

**Saferoads Holdings Limited**  
**March 2026 Quarterly Activity Report.**

Sales for the third quarter have continued to be encouraging with total sales at \$2,911k, slightly down on the second quarter mainly attributable to the Christmas closedown of the business. Within those sales for the current quarter are sales to On-site Rentals (OSR) at \$1,179k making total sales to them for the 9 months of \$4,836k.

Cash flow from operating activity for the quarter was \$79k, a positive result. The unaudited profit for the quarter was \$62k resulting in a year to date profit of \$566k.

It is pleasing that our sales to OSR continued to be strong and a good sign for the business going forward. The total sales subsequent to OSR's purchase of our rental business are now \$2 million ahead of their original \$3 million commitment entered into at the time of that business sale.

The product improvement initiatives that have been previously advised have continued to move forward and will add to our ability to improve the level of product sales. The key ones being the cyclone C rated portable solar light range, the 1.5 meter version of the Rapid Stop pedestrian protection barrier, the improved VMS designs and the pinned HV2 product.

For the remainder of the 2026 financial year there continues to be challenges for the business on some key factors, including the impact of the recent unexpected increase in the cost of oil based products such as fuel and plastics, our ability to continue to gain further market share for our products following the strengthening of our product range and our sales team and the future level of product orders from OSR.
