ASX RELEASE

9 April 2026

For immediate release to the market

EPC Contract – Northparkes Operations Coarse Particle Flotation Project

GR Engineering Services Limited (ASX: GNG) (GR Engineering) is pleased to announce that it has been awarded an engineering, procurement and construction (EPC) contract with Northparkes Mining Services Pty Ltd, a subsidiary of Evolution Mining Limited (Evolution Mining), for the Northparkes Coarse Particle Flotation Project (the Project).

The Project is located 300 km west of Sydney, New South Wales. The upgrade of the existing plant is expected to provide an increase in copper recovery and will improve energy efficiency. The contract value is \$68 million and early works have commenced. The Project will be executed by GR Engineering's Brisbane team.

Commenting on the contract award, Mr Tony Patrizi, Managing Director said:

“GR Engineering is pleased to be working again with Evolution Mining, following the successful completion of the Mungari Mill Expansion Project in 2025. GR Engineering’s well-established Brisbane office will execute this project, following on from their recent successful completion of a large gold EPC project. We see this contract award as a strong endorsement of GR Engineering’s proven process design record and EPC delivery capability.”

Ends.
