ASX Announcement

7 April 2026

## ADDITIONAL CLAIMS EXPAND LANDHOLDING AT BOULDER CREEK GOLD-SILVER PROJECT NEW CLAIMS COVER STRIKE EXTENSIONS

### HIGHLIGHTS

- 20 additional claims staked covering prospective strike extensions at Boulder Creek Project - increases project area to ~807 hectares
- Project area prospective for epithermal high grade vein hosted gold-silver and disseminated gold-silver
- Historical exploration drilling conducted by Nerco, Inc. in mid-1980's prior to takeover by Kennecott Corporation/Rio Tinto

Discovery Alaska Limited (ASX: DAF - "Discovery Alaska" or "Company") is pleased to confirm that an additional 20 claims have been staked as part of the Boulder Creek Gold-Silver Project in Idaho, USA – located ~90km southwest of Boise and near the historical mining town of Silver City.

The new claims cover an area of ~167.2 hectares (413.2 acres) and are located to the northwest, east and southeast of the existing ~640 hectare Idaho State Lease ("ISL"), and were staked to cover the strike extensions of the prospective geological structures that may extend beyond the ISL project area.

# DISCOVERY alaska

The Company is conducting exploration planning works targeting the prospective historical anomalous areas identified from historic Nerco. Inc. drilling and exploration works conducted between 1985-1987.

Discovery Alaska Director, Jerko Zuvella said **"The Company is excited to increase the Boulder Creek Gold-Silver Project landholding, with an additional 20 claims increasing the project area to ~807 hectares, covering the prospective strike extensions of the historical trend determined from previous drilling works."**

***We look forward to progressing exploration works targeting gold and silver at an exciting time to increase value for our shareholders."***

The project is prospective for epithermal high grade vein hosted gold-silver and disseminated gold-silver, and lies within a prospective area containing several historical sites.

**Reference to Previous ASX Releases:**

This document refers to the following previous ASX releases:

28<sup>th</sup> January 2026 – Due Diligence Completed for Boulder Creek Gold-Silver Project in Idaho

8<sup>th</sup> December 2025 – Binding Heads of Agreement to Acquire Boulder Creek Au-Ag Project in Idaho

The Company confirms that it is not aware of any new information or data that materially affects the information included in the original market announcement and, in the case of Mineral Resources or Ore Reserves, that all material assumptions and technical parameters underpinning the estimates in the relevant market announcement continue to apply and have not materially changed. Discovery Alaska confirms that the form and context in which the Competent Person's findings are presented have not been materially modified from the original market announcement.

The Company advises that other than the information contained in this announcement, there is no other information that the Company deems to be material that requires disclosure under Listing Rule 3.1 at this time.

**Forward Looking Statements:** Statements regarding plans with respect to the Company's mineral properties are forward looking statements. There can be no assurance that the Company's plans for development of its mineral properties will proceed as expected. There can be no assurance that the Company will be able to confirm the presence of mineral deposits, that any mineralisation will prove to be economic or that a mine will successfully be developed on any of the Company's mineral properties.

The Company confirms that it is not aware of any new information or data that materially affects the information included in the original or relevant market announcement. The Company confirms that the form and context in which the Competent Person's findings are presented have not been materially modified from the original market announcement.
