

## QUARTERLY REPORT

For the period ending on 31 March 2026

**Sydney – 30 April 2026 – MPR Australia Limited (ASX: MPR)**

MPR Australia Limited (ASX: MPR) (the **Company**) provides the following report on its activities for the quarter ending 31 March 2026 (**Quarter**).

The Company had no substantive operating activities during the Quarter following the sale of the Company's main undertaking for a total cash consideration of approximately \$19 million on 9 September 2025 (**Sale Transaction**).

The warranty claim period in respect of the Sale Transaction expired on 9 March 2026. An amount of \$2 million was held as deferred consideration for a period of 6 months. The Company received payment of \$1.28 million of the \$2.0 million on 9 March 2026. The balance of \$0.72 million has been held by the buyer pursuant to a claim under an indemnity provided by the Company in respect of the Lakeland solar farm which was one of the assets sold. The Company and the buyer are in discussions to resolve the claim and the Company will update shareholders with any developments.

Separately, a subsidiary of the Company has received a "Direction to rectify" under an Engineering, Procurement and Construction contract completed in 2024 in respect of a NSW renewable energy project. The matter is currently being reviewed.

Outside of those legacy items, the Company continues the process of determining its options which are summarised as follows:

- (a) Returning capital to shareholders to enable shareholders to liquidate their investments in the Company through either a buy back, capital reduction or liquidation.
- (b) The second alternative for the Company is to acquire a new business through a backdoor listing transaction. The Directors are actively seeking and reviewing proposals for businesses and opportunities that may be suitable for the Company. The opportunities are at a preliminary stage and it is too early to determine whether any particular opportunity will progress to a finalised transaction. If the Board decides to finalise a particular opportunity, relevant details will be announced at that time.
- (c) The third alternative is to consider a combination of the other two options.

The Board is actively seeking an opportunity that meets its criteria relating to size, delivering value over and above cash value to the MPR shareholders, appropriate for a listed company and a business the commercial prospects of which look promising. To date, the Board has identified and is pursuing at least one such opportunity.

### ***Additional information on Appendix 4C***

The cash flows from operating activities shown in the Appendix 4C largely reflect cash movements during the Quarter leftover from the Sale Transaction and the

transition to the buyer. Adjustments under the provisions of the Business Sale Agreement will be made in due course.

Likewise, a portion of the cash balance at the end of the Quarter is subject to adjustment under the provisions of the Business Sale Agreement.

The Company estimates that its cash balance would have been approximately \$2.4 million at 31 March 2025 if adjustments under the Business Sale Agreement had been made at that date. This includes the \$1.28 million deferred consideration received on 9 March 2026 and excludes the potential positive impact of a settlement of the buyer's indemnity claim currently in the process of being resolved.

### ***Payments to related parties***

Payments of \$40K to related parties and their associates at item 6.1 in Appendix 4C relate to remuneration payments made to the directors of the Company.
