

March 2026 Quarterly Activities Report & 4C Market Update

Lark Distilling Co. Ltd (ASX: LRK) (“LARK” or the “Company”) Australia’s No.1 Luxury Single Malt Whisky producer and brand is pleased to provide a business update for the quarter ended 31 March 2026 (Q3FY26 or Q3) and Appendix 4C.

Q3FY26 Highlights:

- Net Sales of \$4.3 million, up 0.2% vs. the prior corresponding period (pcp).
- The brand restage launched in late March, earning encouraging positive feedback, including being awarded World’s Best Design and Best Range Design at the World Whiskies Awards 2026.
- Domestic Direct-to-Consumer (D2C) sales of \$1.9 million, down on the pcp, as a result of timing of the release of speciality limited whiskies.
- The key Global Travel Retail (GTR) sales channel continues to grow, with initial fulfilment of the new Signature Whisky Range into Australian airports during the quarter. GTR delivered quarterly sales of \$0.5 million, up 42%.
- International demand continues to strengthen, with our new Signature Whisky Range now successfully delivered into ten international markets, with baseline sales stable at \$0.4 million across each of the two previous quarters.
- Domestic Business-to-Business (B2B) recorded strong growth of \$1.5 million, up by ~\$1.0 million on pcp, with shipments to distribution partner Spirits Platform, and pipeline fulfilment of the new range.
- Strong balance sheet with \$15.8 million in cash at 31 March 2026, providing flexibility to support strategic growth initiatives in domestic, GTR and international markets.

Lark CEO Stuart Gregor commented: *“The highlight of Q3 was undoubtedly the official launch of Lark’s Signature Whisky Range. We delivered our seventh consecutive quarter of net sales growth, which is a powerful demonstration of the underlying strength and appeal of our whiskies. This quarter validated all the hard work that has occurred behind the scenes and the increased demand and sales into our partners, including in Global Travel Retail and through our distributors is setting the stage for something special leading into FY27.*”

“This launch of the Lark Signature Whisky Range completely reimagines LARK across every consumer touchpoint, from packaging right through to the entire brand experience. And what better validation could we ask for than winning World’s Best Design and Best Range Design at the World Whiskies Awards on 26 March, the very same day of our official launch. The symmetry is extraordinary.”

“It’s fair to say the packaging of our new whiskies now truly matches the world-class liquid inside. As someone once said, you should always dress for the role you want, and we want LARK to be recognised as one of the great whiskies of the world.”

“This is an incredibly exciting moment for LARK. With an award-winning product that can genuinely compete on the world stage, we’re ready to drive the next wave of sales momentum and can’t wait to share these incredible new whiskies with the world.”

Operational Highlights

During the quarter, the primary focus remained firmly on the final preparations for the official launch of the new Lark Signature Whisky Range. Significant activity for LARK’s international sales channels centred on the timely fulfilment of pipeline shipments of the three new Signature Whisky Range expressions that now define the new portfolio.

GTR delivered a strong increase in net sales in the quarter, supported by initial shipments of the new portfolio, with early retailer response encouraging following launch.

B2B sales to the Company's distribution partner, Spirits Platform, were up on pcp, due to the strong demand for the new range, including fulfilment of the new range. Underlying trade performance for Lark remained positive.

D2C continues to deliver strong sales and provides a key indicator of early success of the launch of the new range of whiskies. D2C is also a key entry point for new and existing consumers to Lark, as well the main channel for the release of high value limited whisky releases.

Q3 Cashflow

Net operating activity cash outflows were \$2.1 million for the quarter, versus \$0.9 million net outflows in the prior quarter, and net inflows of \$0.3 million in the pcp.

Operating activity inflows through customer receipts totalled \$3.7 million, down \$1.7 million versus the prior quarter and \$2.9 million versus the pcp. The movement reflects the seasonal reduction in receipts following the Christmas gifting period, as well as timing of receipts compared to the prior periods.

Payments for product manufacturing and operating costs were \$2.2 million, compared to \$1.9 million in the prior quarter and \$2.4 million in the pcp. Payments were higher than the prior quarter largely reflecting timing of payments. Compared to the pcp, payments were lower, noting the pcp included excise payments associated with The Whisky Club release, offsetting increased production activity during the current period due to the development of the Pontville production facility in pcp.

Advertising and marketing payments were \$1.1 million, broadly in line with the prior quarter with spend for the period focussed on launch related activity for the new range. The reduction versus the pcp reflects higher brand restage expenditure incurred in the prior period.

Payments for staff costs were \$1.9 million, down \$0.3 million versus the prior quarter and broadly in line with the pcp. The reduction relative to Q2 reflects non-recurring payments in the prior quarter.

Net receipts from Government grants and tax incentives of \$0.1 million were received during the quarter. The payment related to the final instalment of the Tasmanian Government Tourism Innovation Grant which supported the enhancement of Pontville.

Net cash outflows from investing activities were \$0.2 million for the quarter. Payments for property, plant and equipment primarily relate to the finalisation of works at the Davey Street site, with the majority of capital expenditure incurred in prior periods. Capital expenditure has materially reduced as major projects progress to completion.

Payments disclosed in section 6.1 include \$1 thousand of inventory purchases from Seppeltsfield Wines Pty Ltd, an associated entity related to Warren Randall (Non-Executive Director). The remaining payments disclosed relate to Non-Executive Director fees.

Cash at bank at 31 March 2026 was \$15.8 million, including \$11 million held in cash term deposits; the Company's \$5 million committed bank facility remains undrawn.

As at 31 March 2026, LARK had a Whisky Bank of approximately 2.4 million litres (31 December 2025: 2.4 million litres). The Whisky Bank remains a strategic asset supporting the Company's growth plans. As previously outlined, the brand portfolio work undertaken in FY25 has enabled full utilisation of the Whisky Bank, including acquired inventory.
