Leading health imaging company Pro Medicus Limited [ASX: PME] today announced its wholly owned U.S. subsidiary, Visage Imaging, Inc., has signed a 5-year contract renewal with Northwestern Medicine ("NM").

Northwestern Medicine is a premier academic health system based in Chicago, featuring top-ranked hospitals, including Northwestern Memorial Hospital, and over 200 sites across Illinois. It is also the primary teaching affiliate for the Northwestern University Feinberg School of Medicine.

Commenting on the renewal, Dr Hupert said "We are extremely pleased that in addition to committing to a second five-year term at an increased fee per exam, NM have also committed to an increase in their minimums reflecting the growth in their exam volumes since standardising on our platform five years ago".
