

Advanced Innergy Holdings Limited and Matrix Composites & Engineering Ltd enter into Scheme Implementation Deed

Advanced Innergy Holdings Limited ACN 687 262 479 (ASX:AIH) (**AIH**) today announces that it has entered into a scheme implementation deed (**Scheme Implementation Deed**) with Matrix Composites & Engineering Ltd (ASX: MCE) (**MCE**) under which AIH has agreed to acquire all of the ordinary MCE shares on issue for \$0.40 cash per MCE share (**Offer Price**) by way of a scheme of arrangement (**Scheme**).

AIH has declared the Offer Price as its best and final, in the absence of a superior competing proposal for all or a material part of Matrix's shares or assets.

The acquisition of MCE forms a key part of AIH's strategy to build a market leading technical buoyancy and subsea ancillaries platform and establish its manufacturing presence in the Asia-Pacific region.

Russell Ward, Chairman of AIH said: "This transaction strengthens AIH's global platform and delivers on the APAC expansion strategy we outlined at IPO. The offer is all-cash and fully funded, providing MCE shareholders with certainty of value at a meaningful premium to recent trading levels. We look forward to engaging with the MCE board to progress the transaction in the interests of both sets of shareholders."

MCE Board recommendation

The Directors of MCE unanimously recommend MCE shareholders vote in favour of the Scheme and each MCE Director intends to vote all MCE shares they hold or control in favour of the Scheme, in each case in the absence of a superior proposal and subject to the Independent Expert concluding (and continuing to conclude) that the Scheme is in the best interests of MCE shareholders.

Scheme and Scheme Implementation Deed

The Scheme is subject to customary conditions, including MCE shareholder approval, court approval, an Independent Expert concluding (and continuing to conclude) that the Scheme is in the best interest of MCE shareholders and there being no material adverse change or prescribed occurrence.

The Scheme is also conditional on:

- AIH obtaining approval from the Foreign Investment Review Board (**FIRB**); and
- the S&P/ASX 200 index not falling by 30% or more between the date of the scheme implementation deed and 8.00 am on the date of the Court hearing approving the Scheme, and remaining at or below that level for at least two consecutive trading days.
