company") is pleased to advise that it has been contracted to continue the provision of in-pit haulage and associated site services at the Jundee Gold Mine operated by **Northern Star Resources (ASX:NST)** ("Northern Star").

The contract represents a continuation of MLG's existing services at the Jundee operation and is expected to generate approximately **\$25 million in revenue per annum**.

Under the agreement, MLG will provide a range of integrated site services including surface haulage of ore and waste material, ROM material handling to ensure a continuous supply of ore to the processing plant, stockpile and re-handle pad management, waste dump management, construction and maintenance of landfill and bioremediation cells, maintenance of surface haul roads including watering and dust suppression, and the ongoing maintenance of road signage and edge markers across operational routes.

Acting Chief Executive Officer, Mark Hatfield, said: "MLG is pleased to continue supporting Northern Star at the Jundee operation. The continuation of these services reflects the strong operational performance of our team on site and demonstrates the value of MLG's integrated service offering in supporting our clients' production activities."

Authorised for release by the Board of Directors.
