HITIQ Quarterly Activities Report March 2026

Highlights

- **Sales Growth**, sales for March Quarter was \$294k up from \$91k in December Quarter which is 223% increase.
- **Retail Expansion and National Launch**: PROTEQT™ launched across major retail networks including Rebel, Chemist Warehouse Marketplace, Amazon Marketplace Australia and NARTA partner channels, supported by a national marketing campaign delivering over 1,000 advertisements across key Australian markets.
- **Accelerating Sales and Market Adoption**: Sales momentum increased across retail, direct-to-consumer, community sport and elite programmes, supported by seasonal demand and expanded distribution. Initial international sales achieved with a UK rugby club order. PROTEQT™ Sales to Adelaide University and Griffith University took place in March.
- **Strategic Advisory Board Appointments**: HITIQ appointed a high-profile Advisory Board including Dr Martin Lang, Kalindi Commerford and Richard Nash, strengthening expertise across neuroscience, elite sport and MedTech commercialisation.
- **Corporate Governance Transition**: Strengthened governance framework with changes to Board and Company Secretary, supporting the next phase of growth and compliance.

Operational and Strategic Updates

HITIQ Limited (ASX: HIQ) continued to execute on its transition to full commercial deployment during the March 2026 quarter, with strong progress across retail expansion, marketing activation, international sales and organisational capability.

The quarter was highlighted by the national retail launch of PROTEQT™, now available across multiple complementary channels including Rebel stores, Chemist Warehouse Marketplace, Amazon Marketplace and NARTA-affiliated electronics retailers. This multi-channel approach significantly expands accessibility across sporting, health, e-commerce and technology categories, positioning PROTEQT™ as a mainstream consumer product.

To support this rollout, HITIQ executed a national marketing campaign with Sports Entertainment Network (SEN), delivering over 1,000 advertisements across Melbourne, Sydney and Brisbane. The campaign is strategically aligned with peak pre-season purchasing periods and targets athletes, parents and community sporting networks.

Sales activity accelerated throughout the quarter, with revenue generated across retail channels, direct-to-consumer sales, sporting organisations and elite programmes. The Company also achieved its first international club sale, with Kinross Rugby Club in Scotland purchasing PROTEQT™ units, providing an early reference point for broader international expansion.

HITIQ further strengthened its strategic positioning through the establishment of a high-calibre Advisory Board, bringing together elite athlete experience, neuroscience expertise and medical technology commercialisation capability. These appointments support product development, validation and global market expansion initiatives.

Capital Management and Corporate Activity

During the quarter, HITIQ maintained a strong focus on capital management and funding initiatives to support commercial scaling.

The Company progressed funding discussions and financing structures aligned to its commercial rollout strategy, including working capital facilities and convertible funding structures designed to support inventory build, marketing investment and operational scale-up.

Corporate governance remained a priority, with Board and Company Secretary transitions completed during the quarter to strengthen governance processes and support ongoing compliance with ASX Listing Rules.

Market Outlook

With national retail distribution now established, a large-scale marketing campaign underway, and early international sales achieved, the Company is well positioned to accelerate growth through continued retail expansion, conversion of marketing investment into sustained revenue growth, expansion of international distribution channels, and ongoing development of institutional, insurance and defence-aligned opportunities.

The Company remains focused on scaling operations efficiently, improving unit economics and driving adoption across both community and elite sporting markets.

Financial Position

The Company continued to manage cash prudently during the quarter, balancing investment in marketing, inventory and commercial expansion with disciplined cost control.

Funding initiatives and access to existing financing facilities provide near-term liquidity as the Company transitions toward increased revenue generation and improved operating leverage.

R&D Funding and Loans

HITIQ's existing funding facilities remain in place to support working capital requirements and commercial scale-up initiatives. The funding facilities comprise R&D and convertible notes, both with No Bull Pty Ltd, a related party of Company largest shareholder, Hamil Angel Investments. Following the first tranche of convertible note conversion completed in February 2026, as at 31 March 2026: Total Facility (A\$3.1 million at 12.5% interest for 12 months and A\$539k at 12.5%) and A\$1.4 million RDTIA Loan facility fully drawn for FY26.

The Company continues to actively manage its capital structure to align funding with revenue growth and operational requirements.

Related Party Payments

As disclosed in Section 6.1 of the Appendix 4C, payments to related parties during the quarter comprised executive and non-executive director remuneration and professional advisory fees, consistent with prior periods and on arm's length terms. Payments totalled A\$91,994, comprising of executive and non-executive director remuneration.

- Executive Director Salary and Superannuation \$84,861
- Non-Executive Director Fees \$7,133

Conclusion

The March 2026 quarter marks the Company's transition into full commercial execution, with national retail rollout, marketing activation and initial international sales achieved.

These milestones, combined with strengthened governance and advisory capability, position HITIQ to scale revenue, expand market presence and progress toward becoming a global leader in concussion and athlete safety technology.

About HITIQ

HITIQ Limited (ASX: HIQ) operates in the healthcare equipment sector, developing an end-to-end concussion management and athlete-safety technology platform. The Company's PROTEQT™ system combines instrumented smart mouthguards with advanced analytics to support the identification, monitoring, and management of sport-related brain injury across elite, community, and institutional settings.

HITIQ is targeting a growing global concussion management market spanning sport, research, defense and healthcare, with applications across both elite and mass-participation environments.

Answer: Yes, cashflows to continue as sales increase and the capital management considerations are implemented.

8.6.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer: Subsequent to the end of quarter the Company secured a \$1M loan from No Bull Health Pty Ltd with an initial \$250,000 advanced in April 2026. The Company board is considering several capital management alternatives to raise any additional funds required to support delivery of the Company's strategic priorities including issuing additional equity and loan facilities.

8.6.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: Yes, the Company expects to be able to continue its operations and meet its business objectives on the basis of the expected implementation and completion of the activities outlined in 8.6.2.

Note: where item 8.5 is less than 2 quarters, all of questions 8.6.1, 8.6.2 and 8.6.3 above must be answered.
