

## PROPOSAL TO CONSOLIDATE ISSUED CAPITAL

Surefire Resources NL (**ASX:SRN**) (**Surefire** or **the Company**) will be holding a general meeting of shareholders at 10:00 am (AWST) on Friday, 1 May 2026 (**Meeting**) at 45 Ventnor Avenue, West Perth, WA 6005.

As you will be aware, the Company has a very large number of Shares on issue, approximately 4.2 billion, the effect of which is that price per share as traded on the ASX (the result of market capitalisation divided by the number of shares on issue) is so low that it is adversely impacting the Company's equity funding options to the detriment of the Company and its shareholders. If Shareholders approve the proposed Share consolidation, the number of Shares currently on issue will be reduced to approximately 168.0 million.

The effect of the Listing Rules is that the Company's capacity to and manner in which it can undertake a meaningful equity raising is seriously and detrimentally hampered by the current price at which the Company's shares are trading on the ASX; the proposed consolidation will address this.

The General Meeting is being called to address the following Resolution:

*"That, pursuant to and in accordance with section 254H of the Corporations Act and for all other purposes, with effect from 4 May 2026, the Share capital of the Company will be consolidated on the basis that:*

- (a) every 25 Shares will be consolidated into one Share; and*
- (b) where the number of Shares held by a Shareholder of the Company as a result of the consolidation effected by paragraph (a) of this Resolution includes any fraction of a Share, that fraction of a Share be rounded up to the next whole number of Shares."*

In accordance with section 110D(1) of the Corporations Act 2001 (Cth), the Company will not be sending hard copies of the Notice of Meeting (**Notice**) to shareholders, unless the shareholder has made a valid election to receive such documents in hard copy. The Notice, once lodged with ASX, will be able to be viewed and downloaded from the website link:
