8.6 If item 8.5 is less than 2 quarters, please provide answers to the following questions:

8.6.1 Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?

Answer:

Yes, however there are some important items to note.

The CONNEQT Pulse continued to deliver strong sales numbers over the quarter and is on track for record performance in Q4. In addition, subscription revenue is growing on a daily basis, which delivers immediate cash flow benefits.

The new enterprise business model commenced in Q3, delivering 10 new subscription-based customers and is expected to grow strongly quarter on quarter. This new revenue stream delivers immediate cash flow, as well recurring revenues under multi-year contracts.

At 31 March 2026, CONNEQT Health also have over \$0.75m in research and clinical trial sales that are expected to be collected in Q4.

Following 2025's operational restructure, the cost base has been maintained at the \$10-12m annual rate (excluding COGS and direct marketing/sales costs).

With strongly growing revenues across enterprise, consumer and research, cash inflows are expected to also grow strongly. This will continue to have a positive impact on net operating cash flows over the foreseeable future.

8.6.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer:

Yes. In mid-April 2026, CONNEQT Health entered into a new R&D Loan Facility with Kashcade RD1 Pty Ltd for \$1,115,000.

In the March 2026 quarter, C2 Ventures contributed \$950,000 to the Company in additional unsecured loans and is prepared to provide additional capital.

Further the above, CONNEQT Health expects to raise additional growth capital in Q4, and has commenced discussions with its advisors and investors.

8.6.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer:

Yes. The Directors believe that if required, the Company has the ability to raise additional capital on a timely basis and has a proven capability of doing so.

*Note: where item 8.5 is less than 2 quarters, all of questions 8.6.1, 8.6.2 and 8.6.3 above must be answered.*
